# Teen Tech Bingo

March 2020

## Participate in these "tech-y" challenges to earn a prize

To play, use the library's resources to learn more about the technology options and supports offered to you for free. Once you've completed 5 squares in a line (horizontal, vertical, or diagonal) you can turn in the sheet for a prize. You have the entire month of March to complete these tasks.

| | | | | |
|---|---|---|---|---|
| Use Freegal | Use Libby or the Overdrive app | Begin a lesson in Mango Languages | Attend the tech class "How to use a database" | Answer a technology question given by a librarian |
| Make a library flyer | Use Kanopy | Follow the library on Social Media | Find a book recommendation with Novelist (with or without a librarian) | |
