Proviso West High School  
Harrison at Wolf Road  
Hillside, Illinois  
Zip Code 60162

Most of the statistics about this school deal with its size. This goes for its student body too:

1209 Freshmen

1217 Sophomores

1050 Juniors

And a graduating class of approximately 1000.

A lot of students--some say too many. But what about the individual? What about the person? Proviso West is certainly no place for the person with an inferiority complex. He becomes a part of a statistic and lost in the crowd. To turn an old saying around, "one can't see the trees for the forest."

The individual needs to be more than counted; he needs to be seen. This is what we would like to accomplish in the next few pages. We would like to explore the student body at West as individuals. What is the individual like? What does he do besides sit in classes? How does he spend his free time? What does he think about his own life?

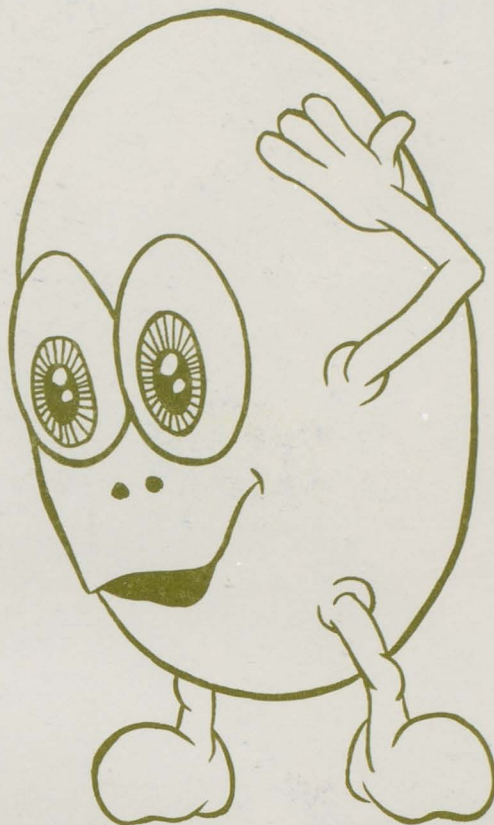

Most students can be fit into six groups. Of course some fit into more than one, yet this in itself does not discount the existence of six groups.

First are the working students. They are the most independent. They earn their own bread and buy what they want.

Second are the students *par excellence*. Their ambition is to get the most out of school possible. They recognize the opportunity they have and take advantage of it.

Third are the athletes. Theirs is the pursuit of excellence too. Victory is their goal and the body is their conquest.

The fourth group find their satisfactions in school, near school or away from school. They can be with school or oblivious to school.

The fifth group is the smallest group. Its members know of man's predicament without God and see God's love as the meaning to life.

Though the sixth group is not dealt with directly in this special section, it is far from small. They perhaps make up the largest of all our groups. They are the students who lay no claim to being students at all. They have two specialties, goofing off and doing nothing. School to them is sometimes a prison and sometimes an opportunity. But always it is an inconvenience.

Is the Proviso student the person he is supposed to be, the individual he should be? We can only look to find out.

## West's Students, What Are They Really Like?

## "Without a Job Life's a Drag . . ."

Work . . .

At least two out of every five upperclassmen at West are "gainfully employed." What do they do? They sell--shoes, earrings, tires. They bus dishes, fry hamburgers, wait tables. They pump gas, answer phones, and stock shelves. Usually they are paid less than a full-time worker would receive for the same job. But money is important to teenagers, not because they are in dire need of necessities but for all the things that might once have been considered luxuries--clothes, a car, the independence that comes with being part of the "real" world as distinct from the ambivilant world of school.

"Life would be a drag if I got home from school at 12:30 and had to watch TV for the rest of the day."  
(Larry Bogosh)

"Work gives me a loophole to get away from some things. If I weren't working I'd probably be more bored than I am." (Jim Friend)

"A job opens the door to new friendships and a new social life."  
(Alfie Valesco)

"I hate having to ask my mom for money. It's important to me to have money I've earned myself."  
(Ray Prestage)

Some work. Some make chess or basketball or even church their consuming interest. But *every* student at West *is*, nominally at least, a student. Because the academic curriculum is the most serious business of the school. . .at least from where

other words, costs the community the equivalent of a Corvette. And in this transaction the boy or girl contributes, not cash, but himself, his time and effort. Sometimes the contribution is made grudgingly--taxes are not always paid with chortles of satisfaction either--but in the main there is satisfaction.

"Somewhere in my four years here I came across the saying that 'the more you know, the more you realize what you don't know.' I think this is definitely true. Biology makes you more aware of how complex the world is. Studying music can show you your favorite Top 40 record was not that simple to compose. But studying is up to the individual. Personally I don't think anyone can say he hasn't learned anything in four years of high school."

Nike Kitzerow

"School gave me the basic skills for living in the world--reading and writing--but it has also given me a chance to decide what I really want to do with my life, an opportunity to meet and work with all kinds of people."

Karl Kampen

"Art is a part of the academic program and for me it gave an opportunity to create--to put my ideas on paper and receive encouragement and recognition."

Jim Novak

most of the taxpayers in District 209 stand.

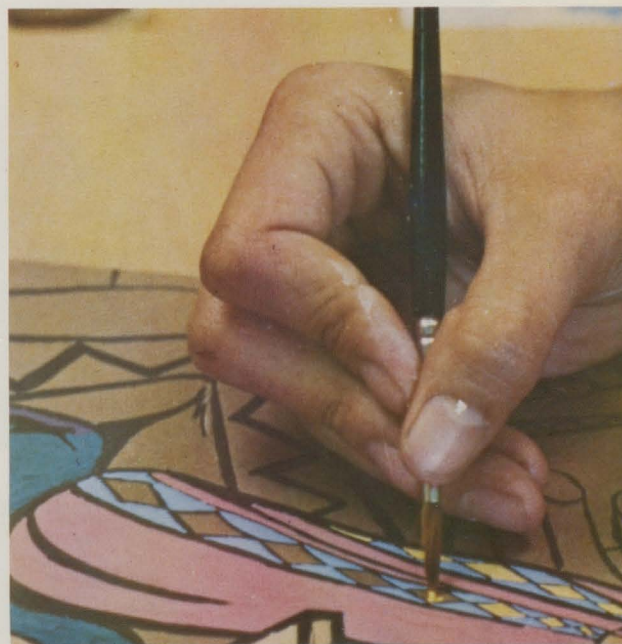

\$1,632 per year for every student at West. . .In four years that comes to an investment by the community of \$6,528 per student. A diploma, in

"The years we spend in school are not a total loss. People need schooling but I think they could teach you faster, teach you better, and somehow get closer to real life--not the big things but the little things that actually mean more."

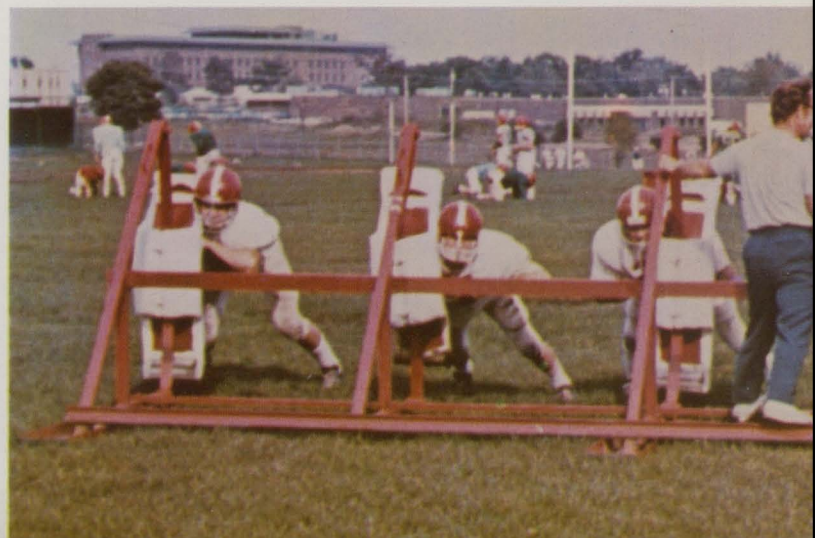

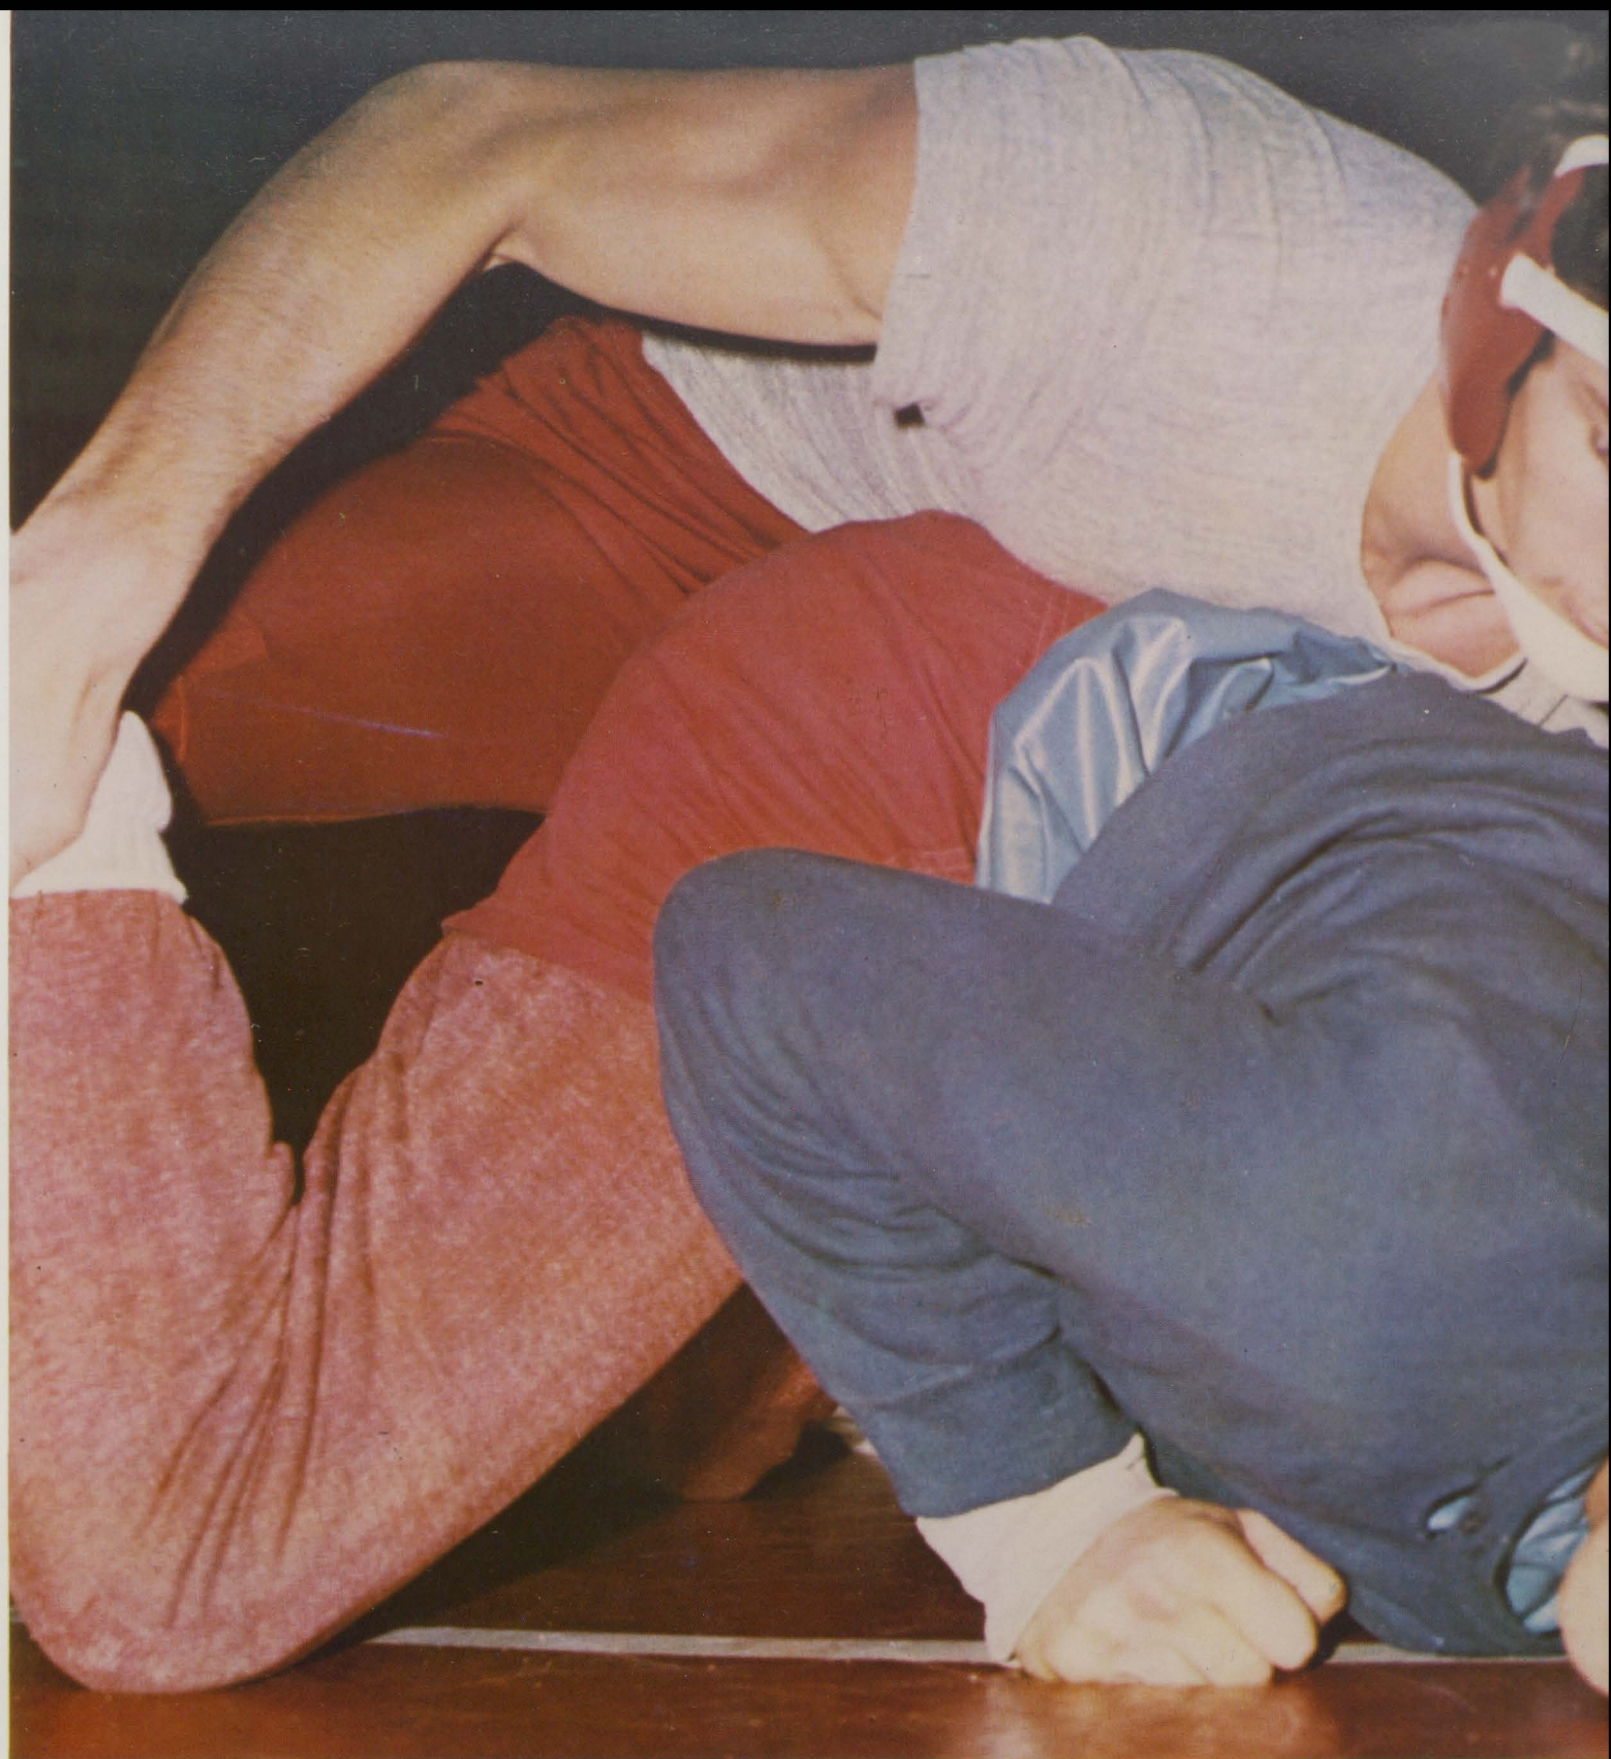

Douglas Ebling

**"And Gladly  
Learn . . ."**

## "You're Part Of a Team . . ."

Eleven sports with forty-one separate teams--a total of nearly a thousand students--mostly boys--whose world swings around a court or playing field. . . There's the glory, of course--The cheering at games, the notices in the newspapers, even TV appearances--but only for a few. Most put in the long hours of practice, days of sweating off weight, lonely hours of running, because of something else.

"There's always so much still to learn in gymnastics. There's discipline and grace. It's a beautiful sport!"

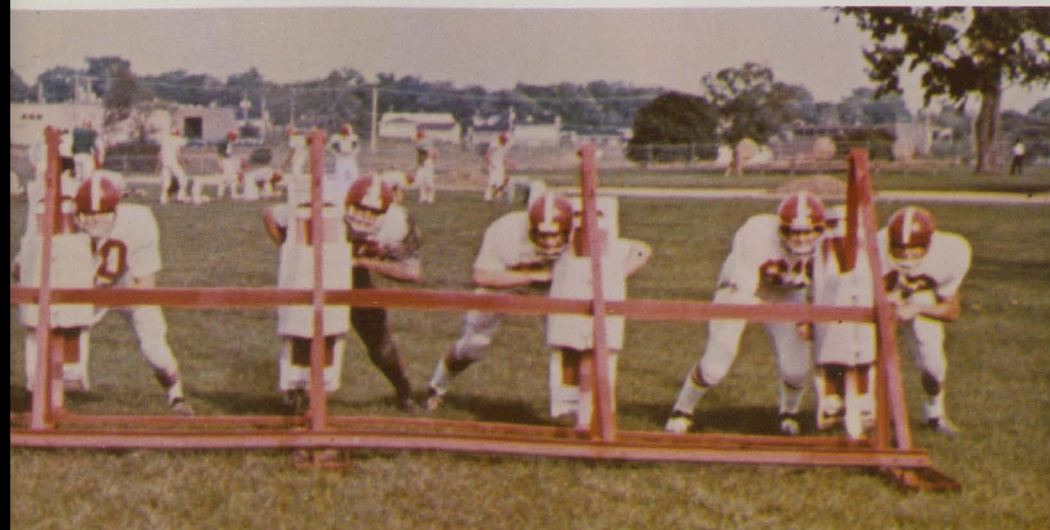

Ron Mitsui

"I started the wrestling season weighing 165. I certified for 145 and I lost that 20 pounds sweating it out and not eating. Makes a problem with my clothes and the holidays but, well, what can I say but that it's worth it?"

Joe Hernandez

"Soccer's just a great game. You're more than one person--You're part of a team."

Ed Pacilli

**"There's Clowning . . .  
and Frustration . . .  
and . . . Triumph!"**

School . . . Work . . . and then that other part of life . . . Free Time. There's not much of it sometimes, but when it comes how is it spent? For some school provides the pattern. Clubs give built-in access to like-minded people with similar interests . . . Aquatic Staff for swimmers, Chess Club, the Stage Bands, Thespians, Ski Club . . . For others free time means freedom from everything school stands for, and its symbol is a car . . . or a bike.

"I love swimming and I love little kids. Just think, when I'm teaching I may be teaching another Mark Spitz and not know it! That's why I'm in Aquatic Staff."

Judy Paice

"Acting is more than just a performance on stage. It means working with a group . . . endlessly rehearsing, staying up all hours helping form a character or breaking your fingers with a hammer building a set. There's clowning and frustration--and triumph!"

Terry Hansa

"Riding a bike's not like driving a car. You're out there without protection. You're in control, and the wind's going by your ears and you feel so free you want to yell. You have your own little world for a while with the wind and the sun and roar of your bike drowning out everything else."

Gary Fitzgerald

"I listen to rock music at least fifty hours a week. Music always makes things better when the going is rough."

Jerry Steinberg

"Chess isn't just a game; it's like life. You can shoot down your opponent. You can outsmart him. Every time you sit down at a board it's a new experience."

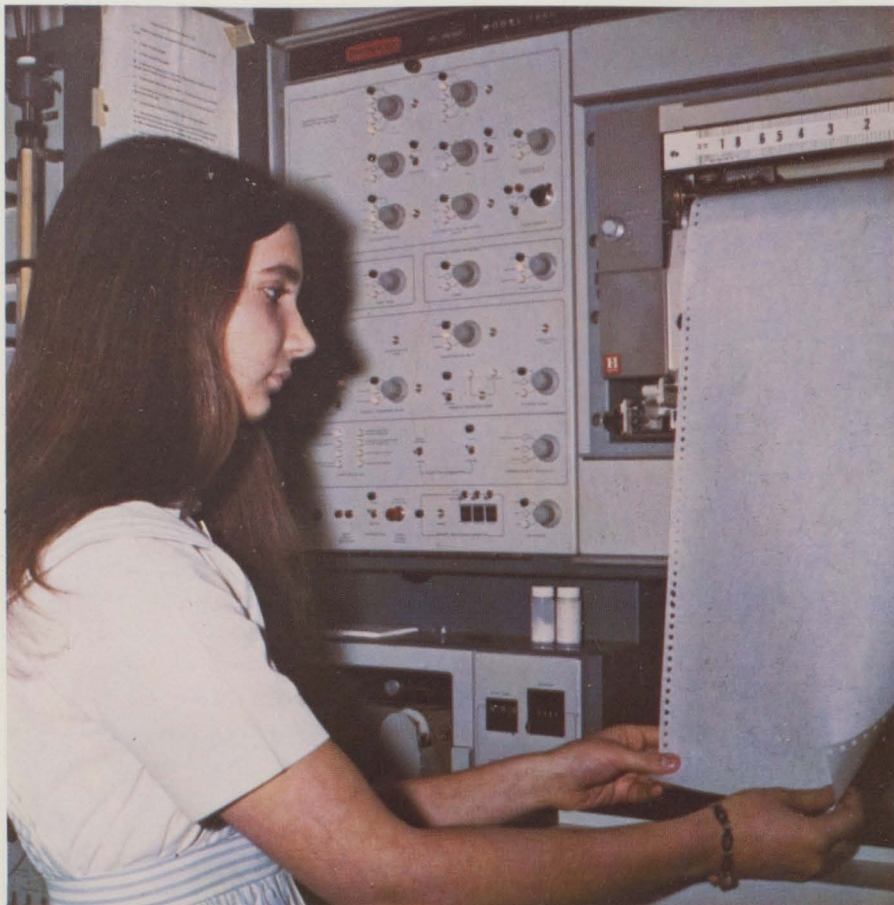

David Sturnfield

**A Kind of Joy, Security, and Purpose . . .**

Time . . .

For school and homework . .  
 For a job perhaps . .  
 For helping at home . . .  
 For sports or a hobby . . .  
 For dates and talking on  
 the phone . . .  
 For just goofing around . . .  
 Even for sleep . . .

But some students at West  
 manage to squeeze in time for  
 other things . . .

For church . . .  
 For collecting funds for  
 Charity Week . . .  
 For feeding a hospital  
 patient unable to feed  
 himself . . .  
 For helping an injured Viet  
 Nam veteran learn to walk  
 again . . .  
 For rolling a stretcher or  
 adjusting a wheel chair . .

"Volunteering is one of the warmest  
 and most rewarding experiences I've  
 ever had. You see people under all  
 kinds of conditions and you learn  
 to cope and to understand."

Kim Kodidek

"A volunteer is a person who has  
 interest in helping and is willing, of  
 course, to give his own time. In the  
 year and a half I've volunteered at  
 Hines Veterans' Hospital I've  
 learned to appreciate things I used  
 to take for granted--like walking or  
 using a fork. A hospital gives a view  
 of life nobody knows about unless  
 he's forced to. It's good for you.

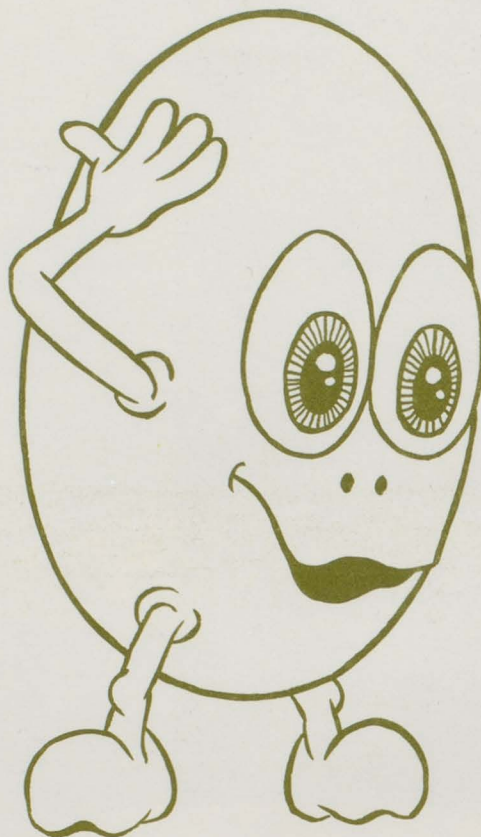

Laura Pelletier

"When I started candy striping I  
 was told how "rewarding" it would  
 be. Nobody said how tired I'd get  
 or how sick of being told it was  
 "rewarding". But I guess there is  
 something in it because this sum-  
 mer I'll be right back there at  
 Hines."

Melanie Heifitz

## Out of the Crowd A Single Face Emerges . . .

So there they are--West's students ---residents of Hillside and Northlake, Westchester and Berkely, Stone Park and Bellwood--four-thousand-six-hundred-and-some teenagers who spend from five to seven hours every day in the long halls, the bright classrooms, the noisy, spacious field house, the labs and shops and commons of the big buildings on the corner of Harrison and Wolf Road just off the expressway only fifteen minutes (if the traffic is flowing well) from the Loop.

About all they have in common, however, is their almost daily physical presence in the school. For what happens to each one is different even though they all pass through the same halls carrying, upon occasion, identical small white and pink passes or eat the same bar-burgers in the cafeteria during their half-hour lunches.

School is a central fact in their lives but it is not all-important--may be, in fact, of only marginal importance. There is work. Even though the job may be menial and poorly paid, it becomes for some a stronger factor than school in the shaping of their lives.

And there is athletics--part of school, true--but in a different sense from the business of papers and books. Others find direction among the dozens of activities that are almost incidental to the professed purposes of the school--plays and publications, clubs and the casual contacts with hundreds of other kids of similar and very different backgrounds, and views.

Not every student finds even this much at West. A car, a cycle, a special girl or boy, tropical fish, a musical group--any one might be definitive in the education of a given student.

Yet for most West *will* have made a difference. For the teenager's world is not actually separate from the "real" world.

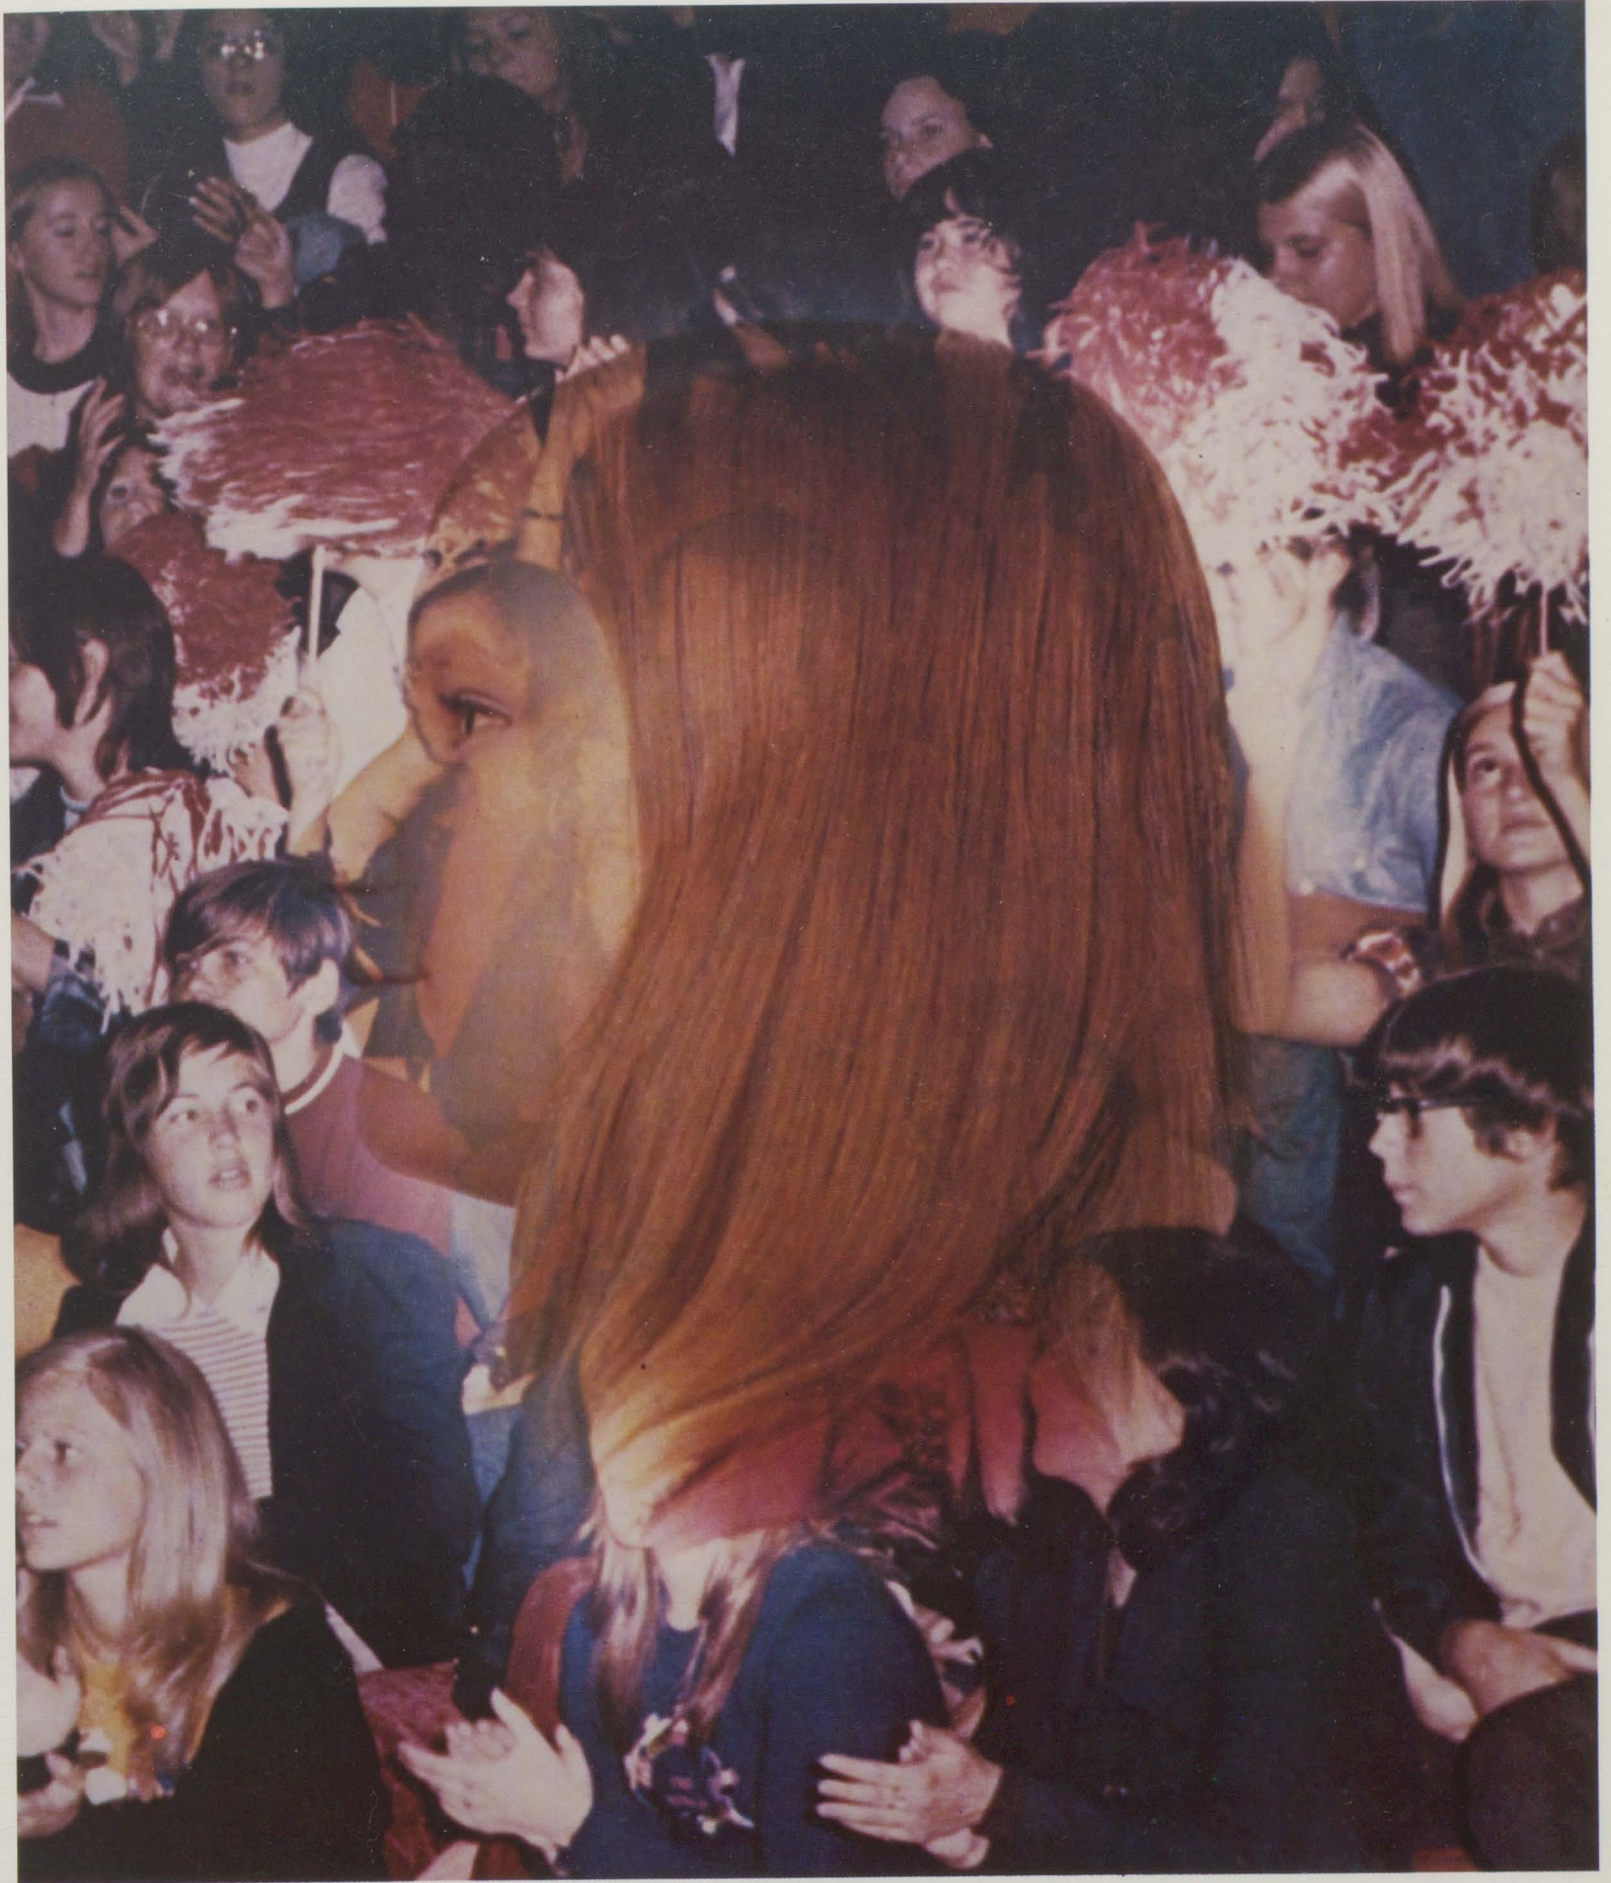

Abruptly teenagers find themselves adults.

What will their years at West mean then? Will most have received their \$6,528 worth? What will wrestling do for a future taxpayer? Will usherettes add to the life of a harried young mother? Will compro or world history or algebra really alter the life pattern of West graduates? Practically all of this year's 4,600 students will be parents of other students. How will their experience influence their view of education?

The boy who pumps gas now may be an executive for an atomic energy company. The girl who waits tables may serve on the state legislature.

When most of our fathers were in high school the job they have now did not even exist. In the future we may work only four or even three days a week. The future is as much a part of the individual's life as right now. And each one of West's students, with or without West's help, is shaping his own.

## The First Day Is For The Students

What goes through the minds of eager students on the first day of the new school year? That, we felt, would be a good question to pose on the first day. So we did and we came up with varying results...

"Only 180 days left!"

"Man, it's still summer for St. Joseph, this is getting to be a drag."

"I wonder when we will start in July. It creeps closer every year."

"What's for lunch?"

"Man, it's me again. I think I'll ditch the rest of the day. What a drag."

"...Oh no not again."

"Can't wait for Christmas."

"I tell you, if any Frosh gets in my way I'll pound his head to a pulp."

"# @ / / #"

"I can't wait to open an unlocked washroom door."

## Off-Campus Parade Is Homecoming First

*Time:* 8:00 pm October 6, 1972

*Scene:* A-Building gym

*Cast:* Queen candidates, stage band, bleachers of expectant students.

*Action:* Band plays, students cheer, skits are performed. One by one members of the Rose Court come forward, then . . . Climax! Cheers! Tears! Debbie Edwards is West's '72 Homecoming Queen!

\* \* \*

*Time:* October 7, 1972

*Scene:* Bellwood, Hillside in perfect blue and gold weather.

*Cast:* Thousands of cheering West students and alumni.

*Action:* Dozens of bright floats, some completed only minutes before, move for the first time through suburban streets to West's football field and the long-awaited judging. Judges deliberate and Seniors' "Our Patton for Victory" takes first. Now the Panthers face the grim Dukes of York and go down gallantly to defeat with a 15-17 score!

## Debbie Edwards Stars

### In Reels On Wheels

*Time:* 8:00 pm October 7, 1972

*Scene:* A-Building Soundstage

*Cast:* The Queen and her courts, escorts, Sam Greebowich and various Proviso West alumni.

*Action:* Zoom in on Sam Greebowich talking away his evening. Bittersweet is playing their brand of music and couples are dancing the evening away. Action stops as Debbie Edwards and her court are introduced. Sam Greebowich does not care and he continues talking. Dolly out on Debbie Edwards' mother and father, who have come to the dance to see their daughter. Couples start to leave and Bittersweet starts playing again. Sam Greebowich continues talking. Finally the soundstage (gym) is silent. Bittersweet has gone. All the couples have disappeared into the night; yet Sam Greebowich talks on....

Escorts: (left to right) Jeff Anderson, Don Sumski, Ken Kouba, George Guidice, Rich Adcock, Paul Culler, Rich Rochetti, Bob Langeland, Steve Kosmella, Gary Kraemer, Jim Orvidas. Girls: (left to right) Joan Sutis, Karen Santoro, Cheryl Lemm, Eunice Haley, Sue Einspar, Queen Debbie Edwards, Last year's queen Donna LaBellarte, Chris Thompson, Marilyn Brockman, Hala Khayat, Terry O'Leary.

## Well I Voted--

### But For What?

You stand there in the booth and wonder why you are standing. You would sit, but there is just not enough room. You glance at the candidates then you look again. What odd names.

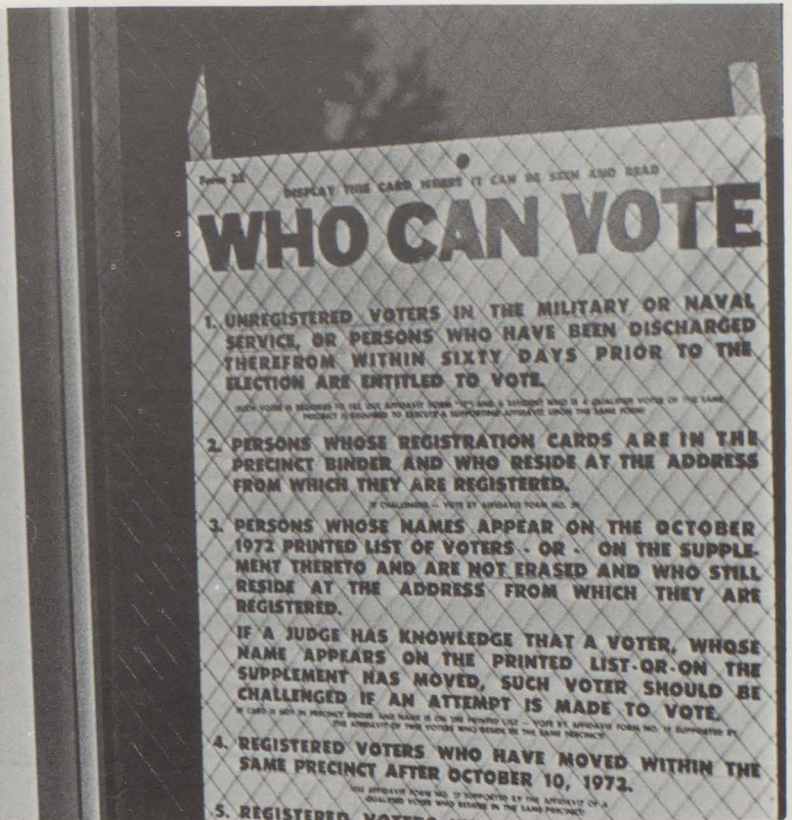

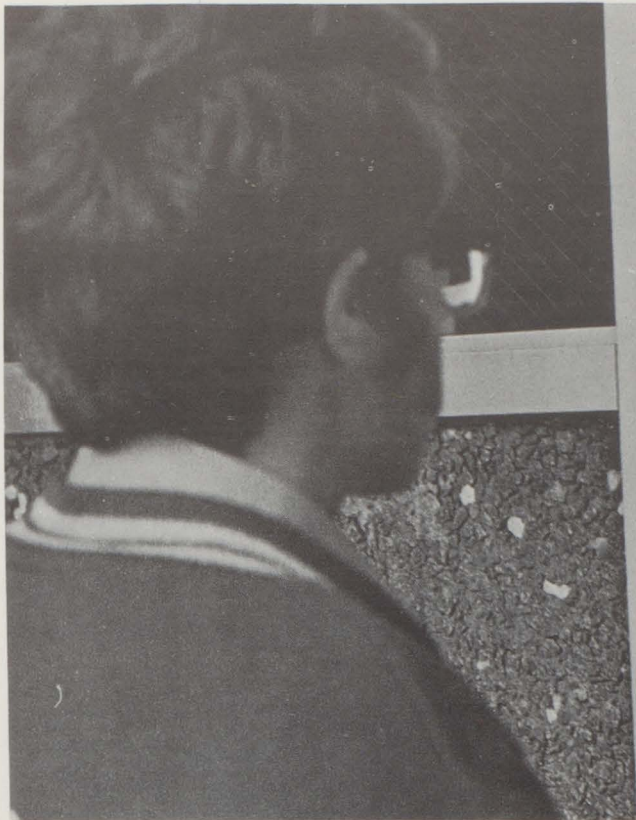

Let me see, my parents are Republicans so I think I'll vote Democratic. Nah, that is too easy and I heard voting is supposed to be a challenge. Anyway I don't like the names of either party's candidates.

Maybe I'll vote Communist. No that too would be a cop out. Well I'll forgo presidents for awhile and get on to heavier stuff like judges. Everyone votes 'yes' for these guys so I think I'll vote no. Serves them right.

I don't like these names at all. Who's ever heard of a Walker. You would think he would walk the length of the state with a name like that.

Far Left Top On October 21 a Republican Rally in the gym brought several days of checking by security officers and then Vice President Agnew himself. Far Left Bottom Senator Percy and Governor Ogilvie were also present. Right Top Senior John Jeffries was one of many seniors who, casting their first ballots, checked the regulations first. Right Center and Bottom But there was plenty of instruction along the way to the ballot box.

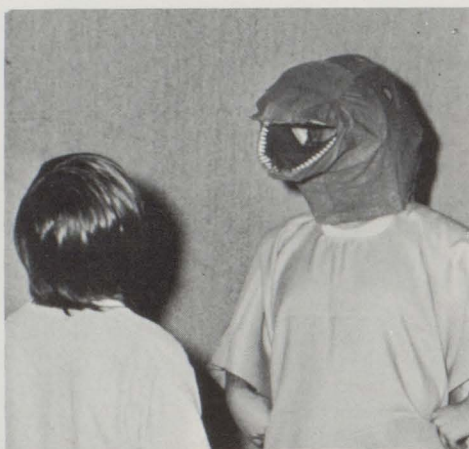

## Luv, Christmas Climax '72 At West

December 1972 came on like April with sunny days and temperatures in the forties, so the variety show, *Luv*, had appropriately spring-like weather when it appeared on December 7-9. Tracing love through the ages from Adam and Eve to Hugh Hefner, the show was a 100% Student Council production under Miss Suzanne Howard's direction.

West's traditional compulsory all-school Christmas assembly was declared almost a physical impossibility in '72 since even the gym is no longer large enough to accommodate the entire student body comfortably. Accordingly Key Club and the band and chorus performed this year for only those students and faculty who wished to attend.

*Far Right:* Shapely elf Frank Fellicelli wants to know how come Santa, Erik Geisler, never saves any of his presents for those hardworking elves who make the toys in the first place. *Top Right:* Key Club, as always, clowning it up at the Christmas assembly. *Center Right:* The mystery is not what is in the box but who are behind the masks. *Bottom Right:* A picture is worth a thousand words as visions of sugar plums dance through this Senior's head. *Above:* The voluptuous bunny line makes things festive during the opening minutes of *Luv*, student variety show. *Above Left:* Jim Snyder gets some deadly advice from the snake in the Adam and Eve segment of *Luv*. *Above Right:* Judy Hart woos Leo Jorwic in another "historical" love scene from *Luv*. *Right:* Kurt Schumholt stumbles through his finals as he thinks about that up-coming four-day weekend.

# Spring Comes Every Year . . . '73 No Exception

Spring. . . Snow melted and it snowed again. The Dance Show, Charity Week, the Student Council Elections came and went. Cheerleader tryouts brought joy and disappointment and the faculty picketed in protest against the sudden stringency of District 209's budget cuts. The POW's returned and Seniors breathed easier with the prospect of the draft re-

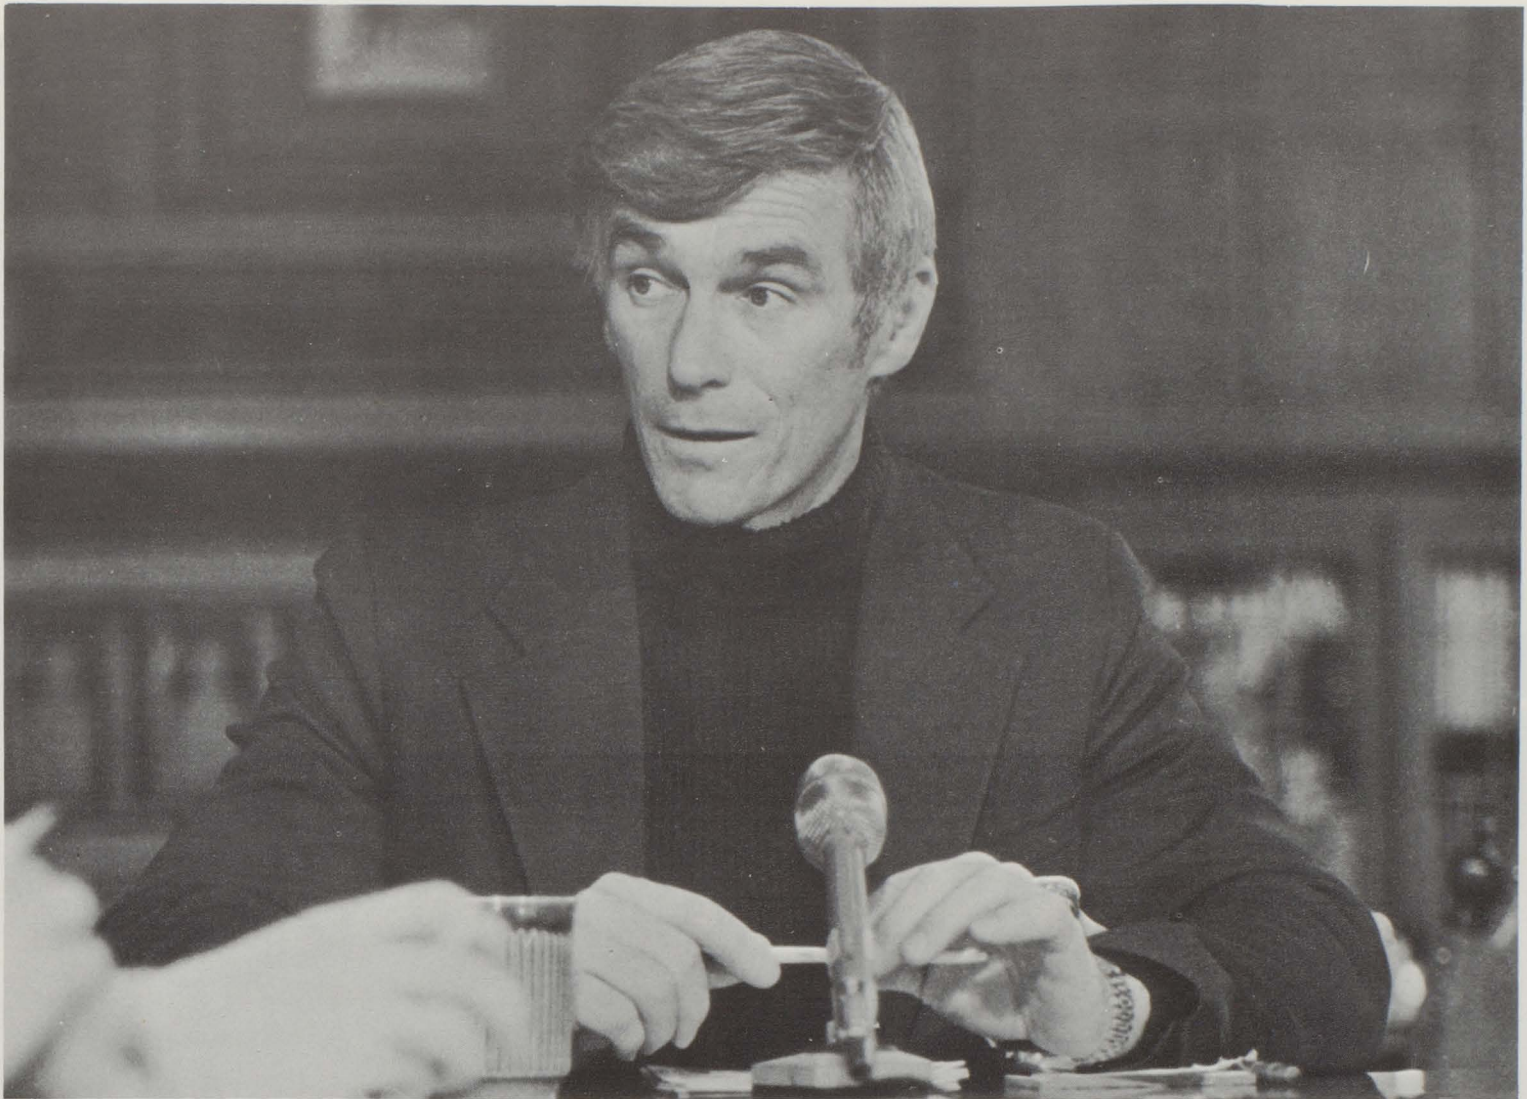

moved.

Suddenly the grass was green in the football field and at lunch kids sprawled in the sun. Baseball practice came out of the field house and shorts exposed legs no longer tanned. The sun came up earlier but the West Town buses were still not running. Yet it was spring with the end in sight.

Oscar Wilde's comedy, "The Importance of Being Earnest" was West's spring contest play. Cast included: Donna Zubrzycki, Sue Einspar, Sam Breebowich, Cary Odes.

## **" . . . . when I Stepped Out On Moon Soil . . . "**

First period, February 26, the seniors gathered in the gym to hear him. He stood before the microphone and smiled--a slim quiet-voiced man who had walked where perhaps no one else will walk again for a hundred years--Commander Eugene Cernan who not long ago sat on the bleachers at Proviso himself and now is the 1973 equivalent of the names in the history books--Columbus, Sir Walter Raleigh...

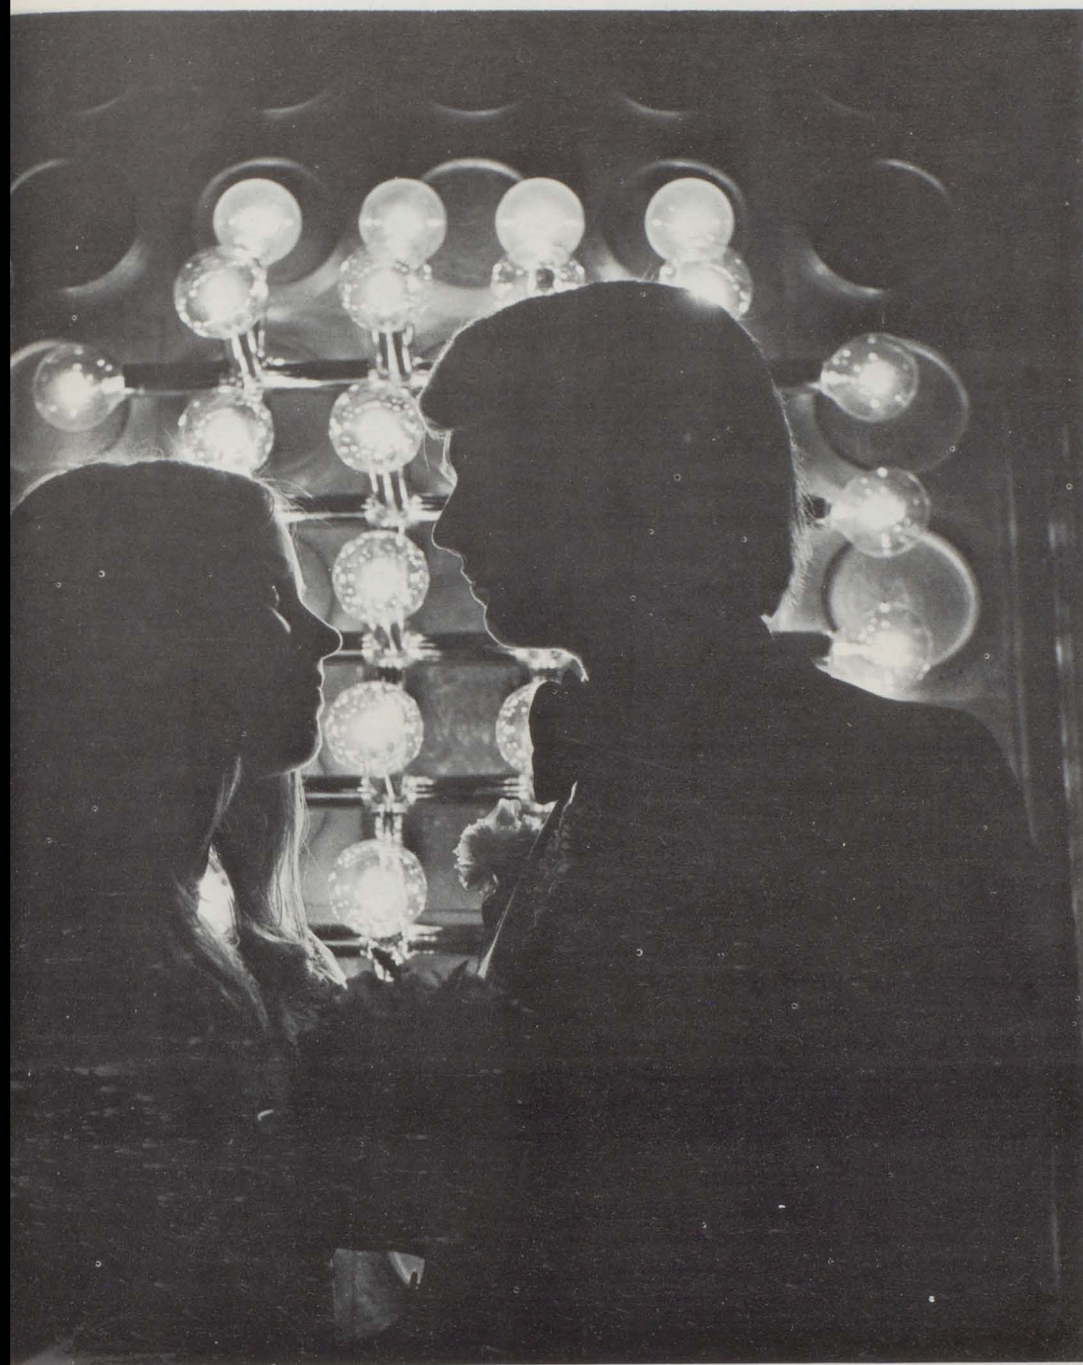

"The accomplishments of Apollo and this country have opened the door to the common challenge of tomorrow," he said. "You must accept this challenge. One of the most significant sights I recall is not what the moon looked like. . . though when I stepped out for the first time on moon soil was an exciting moment. What I recall is how our own earth looked out there in space--perfect and beautiful."

## It's Great to See

### Your Guy in a Suit...

The Prom . . . high point of the last days of school or just another plastic festivity?

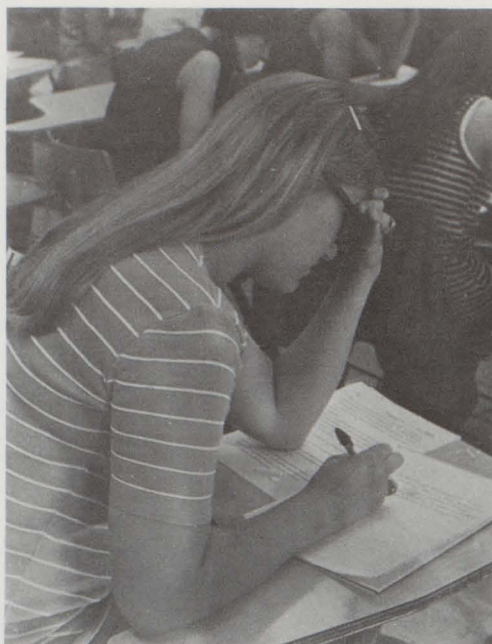

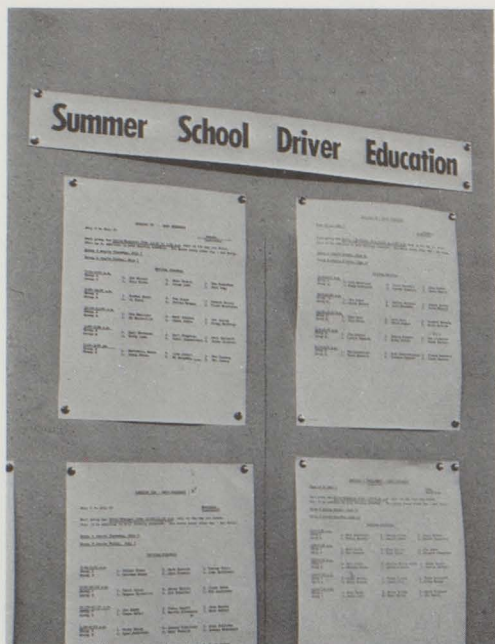

"I could care less about the prom. First of all, I can't drive; so that takes care of transportation. Secondly, I don't appreciate slow music and last I don't like formal affairs. I could have more fun doing something else."

"I wouldn't miss the prom for anything. I want to have a wonderful memory of all my friends looking good and having a great time together."

"Well, the prom's half good and half bad. It's great to look forward to and it's great to see the guy you have been going out with all year in a suit and smelling nice. Yet it's really boring and plastic. It's okay for that once though. I'd never want to go again."

"Summer school begins almost before finals are over," muses Soph Cindy Busse while ten thousand texts are assembled in neat piles in D-201.

Glorious transformation--student to alumnus in one short night, June 6, 1973! Ken Kouba celebrates.

Lonely--the long halls echo eerily, emptied of thousands of feet lagging or hurrying, that have filled them for two semesters, 18 weeks, 183 days.

After June 16 West's not even for the birds, as empty nest in quadrangle sculpture proves.

## **"From Now on I Can Do What I Want..."**

Graduation Day, June 9, and the Class of '73 look back across four years...

"Actually there isn't that much difference between graduating and getting your GED."

"Just think--all those kids you grew up with, fought with, loved and despised--all gone at the same time!"

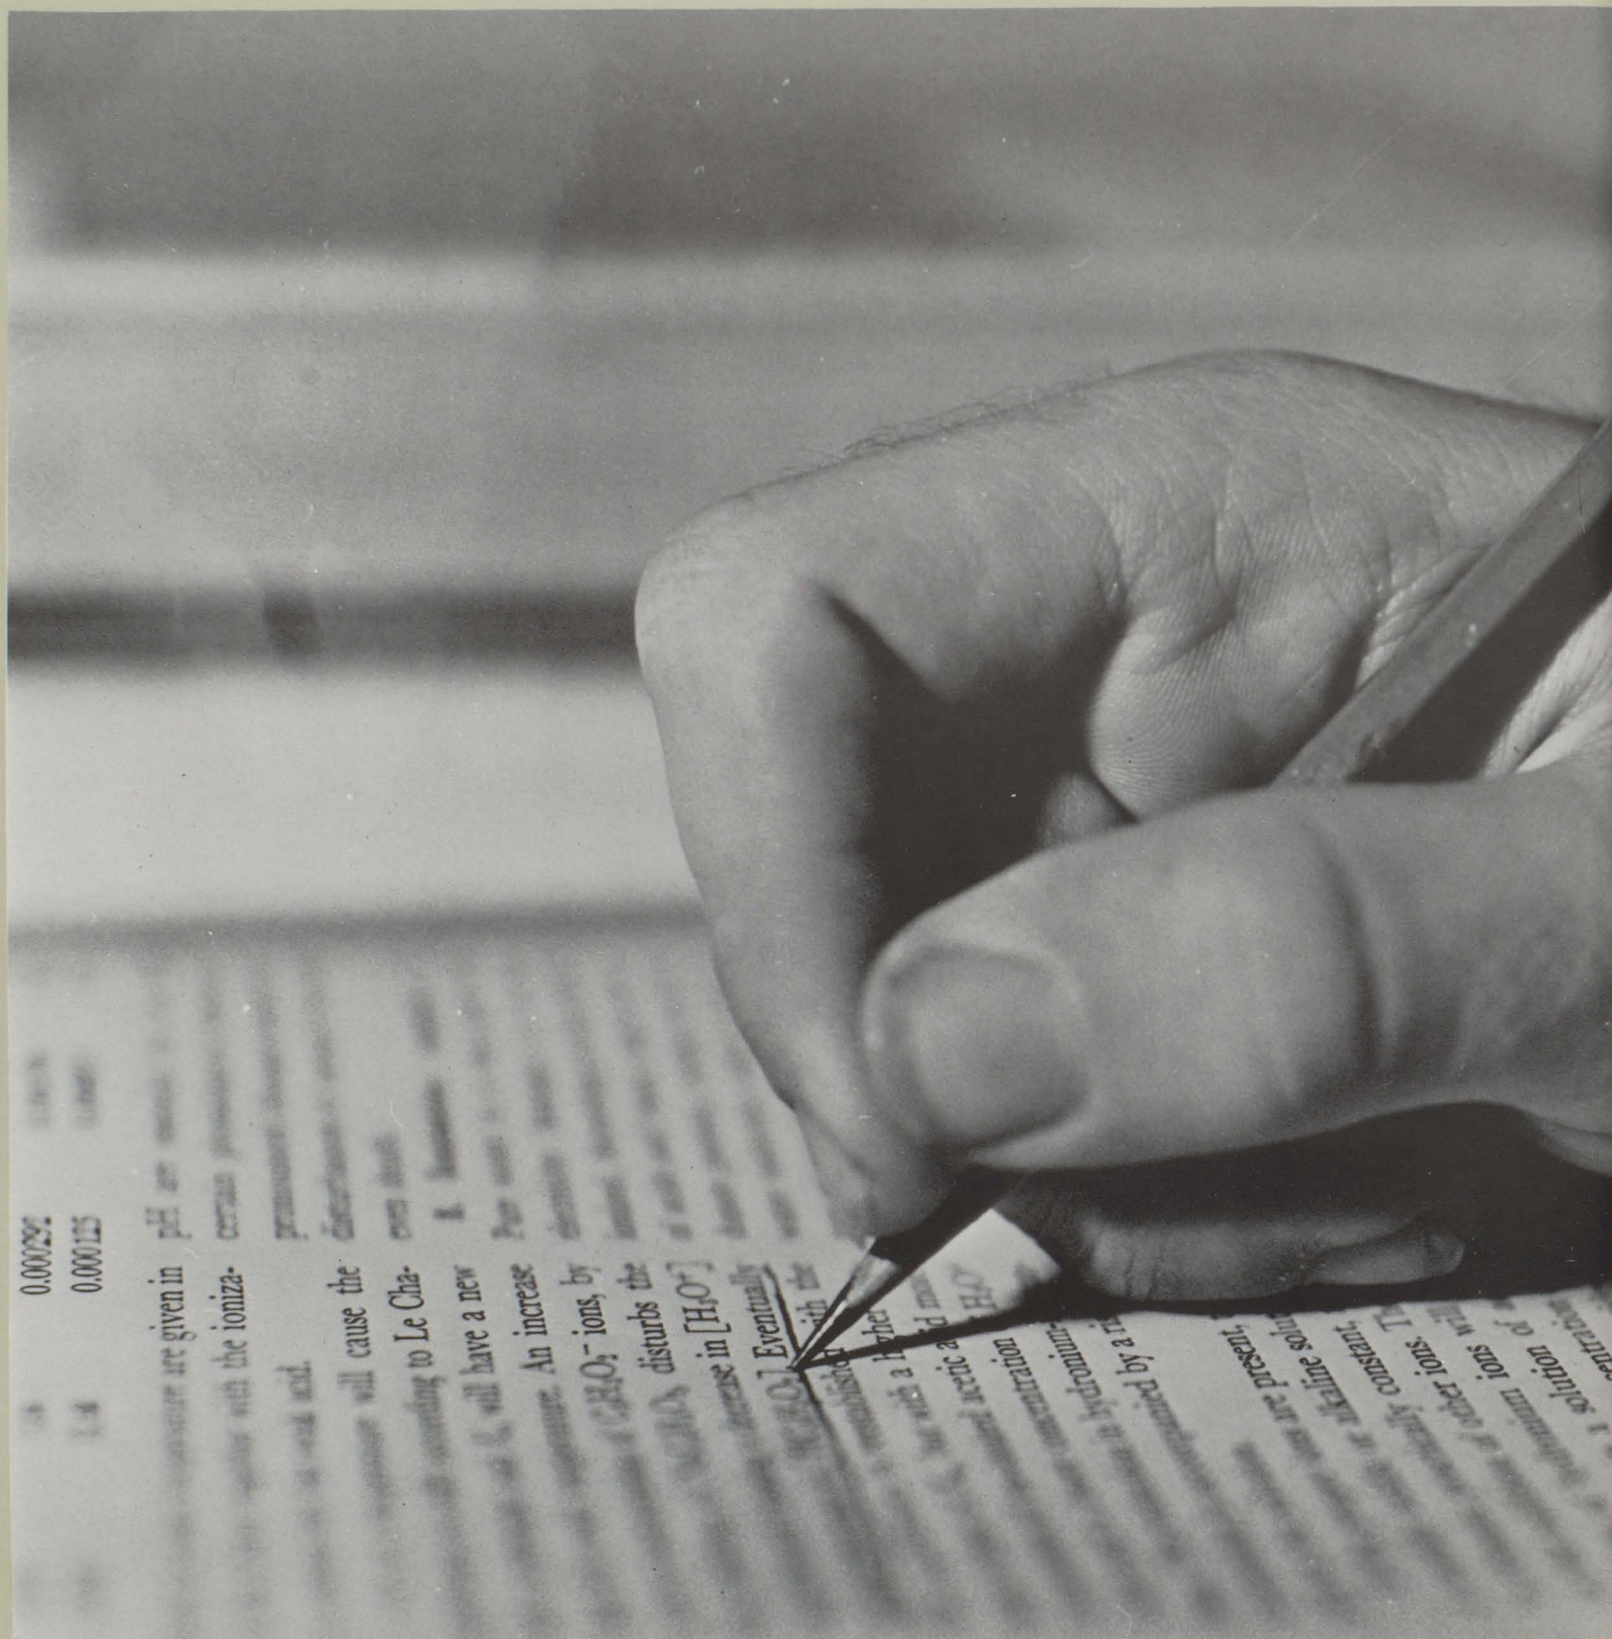

"From now on I can do what I want. I can go to college, enlist, work, even be a bum."

"I can't wait until graduation night. For once I'll have a party and know what I'm celebrating!"

"That diploma is what I stayed for and it's all I really wanted--or got."

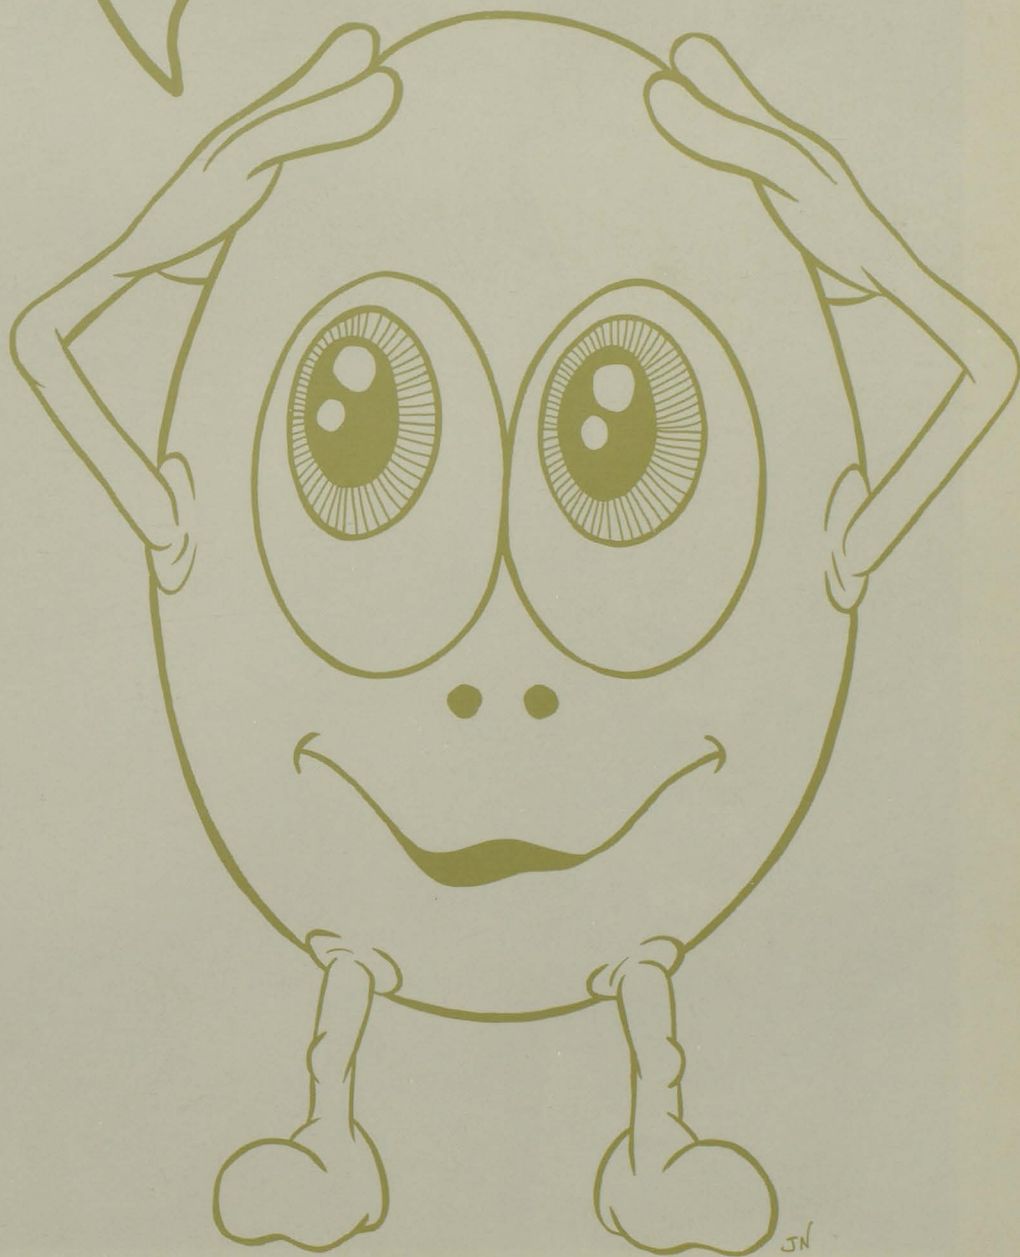

# ACADEMICS

ACADEMICS IS A  
NICE SECTION, BUT  
I DON'T LIKE BEING  
SO CLOSE TO ALL  
THOSE TEACHERS!

MR. ROBERT WEDE *Administrative Assistant*

## **Dr. Holt Directs**

### **Dist. 209 Staff**

The Old Woman in the Shoe who was forced to deal with a growing family on a highly restricted budget had problems very similar to those faced this year by Dr. Holt, Superintendent of District 209.

Additional pupils and shrinking funds were, of course, not unique to Proviso, but much of Dr. Holt's time was spent in insuring a satisfactory program would continue to be offered by both East and West even though funds were lean.

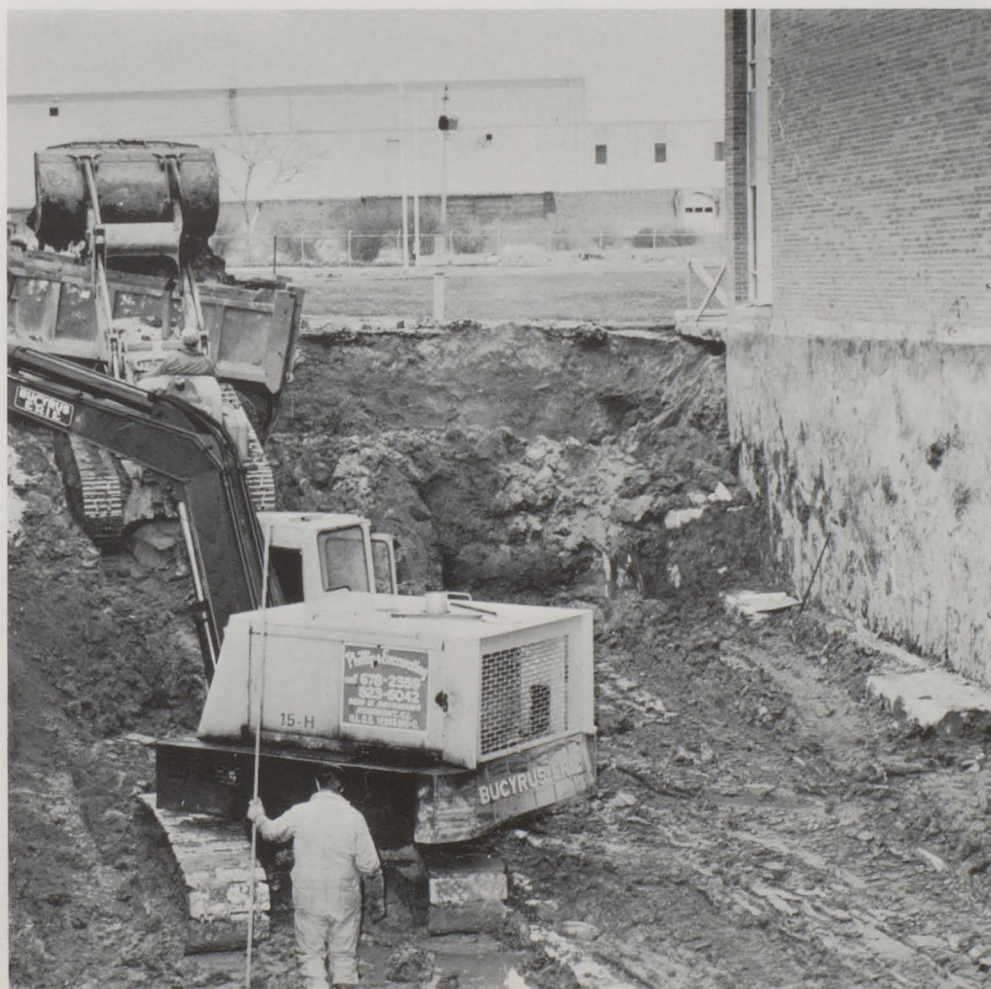

Serving as his liason man and assistant was Mr. Robert Wede whose face is familiar to West students who knew him in his former capacity as West's Dean.

DR. CHARLES C. HOLT *Superintendent*

**BOARD OF EDUCATION** *Seated:* Dr. Louis B. Seno, Fred E. Meyer, Dominic Provenzano, President, Robert Bentel, Secretary. *Standing:* Charles W. Green, Dr. Charles Holt, Superintendent, Robert Barrett, George R. Lange, Jack Stanley, Business Manager.

## Board Supervises Nine Room Addition

Though their names and faces are unknown to most students at both East and West, the men who make up the Board of Education for District 209 are an important part of every student's school experience. Elected by the voters of the district and meeting long hours each month, these seven men attempt to solve the ongoing administrative and financial problems with the advice and assistance of school administrators from both schools.

In 1972-73 the Board supervised the construction of West's newest addition, a nine-room, three-story structure on the north side of D-Building. Utilizing one existing wall, the new construction involved a minimum cost to tax-payers.

In November the new building was only a gaping hole between C-Building and the north parking lot.

MRS. VIRGINIA TAYLOR *Director of Curriculum and Special Programs*

## District 209 Depends on Them

Though their offices are at East, the members of District 209's administrative team are deeply concerned with West's day-to-day activities. Mrs. Taylor was concerned with curriculum changes and special programs for both East and West. Mr. Pitt directed the night and summer schools and coordinated the work of the high schools with programs at Triton. Mr. Schumacher supervised the steadily developing use of the district's computer center which is situated at East but is utilized by West as well.

All-school testing for both schools was Mr. Vandevender's main interest while Mr.

Oklepeck worked to make vocational programs more effective. Since the increased involvement of students in work-study programs, the scope of Mr. Oklepek's activities has also expanded. The hiring of school personnel was Mr. Daniels' chief responsibility but, with the assistance of Mrs. Gertrude Dahl, he kept the public informed through news releases and more direct mailings to parents of school programs and activities.

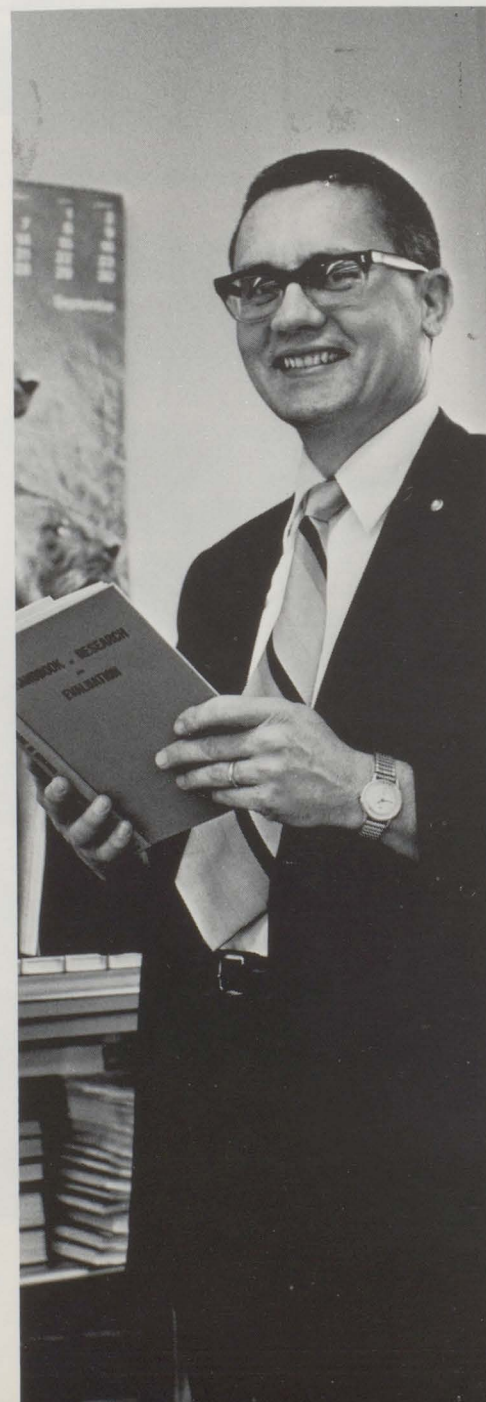

As business manager for the district, Mr. Stanley was responsible for keeping District 209 solvent and functioning.

MR. HOWARD SCHUMACHER *Director of Management Information Services*

MR. CLAUDE VANDEVENDER *Director of Research and Testing*

MR. HUBERT A. PITT *Director of Continuing Education*

MR. JOHN OKLEPEK *Director of Vocational and Technical Education*

MR. RICHARD DANIELS *Director of Personnel and Public Relations*

MR. JACK STANLEY *Business Manager*

*Mr. Arthur E. Vallicelli Principal*

## Kids to Curriculum, Faculty to Fun Night, Mr. Val's Day Is Varied

The light comes on in Mr. Vallicelli's office before the earliest Early Bird comes sleepily through the north entrance on chilly winter mornings. PTA and board meetings find him still involved in school affairs when many other people are snugly at home watching TV in the evening. For Mr. Val's responsibilities touch every facet of West's existence.

As teacher and administrator Mr. Vallicelli has been part of West's life since the first students filled the brand new class rooms in the fall of 1957. His two sons are West graduates so he has seen the school through the eyes of both a parent

and administrator.

Nothing that happens during a school year is completely divorced from his responsibility. Requisitions must bear his signature. School repairs, security, new buildings as well as the more academic matters of curriculum, faculty selection and evaluation and public relations are all his concern. Nevertheless, the door to his office is seldom closed and even a broken right arm which he carried in a cast for nearly four months did not slow him down appreciably. He just learned to write left-handed!

*Mr. Richard F. Gusloff, Ass't Principal in Charge of Student Activities*

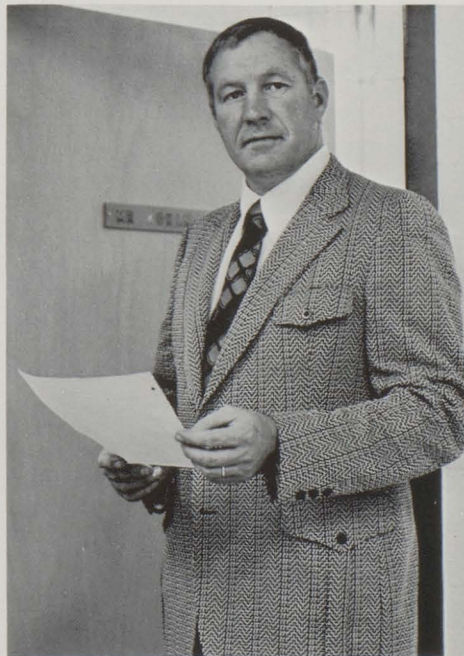

*Mr. Robert N. Milano, Ass't Principal in Charge of Educational Services*

*Mr. Glenn C. Stein, Class Supervisor*

*Mr. Donald B. Kohlmann, Class Supervisor*

## They're What Makes the Wheels Go 'Round

No grade books or seating charts will be found among the papers cluttering their desks but they are involved, nevertheless, with more students every day than any teacher--They are the administrators directly concerned with the hundreds of details most students never think of but which are still necessary if school is to go on from day to day.

Early Bird, pre-school registration, school organizations, these were the special interests of Mr. Gusloff. Mr. Milano spent his days between the main office and the machines room because report cards, scheduling, "failure notices," all products of the computer were his responsibility. In fact the entire office force worked under his supervision.

Mr. Maechtle as Dean of Students was responsible not only for discipline and attendance, but field trips and the graduation exercises. His two assistants, Class Supervisors Mr. Kohlmann and Mr. Stein, also had a variety of duties varying from the daily bulletin which was Mr. Stein's concern, to the proper allocation of the school station wagons and car permits and school assemblies which Mr. Kohlmann supervised.

*Mr. Donald M. Maechtle, Dean of Students*

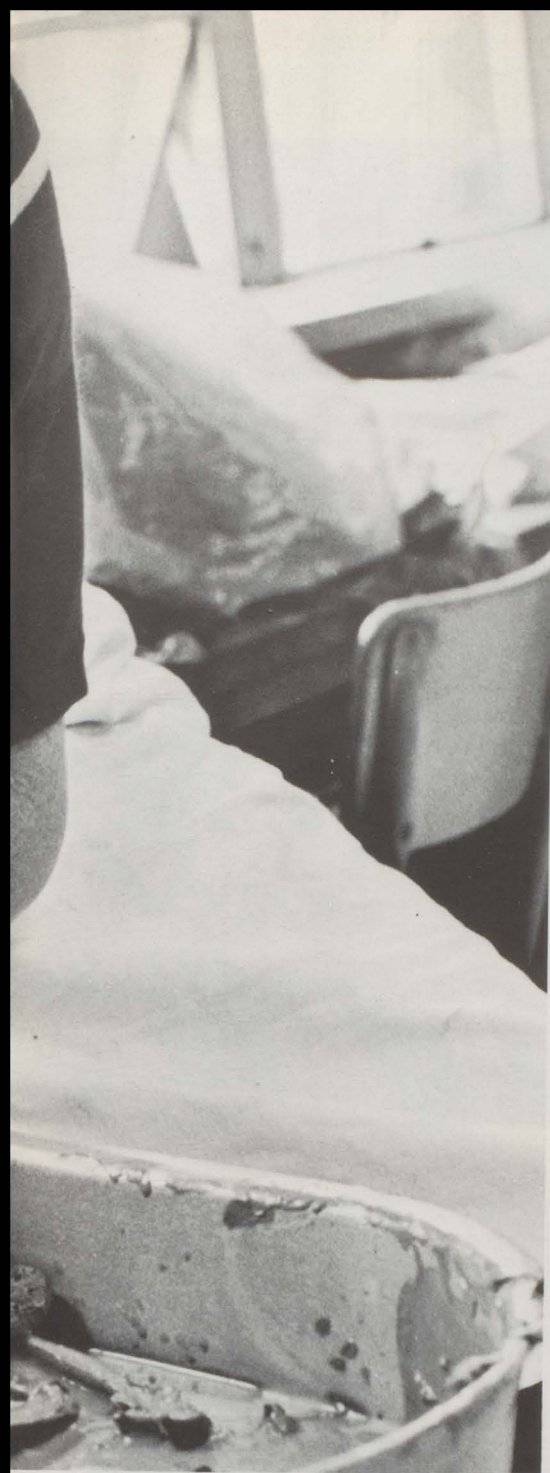

## Even Early Birds Feel Creative Urge

What is worth getting up in the bleak winter morning darkness for--educationally speaking? For some fifty West students who make up two Early Bird art classes, the bright, cluttered rooms of the art department have enough drawing power to run competition with their own warm beds. Altogether on any one day more than five hundred students work there with clay and glazes, tempera paints and oils, paper and canvas--all the fascinating paraphernalia of the artist. With five teachers to direct their efforts

the classes turn out a mind boggling variety of pots, paintings and design assignments.

From September until Christmas the more aspiring students work at assembling portfolios of their best efforts for entry in the National Scholastic Art Contest whose winners are first exhibited at Weibolts in Oak Park and later sent on the New York for national competition. West has traditionally received more than its share of national awards.

*Far Left:* Senior Pat Moore's pleasure in his expertise in "throwing a pot" is evident.  
*Top Right:* Ted Lapatas and Dan Sobiecki load the kiln where mere mud is dignified with glaze and heat into impressive ceramics.  
*Bottom Left:* Ann Napolitano knows even a cut paper design is a highly personal thing.  
*Near Left:* Mr. Margita gives a friendly suggestion on Ray Bundt's figure drawing.  
*Above:* Margie Mumoz's clay castle is touched with fantasy.

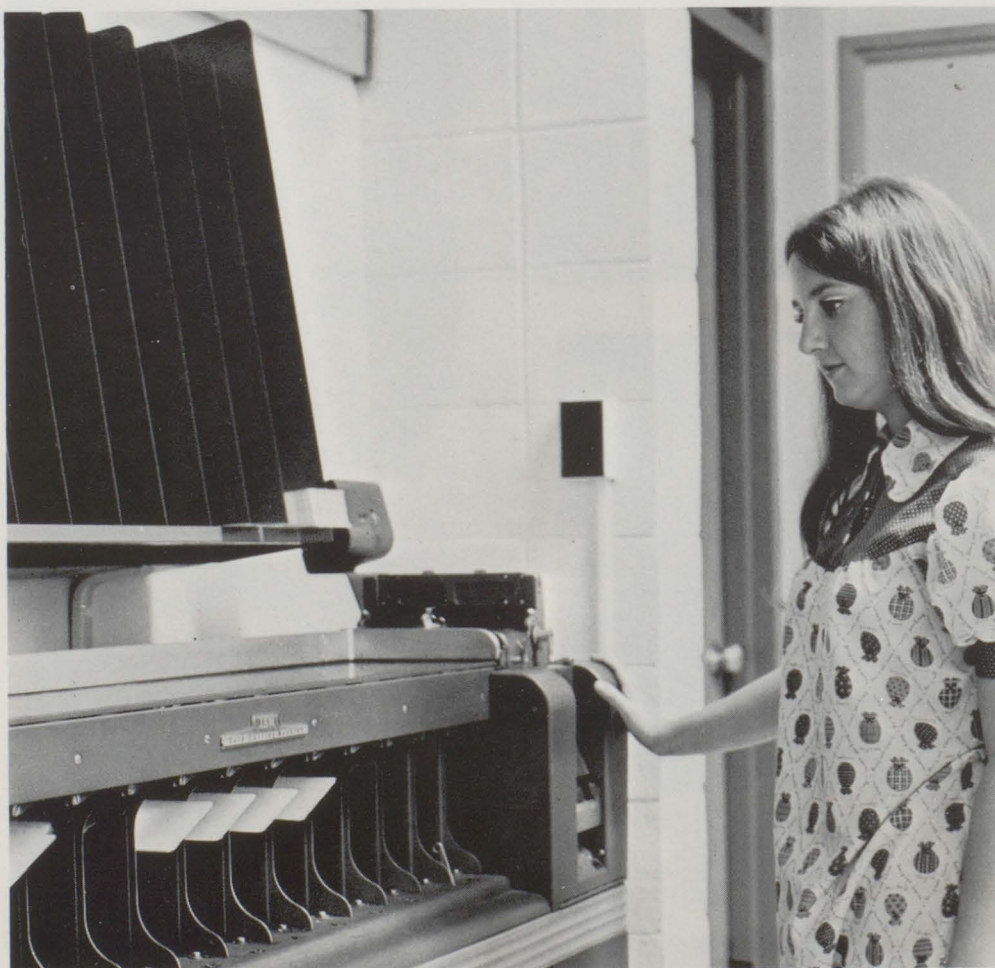

## Data Processing Course Expanded

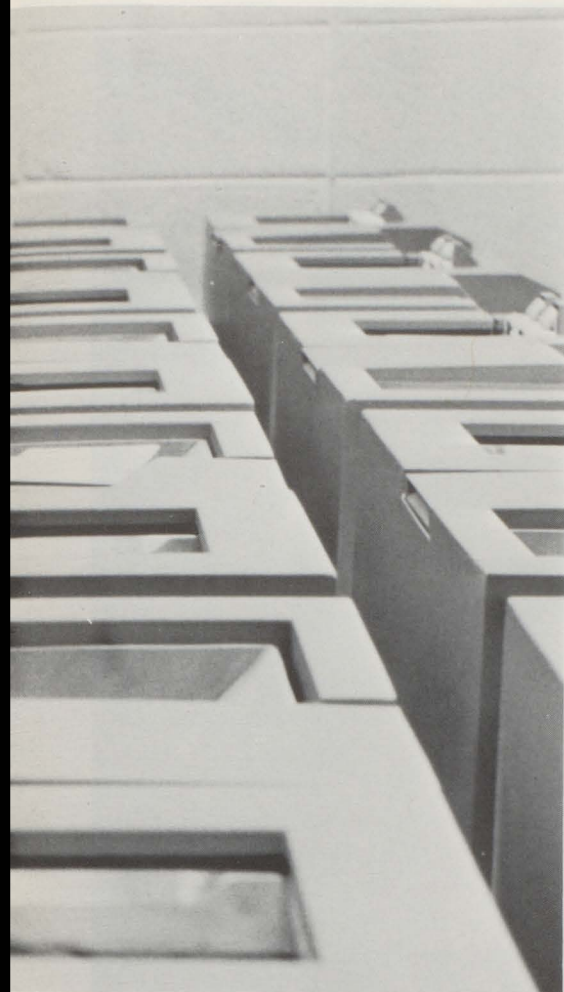

Business courses have traditionally appealed to more girls than boys, but with the introduction of data processing at West the picture is changing. Of the more than two hundred students who took advantage of the greatly expanded data processing classes this year, at least half were male.

Sharing equipment with the business office, students learned to operate not only key punch machines but the 1130 computer, the accounting machine, reproducing punch, card verifying machines and the card sorter. The classes were situated in D-building directly across from the machines room, conveniently close to the computer, and equipped with two dozen key punch machines rented from IBM.

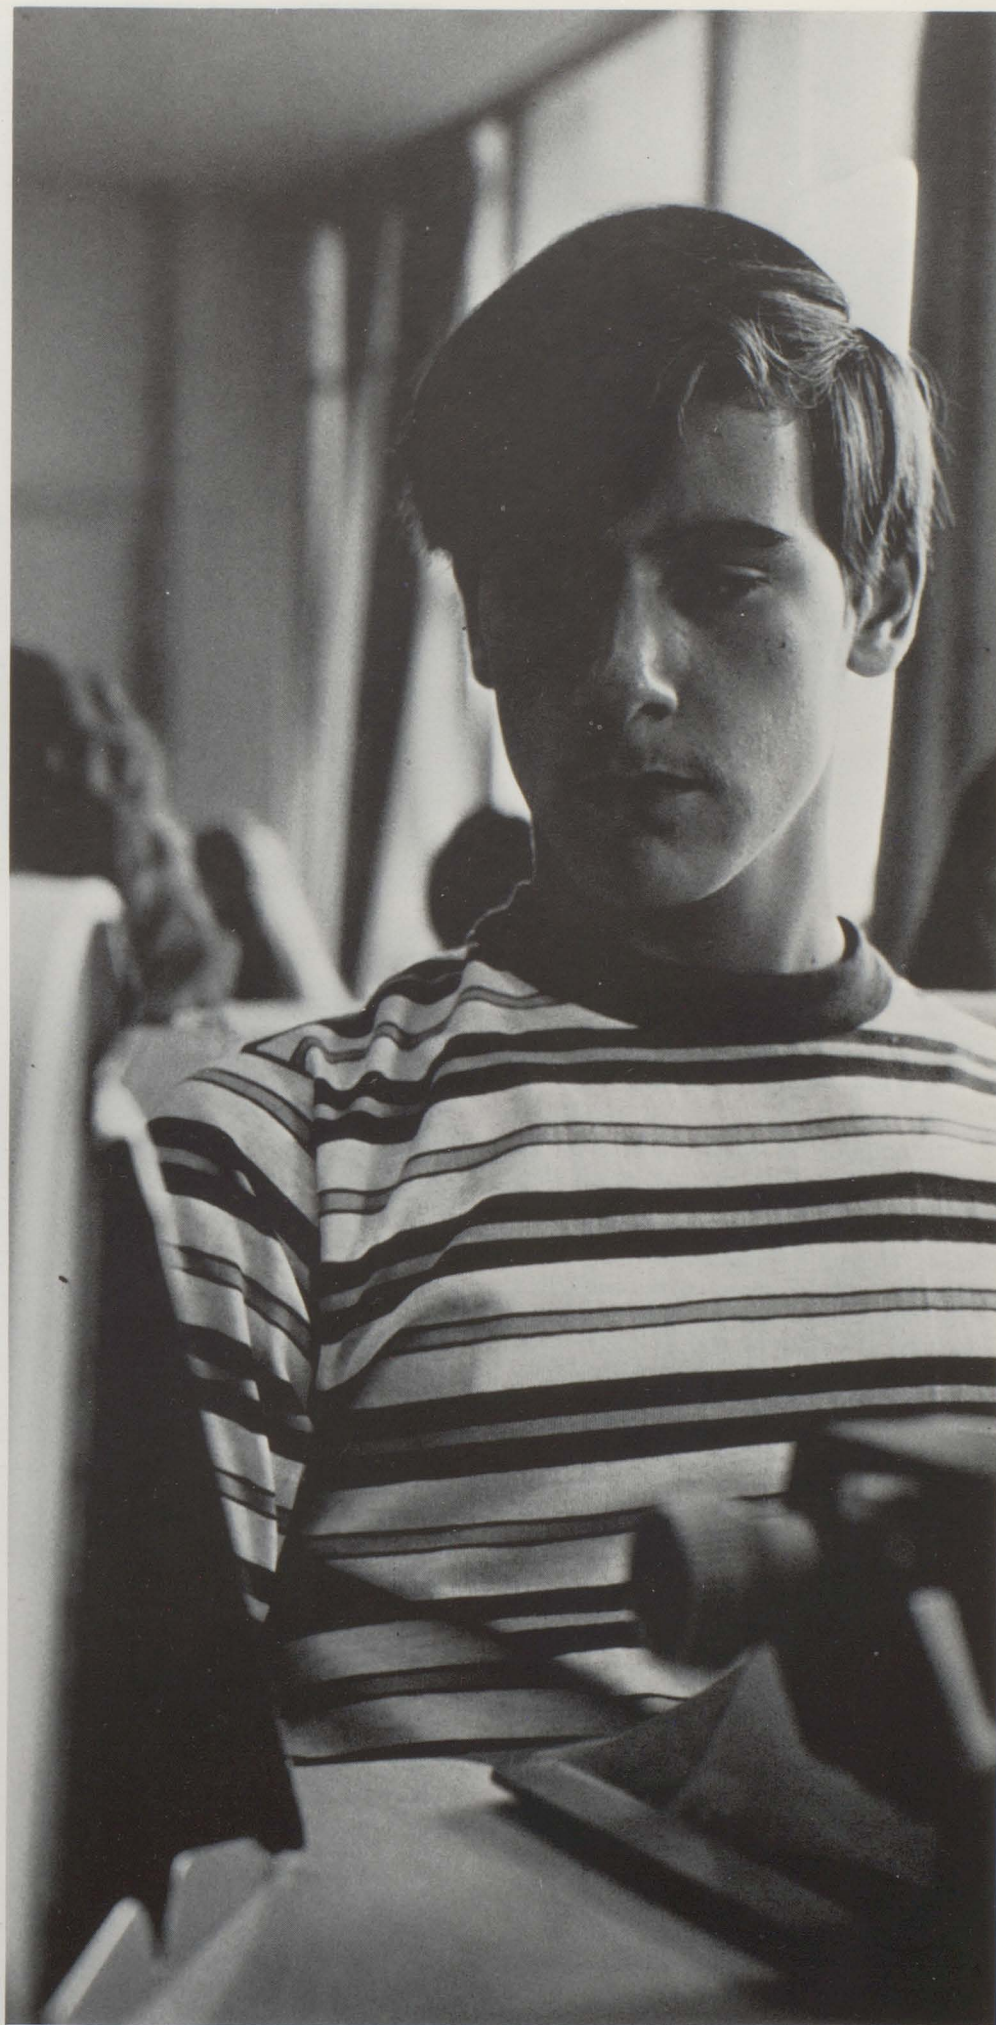

Only a very simple introduction to programming was included in the new course though a more extensive programming course is being planned for next year.

*Top Left:* Key punch is no mystery to Mike Pacarro, Tim Corbett, and Dan Kietz. *Above:* Suzanne Marade and Jane Stengle exchange a little gossip at the end of typing class. *Top Right:* John Galman is one of more than eight hundred typing students. *Far Left:* Melinda Holemca uses the card sorter in Data Processing.

## Counselling Uses Team Approach

In addition to being available for individual counselling, each of West's thirteen-member guidance staff holds some fifteen half-hour guidance classes every week. This year, under a new department chairman, Mr. Francis Lyne, counsellors met regularly to identify the areas most in need of discussion and to clarify their approach to the problems once they were identified so that the brief sessions with students might be more worth while.

The team approach was further expanded to include the Deans and other members of the administration, who, upon occasion, visited counselling classes and talked directly with students regarding rule changes, drug problems and curriculum requirements.

Seniors, instead of attending regular weekly guidance classes, had a more flexible arrangement in which they were met in their study halls by their counsellors. Periodic sessions for Early Birds were arranged during 5-A in the Little Theater.

A popular assistant to all the counsellors was CIVIS, the new computer-connected information retrieval system which was especially useful in determining college choices since information on hundreds of schools was almost instantly available to any student typing in his request on one of the sets in the counselling office.

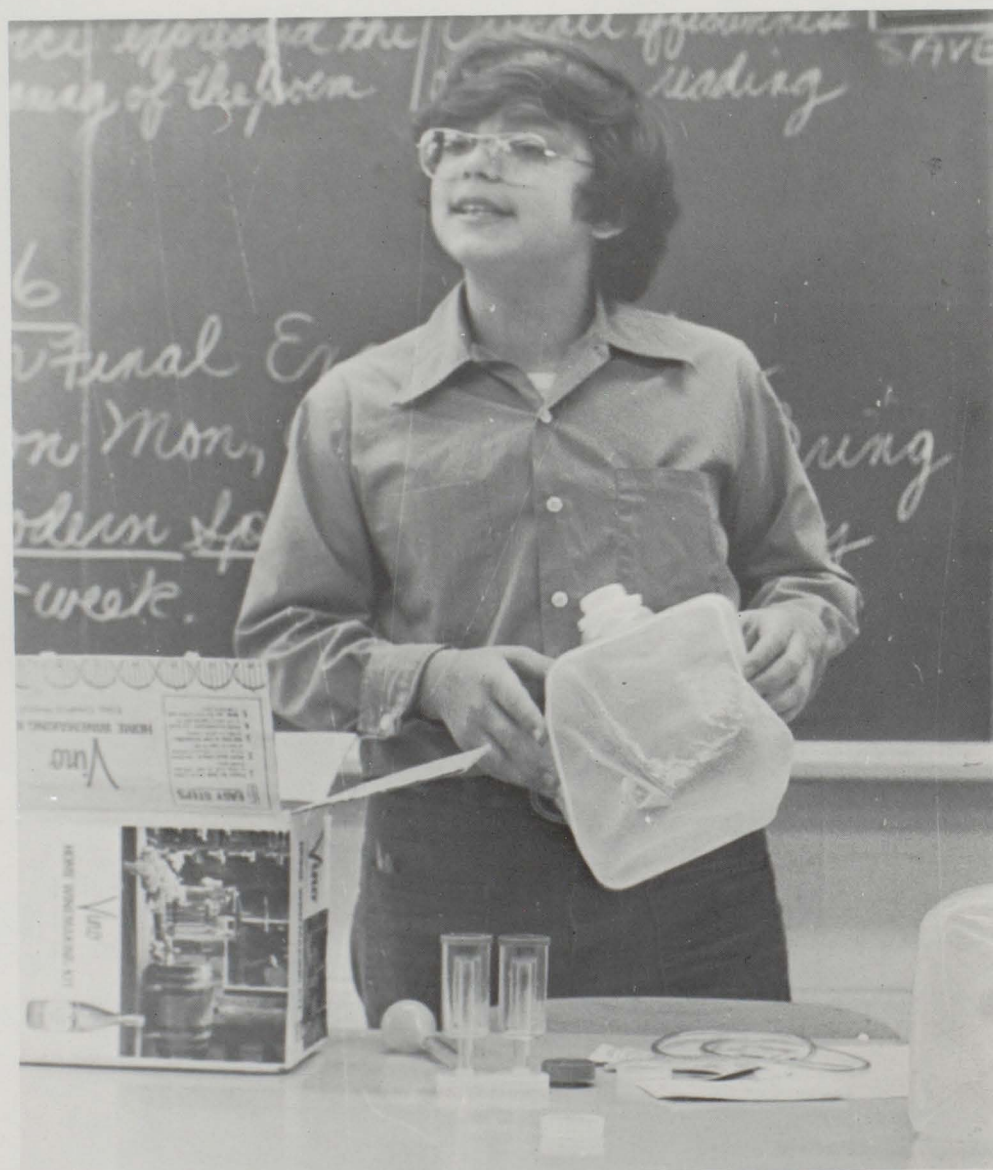

*Opposite:* "Really, Miss Lohman, I do need an early excusal!" John Svoboda exclaims. *Above:* Mr. Hall takes his counselees two at a time. *Left:* Miss Lovasich and Senior Patty Costello confer on that all-important question--"which college?"

*Opposite:* Joe Speechely as Satan in chains attempts to charm his way through the gates of Hell while Sin Kathy McGoveran approves her father's efforts in an Academic English skit based on Milton's *Paradise Lost*. *Top Left:* Working in a group makes many English projects more enjoyable. *Top Right:* A choice quotation during Mr. Beck's lecture on dialects has an appreciative audience. *Above:* Jim Cleary has his own carrel to work at in his reading class. *Right:* Freshman Bill Hoschutz gives an expert's information during his speech on wine-making in Oral Communication.

## Flexibility Is the Name of the Game in English

In the reading center students work on their own time to improve reading skills or, as part of their Junior year, spend several weeks of concentrated effort as members of a class. Students with specific, diagnosed reading problems have classes geared especially to their difficulties.

Non-college-bound Seniors may, in

Mass Media and Contemporary Humanities, come face to face with aspects of their immediate worlds not necessarily reflected in books--field trips, films, newspapers and TV take the place of concern with Shakespear's and Milton's England.

Cross-disciplinary groups such as American Studies and Academic Humanities

combine the expertise of members of several departments--art, music, social studies, science--with English.

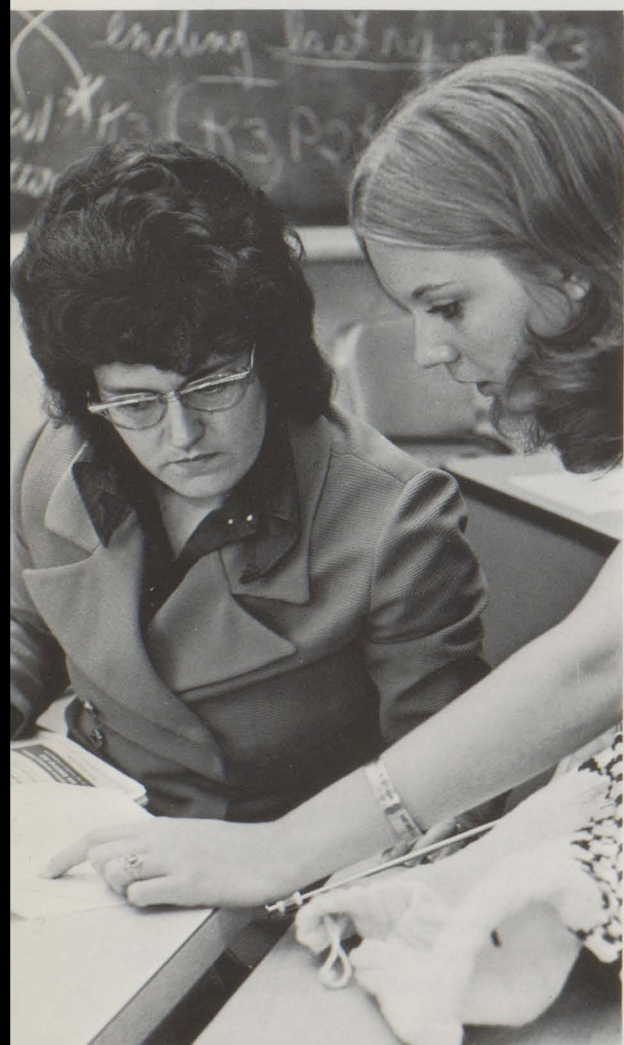

Student directed learning and teaching teams all contribute to West's continuing effort to provide a flexible and varied approach to the teaching of English.

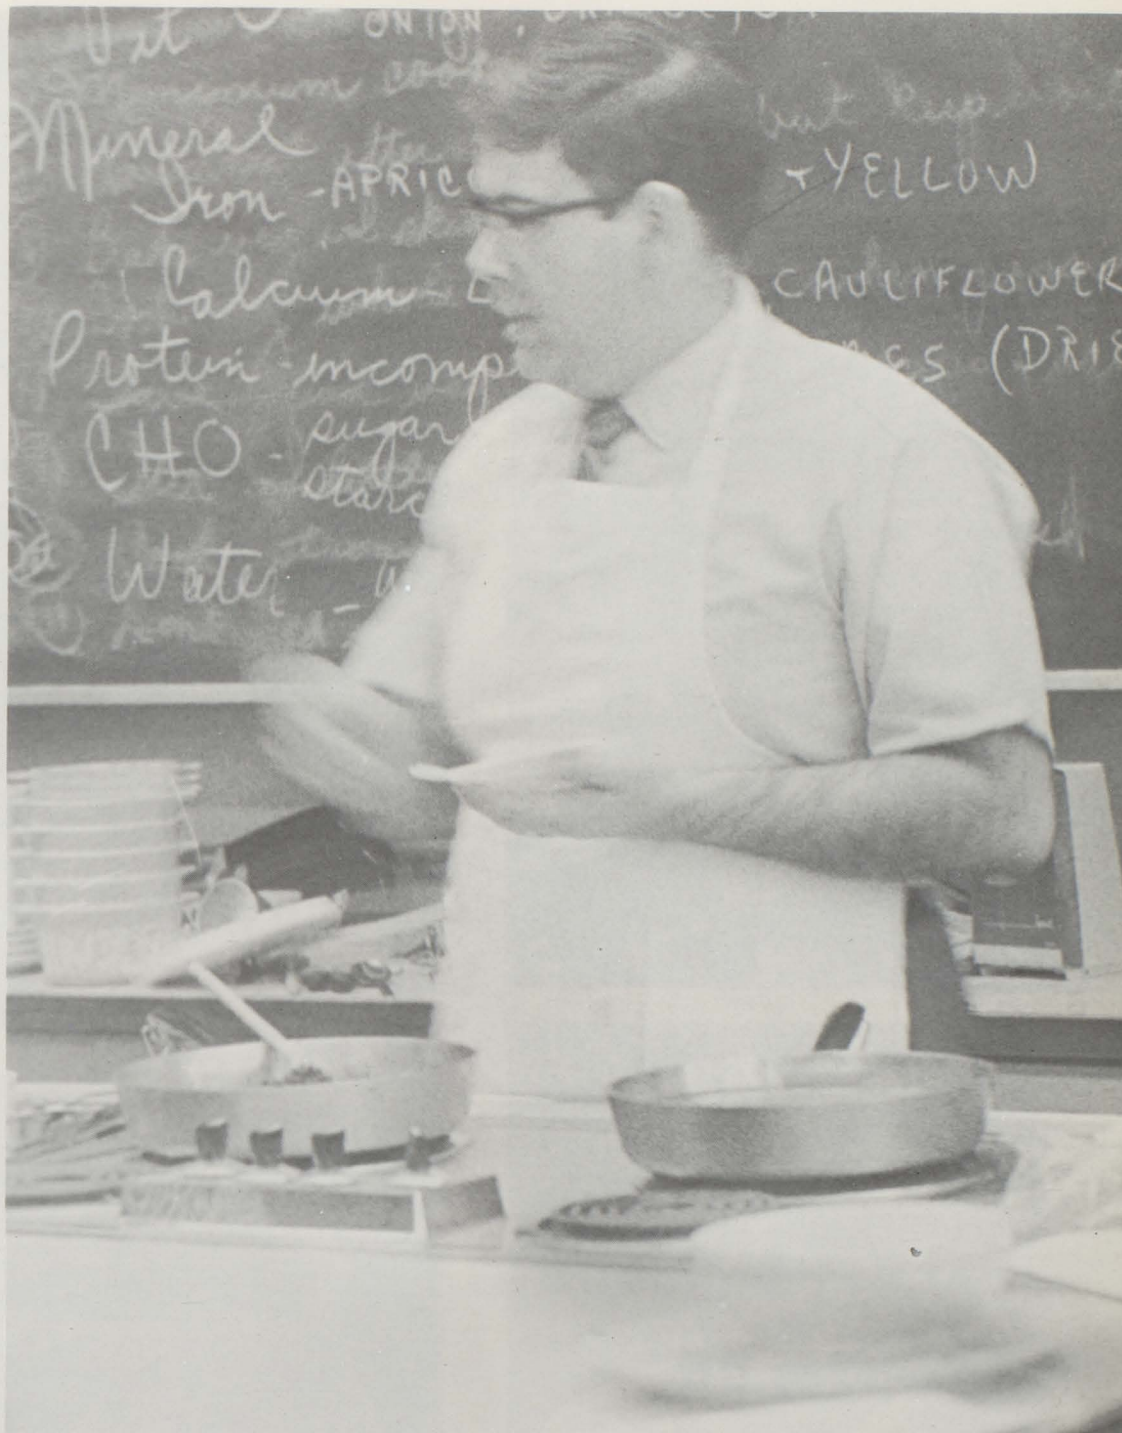

## Child Development Course Introduced

Should little Dennis suck his thumb? What approach should his mother take when Johnny pushes his little brother off the couch? A new prevocational course introduced at the second semester provided answers to questions like these for Sophomores, Juniors or Seniors interested in becoming either managers or aids in day care centers.

The course, which was open to both boys and girls, has general value as well since it is designed to help students understand children better--knowledge which could be useful to any person involved with young children from older brothers and sisters, through baby-sitters and future mothers and fathers, interested in helping their children's maximum development.

## At West Drafting, Shop Pay Off

How much effect on the lives of students does their work in Industrial and Technological Education really have? A partial answer was received this year when, in reply to a questionnaire, last year's graduates were asked how important vocational instructors and courses were in determining their initial success in entering the job market. More than half replied that they had found their experience as vocational students very important. Approximately one out of three of those working also indicated that their employment was directly related to their high school courses of study.

Advanced Auto Technology and Advanced Technical Drafting and Electronics prepare students to work in skilled jobs directly upon graduation while the introductory courses provide basic skills and an opportunity for students to gain a clear idea of their interest in the field.

## Language Students Eat in French, Spanish, German

What language does a *taco* speak? Or a *crepe*? Foreign language students absorb a taste for foreign foods along with the vocabulary which would enable them to order the dishes in a restaurant in Mexico or France or Germany. Spanish III students, in fact, even learned to write recipes in Spanish and experimented with cooking from a Proviso West Hispanic Cook Book prepared by the class. Later, to check on the success of their own efforts they had dinner at both a Mexican and a Cuban restaurant.

French and German students, though they did not attempt cooking themselves, did have dinner at the *Flying Frenchman* and *Zum Deutschen Eck*.

West's numerous Spanish-speaking students have found that members of the Spanish classes can often help in unravelling their problems with English, giving English-speaking students an opportunity to serve as interpreters. In return students who have recently come to the United States from Cuba, Mexico or Spain are able to give vivid first-hand information on their former homes.

Vocabulary and grammar, are of course, the basic elements in all language programs but cultural and historical aspects of the countries are not ignored and current events are also part of every class.

## SDL Gives College Preps Boost In Math

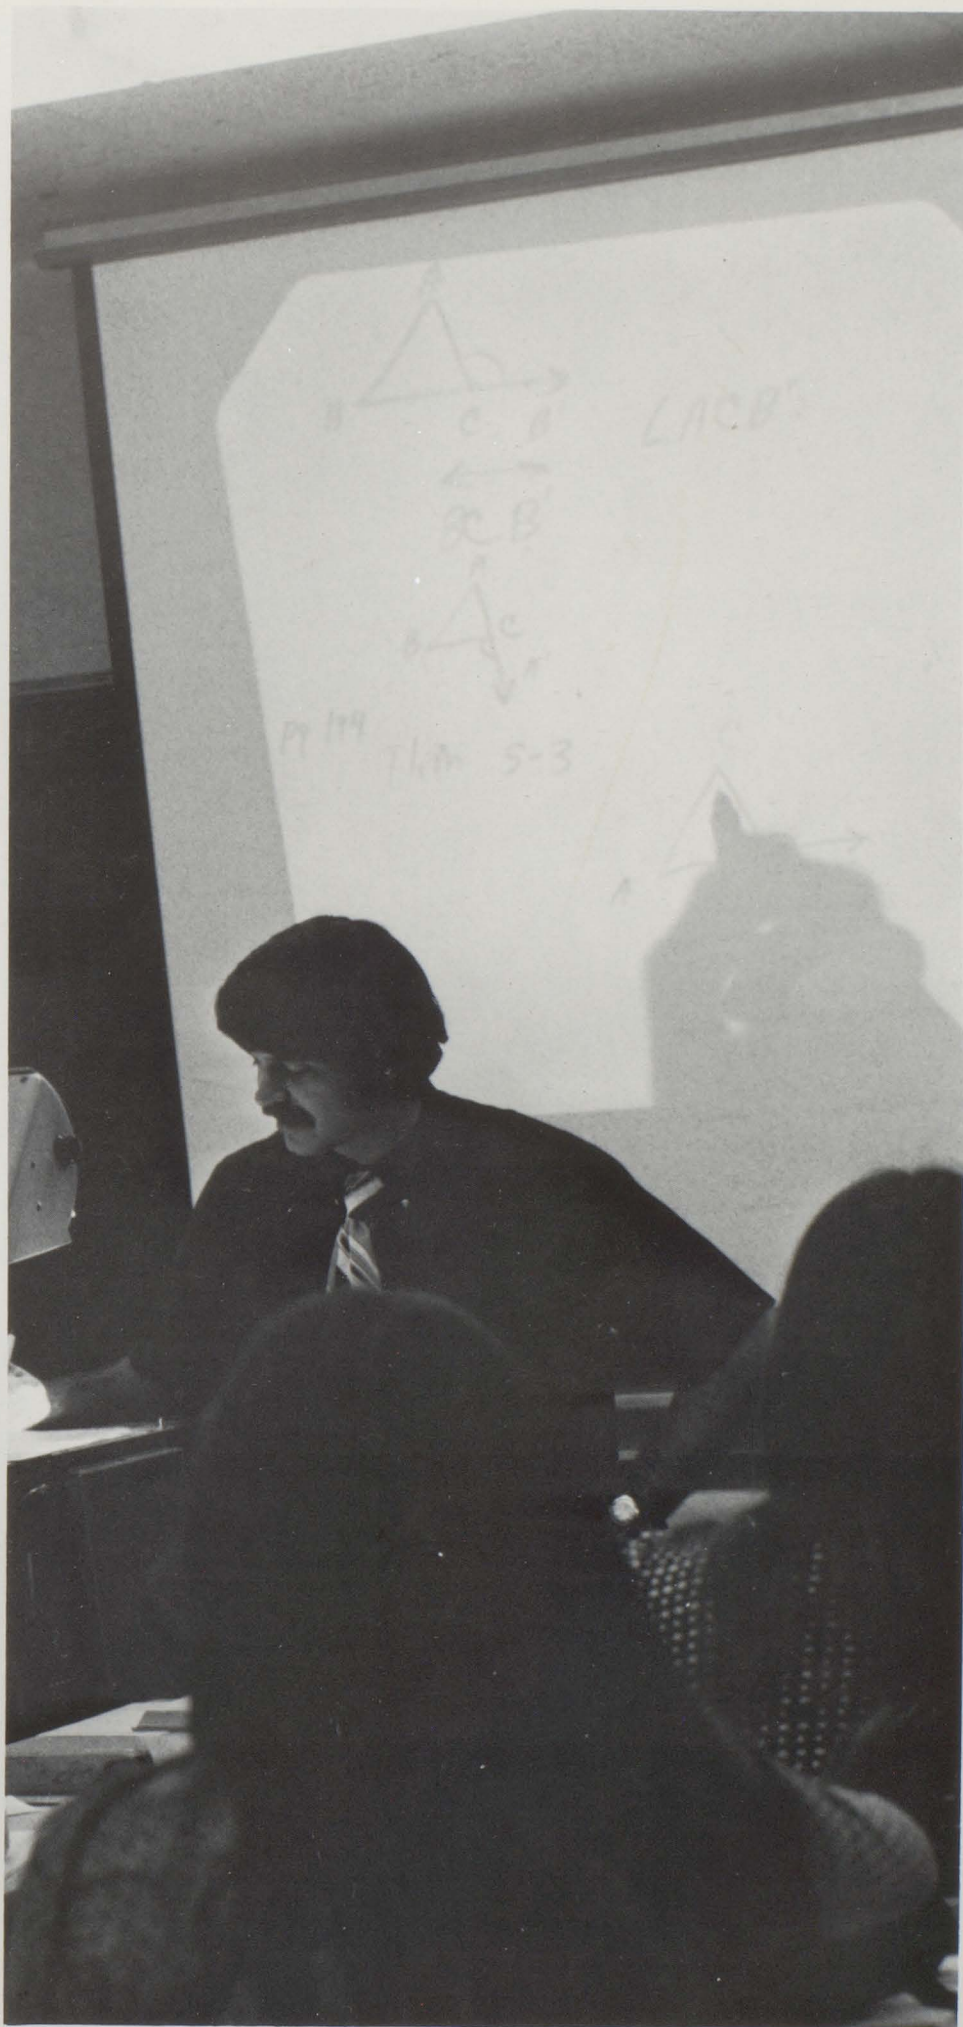

A brand new SDL calculus course was introduced for the first time this year and found more than thirty college preparatory students working toward possible advanced college placement. As many as twelve hours of advanced placement credit have been earned by students in past years. Students from this year's course could prepare for placement exams in either differential or integral calculus.

Compro came on fresh and new this year also with a completely rewritten course of study. Students still worked with Fortran IV but were encouraged to design their own projects around the basic programming techniques. The SDL geometry course which was introduced last year was revised for greater effectiveness.

Some team teaching classes were also introduced in General Math

## One Out Of Four At West Takes Music

Many "required" classes are suffered through by their members every day, but at least one out of every four students at West spends an hour a day involved happily in instrumental or vocal music.

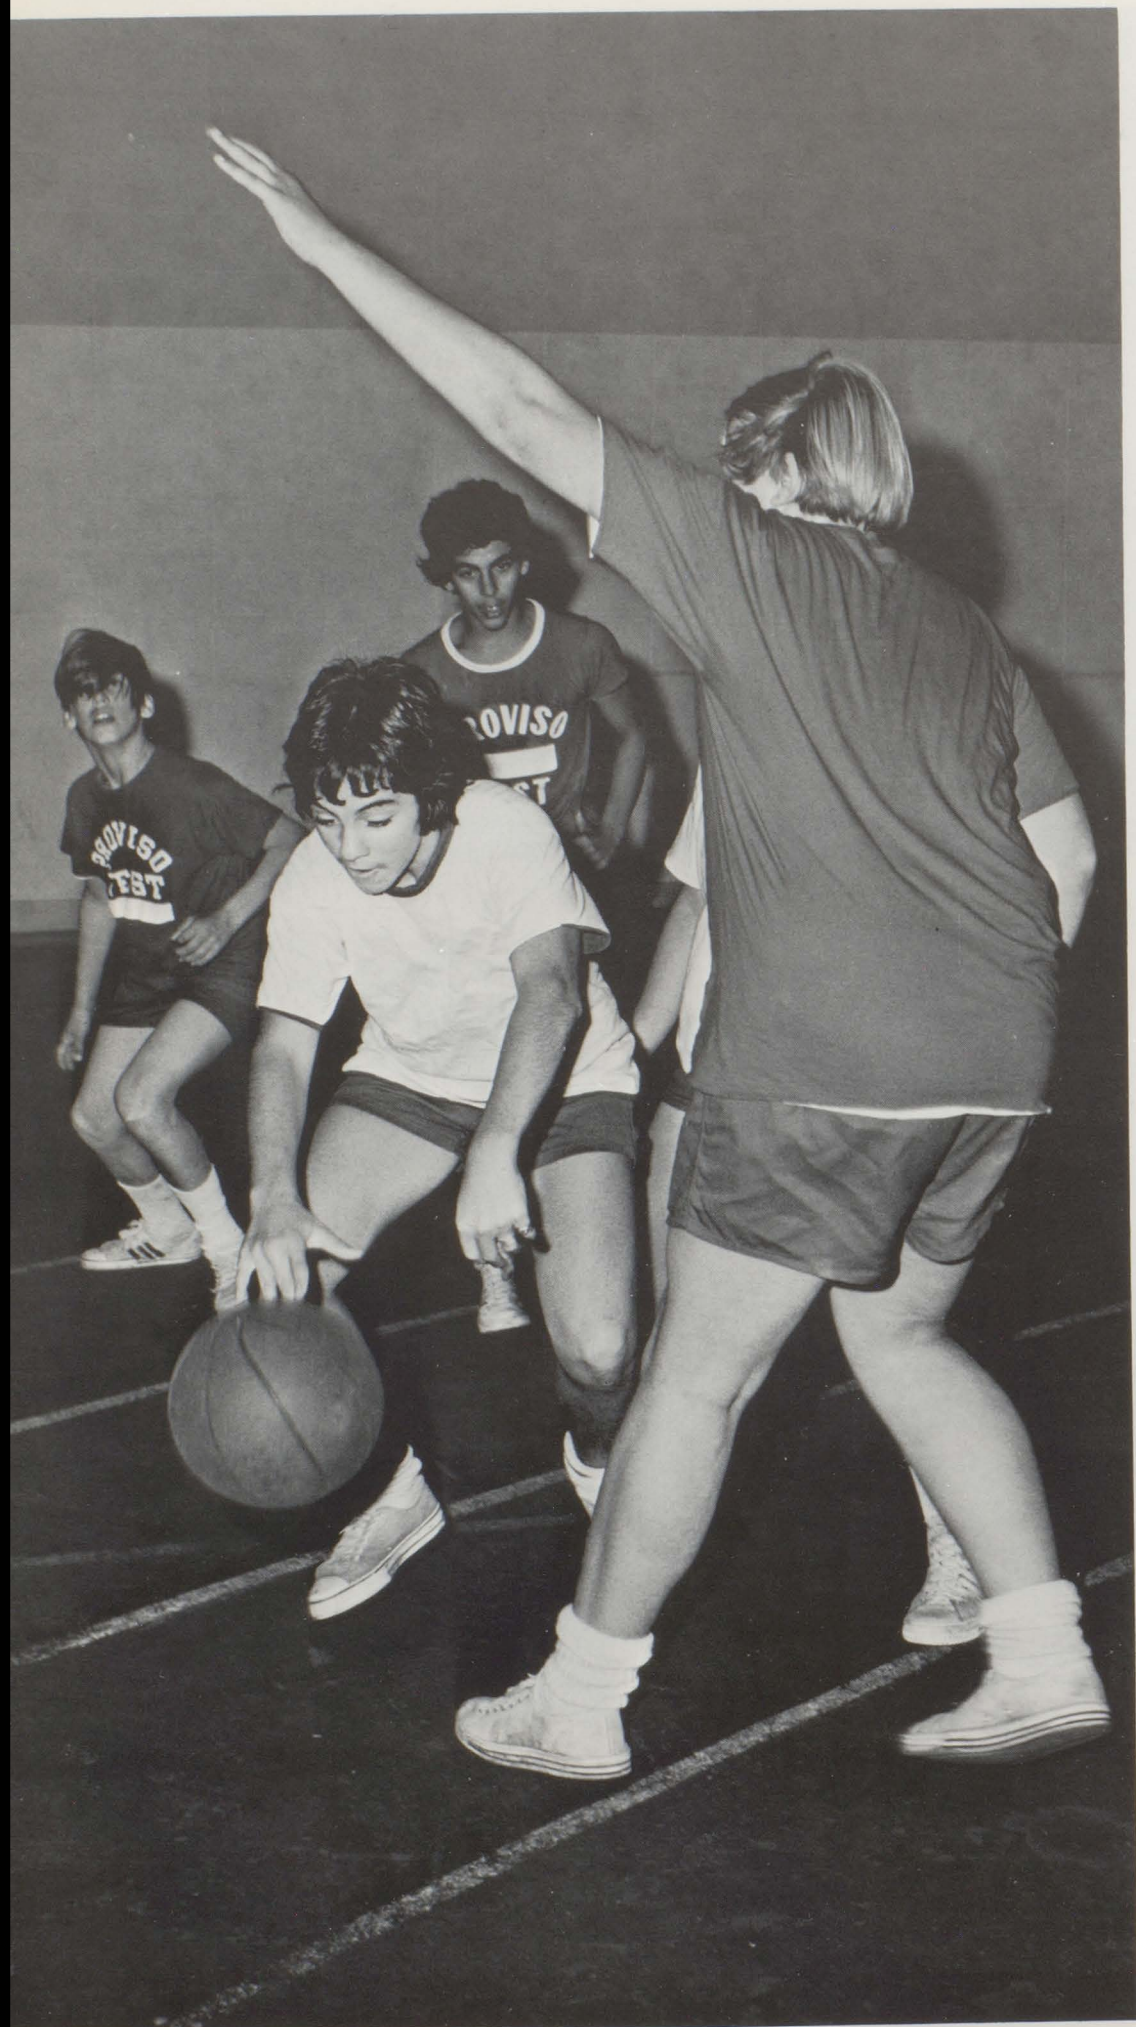

Orchestra, choruses, bands--there is something for everyone. In fact a new performing group appeared this year with the introduction of guitar instruction. And it is not strictly a matter of playing or singing. Madrigal singers, for instance, presented a dinner concert in April at

which music and food were pleasantly combined.

The spring tours which send bands and choruses to sing for groups throughout the state were made more difficult by stringent economy programs this year. But band parents sponsored a Pancake-Carwash to make possible not only the tours but the scholarships which have traditionally permitted some thirty talented students to attend summer workshops and clinics.

## Electives Add Spice, Variety to Girls' PE

Imagination and innovation--this year girls' PE sparkled with both. Four-and-a-half week units in wide variety were available--several for the first time.

In a new program Juniors and Seniors were given the option of electing the units of their choice rather than being included in a uniform program. Ski-conditioning was one such course, involving not only exercises for strengthening legs and back, but instruction in care and handling of equipment.

Fencing and flag football were also firsts. The latter gave girls the chance to enjoy the excitement of actually playing football and to add to their expertise as TV football fans as well.

Dance added an advanced class, Modern

Dance IV, and a modern jazz unit during which the girls danced through the evolution of popular dances including tap and the Charleston. Freshman dance students were introduced in their rhythms classes to square dancing.

The after school program of gymnastics continued with more girls involved than in previous years.

Boys programs followed a more traditional format with regular units in group sports and swimming. An entire program was available for both boys and girls physically unable to take part in the regular PE programs. Health classes and Driver Training were also included in the overall PE curriculum.

## Girls At West

### Aren't Science-Shy

Nine *girls* in physics? Correct! One-third of West's innovative project physics class this year was female--a record and hopefully an indication that girls with a genuine interest in science will be less hesitant to follow it up than in the past.

Earth science this year found students involved in a variety of activities that translated the ideas in text books into "real life". One such venture made the practical problems of space travel more vivid. Each member of one class packed an egg according to his own idea of protecting it against breakage. Each student's "space capsule" was then dropped from the top of C-Building. Only those whose egg made the trip unscathed received satisfactory scores on the exercise.

Physiology, biology and chemistry classes which involve extensive lab work were particularly aware of the restricted budget which limited supplies.

## Who? What? When? But Most Important- Why?

Less than twenty minutes east on the Eisenhower one of the world's great cities rumbles and roars, sending up clouds of pollution that, if the wind is right, sting the eyes and throats of Early Birds stumbling into A-Building in the damp morning. For, though Westchester and Northlake are not Chicago, they are nevertheless very much a part of the larger urban pattern that ties city and suburbs together. In recognition of this idea the Social Studies Department introduced a new course, Urban Studies, this year. The course uses as its text, appropriately enough, the daily newspaper.

Innovative, fresh and realistic approaches to the problems of government and society at large are standard, however. Last year's introduction of several interdisciplinary programs was successful enough to warrant expansion this year. And simulations, role-playing, opportunity for student directed learning projects were all utilized.

*Far Left:* strikes. . . graft. . . ## **Special Services**

### **Simplify, Facilitate**

Faculty members are people who take roll and make assignments--right? Well, sometimes. But there are other members of West's faculty who contribute in other, special ways which make school a much more satisfactory place to pursue a diploma.

The big, cheerful library rooms that take up almost all of the second floor of the main building hum all day with activity. Not strictly class rooms perhaps, nor study halls, they can still be more productive of education upon occasion than either.

Though no department has felt the pinch of West's current austerity more keenly, the Audio-Visual Department remains a vital part of the whole school program.

Less obvious than these two is the work of the Special Education Department whose members are concerned with working directly on problems regular curriculum assignments fail to touch. Work and school are no longer divided into two separate worlds. A number of work-study and vocationally oriented programs attempt to bridge the gap between.

Though blind students are not as numerous as in past years, West's teacher of the blind is available to assist blind students and a speech therapist may be called upon by any student needing her help, as can the school social worker.

## There've Been Some Changes Since '61

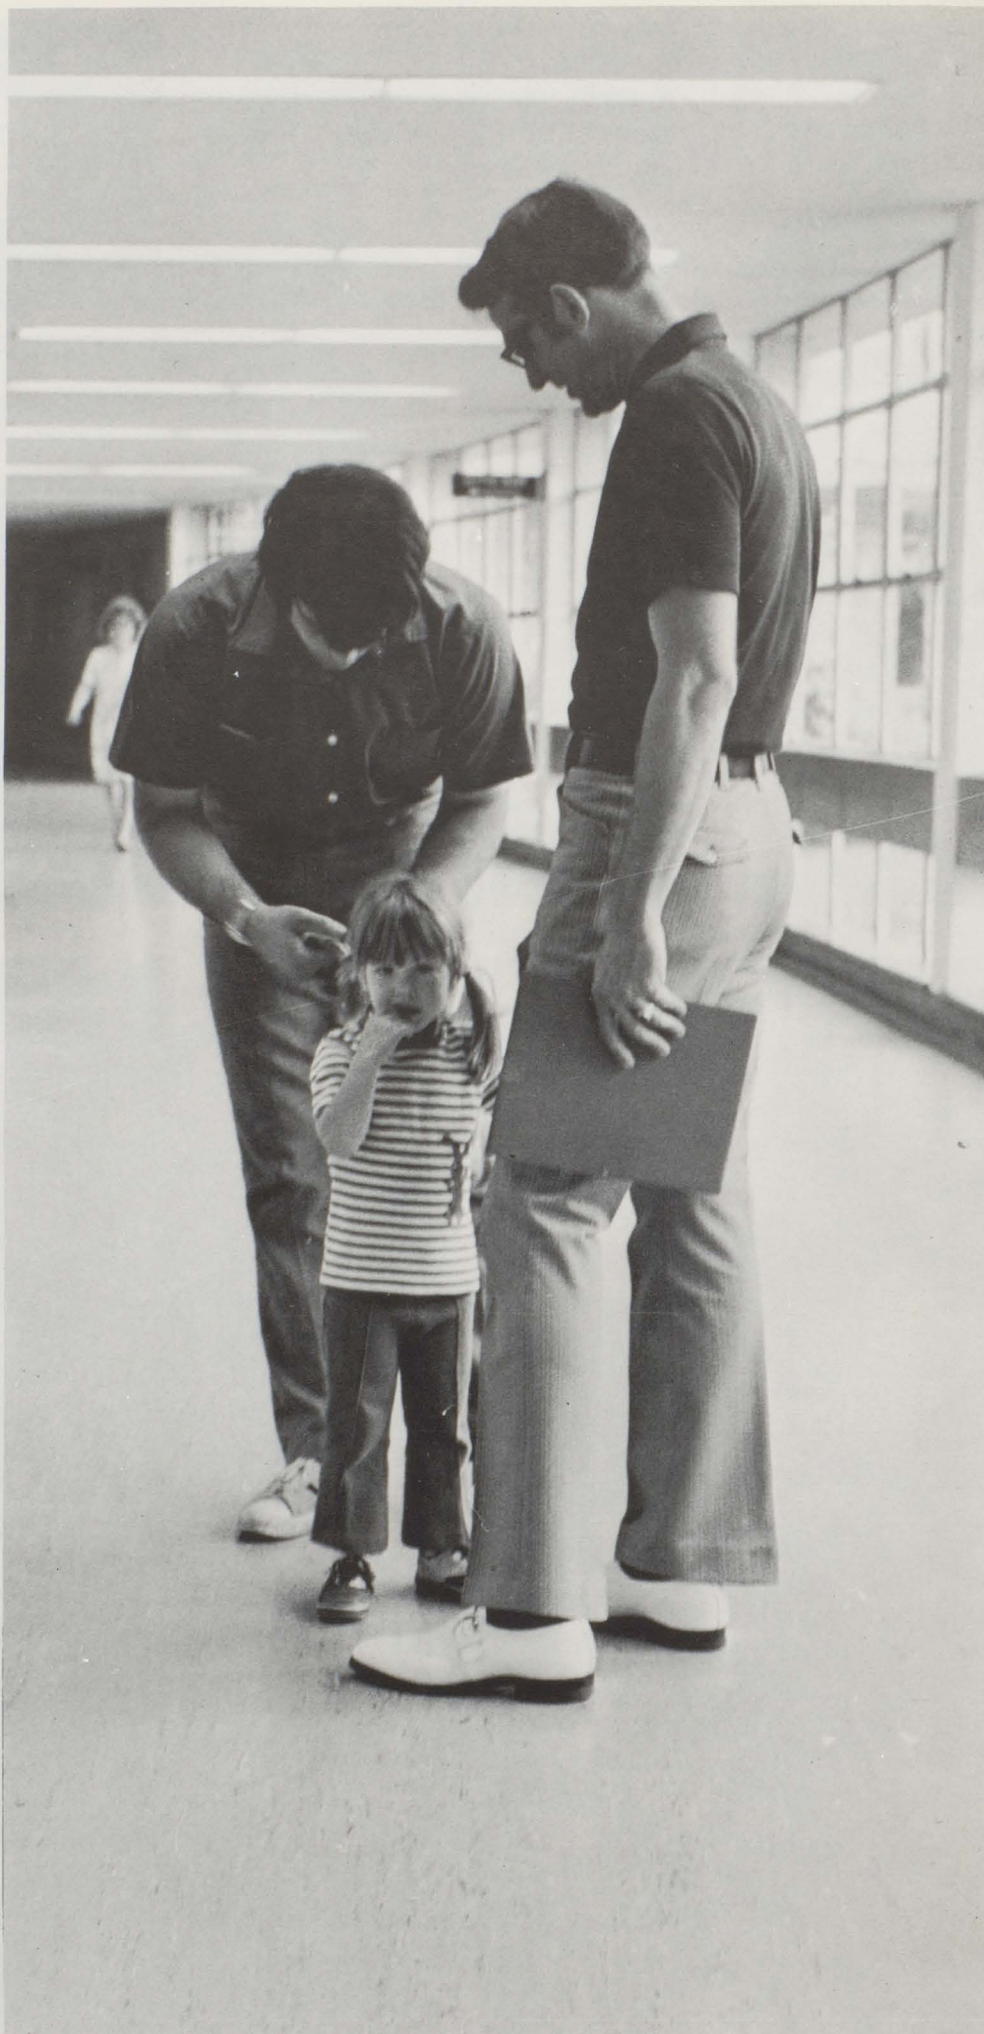

As West's student body has increased in size, the faculty has expanded accordingly, more than doubling in fact, since 1961 when the first graduating class marched, 525 strong, in the June heat of the new gymnasium. There were, for example, 25 English teachers then compared to this year's 45 and eleven science teachers have been increased to 25. But among this year's faculty of 245 there are still some 38 men and women who were part of the 1961 teaching force of 118.

Courses have changed also. *Silas Marner* and *Julius Caesar* are no longer familiar names to most of West's Sophomore English students. Psychology and urban studies have appeared in social studies. Compro has assumed a privileged spot in the mathematics curriculum. In language Latin has disappeared, as has Russian, both taught in 1961. In all departments core, student directed learning, team teaching, and interdisciplinary studies give new flexibility and variety to learning experiences.

West has expanded physically as well to house its nearly 5,000 students compared to its '61 enrollment of barely 2000. First C-Building, then the field house, and finally the two mini-buildings on the south and north have been added.

But the 34 new teachers who joined West's faculty this year, the 38 veterans of '61 and the 183 others who have been, for varying periods part of West's faculty, all share a similar enthusiastic and genuine interest in teaching and students.

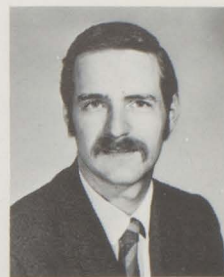

Coach Lucas' small daughter finds the West's long empty halls a bit overpowering when she visits school with her father on the very last day.

# West Benefits from PTA Interest and Effort

Proviso West's Parent Teacher Association usually meets only once during each quarter. This year the first meeting was divided--September 27 for parents of the 1224 Freshmen; October 4 for parents of members of the remaining three classes. This enabled all parents who wished to attend mini-class sessions the oppor-

tunity to do so.

Other meetings featured special programs and regular opportunity for parents and teachers to meet and talk over mutual school problems.

## Crisis Is Routine For West's Nurses

Though West's two nurses work in distinctly cramped quarters the number of students who daily move from the row of chairs in the narrow lobby to the inner office is impressive. There skilled fingers deal with an almost endless succession of sprains, cuts, and bruises. In more serious situations prompt and conscientious attention is also available. Sometimes, quite as valuable, is a sympathetic ear for problems which make the prospect of another hour in class too much to bear.

Though tuberculin testing and immunization are no longer the nurses' responsibilities, and eye tests are restricted to Juniors and Seniors, Miss Garramone and Miss Gould must still initiate and check all accident reports for school insurance--some two or three each day. And they still make hearing tests, though the lack of adequate space makes this service increasingly difficult.

## Tele-Processing Aids Office Force

They look like rather modest portable TV sets. Last year Seniors found them remarkably useful in acquiring information about colleges quickly and simply. This year, however, West's six Tele-Processing tubes have become much more knowledgeable. In fact they have become the harried secretary or counselor's best friends. Hooked up with the large computer at East the tele-processing tubes can show instantly a student's whole program or any other type of relevant information regarding him. It can also tell how many students any class contains or instantly correct information already on file.

West's secretarial staff remains the same but only because the computer is available as an aid.

## Maintenance Staff Keeps Its Cool

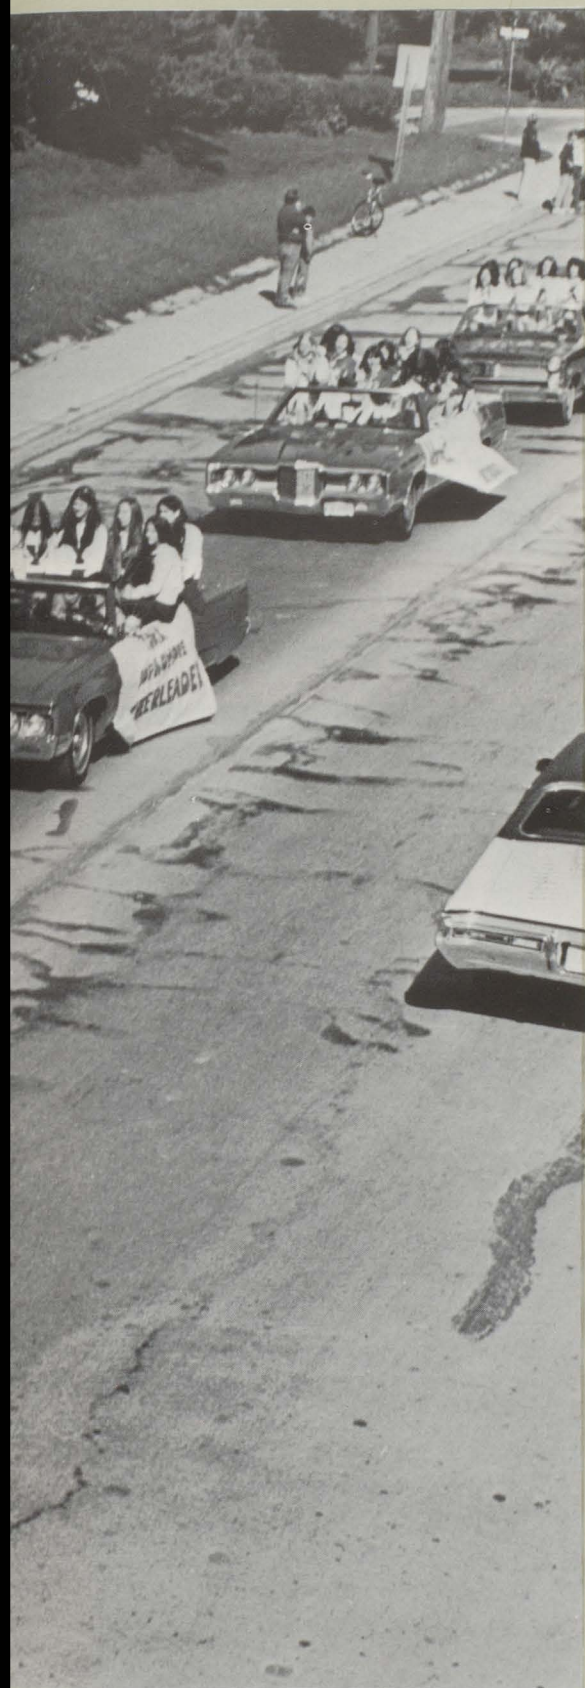

In addition to the routine problems of keeping some five thousand people warm, comfortably housed, and supplied with drinking water, and sanitary facilities, the maintenance staffs were faced for the second year in succession with the added problems of construction. Parking changes, the disruption of electric and sewage lines were met, however, with the smooth efficiency which characterizes West's maintenance force and allows students and faculty to work almost oblivious of the men and women who ensure their comfort.

## There Was Something New-Guitar Classes

Guitars have finally made it at West. This year along with the tubas and viola, the french horns and violins, are dozens of guitars used by members of the bands newest class. Folk, country and Western, blues and rock styles were all taught.

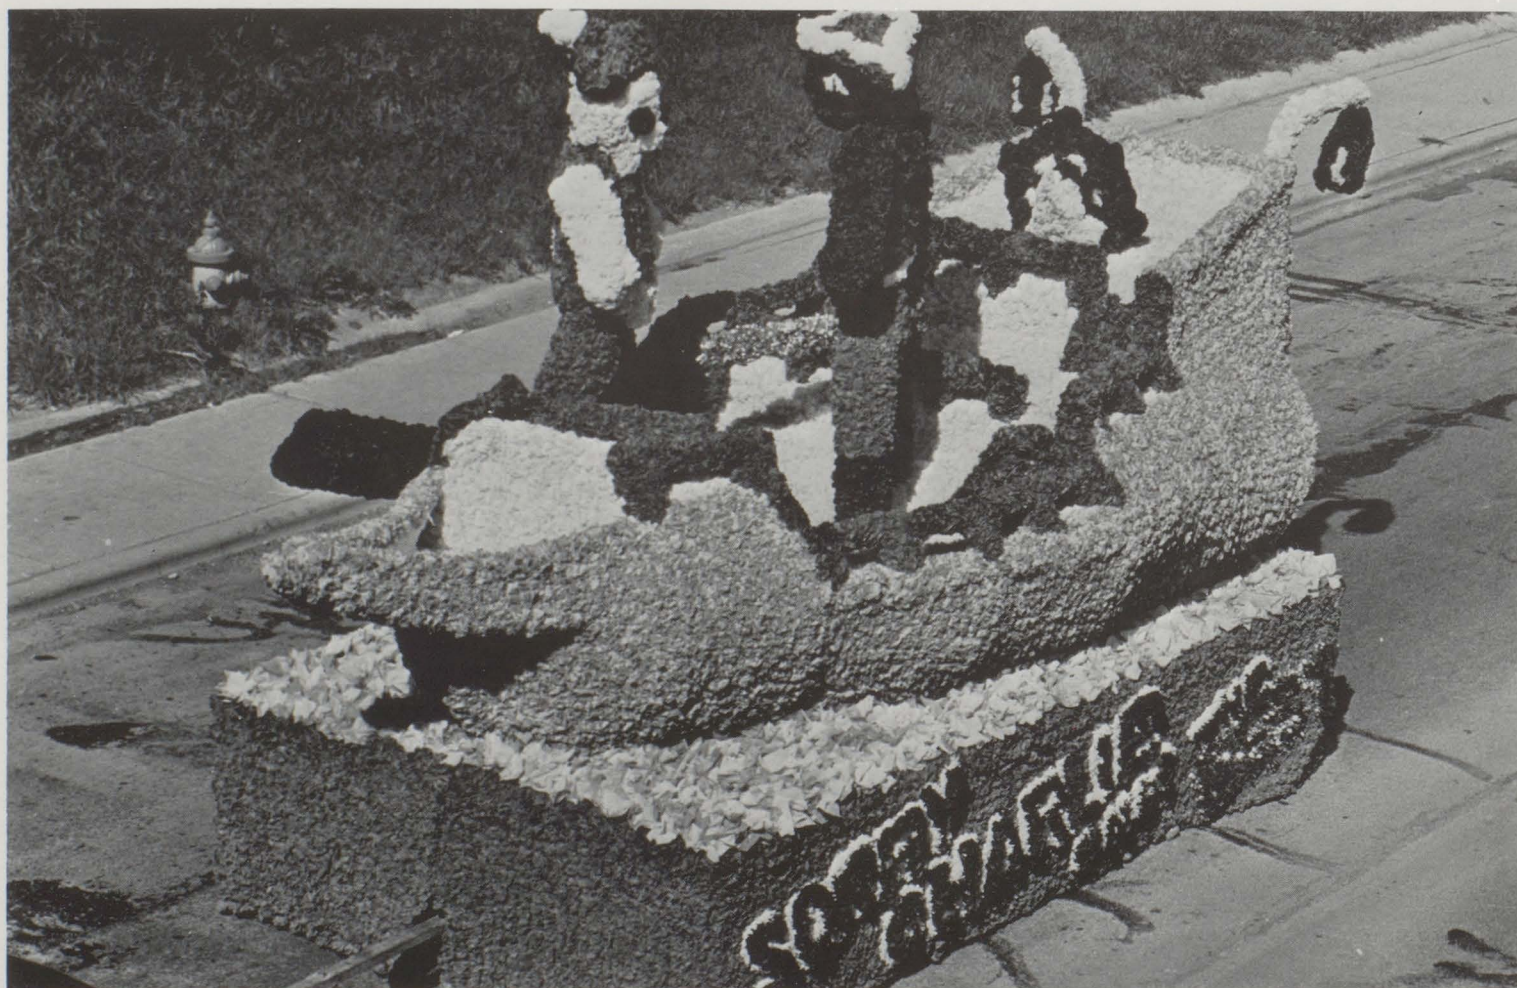

This year was also full of parades for West's bands. Besides the Homecoming Day Parade, Symphonic band also marched in the Bataan Day Parade, the Memorial Day Parade and the Christ-

mas Day Parade in Chicago. Symphonic band also provided a concert in the Hillside Shopping Center Mall on December 14.

Two formal concerts were given at Proviso East High School by members of the Cadet, Varsity, Concert, and Symphonic bands. Symphonic band also performed at the Republican rally held October 21.

After working diligently all summer band members were shocked to learn that their float, "Sorry Charlie," was disqualified.

## "Almost Everybody Sings at West"

With a dozen singing groups, some of which contain more than fifty members, West's choral department really is able to offer a niche to his liking to any student with even the slightest interest in singing. The groups vary widely in the expertise of their members from the inexperienced Freshman boy who is welcomed in Freshman Men's Chorus to the more experienced voice students who make up the Madrigal Singers.

All groups appeared in winter and spring concert performances as well as taking part in the State Music Contests. A large number of chorus students also worked hard in producing the chorus homecoming float, "The Godpanther."

Spring tours, which in the past, have been a tradition at West, were sharply curtailed this year as the result of the sharp restriction in available funds.

## Madrigal Sings At Dinner-Concert

For the second year West's Madrigal Singers added color and pleasure to the Christmas holidays by presenting a series of concerts in the Little Theater. Dressed in medieval costumes they sang traditional songs grouped informally about a velvet-draped table just as 16th century lords and ladies once did.

In February the high point of their many concerts was a dinner served in 16th century fashion at which the group entertained beneath a green and yellow canopy giving their audience the combined pleasure of good food and unusual entertainment.

## Student Council

### Makes Real Progress

As the result of consistent effort the Student Council finally was permitted the first off-campus homecoming parade in West's history. Queen-crowning, pep meeting and dance also went with more than usual smoothness under the leadership of President Brian O'Hara. The Council, in another original move, sponsored the "Officer Raymond Family Fund" in November during which more than \$100 was collected during lunch periods for the family of a kidnapped Hillside policeman.

For the first time the Council was entirely responsible for the Student Variety show directed by Miss Susan Howard. Costumes, sets and lighting were all handled by council members. Titled "Love", the show was presented December 8-9.

Class Representatives met during school time in the Little Theater.

## For Soft Heads Key Club Hard Hats

For People who had soft heads, Key Club was a life saver. Instead of the traditional derbies or beanies Key Club sold hard hats. The hats had panther decals and were sold at pep assemblies.

Key Clubbers also went to childrens wards in several hospitals to cheer up the children during the Christmas. They also gave them small gifts and candy.

The Club went to the convention in Springfield April 13-15 and held their induction and awards banquet in May.

Key Club abandoned the traditional beanies and derbies. Instead they sold hard hats. Obviously they went over big with the students at West.

This person may not know it but he is helping Key Clubber Terry McGovern fill his quota of hard hats to be sold.

## Change in '73 Was Profile's Game

Change was rampant on *Profile* in '72-'73. Type style changed and flush left headlines were added and capsule summaries. Center section sparkled with original features and Legal Action Line appeared on the editorial page along with a comic strip, "Freddie."

Miss Mary K. Krohlow was *Profile's* new adviser and the homecoming float "Whale the Dukes" earned third place.

## Girls' League Entertains Dads

One of the largest clubs at West, Girls' League is not entirely confined to girls but includes a few male members as well. High point of their year is usually the fall Father-Daughter dinner-dance which this year had as its theme "Daddy's Little Girl". Fathers were entertained and daughters discovered some new facets in their "dates."

An ice-cream social opened the year and a mini-float in the home-coming parade also helped to put the club before the public. In the spring, the annual charity dance was held, as was the traditional Mother-Daughter Banquet.

"Bunny Hop" can be depended upon to get all the Dads out on the floor at least once during the evening.

## "Freddy" Is '73 Mural Mascot

### More Color Also Adds Fresh Look

Though *Mural* retained its first place ratings with both National Scholastic and Columbia Press Associations in '72 the '73 book progressed painfully toward completion through crisis after crisis, including the loss of underclass pictures, late copy, mislaid idents and schedule mix-ups. The staff, largely new to the whole business, expressed themselves with considerable candor regarding the experience.

"Working on *Mural* is being able to see everyone's picture before they do." (Karla Waage)

"Watching everyone else do your index." (John Cosmos)

"Being on *Mural* means dedicating our body and souls to completing the book (ha ha)." (Candy Kleronomos)

## Cheerleaders Add Sparkle to Games

Although school spirit is at a low, the Cheerleaders do their part to create what they can. There was more pep at games and assemblies-people participated in more cheers.

The varsity squad went to camp to learn new mounts and cheers to add to their already numerous repertoire.

Cheerleaders also attend potlucks held at Hinsdale and Riverside-Brookfield. They also participated in Hinsdale's Homecoming.

### Aid Team Morale

Armed with clipboards, score sheets, stopwatches, and encouraging smiles, the TGWS Hostesses serve a definite need at all track, gymnastic, wrestling, and cross-country meets. The Hostesses' duties include serving as judges' assistants, scorers, messengers, timers, typist, and recorders.

This year TGWS had the largest membership of its relatively brief history, some fifty girls. All of the girls had to have three teacher recommendations and a personal interview in order to become Hostesses.

Other activities included a Homecoming Day Shaker Sale and participation in the March of Dimes Teen Tag Day.

## Orchestra Has Very Busy Year

Orchestra had a very busy year with its annual Fall concert which was held in December and the Spring concert which was held in March. Also in March the solo and ensemble contests were held.

The Orchestra also performed in the Township concert, which combined both Proviso West and East Orchestra's, and the Fine Arts Festival held at the end of the year.

Orchestra and Madrigals combined their efforts and held a very successful ice cream social to raise money.

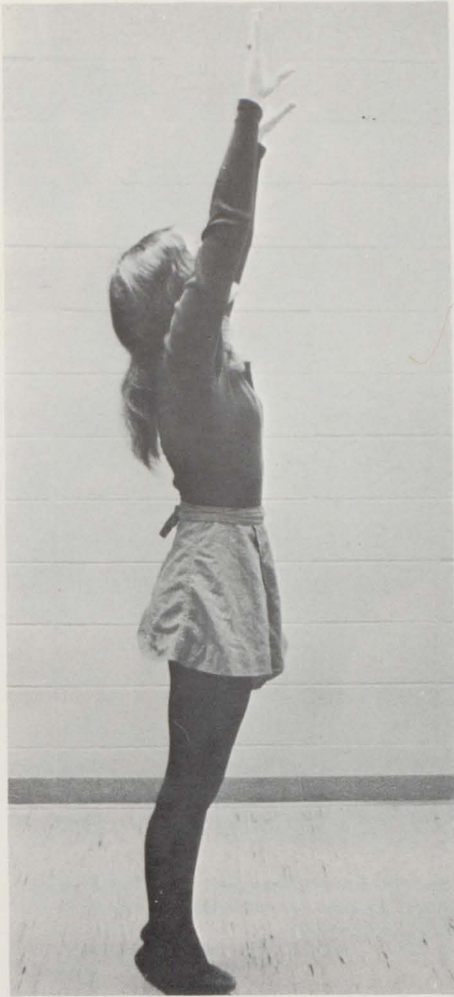

Mr. Fitchuck gives his expert advice to a promising young celloist in Orchestra.

# Plays Are Work For Theater Groups

The lights go off, the curtains are pulled back and the fall play "Twelfth Night" begins. The professional make-up job, satisfactory acting, and the carefully designed sets make members of Thespians and Tech Guild glow when they finally realize that the play is going to go off without a hitch.

The sets, lights, curtains and make-up were all designed and constructed by Tech Guild. Thespians were responsible for the play itself.

Besides the fall play, Tech Guild and Thespians produced a Drama II project and a Stagecraft class project.

## Chess Team Boasts State Board Champs

Chess is always being put down as a funny sort of club but the chess players take their game very seriously by winning trophy after trophy.

Two members of the team, Jim and Bob Sturnfield, were undefeated state board champions. Joe Addante was undefeated on the frosh-soph team to name a few. But chess is not a male monopoly. Jerry Carlberg won the girls trophy in her division. Among this elite group there may be another Bobby Fisher.

Whether traveling to tournaments, playing casual chess, or earning cash at a car wash, the chessmen, and gals, enjoy themselves. Anyone may play chess or checkers after school on Tuesday or Thursday.

## Usherettes Collect \$283 for UNICEF

Many groups ask students to dig into their pockets and contribute to a worthy cause. Usherettes, who serve as guides for any school activity upon request, joined the list as they collected \$283 for UNICEF at Halloween.

Along with the traditional Christmas Carnation sale. Usherettes also held a spring banquet. At the banquet new members were inducted, given name tags and constitutions. Also the new officers were installed. Charms were given in recognition for services performed.

Membership is limited to fifty junior and senior girls.

## "This Is My Country" Theme of May Swim Show

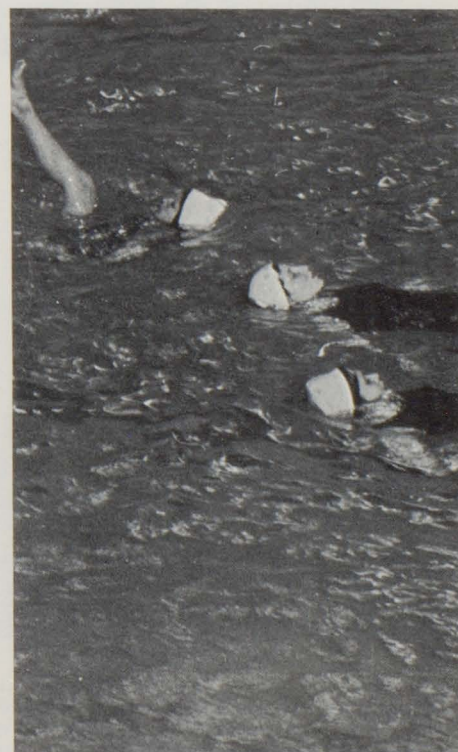

Marinettes held their annual Swim Show in May. The theme of this year's show was "This Is My Country" and in-

cluded highlights of American History from Columbus's discovery to present day. Marinettes gave into the population

explosion and added more girls to the show.

## Library Aids Prove Indispensable to West

Serving 150,000 students is no easy job, but in spite of this greatly increased use of the library, service this year was faster and more efficient. Library aids were freed to help individual students because the computer has taken over many of the more routine jobs such as writing out overdue notices.

The assistants main job is to circulate and shelf books and magazines, to answer students questions or tell them where to find the answer.

But working in the library is not all work. There was a holiday party in December and a spring banquet, during which student assistants were honored for the services rendered to the school.

LIBRARY ASSISTANTS: *Front Row:* Cathy Hilroy, Nancy Thompson, Karen Sabel, Betty Rybar, Karen Leinen, Deborah Duncan, Corrie Scheck. *Row Two:* Kathy Koubek, Denise Loesch, Jennie Powell, Gail Goldbranson, Carol Vogel, Diane Vitas, Heide Miller, Jill Novak. *Row Three:* Donna Kuczvara, Kim Skala, Marcia Martin, Cindy Obrock, Mary Ellen Menzione, Debbie Buczkiewicz, Julie Kusles, Evelyn Kirkpatrick, Linda Salemi. *Row Four:* Chris Pavel, Dawn Bartlett, Katie Bay, Lisa Nanos, Lorelei Scafaro, Karen Krajnovich, Micki Moore, Suzanne Stratton, Jules Repchak. *Row Five:* Betty Johnson, Brenda Scott, Al Williams, Linda Scott, Anthony Palese, Diane Thompson, Paula Sobol, Kathy Jobin, Kathy O'Keefe, Ursula Meyer.

## Scuba Plays Cards, Hockey Underwater

Almost everyone, from Freshman to Senior, has attended a swim party. Actually swim parties are no big deal. But imagine a swim party underwater! At a swim party held by Scuba Club this year underwater chess, checkers, tag and even cards were played!

The club also took a trip to the Lutheran General Hospital where members entered the world-famous hyperbaric chambers and took a simulated one-hundred-foot dive.

On a trip to Door County Wisconsin the group saw a collection of items recovered by divers from wrecks off Washington Island. They also participated in the Third Annual underwater hockey tournament competing against the local YMCA's.

## Tennis Club Holds Tourney, Parties

A little white ball comes whirling at you at what seems to be forty miles per hour. What can you do? Well, if you are a member of West's tennis team, you will probably pull up your racket and return the serve with as much determination as the guy on the other side of the net.

The tennis club membership week was held in January for anyone who was interested. Workouts began for the club tourney. The tourney included three main divisions: girls, boys and mixed doubles.

A splash party in April took members off the business of practice and play.

## Variety Is Key To GAA Activity

Girls Athletic Association (GAA) offers a variety of activities for girls to participate in afterschool. Among other things tennis, volleyball, swimming, bowling, basketball, and softball were offered.

The interscholastic volleyball teams had especially good seasons. Both A and B teams won games against York at the volleyball sports day held at various schools in the conference.

Eleven girls represented Proviso in interscholastic bowling. The team participated in three meets among teams in their conference.

The gymnastic team was dissolved and in its place was an open gymnastics afterschool. Any girls interested in working on the equipment could come in after school.

## Language Clubs

### English Aids Active

French, Spanish and German Clubs are lively organizations with a variety of activities geared to the cultures of each country.

Each club had a Christmas celebration. French Club attended "Christmas in France", a play at the Museum of Science and Industry depicting yuletide customs in France. Spanish Club held their annual Christmas party complete with pinatas, while the German club sang carols at Altanheim, a German old people's home.

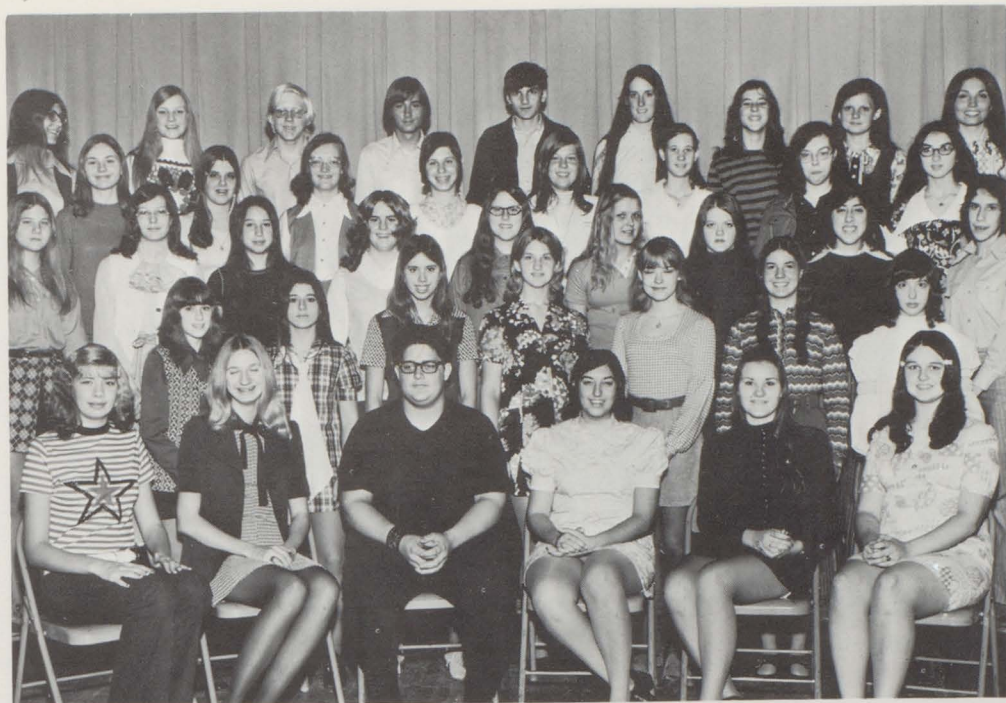

English Aids worked only in the reading center this year. At the end of the year a coke party was given to express appreciation for the help the students had given throughout the year.

## Debate, Forensics Small But Eager

This year's debate team consisted mainly of freshmen and sophomores. This year was considered to be a rebuilding year for the squad. Although the team did not win any major tournaments, they did make considerable progress. The adding of Mr. Freandt to the coaching staff has greatly improved the quality of the team.

Forensics members took part in Individual Speech events. The squad competed in a contest at Glenbard East in which all West participants received third or fourth places in their individual rounds of competition. Special events included the District Contest at Morton East High School, The Sectional Contest in March and the State Contest which was held at Illinois State University.

## Camera Club Members

### Enter Contests

A small but dedicated group, the Camera Club worked with the dark room materials available at school and also experimented on their own with camera and enlarger.

Several members entered the best of their efforts in the National Scholastic Photography Contest in the spring and received national recognition.

## Cine Club Makes Real Contribution

Without the work of the Cine Club members West's audio-visual program would simply not function. Not only do Cine members move equipment from the storage areas to rooms where it is to be used, but they also check equipment and do a large portion of the repairs which do not involve replacement of parts.

Due to a drastically lowered school budget the club's work has been even more vital this year than in years past. Club members are entitled to wear their club insignia on white and red sweaters.

## Convention, Dinner Highlights for 00

Office Occupations is a school work study program for anyone interested in working in a business office. The group contains twenty-five girls of the Vocational Office Occupation classes. The girls attend school in the morning and do afternoon clerical in area business firms.

In March the group attended the State Convention in Springfield and a banquet was held in April.

**OFFICE OCCUPATIONS** *Front Row:* Secretary Cathy Cairo, Vice-President Sue Whiffen, President Valerie, Treasurer Marie Ulicny, Karen Bry. *Row Two:* Renee Samson, Sharon Kroupa, Chris Kasper, Karen Falk, Carol Rehak, Diane Fertl. *Row Three:* Karen Gibisch, Linda Fencka, Michele Heckler, Gail Stehlik, Lin Dorweiler. *Row Four:* Kathy Simpson, Desiree Trump, Lynn Philli, Sheila Strelow, Juli Olsen, Donna Rubicz.

## Decorations, Candy Sold for Little City

HERO, which stands for Home Related Occupations, is really two clubs. One club meets each hour HERO class Meets. To raise money to help send articles

to the Little City of Palatine, Illinois, HERO sold candy and Christmas decoration sale.

At the end of the year a banquet

was held to honor their employees. At the banquet the employers were presented with awards in appreciation for all they had done.

## SAE, DECA Clubs Give New Angle On School, Jobs

Once called Future Teachers of America, SAE, or Student Action for Education, has many of the same goals—to allow high school students who plan on a career in teaching to get a little better acquainted with the problems and satisfactions of their chosen career and to provide contact with other similarly inclined students throughout the United States.

Members of distributive education classes may become members of another national organization--DECA. Under the sponsorship of Mr. Robert Rosignolo the group this year attended the Distributive Education State Leadership Conference in Springfield and enjoyed themselves thoroughly. They also sent representatives to the Area IX Leadership Conference held this year at Sharko's Restaurant in Villa Park where they saw an interesting presentation by Montgomery Ward on careers in retailing. During Christmas vacation they also got in a little horseback riding.

## Model UN Active For Second Year

In its second year of activity West's Model United Nations provided its members with an opportunity to glimpse some of the problems facing other nations besides the United States in a genuinely immediate fashion. Members each helped in representing a member nation of the United Nations at meetings.

On December 7, West's members participated in a high school conference on problems confronting the real United Nations held at McCormick Place and sponsored by the Chicago Council of Foreign Relations.

On March 17 and 18 the club also attended and took part in the Model United Nations Convention held this year at George Williams College in Downers Grove.

## West Bike Club Organizes in '73

Though not a large group, West's Bike Club was composed of genuine enthusiasts. Members thought nothing of thirty-mile treks, several even making eighty-mile single-day trips.

Under the sponsorship of Mr. Harold

Tarr they learned accessories where to ride and specific repair techniques. The long, severe winter kept the club inactive for the most part but spring found the group out on the open roads again.

For the first time members of the Ski Club appeared in the homecoming parade in decorated cars.

## Ski Club Takes Part In Homecoming

Regular meetings, dues and roll call are characteristic of most clubs--not so Ski Club. Its more than two-hundred members are interested in just one thing--skiing, and few formal meetings are held.

From January 12, however, until the snow went practically every week end a ski trip to Wisconsin or Michigan was on the agenda. Limited to 150 the trips were planned to start early Saturday morning and return late that night. A few number of overnight trips were also arranged. These trips took a maximum of fifty students and chaperones.

A first this year was the club's participation in the Homecoming Parade. Under their new sponsor, Mr. Lund, the group is planning a float for next year's parade.

**ECOLOGY CLUB** *Front Row:* Jeff Frank, Bill Miller, Gloria Young, Mary Laica, Mary Doherty, Debbie Marchock, Steve Landi, Don Martens, Becky Muir, Ann Bovy, Karen Becker. *Row Two:* Mr. Anderson, Ken Kouba, Ron

## Ecology Club

### Recycles, Plants

In its second year the Ecology Club expanded the newspaper recycling project begun last year. Open on week-ends, the recycling center was located in the south parking lot of the school. Unfortunately it met with disappointing response from the community.

A prairie reclamation project was also undertaken on the 3½ acre area east of C-building and the football field. Club members helped in preparing the soil, collecting and planting seeds from remnant prairie areas in the state.

**PEP CLUB OFFICERS** included Vice-Pres. Carol White, President Glenn Schue and (not pictured) Secretary Kathy Matlock.

## Pep Club Not Overly Active

To remedy the fact that school spirit at West is at a low Mr. Szot organized the Panther Pep club. The group consisted of three hundred members who made their voices heard at all the athletic contests.

40% of the club were Seniors, 30% Juniors, 20% Sophomores and 10% Freshmen. Upon presentation of their Pep Club membership card the holders were admitted to all pep assemblies.

**AQUATIC STAFF OFFICERS** *Front Row:* President Rich DiVerde, Vice-President Rich Adcock. *Row Two:* Vice-President Judy Buenz, Head Timer Annette Hall, Captain of Guards Brian O'Keefe, Treasurer MarySue Pezzullo, Secretary Diane Recine.

Mary Mitchell and Brian O'Keefe represented Aquatic Club in Homecoming parade.

## Aquatic Club All Wet but Full of Pep

Lively and enthusiastic, members of the Aquatic Club's interests centered around the pool. They were not, however, merely all wet, but used the pool for more than mere recreation.

As in past years their weekly Saturday swim classes were taught by members and members also conducted recreational

and teaching sessions in the pool for retarded children.

They were represented at homecoming this year by a mini-float and decorated cars and throughout the year managed to work in numerous meetings which stressed the less serious side of swimming.

**VICA** *Front Row:* Kathy Scala, Joanne Jaffe, Marianne Tardi, Denise Marcuccilli, Jonette Tribble, Sam Sepulveda. *Row Two:* Leila Langdon, Cythia Novy, Anne Vosicky, Hala Khayat, Nancy Daukas, Denise Czarnik, Donna Poteracki, Pat Pettinato. *Row Three:* Marge Breidenbach, Kathy Kanzer, Loreen Schelli, Robert Vezzani, Cindy Hammer, Wayne Dunbar, Adreinne Ellguth, Mike Kanzia. ## Work-School Same For VICA Members

Any trade preparatory or industrial co-op student may be a member of West's chapter of Vocational Industrial Clubs of America. The club has existed at West since 1964 and usually hosts the regional leadership conference.

Another highlight of the year is state convention, held in Springfield in March. This year more than twenty-five delegates attended, their trip financed by enthusiastic candy sales earlier in the year.

Officers this year included: Pres. John Jones, Vice-Pres. William Kadlec, Treasurer Joanne Jaffe, Secretary Cindy Novy and Photographer Pat Pettinato.

## New Coach Yonkus Disappointed By Cat's Poor '72 Showing

West's varsity football team had a rather discouraging season, placing last in their division with an 0-7-1 mark. Head Coach Yonkus in his first year as varsity coach at Proviso felt that key injuries played a big part in his team's dismal showing. With quarterback Lee Wollen-

berg and running back Kevin Erickson unable to play Coach Yonkus was forced to play inexperienced underclassmen for a major part of the season. Even though the offense played sporadically, ends Mark Hill and Jeff Kolb stood out about the rest of the crowd. Along with Hill and

Kolb, defensemen Scott Lowery and Mike Hall were voted All-League. A fine word must be said for the Panther defense. In each of the Panther's games, with the exception of the one with Downers Grove, the team lost by only one touchdown or less.

## Sophs' '73 Season Had Only One Win

A single win and eight losses presented a dismal image for the Sophomore football season. However, the team actually had an excellent passing attack spearheaded by quarterback Larry Gunther and Jeff Yonkus, and fine receivers in Ed Wallace, Chip Green and Ed Monaghan but it never really caught fire.

Coach Fiorvanti explained the team's difficulties by the fact that most of the members had never played football before until reaching high school.

The one game that the Sophs did succeed in winning was accomplished with color and style. After a shaky start, the team exploded for thirty points and soundly whipped Oak Forest 30-8. It was a game in which the entire team worked smoothly and well with special praise due the offensive line.

Coach Fiorvanti summarized the season by stating that, in their two years of experience on the gridiron the Sophs have shown "Tremendous improvement."

# Frosh A's Top West's Football Scene

Freshmen A's had by far the best season for any Panther football team this season, winning four and losing three. Although they placed only fifth in the West Suburban Conference they did beat their strong rivals from Lyons Township 6-0.

In several games the Panther Cubs showed less hustle than they might have, but Coach Gilbert declared he was reason-

ably pleased with the season since most team members were inexperienced.

Lineman Mark Guethle and halfback Jim Carlo both put out excellent performances. Brian McGough who doubled both as linebacker and fullback also had a commendable season. It was in part the effort of these men which held the sometimes ragged team together.

## Harriers Slog

### Out Poor Season

Fifth in the conference was not a brilliant finishing niche for West's harriers but their performance throughout the season had much to recommend it. Occasional outstanding performances contrasted with numerous less-than-average showings to demonstrate the truth of Coach Stolley's statement that inexperience and lack of consistency were the team's greatest weaknesses.

Varsity cross-country took fifth in the 45-team Peoria Invitational and their dual meet record was 3-3. Although they did not advance to the state meet they were rated as high as eighth in the state during the season and were considered one of the better teams state-wide.

Paul and Eric Edgecome, Larry Turrilli, Bill Klein, Jim Goray, John McHugh and Bruce Jayne did outstanding work.

## Sophs Finish 2nd Unbeaten Season

For the second year in succession the Sophomores have roared through their season undefeated. In fact, the Sophomore Cross Country effort was the brightest spot in the whole fall sports picture.

Ted Marino led the team but morale was high and most contests were genuine team efforts. Sophs took first place awards in both the Proviso West and Bloom Invitational, as the result of excellent performances by Jim Hzarth, Tim Teneyck, Randy Scanlon, Chris Armano, Carl Pratscher, Jim Letz, Kurt Lawrence and Ron Kieliszewski.

The Freshman Cross-Country had a mediocre season, winning seven and losing six meets. Jim McHugh and Chris Adams led the Frosh in their best performance in the Downers Grove North meet. This meet turned what could have been a bad season into a fair one. Coach Spritzma commented that it was a very good year from the standpoint of participation since there were more runners at the end of the season than at the beginning.

# Soccer Team Has Exciting Year But Win Few Games in '72 Season

The Varsity soccer team finished the year with 2-9-1 record in the Chicago Metropolitan League and had an overall record of 2-16-1. Though the record does not show it, the season did have some bright spots. Jeff Conway led the team in scoring and finished in the top five in the league with 10 goals and 2 assists. Other fine offensive players were portrayed by Nick D'Andrea and Dan Califf. Both Jeff Conway and Defensive Back John Buenz were All-Conference selections. The teams finest moment came against the conference champions Quigley South. With a strong defense in front of goaltender Joe Cacamo composed of Tim Brogan, Don Martin, Mike Potters and Mike Pope, the team managed a one-all tie.

According to coach Yaeger, the team has a good future, with many Juniors coming back for next season.

As a team, the Sophomores had a fine year, recording 3 wins, 4 losses, and 5 ties. Leading the team in scoring was Kevin Sullivan. Other outstanding performances were given by John Skaza, Tony DeStefano, and Goalie Jeff Perretti.

## Panthers Win Regional Take 2nd in Sectional

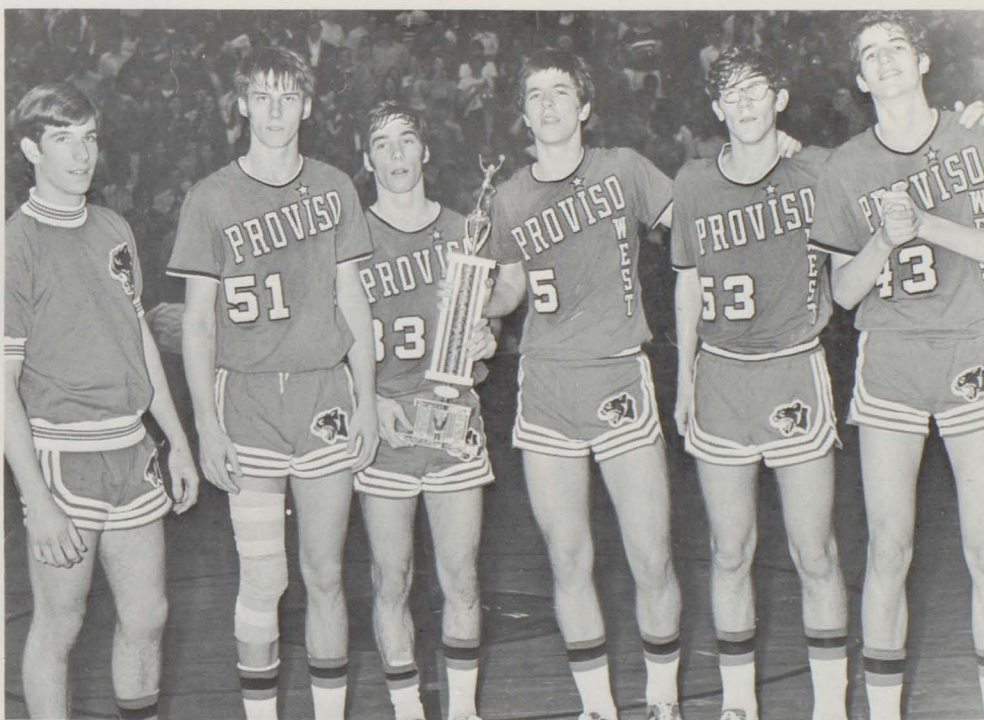

West's Panthers posted the first winning season in the school's history in '73. They then topped that feat by winning the regional title and placing second in the sectionals. In the regular season the Panthers finished in a tie for second with Lyons Township.

The season ended with a blazing six out of seven wins. The final contest with Lyons Township cinched the conference spot and was the high point of the year for fans and players.

West had a third place in the Christmas tournament and a 7-5 conference and 12-10 overall records.

Outstanding players included Lee Wollenberg who made All-Conference for the second straight year. Bill Hart was also an All-Conference man in '73, his first season of competition. Jim Discipio, the Cats' floor-general had an All-Conference honorable mention.

"Considering the season as a whole," Coach Lucas declared, "I am very pleased with this year's 'fightin' Panther basketball team."

Junior Varsity finished their '73 season with a second place conference spot—an alltime best—and 7-3 West Suburban and 11-4 overall records.

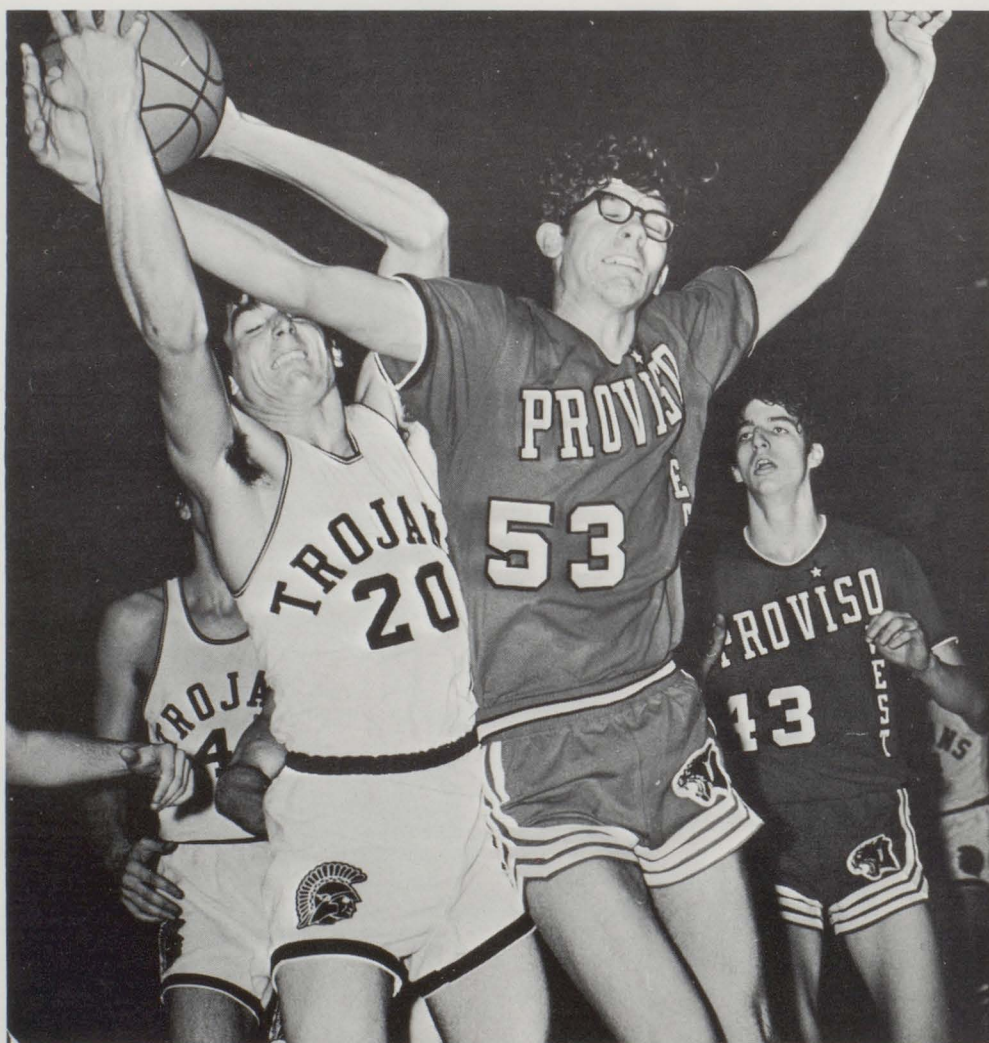

The crucial final game with Lyons Township was won by Ron Suva's shot in the closing seconds of play.

Glenn Moberg and Kurt Schoenhoff led in both scoring and rebounding, while Brian Mei and Rob Suva were outstanding at guard. "The best JV season on record," declared Coach Sutherland.

## Sophs WSC Fourth Place Disappointing

Though the Sophomore Panthers had a good 14-7 final overall record, their fourth place conference finish came as a sharp disappointment, since they finished behind York who fell twice to the West squad, and Hinsdale, whom they defeated in two out of three contests.

The Sophs started strong and at mid-season looked like shoo-ins for a top conference spot with their fine 9-1 record. But, after taking first in the Oak Park

Christmas Tourney, they slumped badly. A late season revival failed to take up the slack.

Nick Schmidt had most points, 239, for the season and most rebounds. Kris Kaminski had best field goal and free throw percentages, 51% and 69% respectively. Other consistent players included Jim Wangler, Ed Wallace, Bob Caponi, Duane Wallenberg, Chris Paul and Dave Doryneru.

Won 7 Lost 6

Freshman "A" squad had a fine season, posting 13 wins and only three losses en route to the conference championship. Coach John Wilkins had nothing but praise for his team.

"We had a very good running and shooting team and guards who could out-dribble any kind of opposing press."

The B team, composed of Freshmen who did not play regularly in "A" games also had a good year, winning seven and losing six. The team was coached by Mr. Anthony Lavorato.

Senior Joe Hernandez uses a side roll to escape grasping paws of his opponent.

## Varsity Grapplers Take Third In WSC

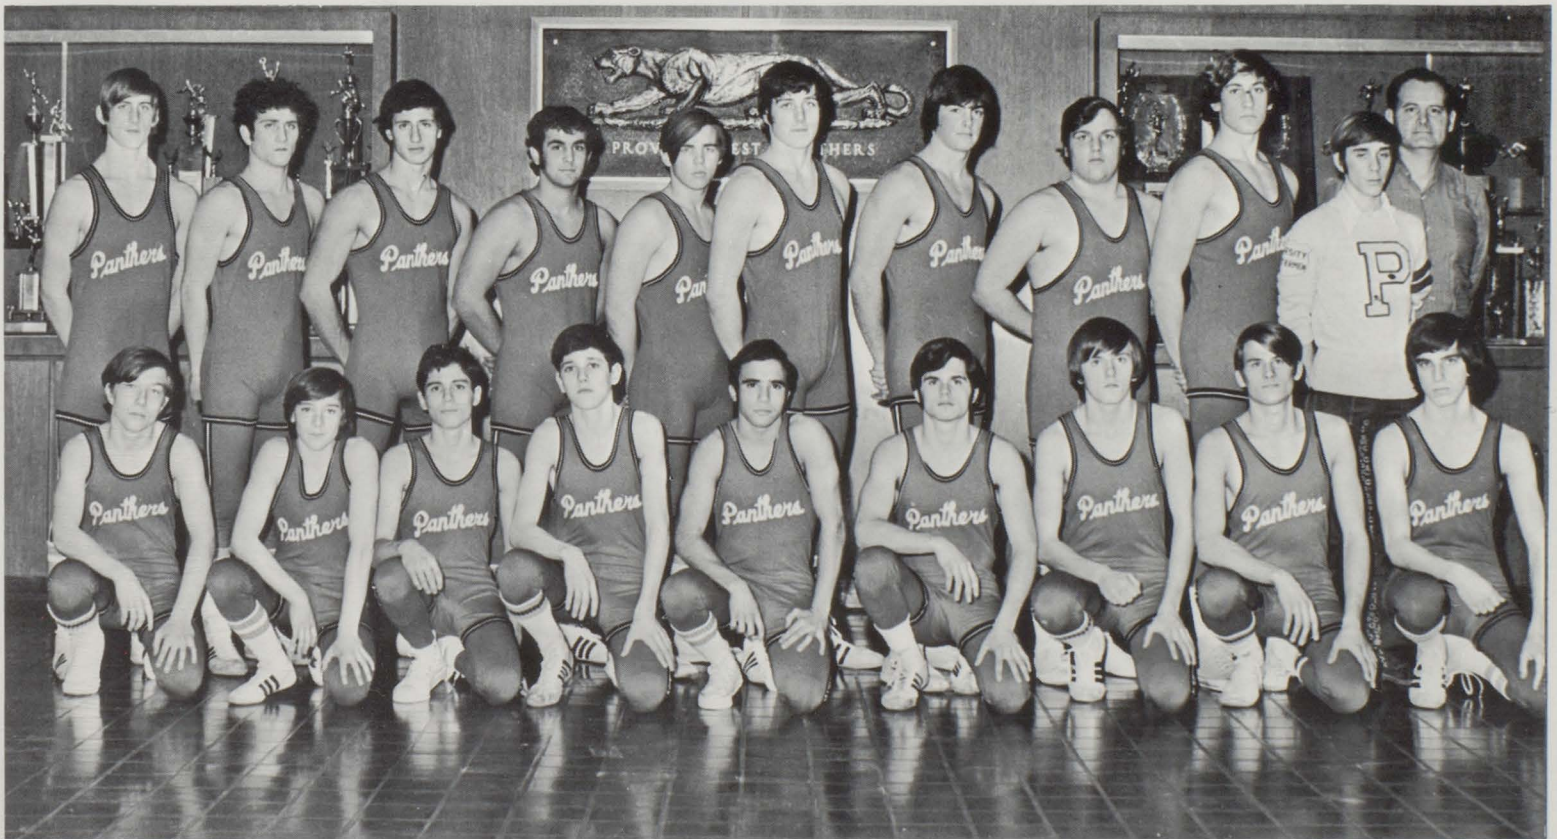

Varsity wrestlers were able to post two district champions in Rich Stasi and Tony Leone while Stasi and Gary Schoenke rated third in the Sectional.

Stasi, with a season record of 25-1 was the unqualified top man of '73 and was voted Most Valuable Senior Wrestler on the basis of his record.

Other men whose records were excellent included Charles Navurskis, Steve Haney, and Tony Guido.

# Underclass Wrestlers Rate Fair Season

Proviso's JV grapplers tied for first in the West Suburban Conference with a 4-2 record. Leading the way for the cats were undefeated wrestlers John Valents, Keith Murphy and Greg Girard. Also performing well for the season were Mike LaPointe, John Simonelli and Russ Wazda. Clearly the most outstanding meet of the year was with York, but unfortunately the Cats were outpointed. Proviso outwrestled the Dukes in every weight class, but could not hold on to a slim lead going into the last couple matches. Coach Roengren

commented on the season in general, "It was a very rewarding season because the team did so well and four of our regular wrestlers have never wrestled before."

Though the Sophs finished fifth in conference they had some good wins--2nd place in the Waukegan Soph Invitational with Bob Ruzich 13-0 and Waukegan Invitational Champ.

Frosh finished fourth in the conference with one man, Jack Marino moving up to Varsity at mid-season.

## Gymnasts Have Two District Champs

Two district champions, Dave Ogisaka on side horse and Pete Wdowiarz on parallel bars, sweetened the Varsity gymnastics season in '73. Though the team's fourth place conference finish and 7-5 over all records were not sensational they managed to put together some outstanding individual performances.

Dave Ogisaka, individual captain, prosted West's highest individual score--8.95 out of 10, while Gary Nerad com-

bined with Pete Wdowiarz on parallel bars had the highest event score--24. Other men who placed in the district included Jim Willhoit, fifth in parallel bars, Ray Janish, third on trampoline, Rick Mitsui, fifth all-around and Steve Kloppman with a junior sixth place. High point of the season was the meet with Riverside-Brookfield which produced West's best team total--119.62.

## Frosh Gymnasts Take Over In '73

Traditionally a combined Freshman-Sophomore squad, the '73 team included practically all Freshmen. As a result the completely inexperienced frosh did not distinguish themselves in competition but, according to Coach Hutchings, "matured fast--a situation which should pay off next year."

A single win with eleven losses gave the team a seventh place in the West Suburban Conference.

## Varsity Swimmers Finish 3rd In WSC

Varsity swimmers finished the 1973 season with a 7-7 overall record. Their third place conference spot was an improvement over their fourth place of the preceding season.

Rich DiVerde was the outstanding contender, capable of swimming in as many as five different events and doing well in all. In addition to his great versatility he set a new school record for the 400 freestyle--4:09.7.

High point of the season was the Proviso West relay meet at which West's swimmers set three school records and all swimmers set their best times of the season.

"A much improved team, strengthened by many returning letter men," Coach Boyce remarked.

Coach Boyce congratulates Rich Diverti as Rich wins the 200 yard free style in his best time ever. West went on to win the meet from Evergreen Park 60-35.

## Frosh Swimmers

### Undefeated In '73

Freshman swimmers had an outstanding season this year, going undefeated and setting a series of Proviso Frosh records. Included were Jim Janota, Joe Pecma, Cliff Watson and Craig Gitchell's 200 yard medley relay time of 1:57 and Joe Pecma's 50-yard backstroke. Jim Janota's 50 yard butterfly also set a record. Ken Byran had a new record of 137.55 points in diving. Three of these records were made against Lyons Township, the outstanding meet of the entire season.

The sophomore swim team had a reasonably good season, finishing with a 3-6 record. The team was led by Jim Elftman and Scott Julian who sparkled in a victory over the previously unbeaten Morton West.

## Pacers Are Tops Second Year In A Row

While the Proviso Pacers are not a school sponsored team, they nevertheless generated considerable interest and support since all players and students and their coach a member of West's faculty.

Winning their second successive division championship, their season record, before playoffs, was 10 wins, 3 losses and one tie.

Tom Black, Mike Robbins and Captain

Chuck Rolecek (despite a 5-game lay off) were in the top ten scorers of the Southwest Division. Other outstanding players who sparked the team were Dan Jones, Marc Arturi, Mike Perri and Steve Erickson. The job of net minding was shared among Terry Sugrue, Bob Moretti, and Dave Garafalo who all logged one shut-out each. They will share the Division Goalie Trophy.

## Stanek Sets High Jump Record

West '72 varsity track team had a very good season placing well in the Proviso West Invitational, West Suburban Conference and the very highly touted Maine East Relays.

Seniors Jim Hurt, Jim Smith, Steve Gaurini and Tom Krebs all performed very well during the course of the year.

Special acclaim should go to Senior John Stanek who's jump of 6'10" won the state meet. John's winning jump was only two feet short of the national High School mark of seven feet.

# Sophs Take 2nd In '72 Track Season

Sophomores took second place for the '72 season in the West Suburban Conference. The team was led by Dirk Peterson, who ran the high and low hurdles; Lee Belawich, who ran sprints, and distance runners Greg Merchle and Keven Konze. Mark Wielgot also performed well in the discus throw.

Asked what he thought of the season as a whole, Coach Chipman remarked "It was a success because we won most of our dual meets, triangular meets, and finished in the top two or three in the relays."

The freshman team was also outstanding with fine performances in every event and a good percentage of dual and triangular meet wins.

(Top Left) Steve Goray, Paul Adams, and Jim Hurt take the lead on the cinders. (Right Center) Freshmen Will Kearny and Mike Zikas use a meet against Wheaton as a last-minute tune-up for the State meet which was held the next day. (Right Center) Senior Tom Krebes prepares for a dual meet against Wheaton with a fine practice vault of 14'4". (Bottom Right) Discus thrower Mike Hall reaches back for something extra in a dual against Proviso East. (Bottom Left) West's track coaches include Coaches Chipman, Stolley, Green, and Whaley.

West varsity coach Gilbert and assistant coach Fiedler keep warm as Panthers win.

## Varsity Batsmen Take First Place

For the first time in the history of the West Suburban Conference, the Panther varsity won the conference title.

Skillfully coached by coach Gilbert, the varsity was paced by All-Conference selections: Howie Husslein, Rich Pitlock, Phil Klassen and the strong arm of pitcher Jack Welzen.

The varsity clinched the title by defeating Riverside-Brookfield in a double-header by scores of 2 to 0 and 3 to 1, a twin-bill the varsity needed to win to take the crown.

Mr. Gilbert felt that he had a better than average ball club and said he was pleased with the way that the team played under pressure.

As Mr. Gilbert put it, "You always feel great when you win it all."

## Sophs Take WSC Conference Title

West's Sophomore baseball squad joined the ranks of champions in '72 by taking first place in the Sophomore division of the West Suburban Conference.

Piloted by Coach Sutherland, the team was by Jim Deano who led the team in five individual offensive categories including RBI and batting averages. Mark O'Bradovich, Bill Pasero and Dave Garafalo were the stalwarts of Coach Sutherland's pitching staff as they all had earned run averages of below 1.25.

## Frosh "A" Forfeit First Eight Games

Disappointing was the word for the '72 baseball season as far as the freshman were concerned. The "A" team's outstanding season was wiped out when four non-conference and four conference were forfeited because of an ineligible player.

Although the season was a nightmare for both players and coaches, some fine individual performances were witnessed by freshman followers. Mark Trispell, Chris Kamiska and Kelly Diebold played well in route to a second place finish.

## '72 Netmen Have Rough Season

Although the Varsity tennis squad did not win a single conference game during the '72 season, the year had a number of bright spots. A second place finish in the Proviso Quadrangular was perhaps the high point with Joe Chimienti winning a first place.

Glenn Kowack and Steve Haas were co-captains of the squad with Kowack voted as Most Valuable Player.

Coach Braucher described his players

as working throughout the season close to their potential. The teams conference record was 0-8 with an over-all record of 4-10.

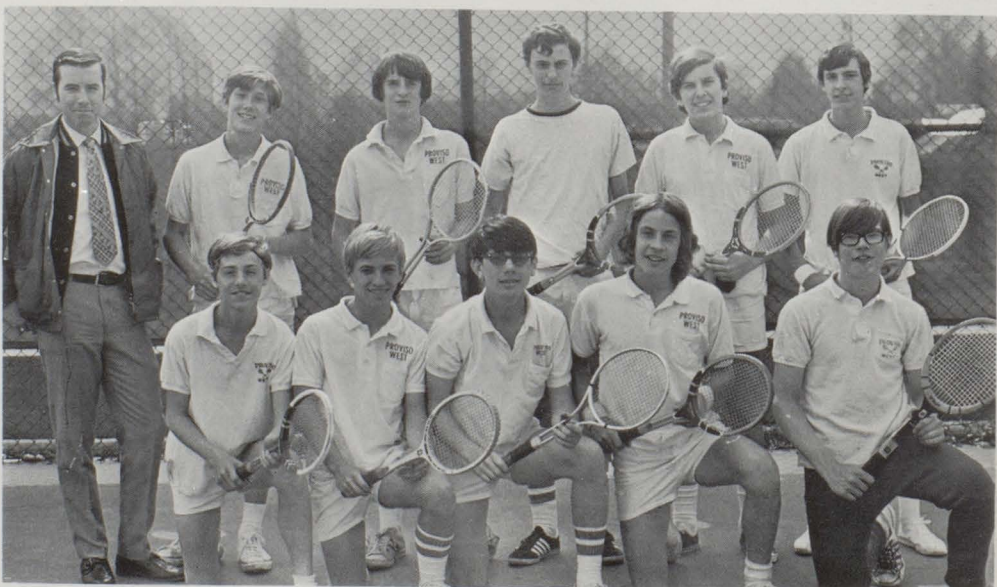

The Soph-Frosh team had a first place spot in the Elmwood Park Invitational and showed excellent progress. Although the team did not win a conference game they did have some outstanding players including Dave McKinney, Dave Deballa and Bob Zalesky.

# Varsity Golfers

## Have Dismal Year

The varsity finished with an overall 3-8 conference record and a 6th place finish. Bill Krohn and Kevin Murray stood out for their fine performances during the year. Murray shot a 79 on the tough Big Run country club in the Lockport Invitational. He received a 6th place trophy for his efforts. Krohn was bestowed with the honor of Most Valuable Player for his consistent play and team spirit.

The Soph-Frosh team had a great year winning 8 and losing 3 and coming in third in the conference. The team was led by Freshman Rich Mitkuta who averaged in the low 40's for the entire year and also shot a 78 in the sophomore conference tournament and placed 4th out of 52 golfers. Others scoring well during the season were sophomores Brian Dibulak, Carl Lite, Len Laughland and Steve Jurnak.

Coach Fioravanti felt that the Proviso golfers are as good as any, but on the whole they do not practice enough during the summer months.

## Girl Athletes Had Busy Season

Girls' athletics throughout Illinois received a fresh impetus with the relaxation of regulations regarding inter school competition. West girls' bowling, tennis and swimming teams enjoyed active seasons with enthusiastic participation as did the softball and basketball teams.

Girls particularly interested in the sports program and physical education in general served as leaders in PE classes.

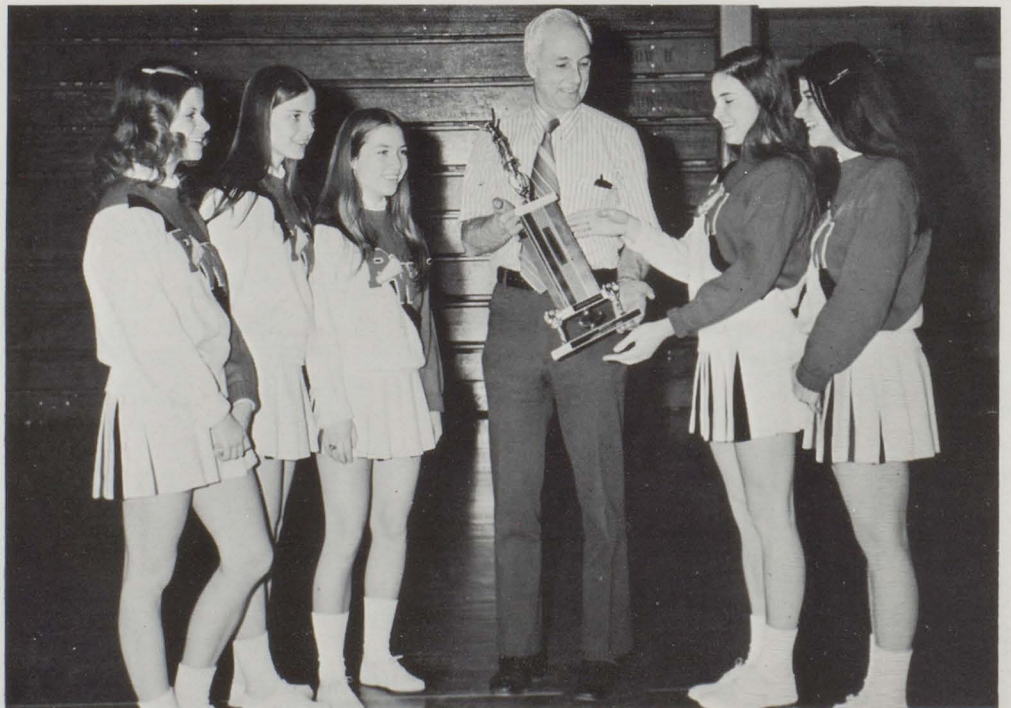

Though not directly related to sports the first Freshman Posture Queen competition brought attention to a very practical aspect of PE.

## Panth'rettes Added Color to Games

Crisp, original routines and clever costumes made the Panth'rette squad a welcome addition to most sports activities this year. In addition to appearing at football and basketball games and pep assemblies the group this year marched in the Columbus Day Parade.

Panth'rette Cindy Michelson was part of the lively routines which brightened homecoming festivities.

# CLASSES

WHEW! WHAT A BIG  
BOOK! I JUST HAVE  
TIME TO INTRODUCE  
CLASSES BEFORE  
I TAKE A NAP!

A Freshman coke hour is eating, of course, and dancing, and lots and lots of conversation. . .and that's the way it was for the Class of '76 on November 21.

## It Turns Out Being a Freshman Isn't So Bad

Freshman. . .

With 1209 the class of '76 was almost-not quite the largest in school.

Every sport had hardworking Frosh participants.

Clubs and Student Council also found willing Freshman members.

Freshmen learned quickly all the angles too. . .

Double lunch periods, the best ways of wangling out of after-school appointments. . .

By June they were "Fresh" no longer, But were experienced almost-Sophs.

FRESHMAN OFFICERS: (Seated) President Steve Jorwic, Vice President Debbie Bieber, Secretary Laurie Camastro, Treasurer Judy Figliola.

Though the Class of '73 had never placed in the Homecoming float competition until their final year, they did it right and came in first.

## Class of '73 Is One of West's Largest

They left West the first week in June . . . the Class of '73 . . . more than a thousand graduates. Not all wore scarlet caps and gowns and marched in the hot darkness of the gym to receive their diplomas beneath the admiring or relieved eyes of their families. Taking part in the Commencement exercises is no longer required. Their last year saw the death of two former Presidents, a final moon walk and the end of the long, abrasive Viet-Nam war, but the world they moved into was still clouded with uncertainty and bright with challenge.
