A Day In The Life Of Proviso ...

As the bell rings, students stream
In, and the halls fill
With sound.

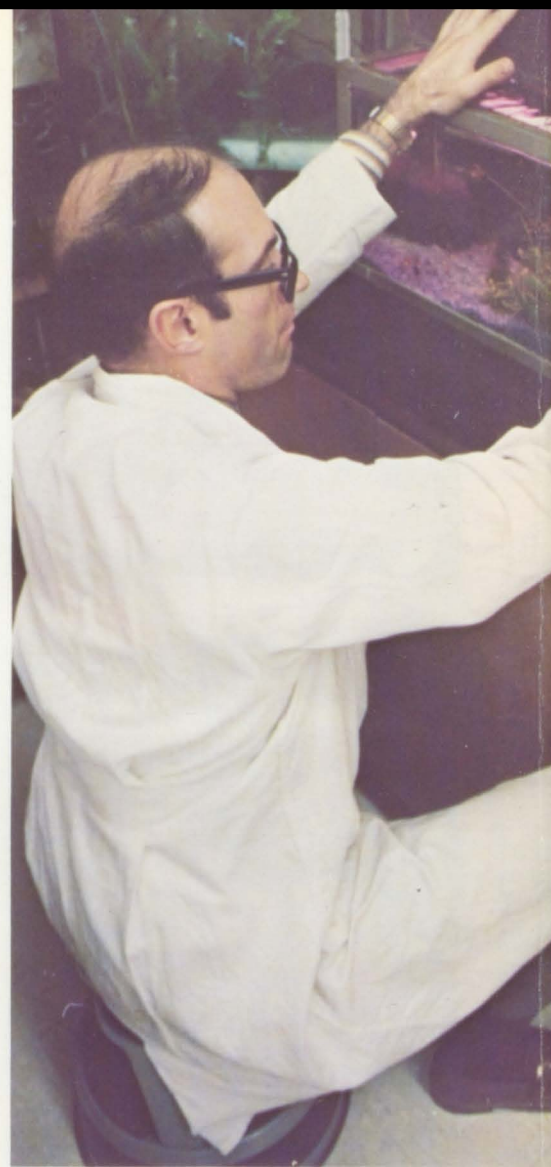

Everything is here —
The classes, the clubs,
Some laughter, some tears,
Passing and failing,
Dances, coke hours,
Administrators, deans, teachers,
And most important —
The students.

THE SCHOOL YEAR

May

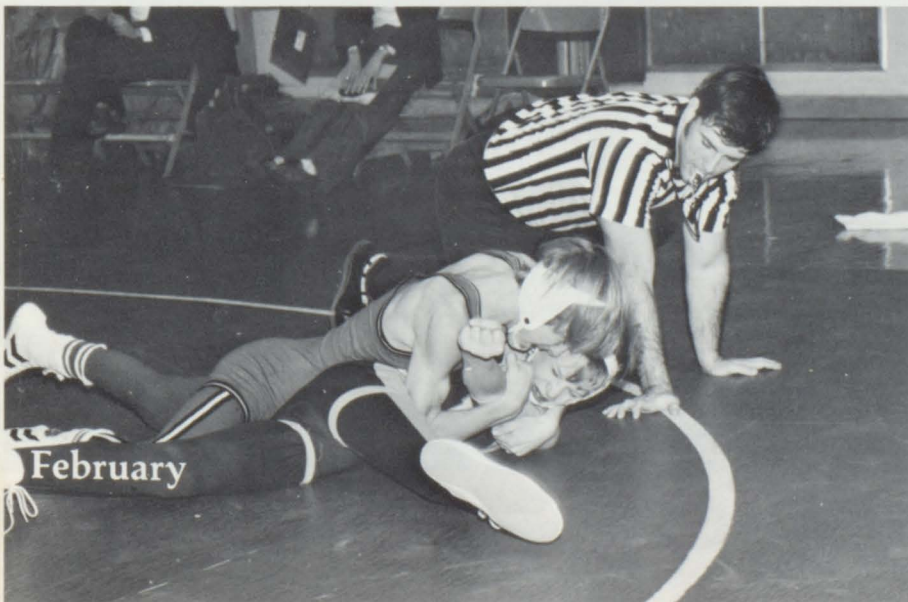

April

June

March

February

So . . . Here We Go Again

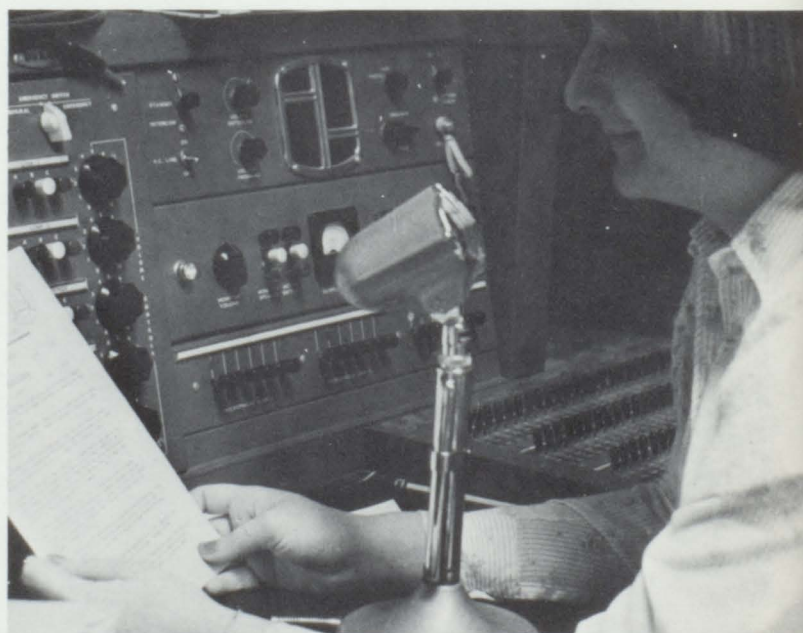

September . . .

And worried Freshmen face seemingly endless halls
And once again the striped parking gates are closed —
to open obediently only to those little . . .
white . . . faculty cards.

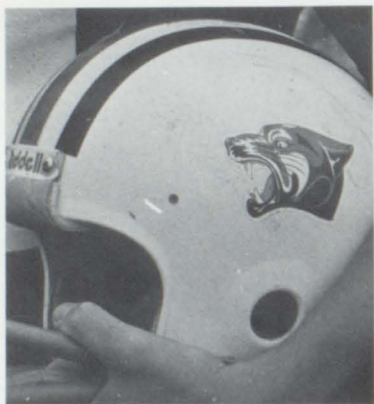

And the second hour announcements echo through
the rooms, falling as always on "attentive" ears . . .

Picketing faculty members during the first weeks
of school bring the possibility of an unscheduled
vacation before classes have even begun . . .

But by the time of the first football game
Everything has definitely fallen back in its
groove.

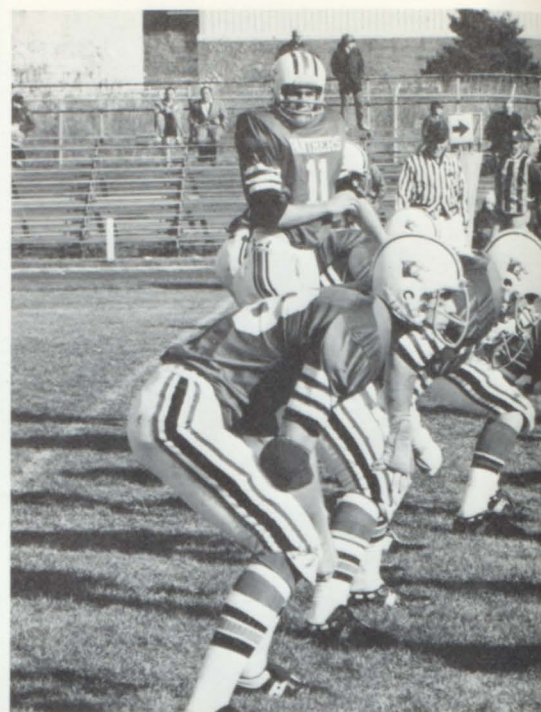

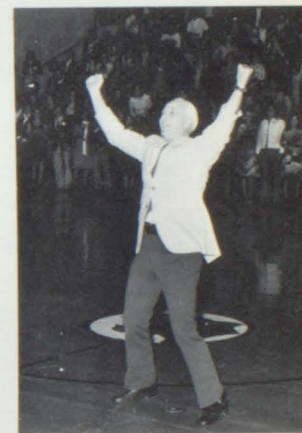

Spirit Of '76 Lives At West

Spirit ...
Is more than just yelling at games
Or waving a banner.
It is giving up time to work on a
Float ... And knowing that the
Effort has been for your school.
It is refusing to give in to defeat.
It is part of America ...
And it lives ... at ...
West.

Stepping Out . . .

Homecoming . . .

Wistful clouds hang in a blue sky,
In the chilly breezes of a fall day.
The Panthers take the field . . .
The court and their escorts huddle
Beneath blankets trying to fight
The cold. Each fan is still excited
From the Pep Assembly the night before,
Remembering the skits, the cheers,
The announcement of this year's
Queen — Mary Ann DiBenedetto.
The varsity team fights bravely,
But can't seem to escape defeat.
Although the loss darkens feelings,
The alumni and the floats help to
Brighten the day.
The Band with their annual fine
Effort, win first place in float
Competition. And while the stands
Empty, students turn their thoughts
Toward an evening at the Homecoming
Dance.

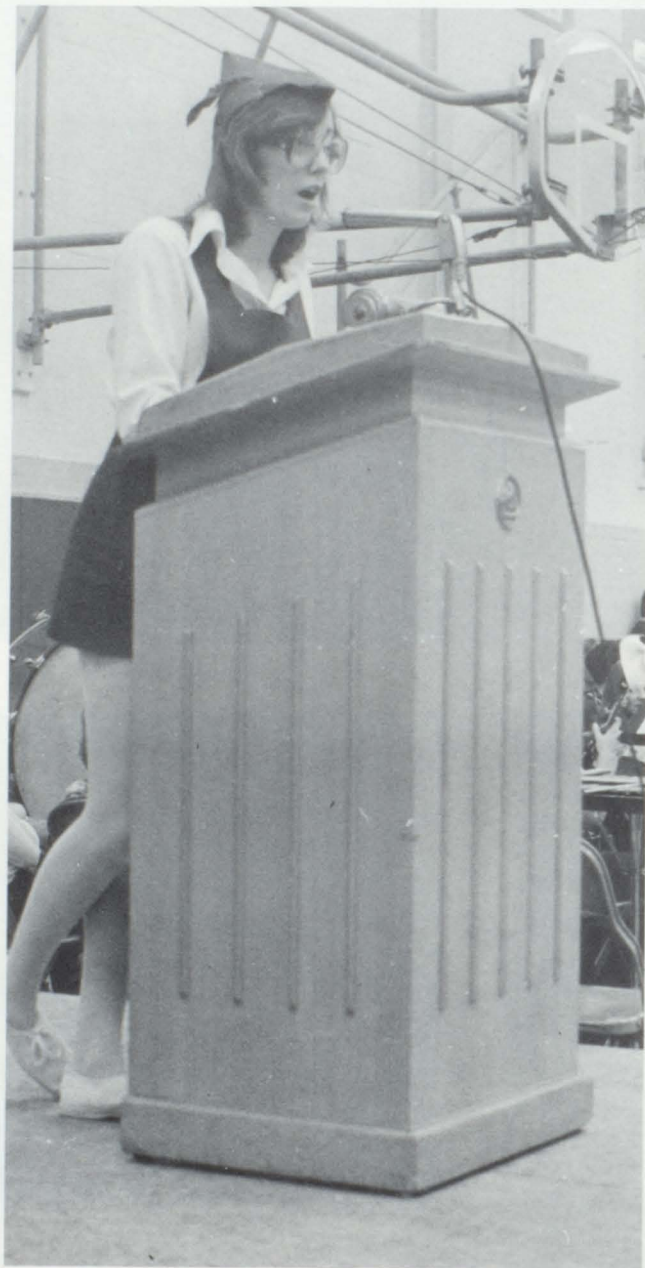

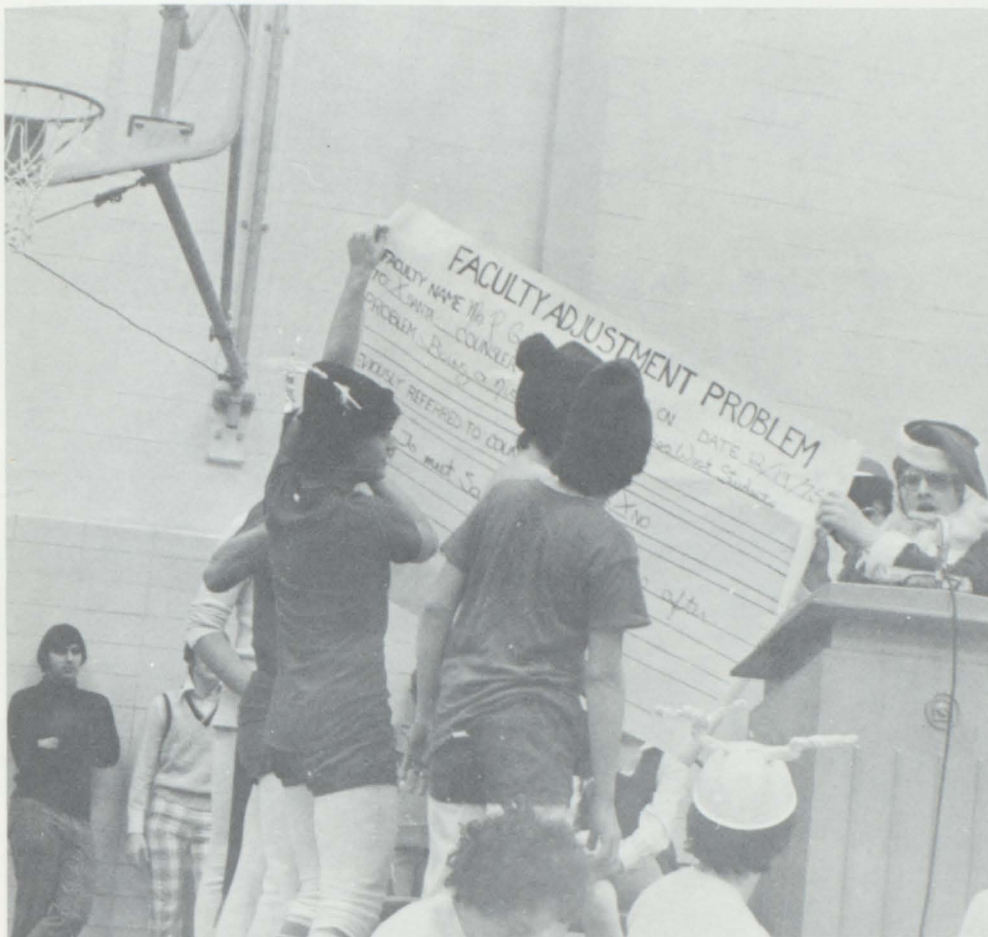

With Stars And Stripes

An Evening . . .
 Late in October the gymnasium makes
 A magical conversion into a ballroom.
 Girls in formals and guys in their
 Best suits walk through the school
 Doors and into a bicentennial world.
 "Stepping out With Stars and Stripes"
 Is the theme. The dance is a success.
 The crowning of the Queen against a
 Red and white sunburst —
 The disco music arouses the "Bus Stop"
 And when the doors finally close,
 The evening is still
 Young.

Cats Celebrate Christmas Season

Christmas Tradition . . .

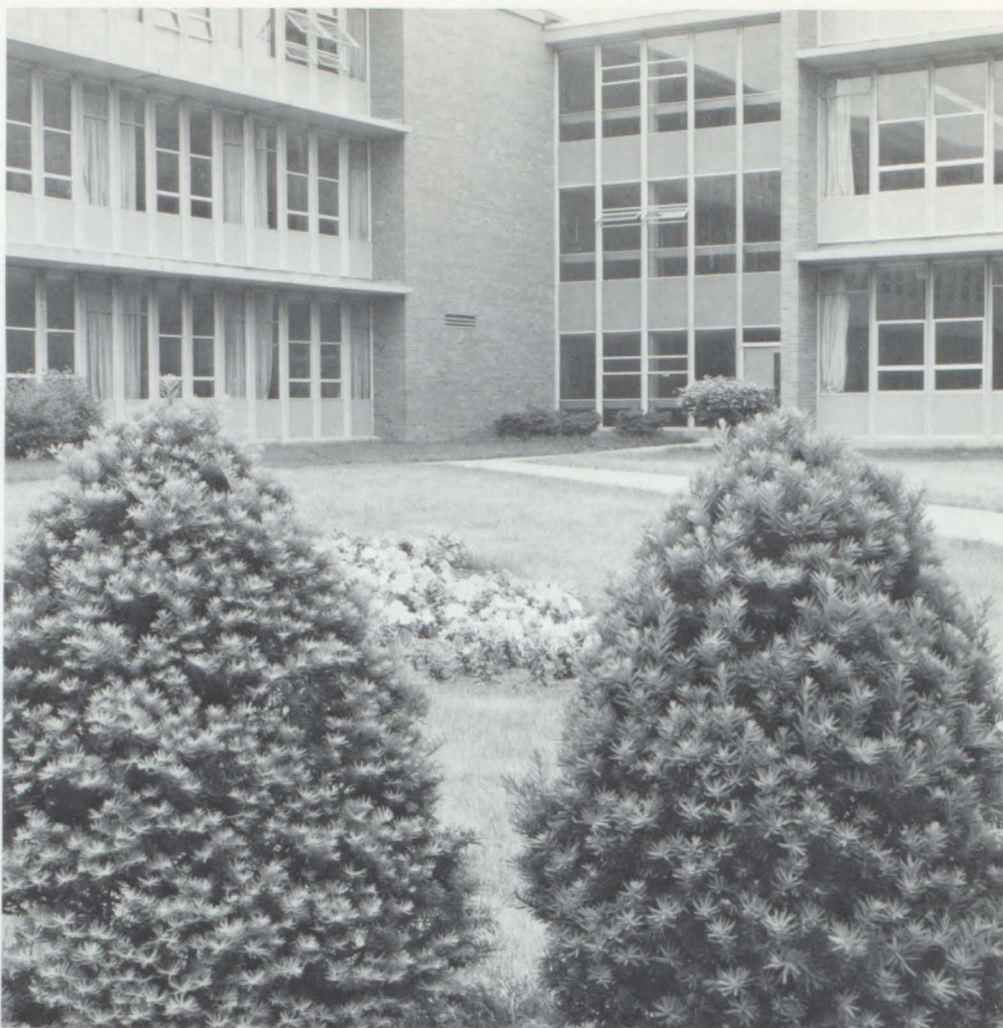

A stocking, some tinsel, and Santa Claus,
The Dec-a-door contest entries brightens the Hallways,
The Yuletide assembly bustles
With bright-eyed students and rosy-cheeked elves.
Key Club welcomes Santa and his
elves — bringing gifts for good
little boys, like Mr. Gusloff, who
Receives a bit of his own medicine.
Songs of the season are performed by
the Concert Choir and Symphonic
Band, giving the audience
enough Christmas spirit to last
the vacation.

The vacation brightens with
victory and celebration as the
Panthers walk away with the first
place trophy in our own
Holiday Tournament.

Spring Arrives At Proviso

February . . .
Spring comes early.
Attention turns
To what you could be doing
Outside of school.
Baseballs, bats, and uniforms
Come out of retirement.
Tennis rackets swish through
The air once more.
Student thoughts stray from
Books to love and
Laughter.

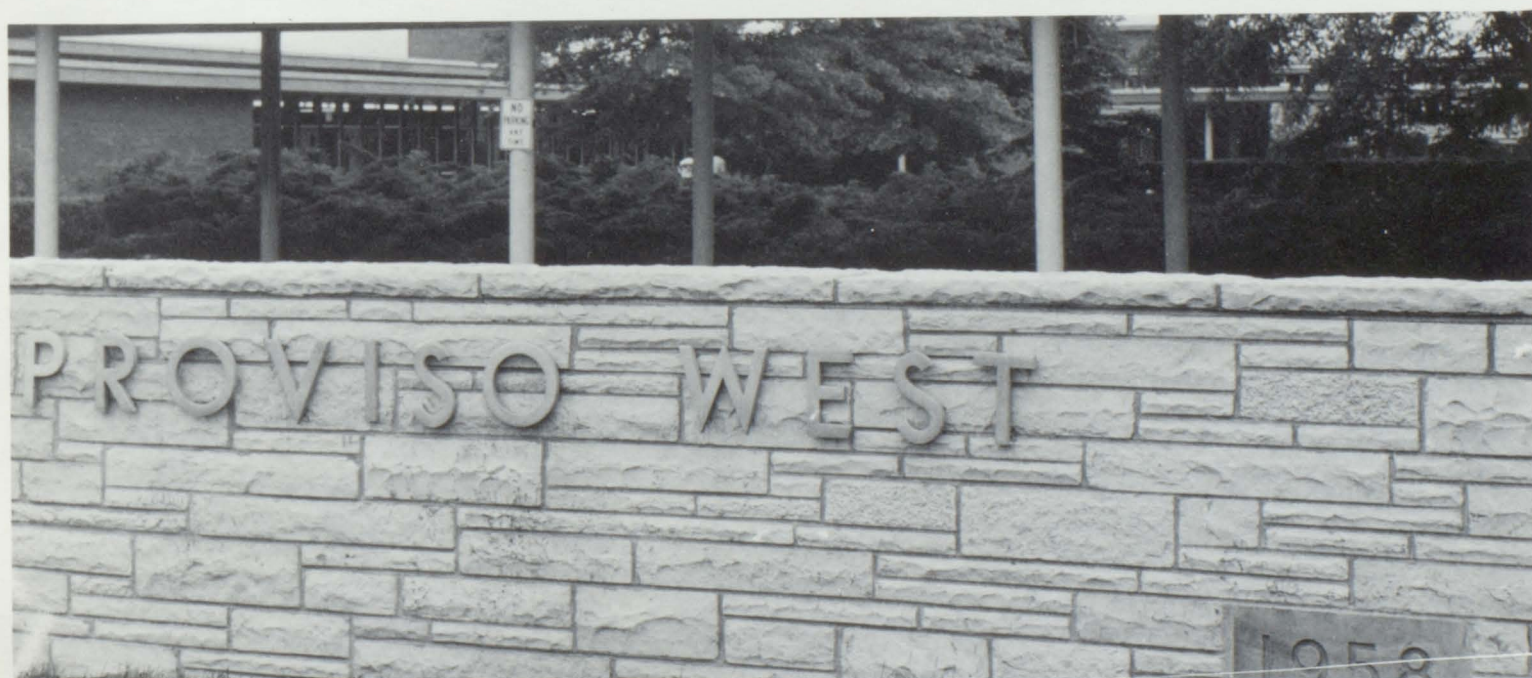

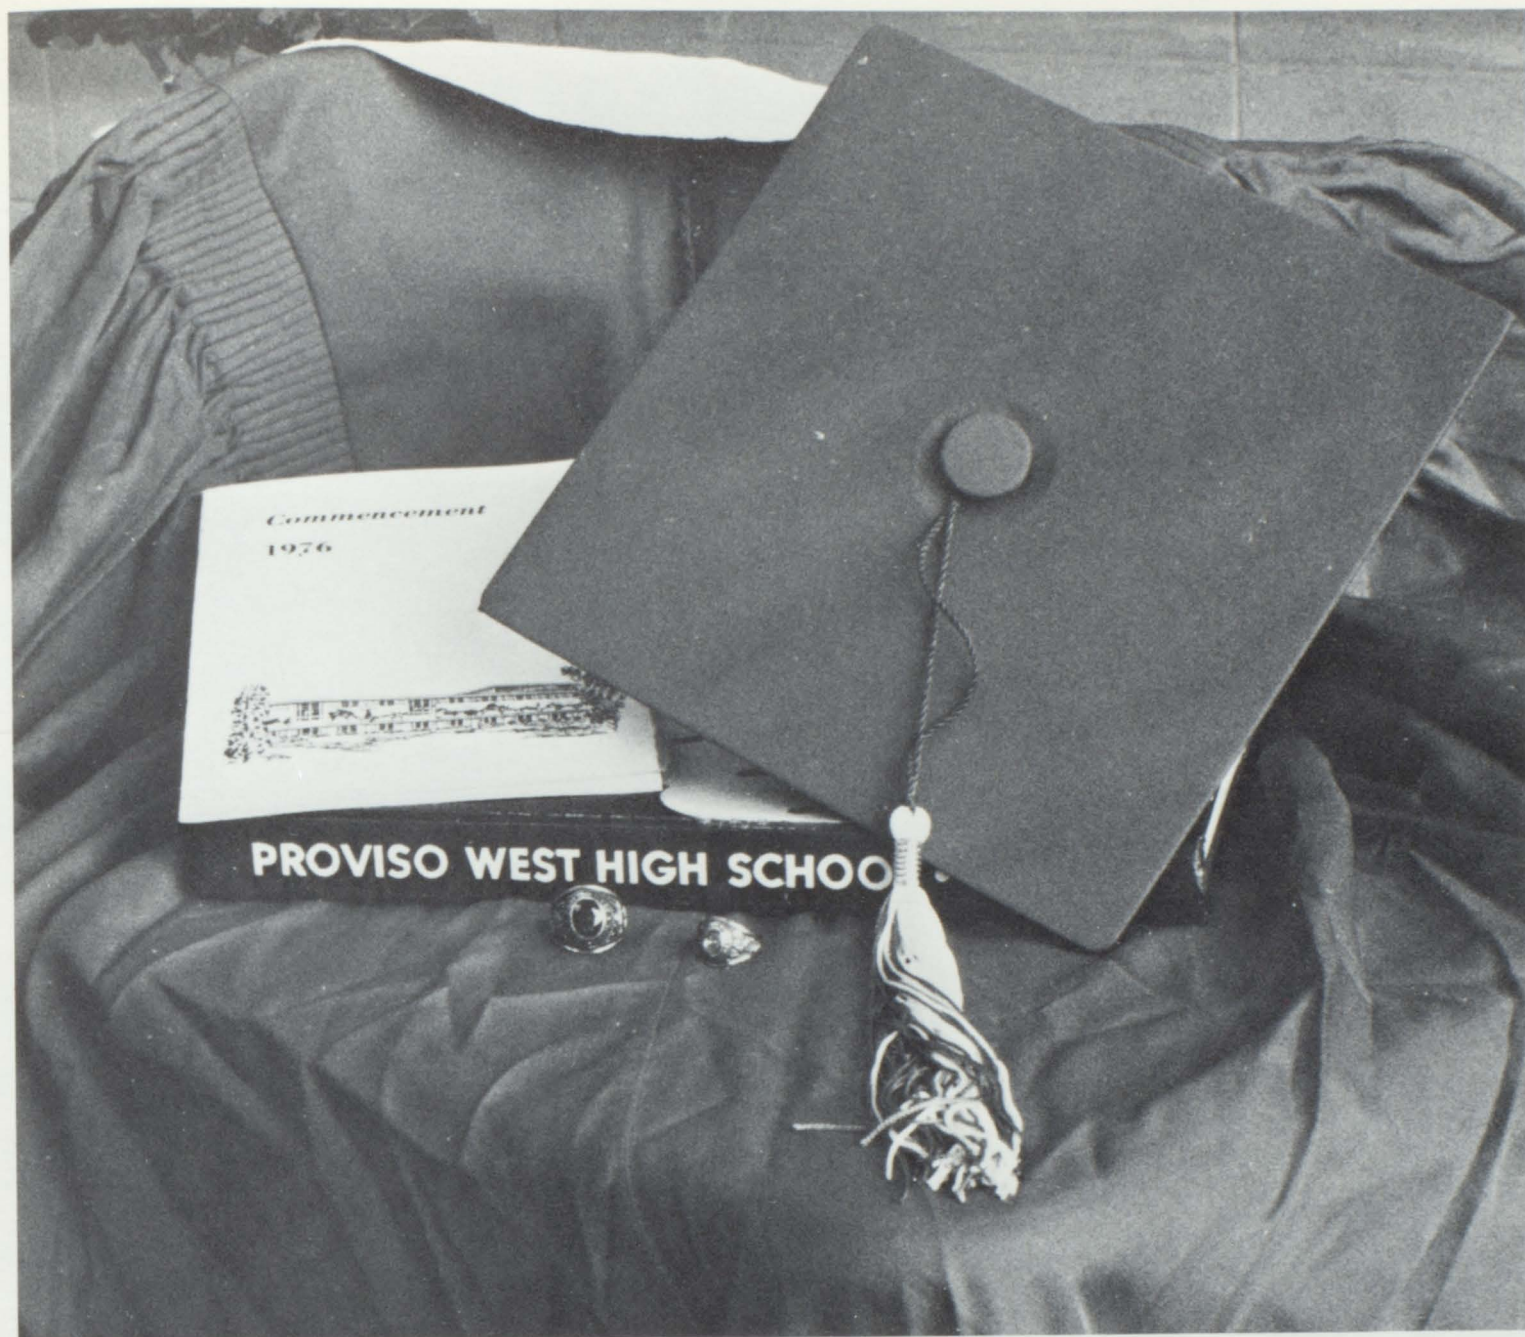

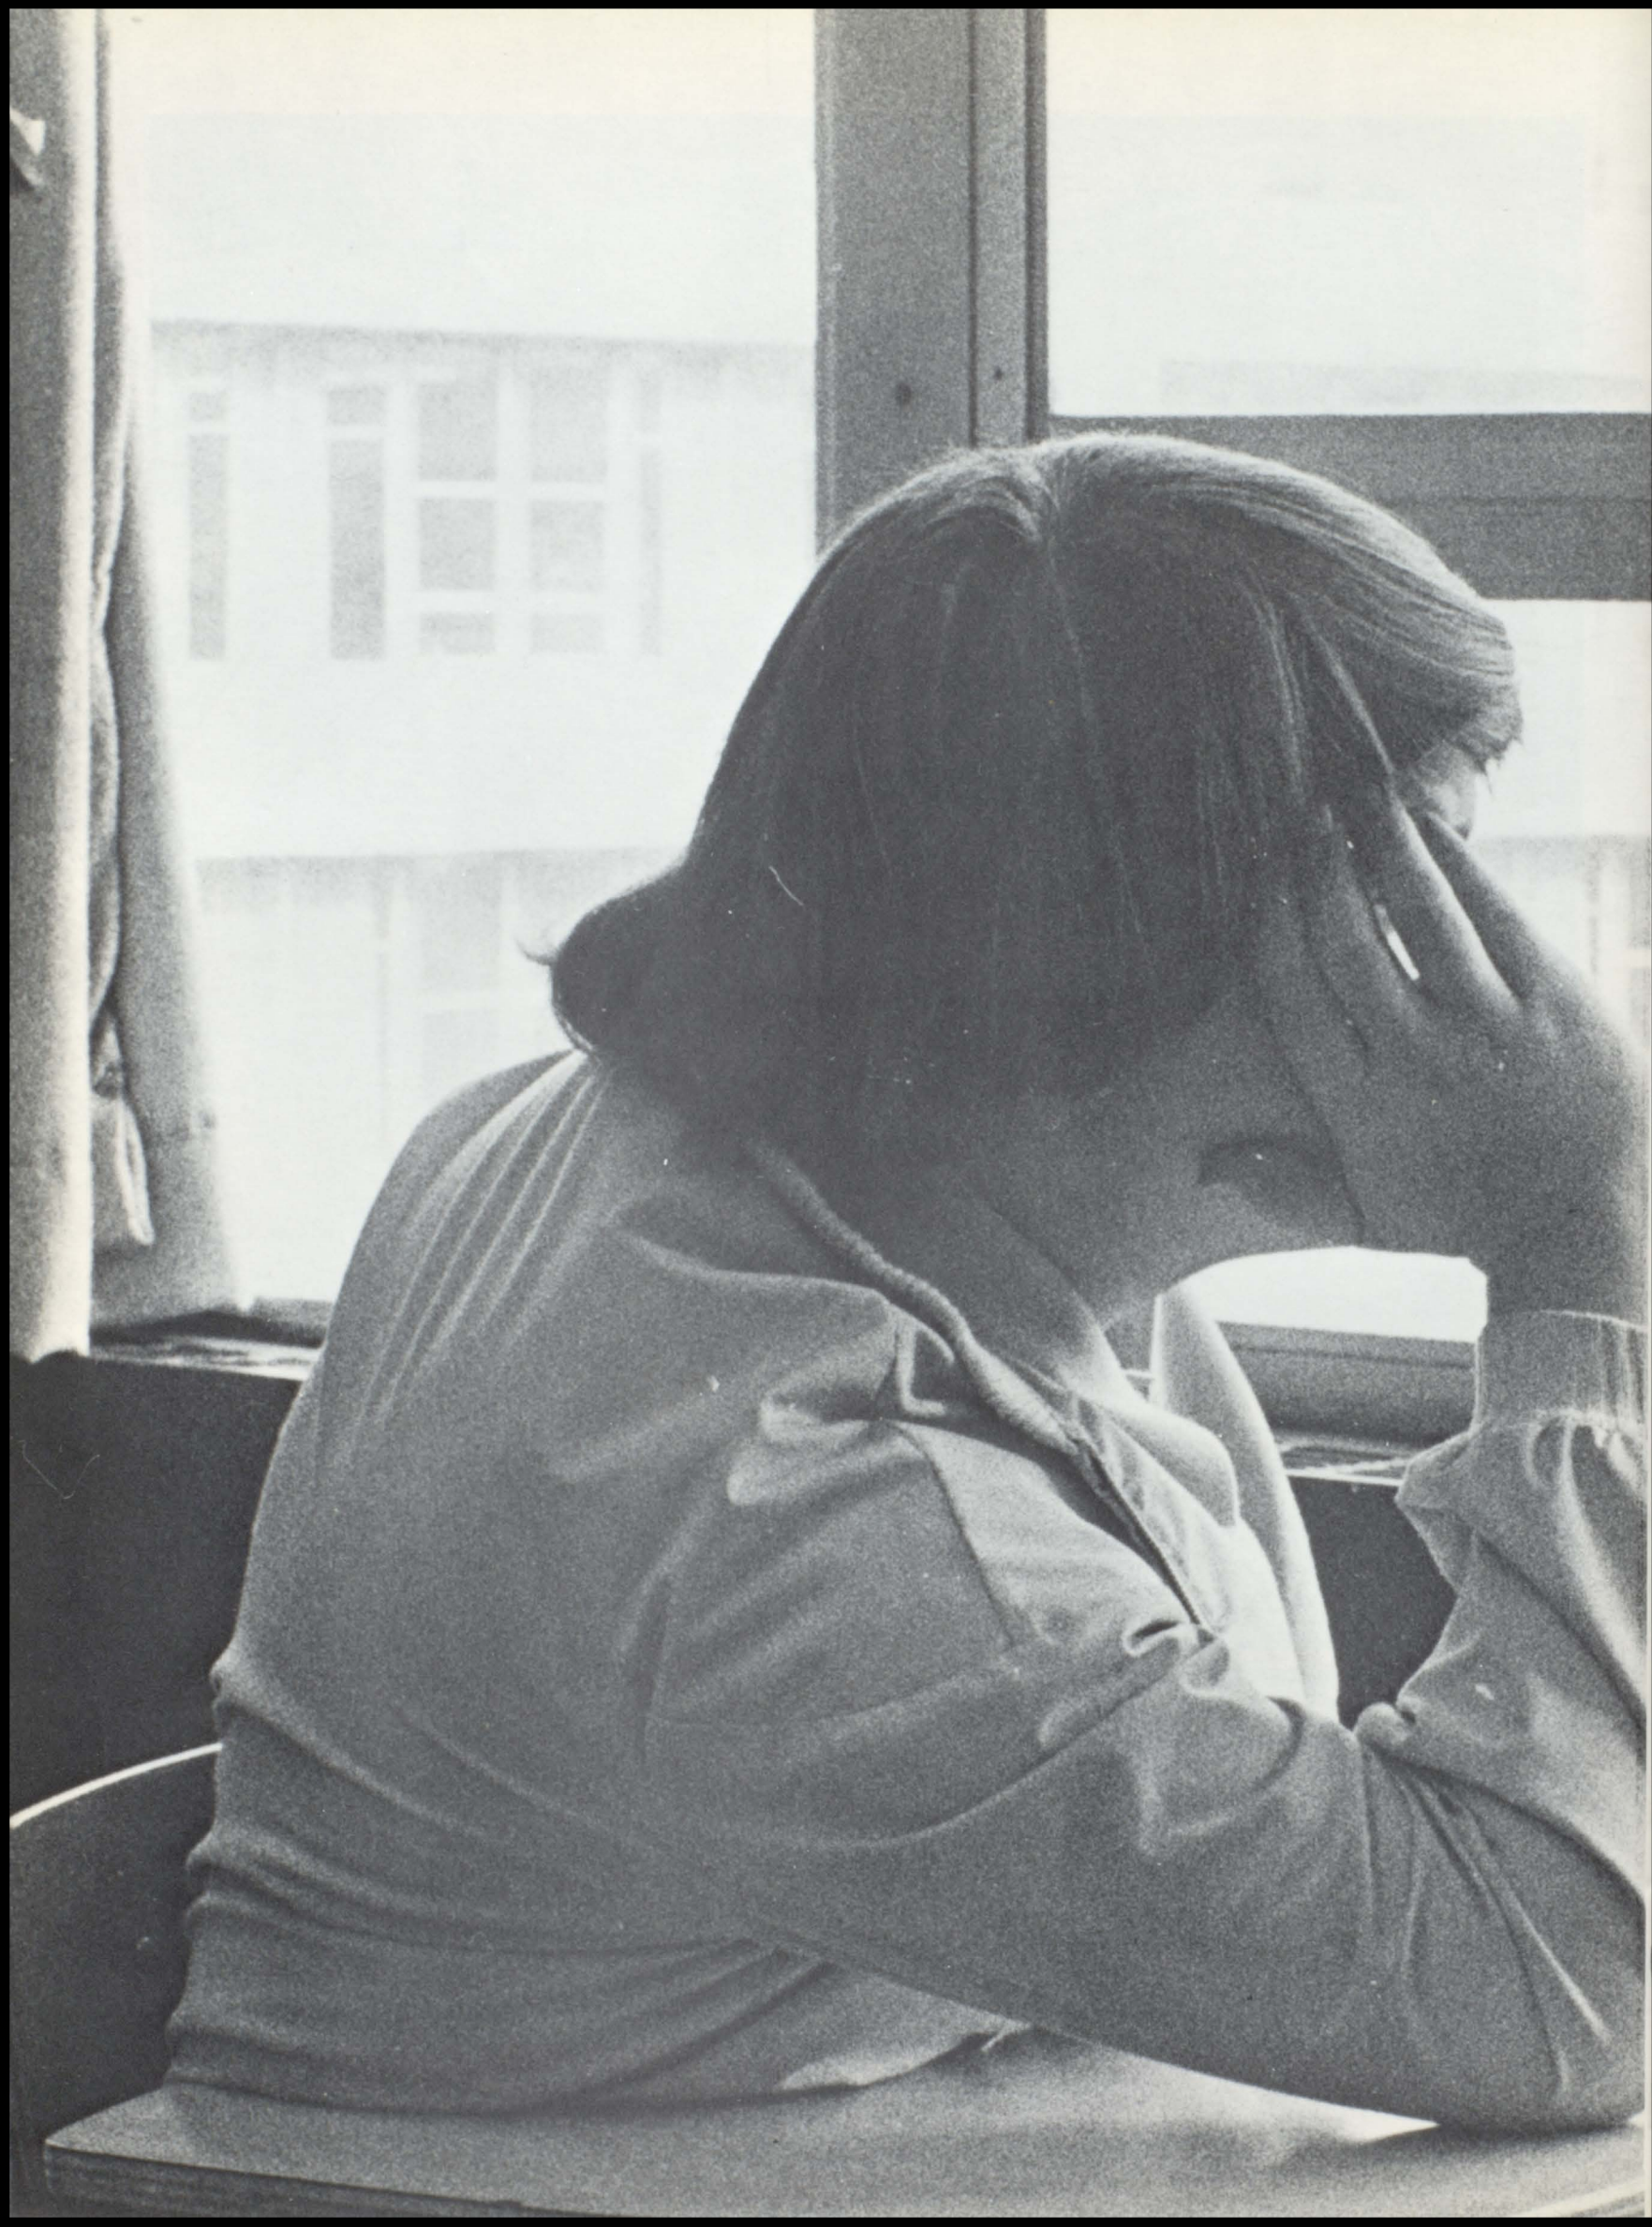

Spring Brings Sad Farewells

Prom
And Graduation are both
Part of Senior year.
Prom is a night of magic
And Romance.
Graduation brings tears
For it means you have to say
Farewell to friends
And to the school that
Has been a part of your life
For four years ... Good-bye
West.

Books Give Way To Bathing Suits

June . . .

A year's worth of notes and papers —
They scatter themselves on the floor,
While the lockers become empty and
Lifeless . . . Students leave school
a bit more anxious each day with
Anticipation of a long, lazy vacation.
And many say, "Boy, the year went
fast." And they think back to when
the year was but days.

And the days became weeks . . .

And the weeks became months . . .

And the months became semesters . .

And the semesters became another
Year.

Academics . . .

The key to life is learning;
The classrooms — crowded
With desks and governed
By books.

A teacher, a lesson, and
Homework.

A time to expand the mind
And brighten the future.

In these pages
We salute the departments and
Classes.

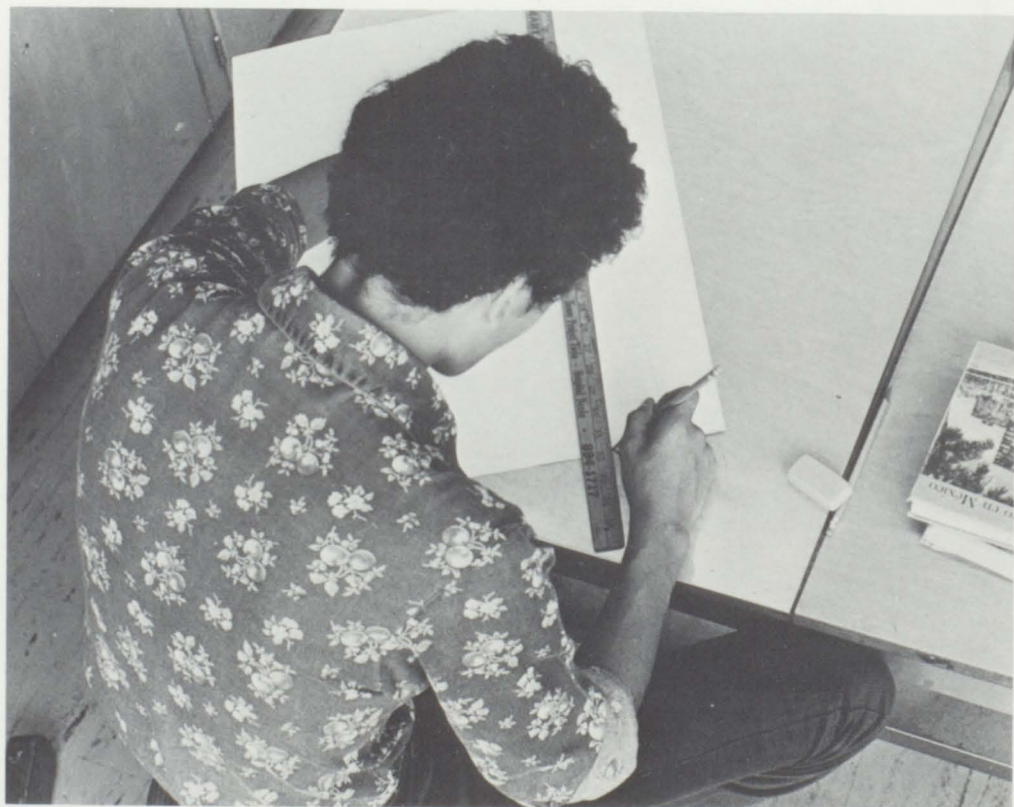

ACADEMICS

Proviso Art: Worthwhile And Exciting Subject

Graffito, Abstraction, Perspective, Composition ... These and other complicated sounding terms echo in the halls of E building daily.

Art is not just drawing and painting. Many hours of deep thought go into each student's work. Deadlines and pressures are constant; but art students find their work worth the effort, for every year, Proviso ranks high in competition.

(Top Left) Louis Knoblock looks on as Donna Marley discovers how enjoyable pottery can be. (Left) Bob Elizondo practices his mechanical drawing technique. (Above) Ann Severino makes oil painting look easy. (Right) Mr. Vaccaro explains stylized printing to Art II students.

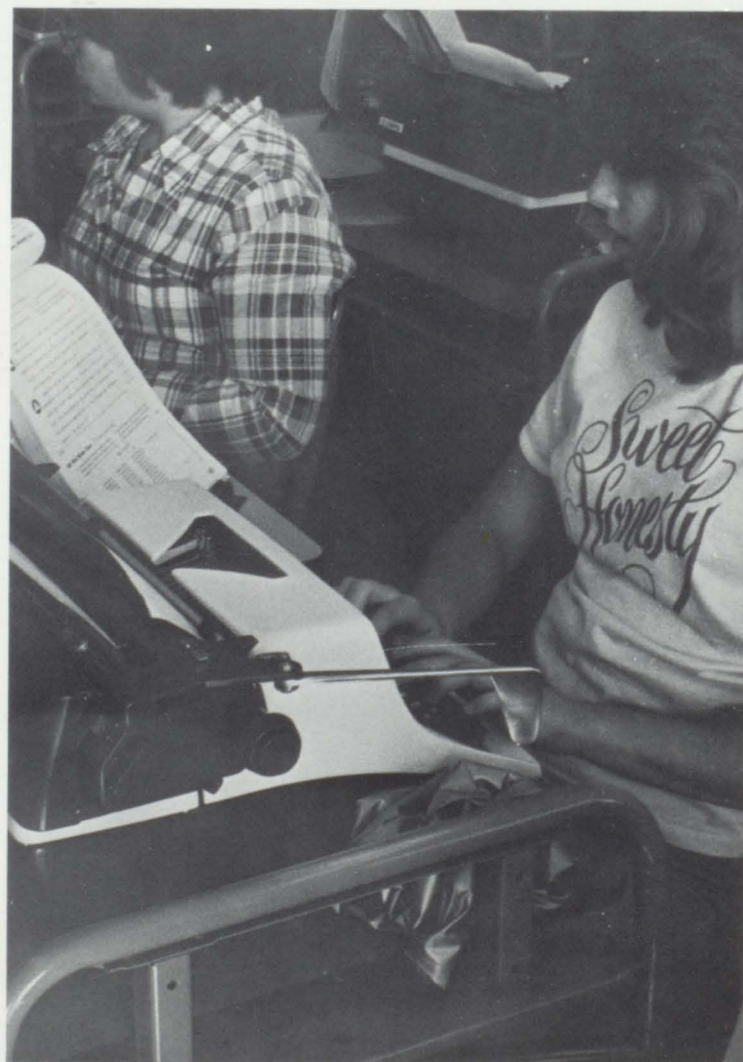

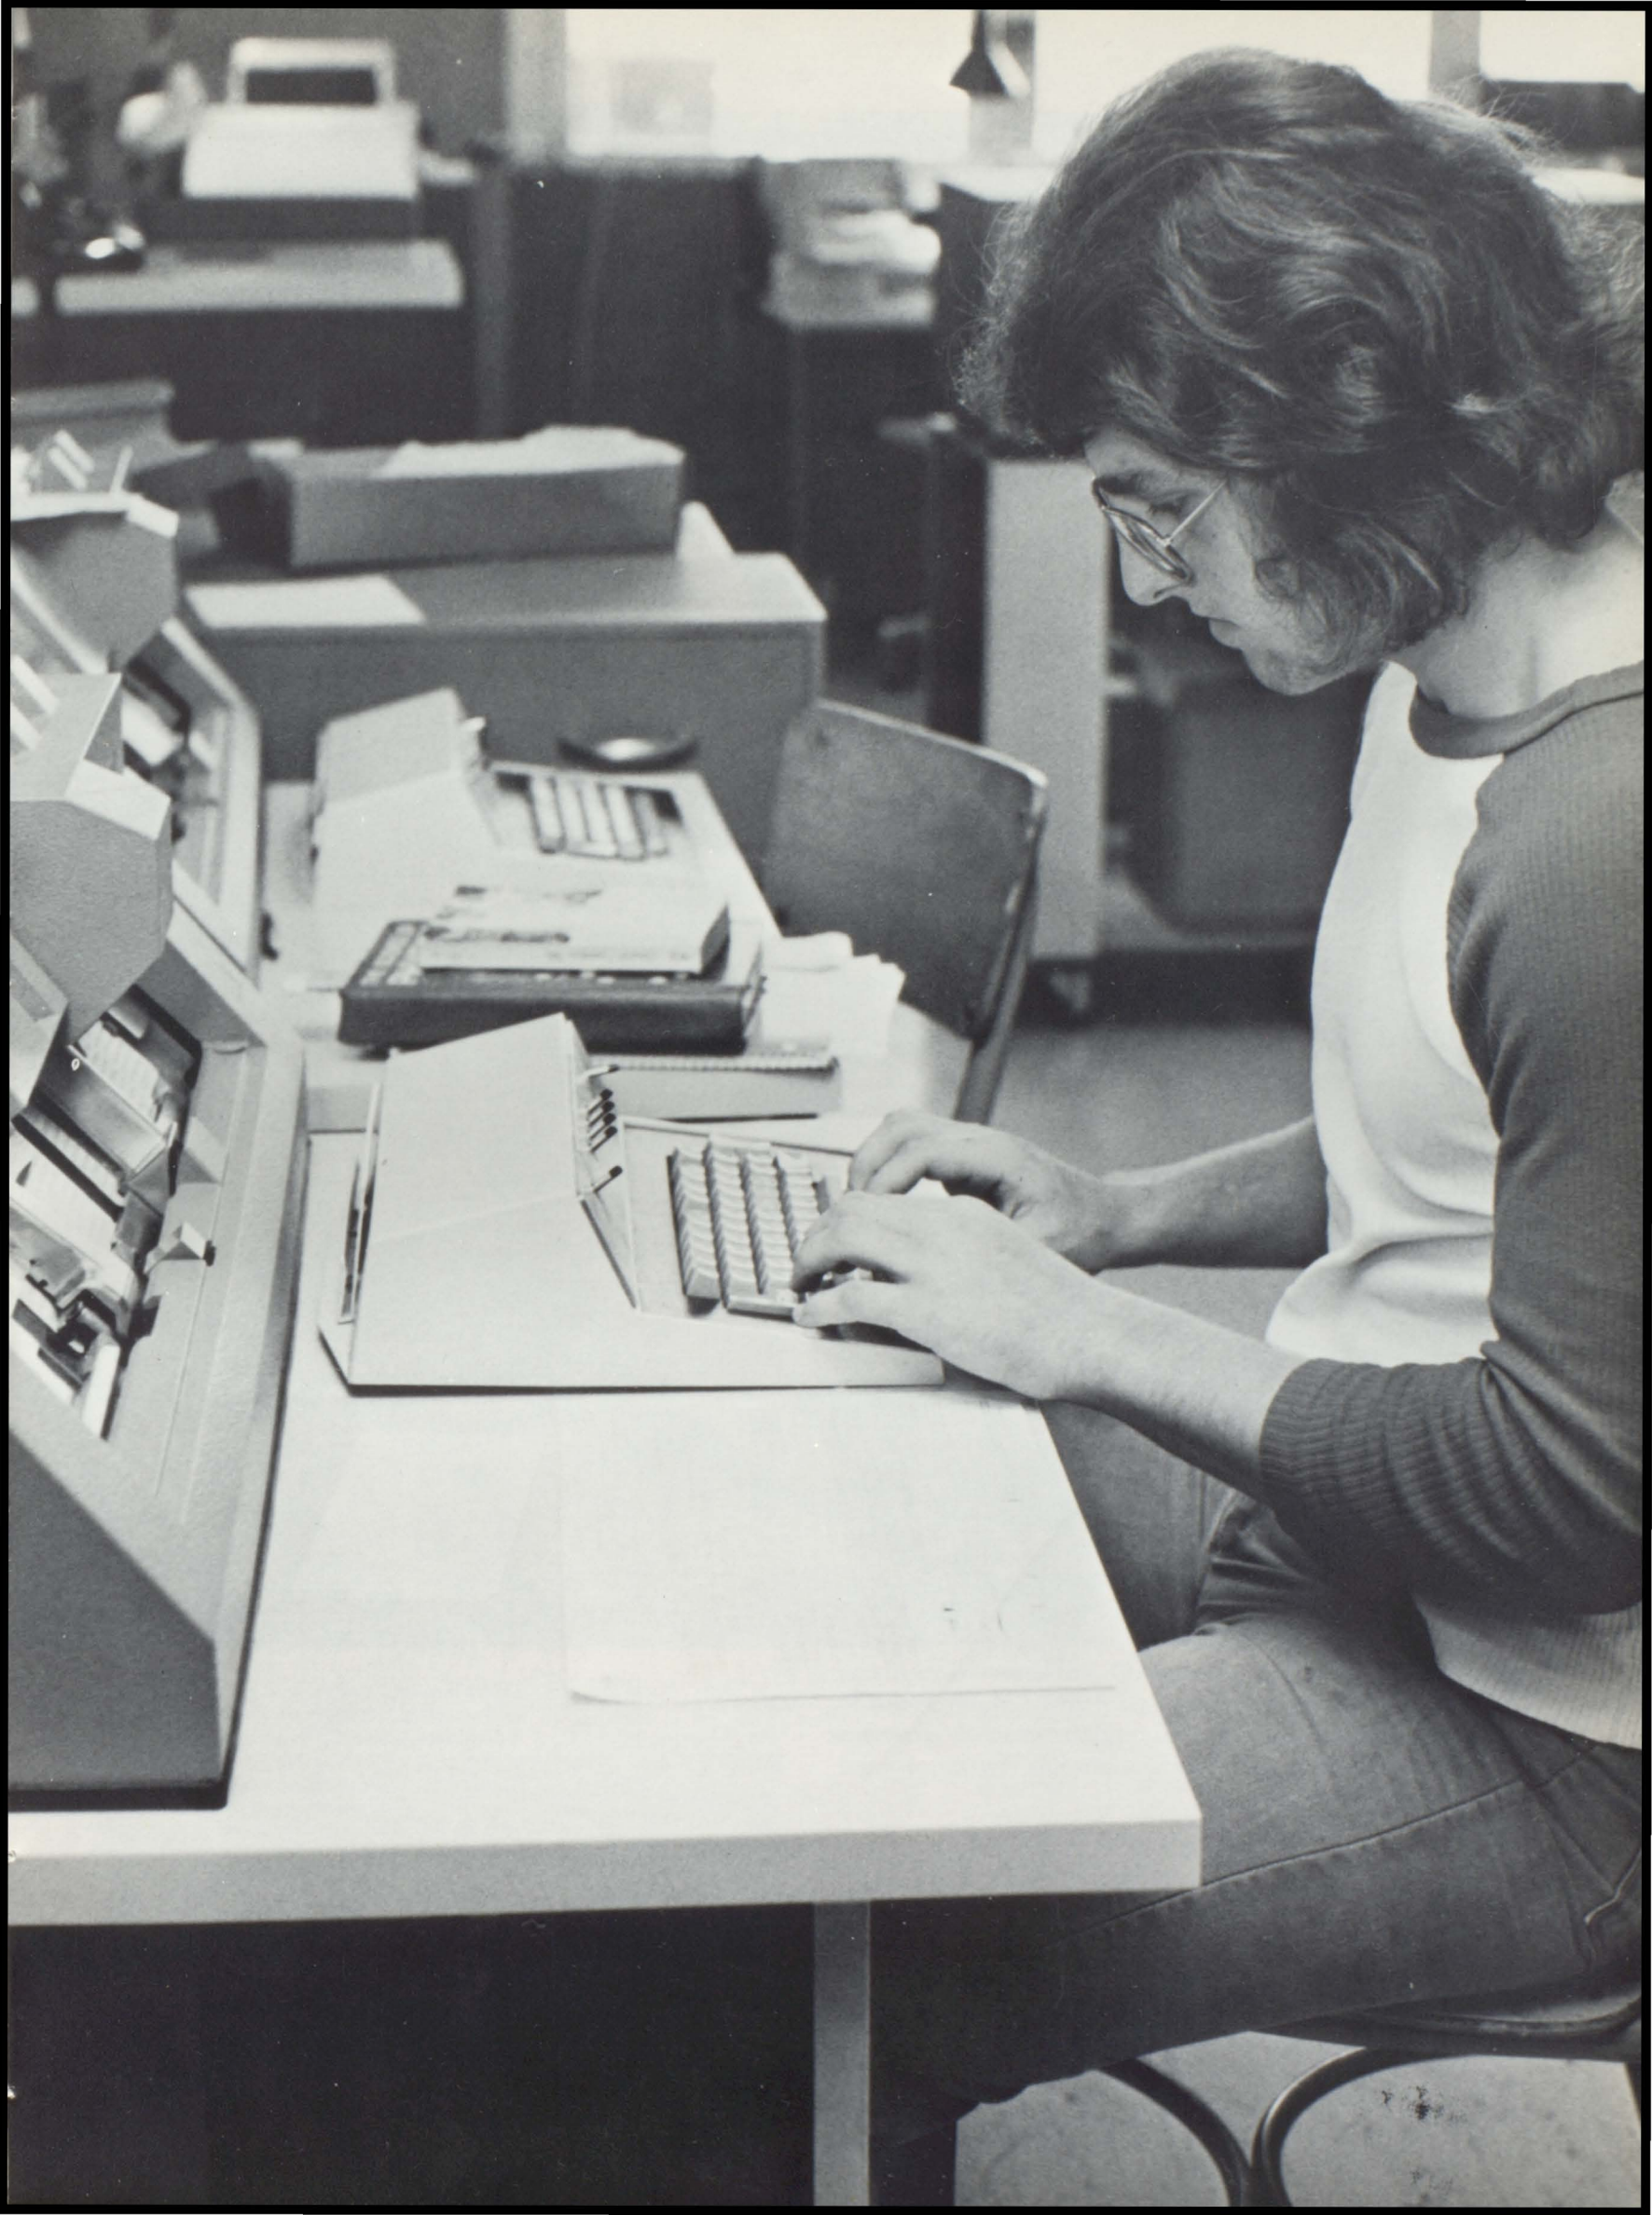

Business Ed. Secures Futures

Flying fingers frantically pound typewriter keys and students line up to run computer programs while others peruse keypunch keyboards. A typical day in the Business Education department has begun. Here students learn basic skills that will help them achieve sound jobs in today's business world after they leave the protective halls of Proviso West. Consumer Education teaches what today's and tomorrow's shopper must know if he is to stay on top of the consumer game. West's Business Department gives wisdom to tomorrow's workers and consumers.

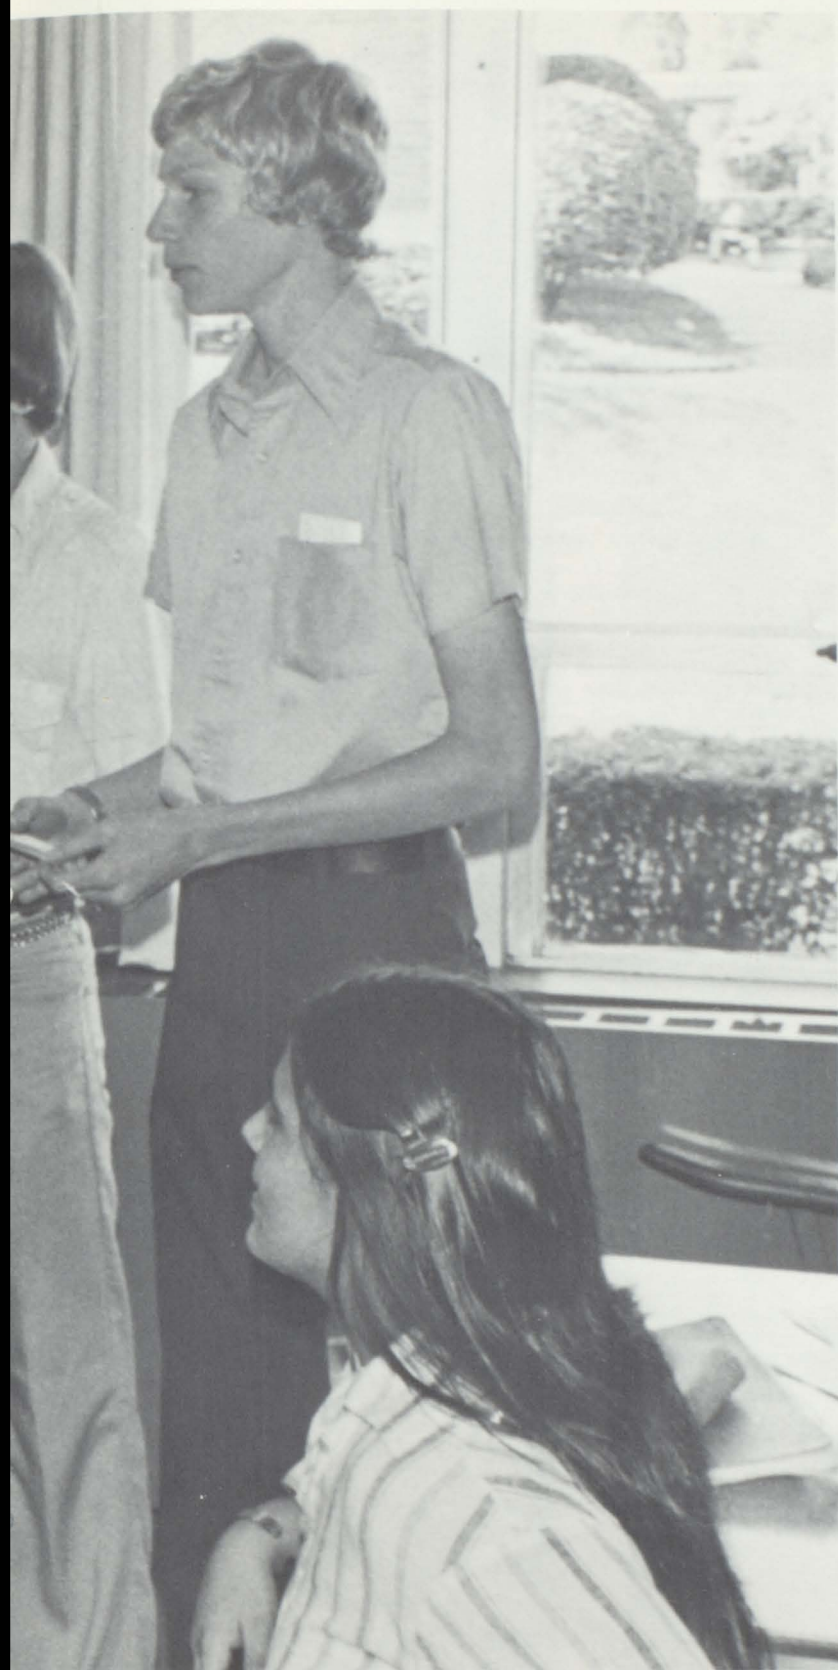

(Above) Keeping their eyes off the keyboard like they should, Debbie DeMaria and Dave Erickson do practice drills. (Far Right) Paul Zace discovers that card punching involves careful concentration. (Right) Denise Finnigan and Kathy Looby should see no mistakes when they finally look at the page in the typewriter.

(Top Right) Mr. Danes explains the importance of career education to one of his freshman classes. (Right) Mr. Hall seems pleased with his uncluttered desk which will probably collect scores of schedules, referrals, and phone messages before the day ends.

Counseling Department Updates Programs

This year the Counseling department offered parents and students additional opportunities to work with counselors by holding night guidance sessions. During the first semester, these guidance sessions were held every Tuesday evening from 7:00 to 9:00.

Another change in the Counseling program at West involved the revision of guidance classes. Five new units of career education were added to freshman and sophomore courses. The revised courses included relevant filmstrips and pamphlets.

Students were again able to take advantage of CVIS, the computer program, which received updated career information this year.

Again this year, the Counseling department sponsored "College Night" which was held October 14 in the school cafeteria. Representatives from several colleges were on hand to answer questions about their respective schools.

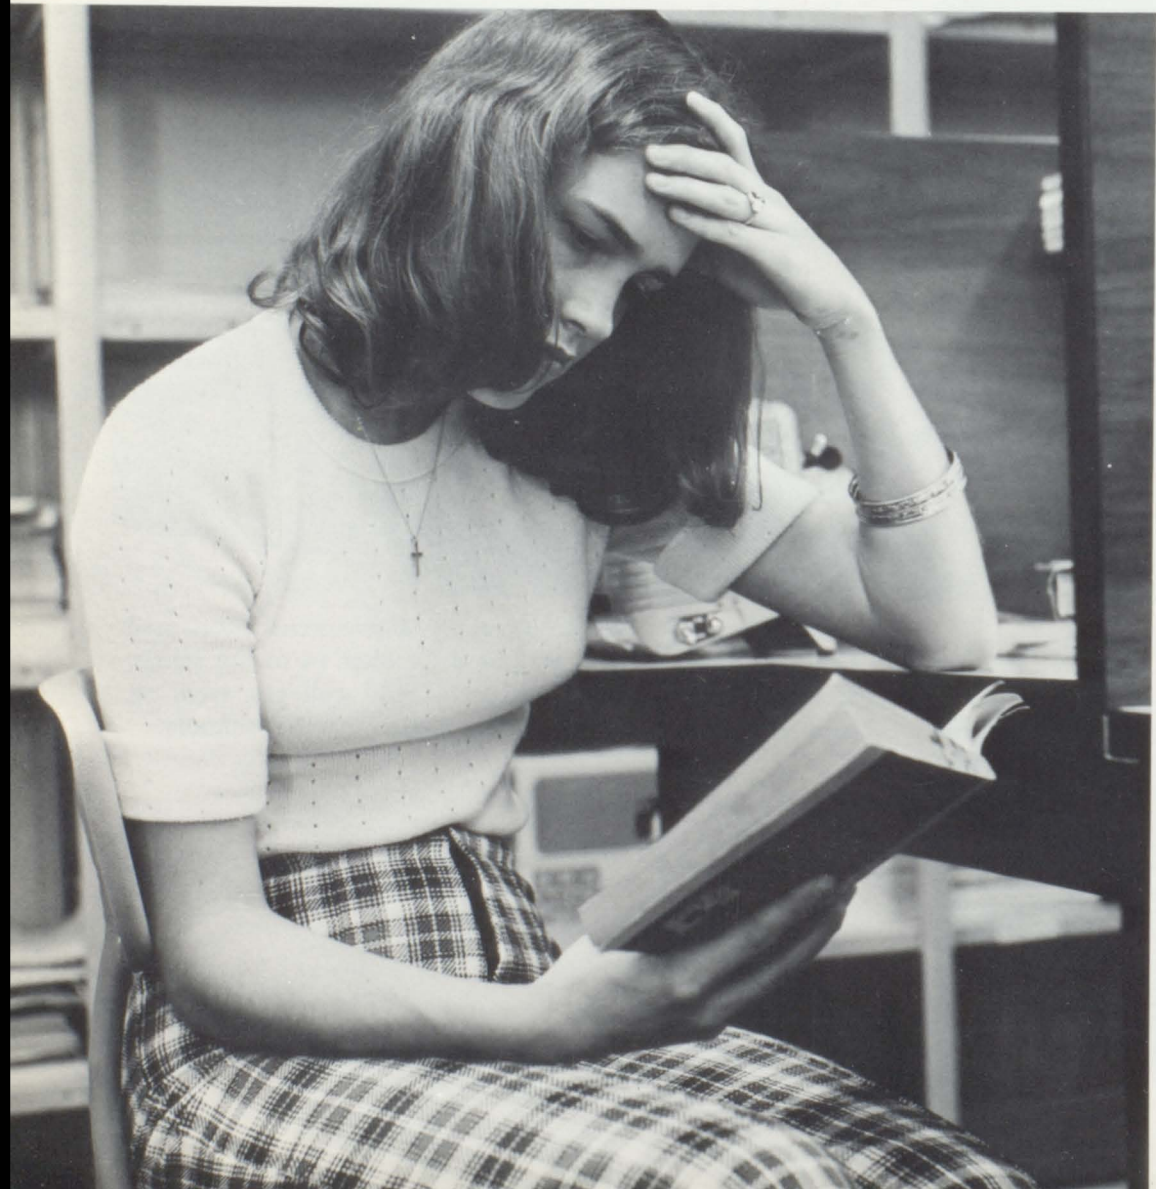

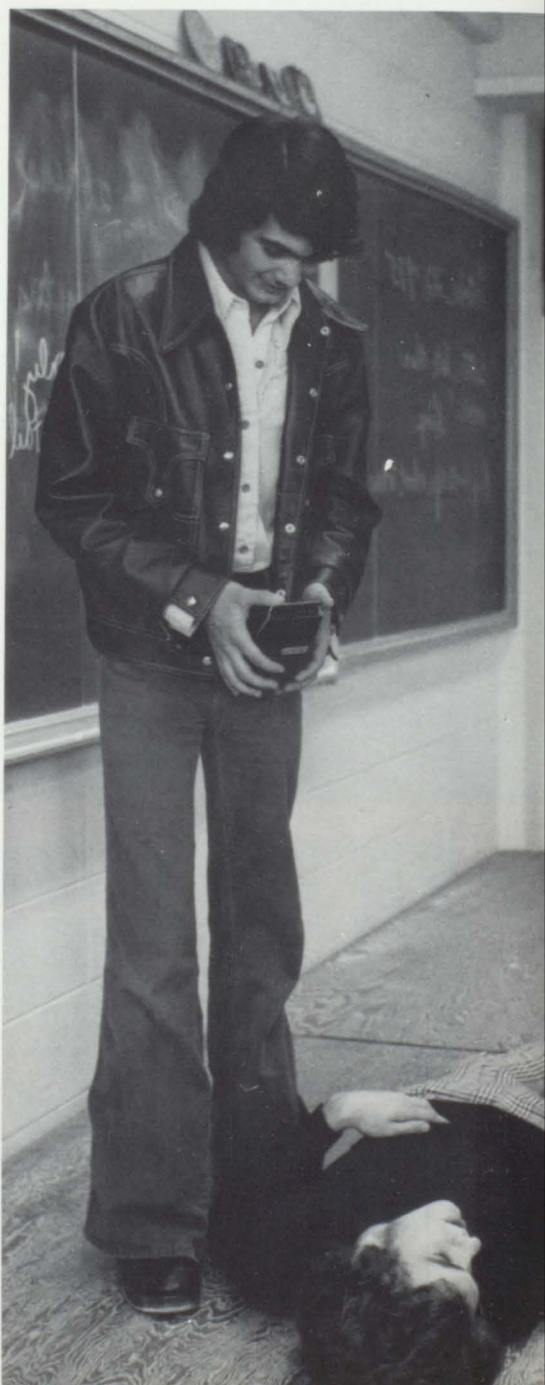

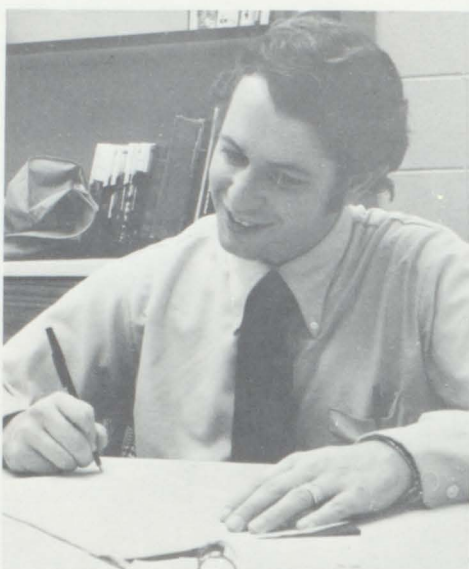

English Promotes Creative Thought

Freshman and sophomore comprehensive students found revised English courses as the school year began. The two courses were changed to place more emphasis on practical English skills. Freshmen and sophomores found themselves studying relevant topics such as letter writing, radio, and television.

Another curriculum change involved the institution of Comprehensive Studies, a general interest course open as a sophomore elective.

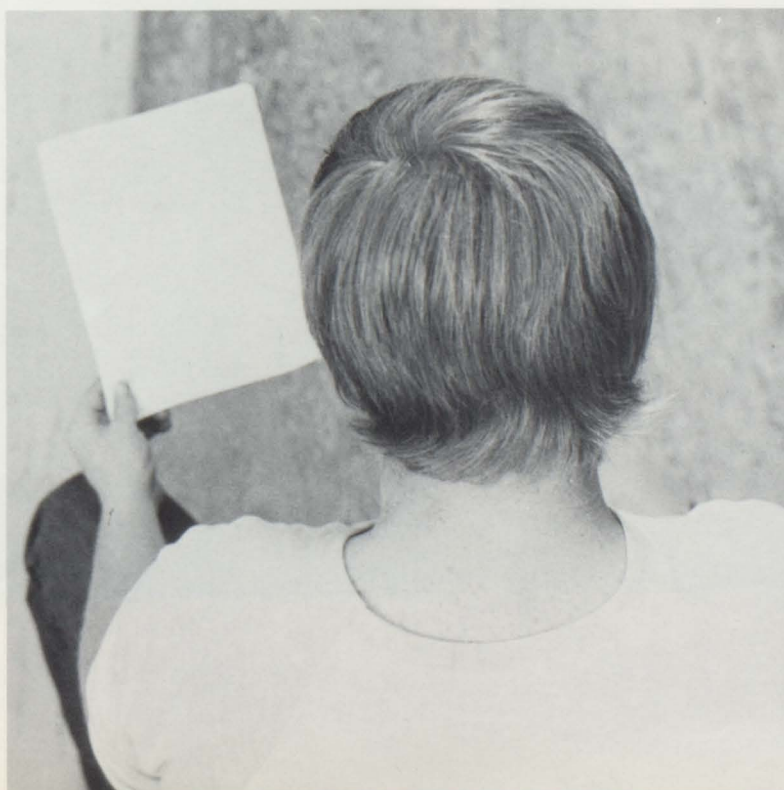

As usual, the English department offered a wide variety of learning activities, including a chance for students to improve their skills in the reading center and a chance to express themselves creatively.

Tots Frolic At West As 'Child Care' Begins

This year, the Home Economics department introduced a new course called "Child Care Careers." The class, which was established for those who wish to work with small children, gives students the responsibility of planning and teaching nursery school sessions. In addition to teaching, students learn about other child care related occupations.

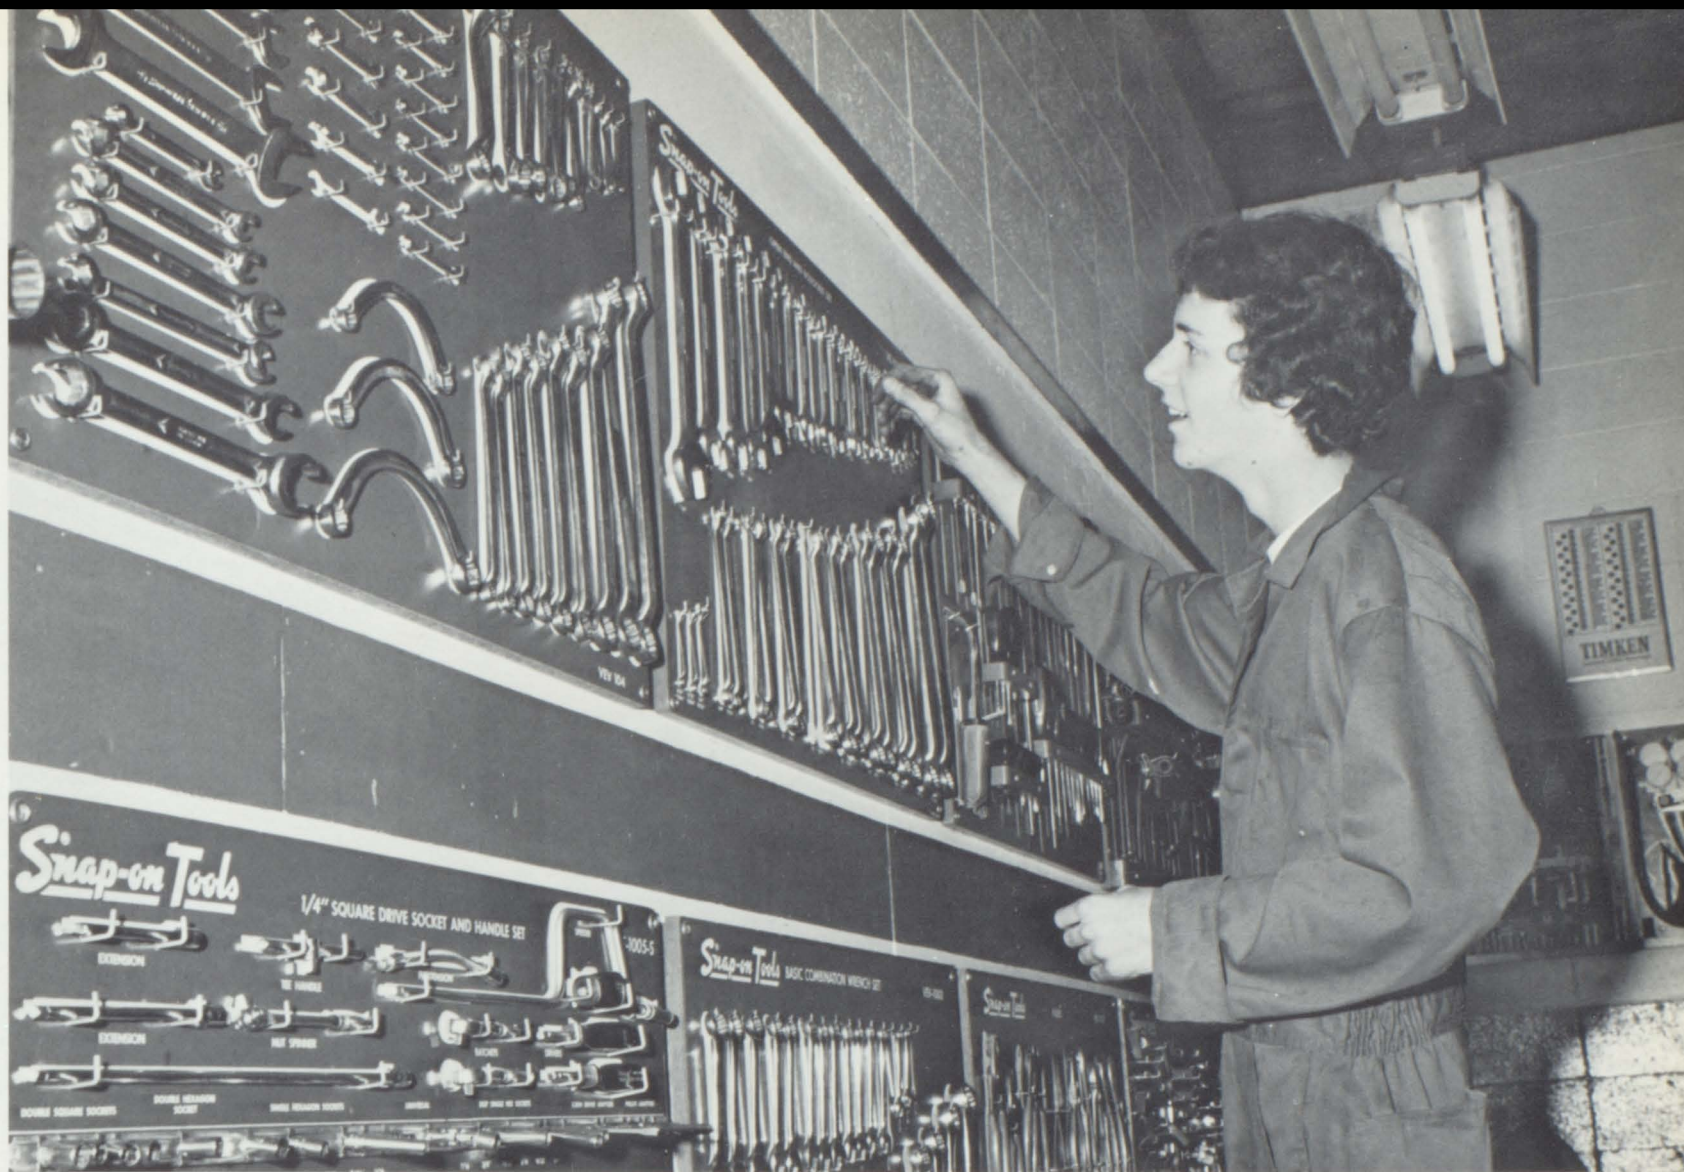

Each day, six different Proviso students are in charge of the nursery class made up of twelve 3 and 4 year olds from the community. While in charge, these students work with a predetermined theme for the day, and teach the nursery school children concepts related to the theme.

Again this year, the Home Economics department offered a variety of practical courses including "Foods," "Home Management," "Needlecrafts," and "Clothing." Creations of the "Clothing" students were displayed at a style show which blossomed in the spring.

Shop Courses Develop Skills

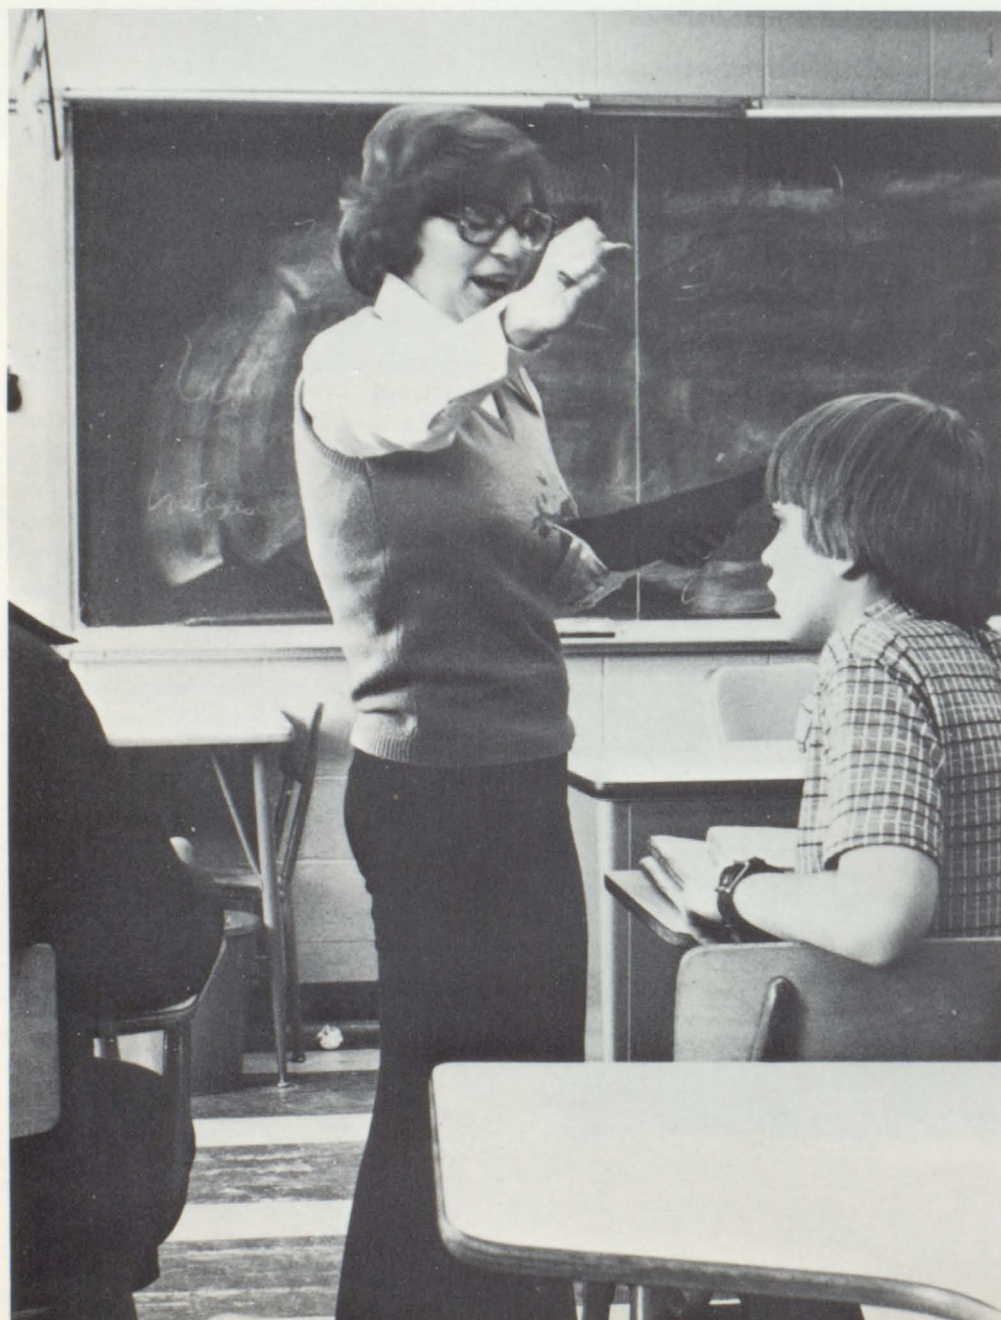

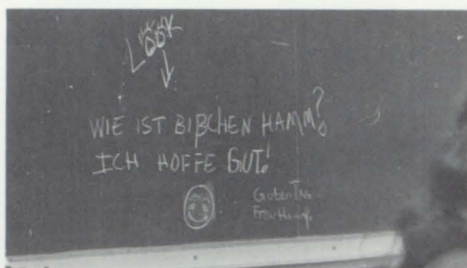

Drafting, Woodworking, Auto Repairing, and Printing are only some of the many skills that Industrial Education students gained during the '75-'76 school year. Auto Shop students had the opportunity to sharpen their automotive skills while printing students learned that quins, job cases, and em spaces were more than words on a vocabulary list. Woodworking students learned how to handle drill presses, lathes, jig saws, and many more demanding pieces of equipment while in pursuit of the perfect wood product.

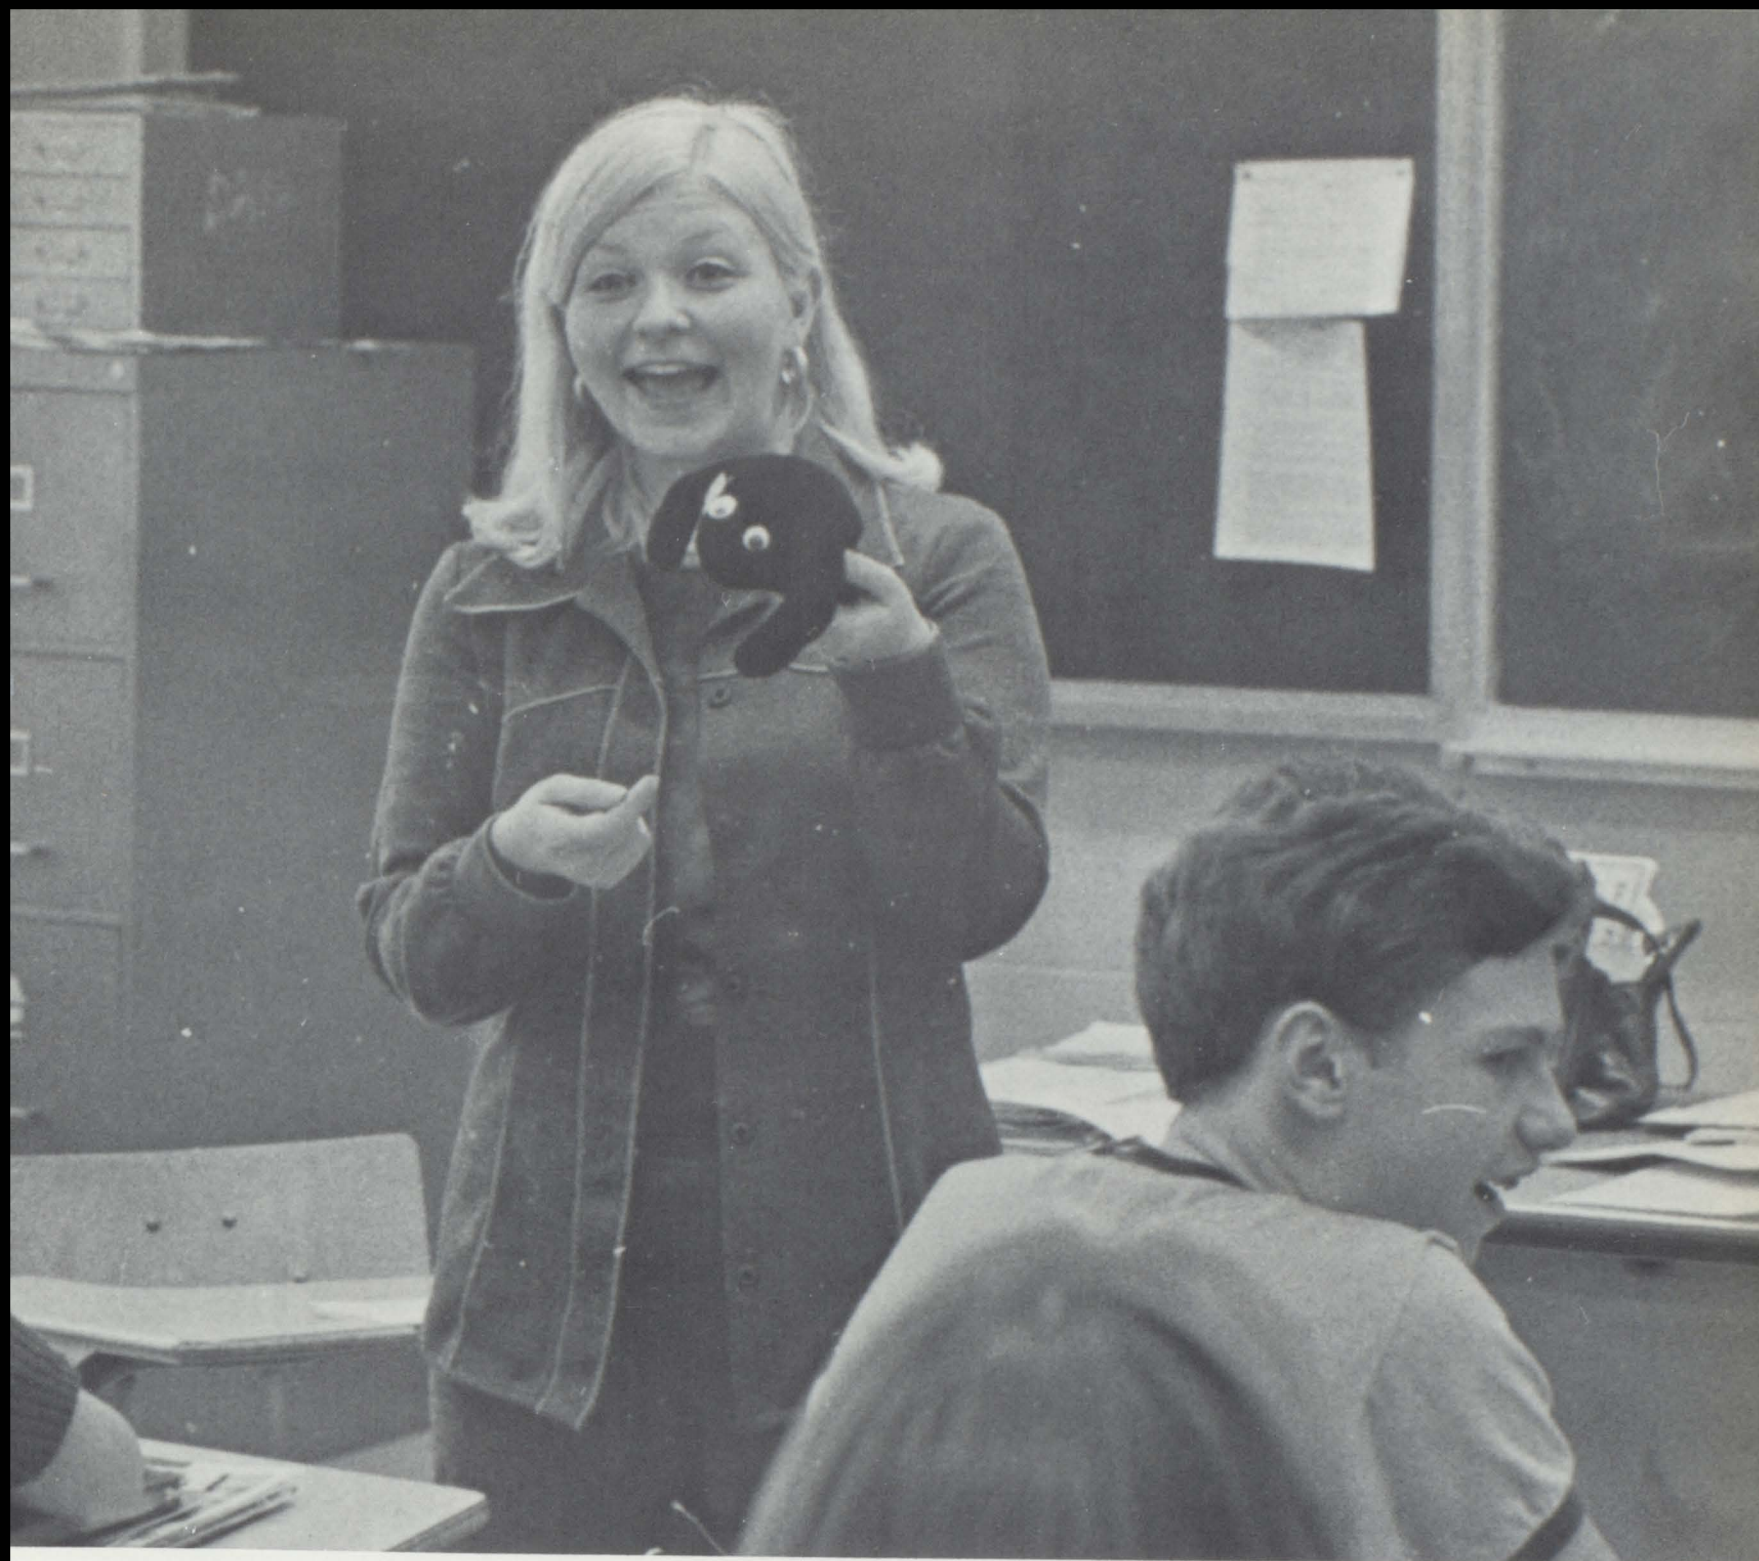

All of the varied skills learned in Industrial Education will become valuable daily tools in the work-a-day world which waits beyond graduation.

Language Offers Opportunities To Become Bilingual

"Hola chico, como estas?" "Guten Tag." Sound Foreign? Well it should. These are examples of the several foreign languages that West students strive to learn during the school year. Students at West struggle with verb conjugations, sentence structures, and the endless imitations of what proper accent for the language. Whatever the effort, it turns out to be worth it. Language is where it's at on the second floor of "B" building. "Adios amigo." "Auf Wiedersehen."

(Right) Adolph the teaching aid helps students in Mrs. Hamm's class learn German. (Bottom Left) Mrs. Levin emphasizes the importance of learning Spanish grammar along with the vocabulary. (Bottom Right) Verb conjugations are an important part of learning Spanish as Miss Koumelis demonstrates.

Math Department Becomes Scene Of Pilot Program

The Proviso West Math Department was the scene of a pilot program this year. With a grant from the National Science Foundation, Dr. Zalman Usiskin, a professor from the University of Chicago, established a national model course titled "Algebra through Applications." Miss Marie Hill assisted Dr. Usiskin in instructing the experimental course.

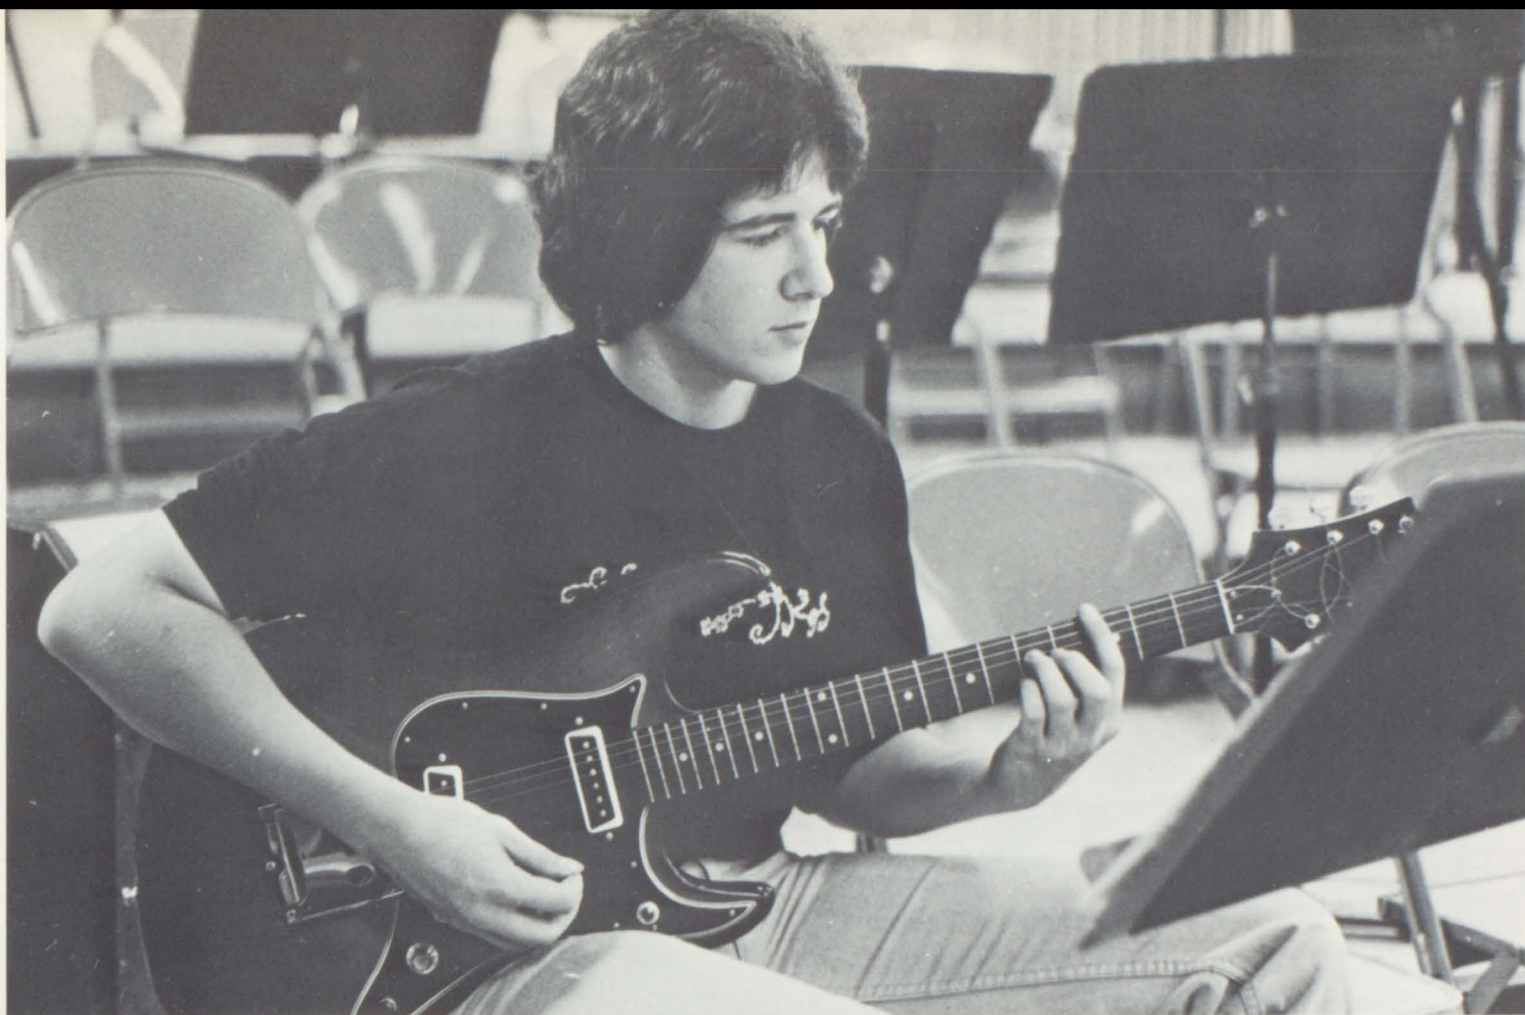

Proviso was also the scene of Math Day in March. Several hundred students interested in mathematics attended the annual convention, which was successful due to the efforts of faculty members of the math department.

(Far Right) The Base 12 system is a cinch for Tim Williams. (Above) Mr. Fitzgerald appears confident that his students will be able to solve the math problem he has found. (Right) At times, some of those math problems seem impossible, but after some serious thought, a blank piece of paper will soon bear a solved problem.

Musical Groups Provide Students Creative Outlet

Music enthusiasts continued to develop their talents this year in Marching Band, Concert Choir, Jazz Bands, and several other musical groups. The Music department always puts forth its finest in providing Proviso West with some of the most talented musicians in the western suburbs.

At this year's Homecoming, Marching Band members put on a fine show in the annual parade. The Band also won first place with their float.

Once again, summer band brought out many interested eighth graders who became part of the Proviso music program.

Madrigals added color with their melodic voices during their annual Christmas performances.

P. E. Keeps West In Shape

Gymnastics, tennis, softball and swimming are just a few of the many courses offered in West's Physical Education department. These and several other courses kept 4,300 students in shape this year. In addition to the popular sports of golf and archery, a ski conditioning course was added this year. Visiting instructors taught various techniques of skiing on dry land.

Proviso's Panth'rettes once again competed for national honors, and a new flash flag corps was instituted to add to the pagentry of football games and parades.

The Choreography Concert in January enjoyed overwhelming success as did the Orchesis Concert in March.

This year's Homecoming Queen, Mary Ann DiBenedetto, displays the technique she learned in tennis. (Left).

Science Labs: Key To Learning

Laboratory activities have become the key to learning in the Proviso West Science department. Freshman Science courses, which have been traditionally taught through lectures and demonstrations, are now taught through student involvement in the lab. Earth Science presents students with a variety of lab options. SDL Biology allows students to choose from a variety of lab experiences in order to explore and illustrate basic biological principles. CORE studies gives students the opportunity to relate chemical processes to events in man's history.

These and many other science courses at West have broken away from the traditional in order to directly involve students in learning.

(Center) Dominic Mondo demonstrates safety in the lab by wearing his safety glasses. (Right) Pat DeNeve, Jill Yuenger, and Theresa O'Sullivan chart their lab findings together. (Far Right) Mrs. Emmett introduces her class to some former "students".

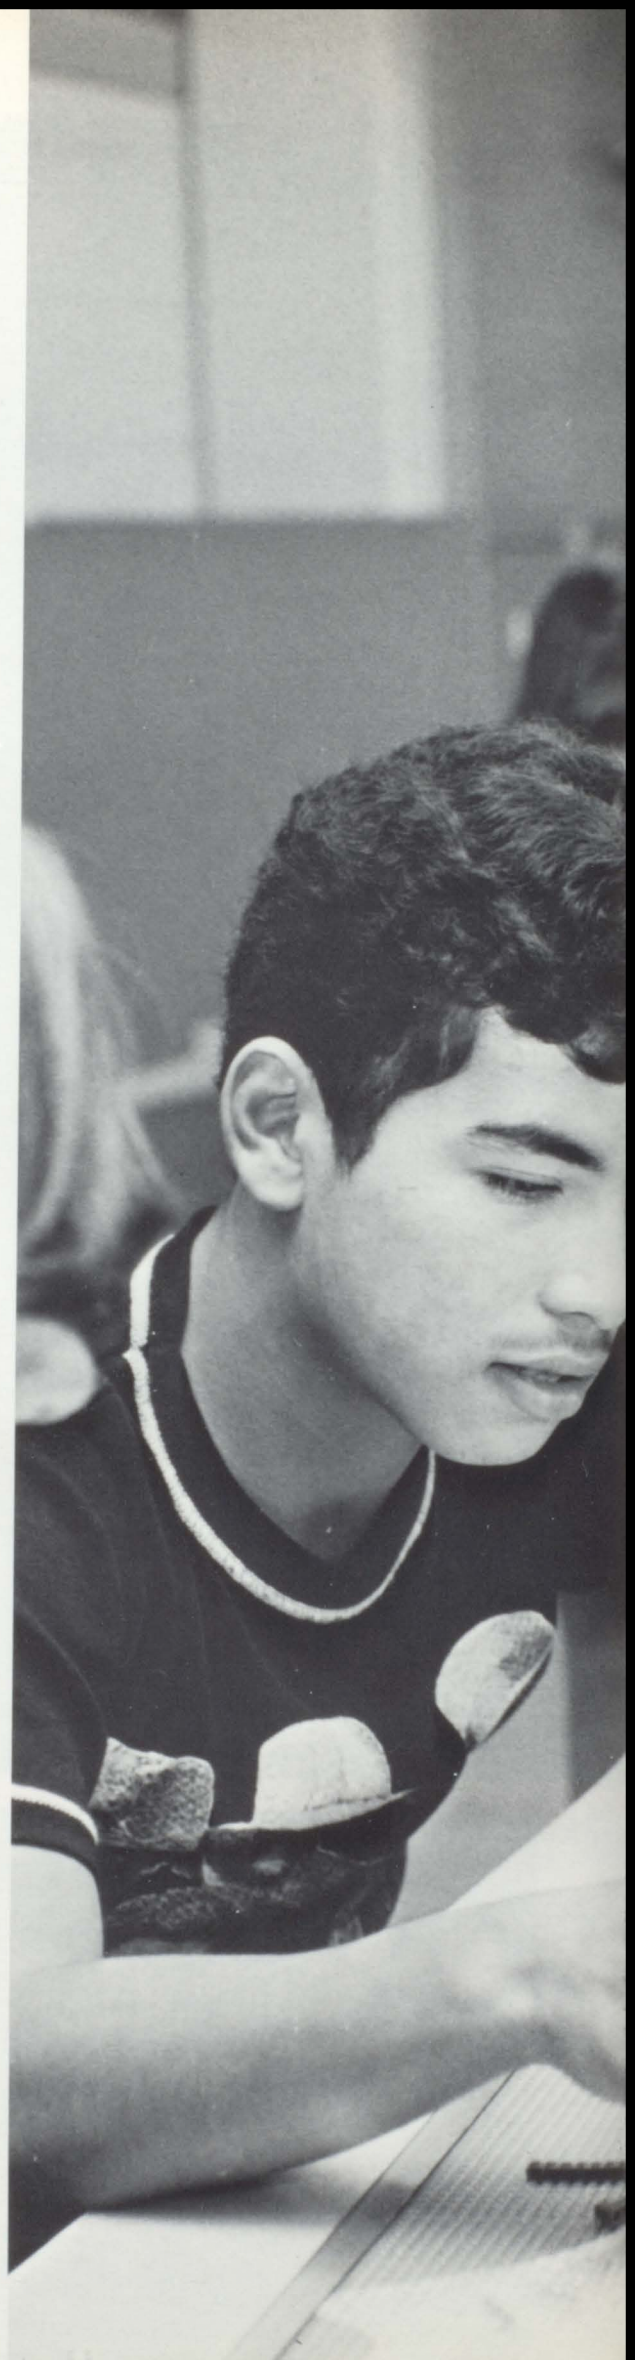

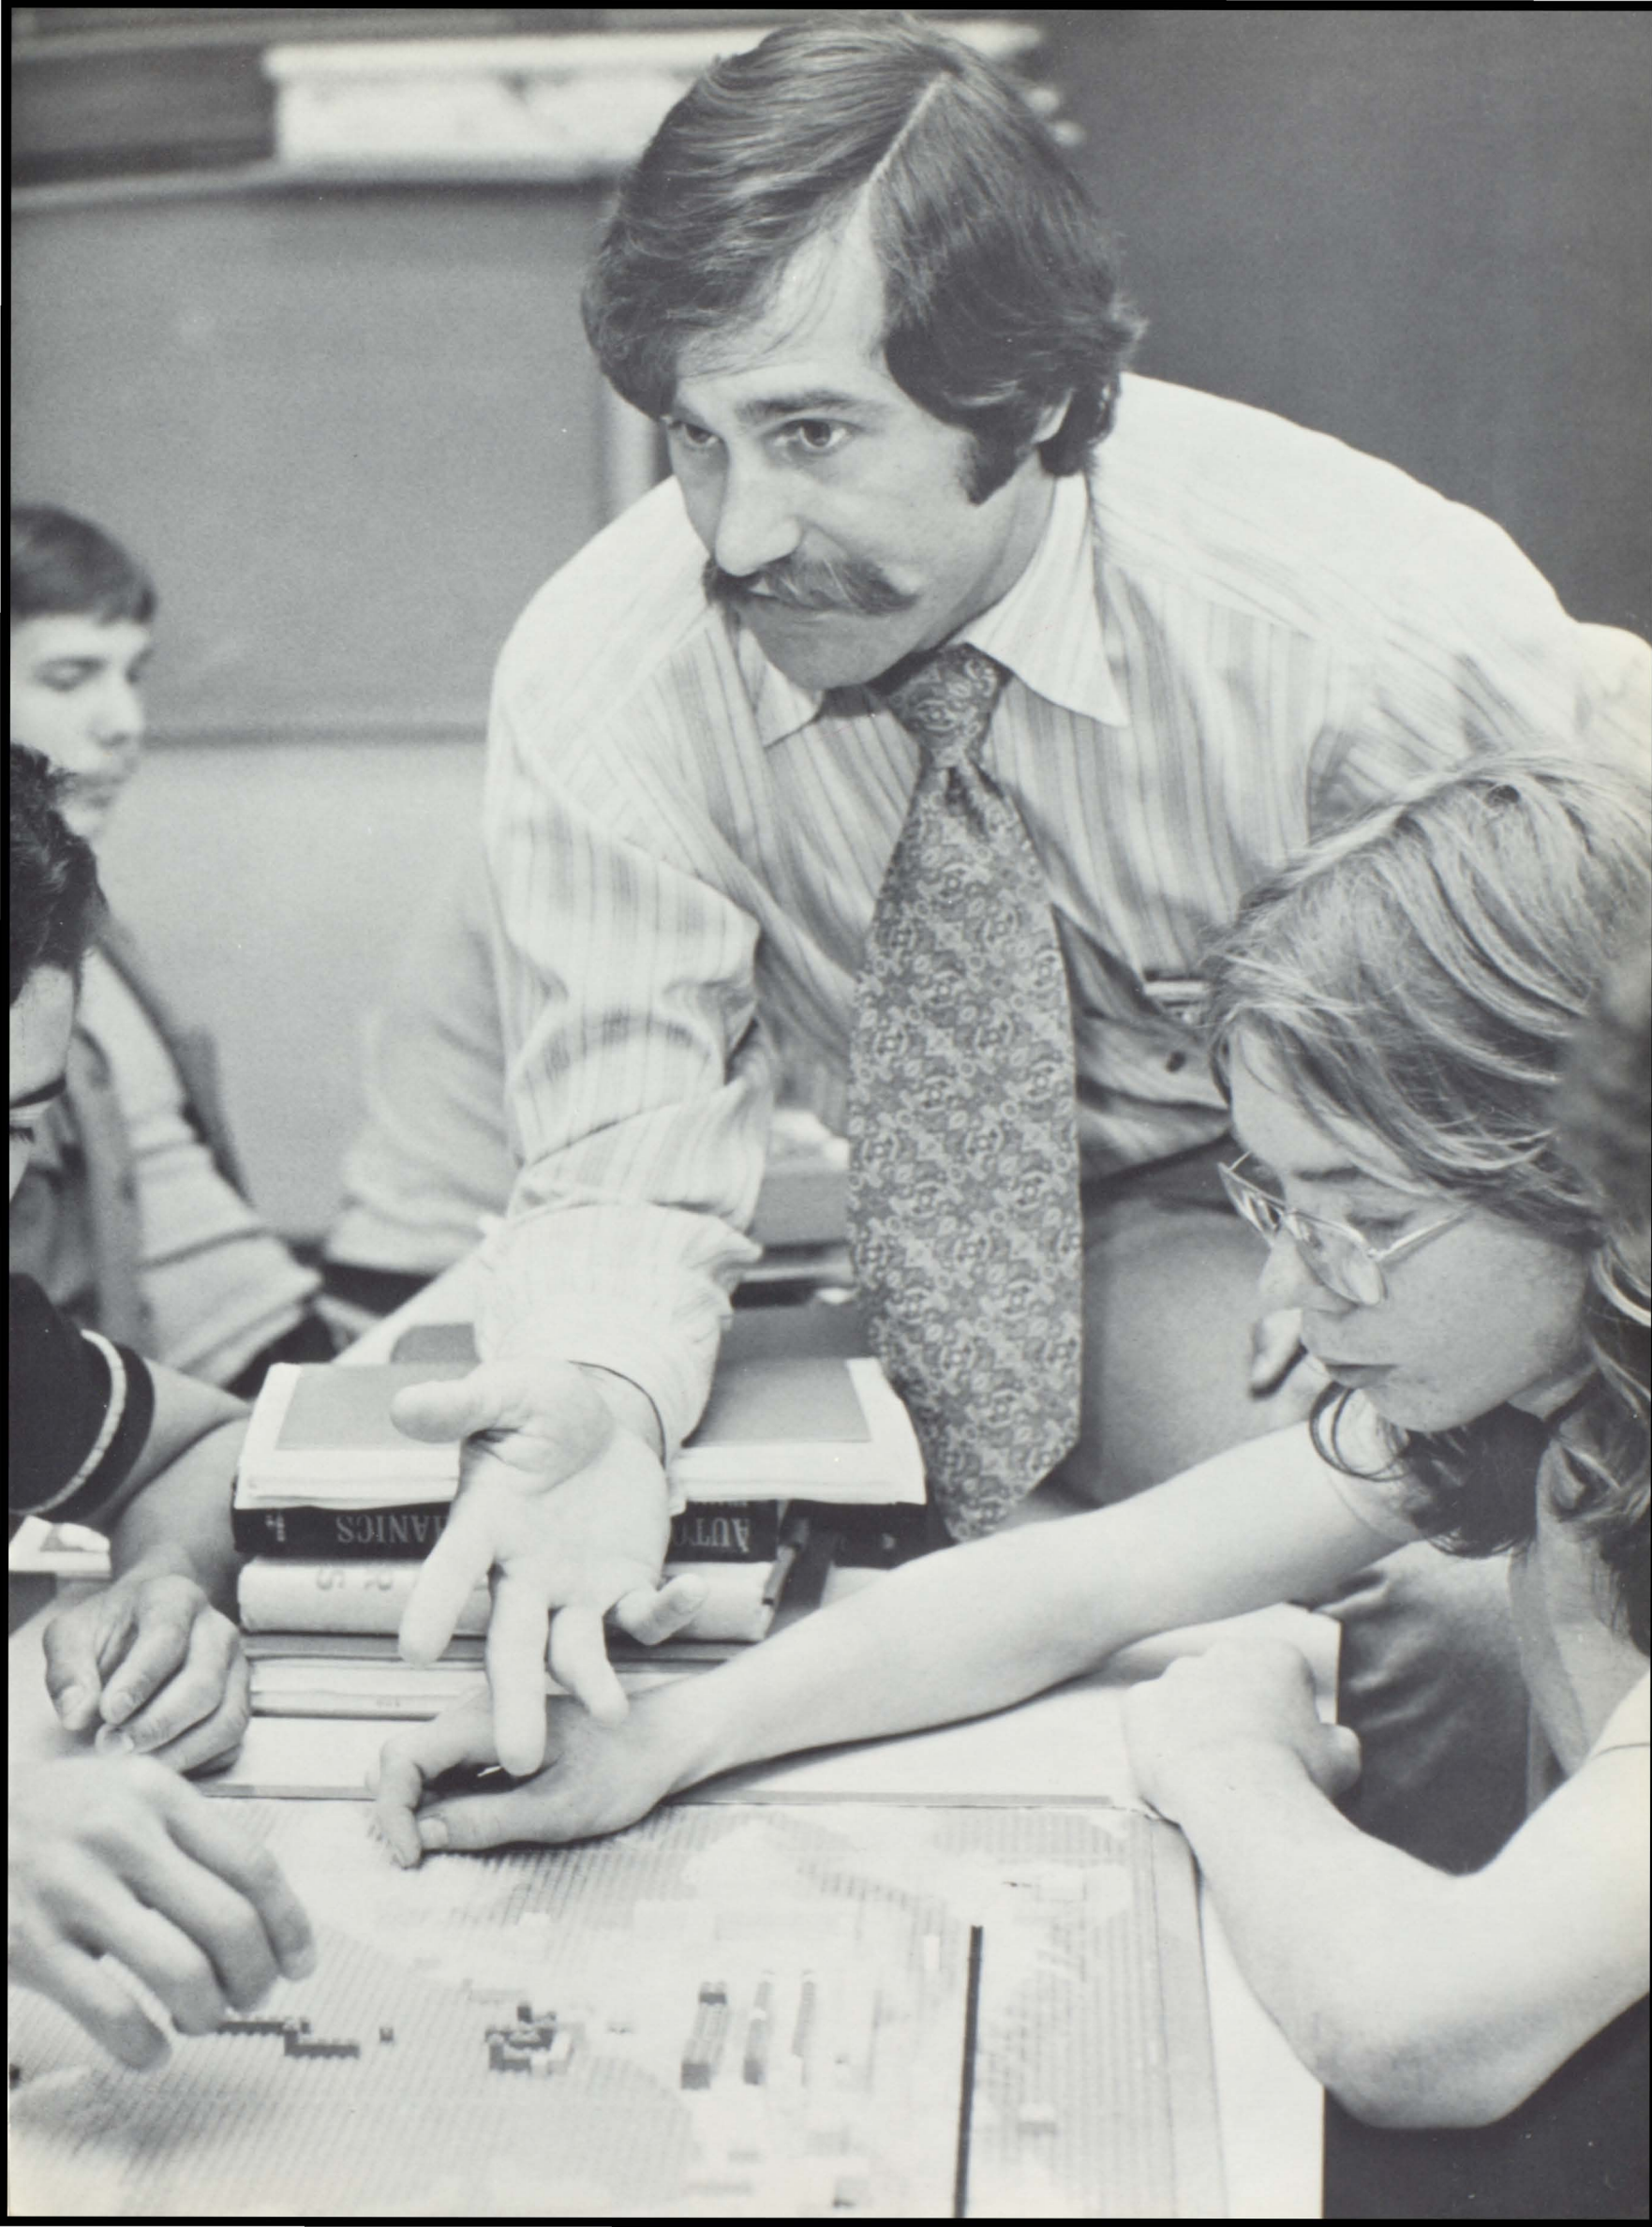

Social Studies Offers Variety Of Activities

West's Social Studies department combines a variety of activities. Current History, Geography, U.S. History, and Psychology are just a few of the many courses that are offered. Social Studies scholars find that a rich blend of good teachers and well-developed courses of study result in an outstanding social studies background.

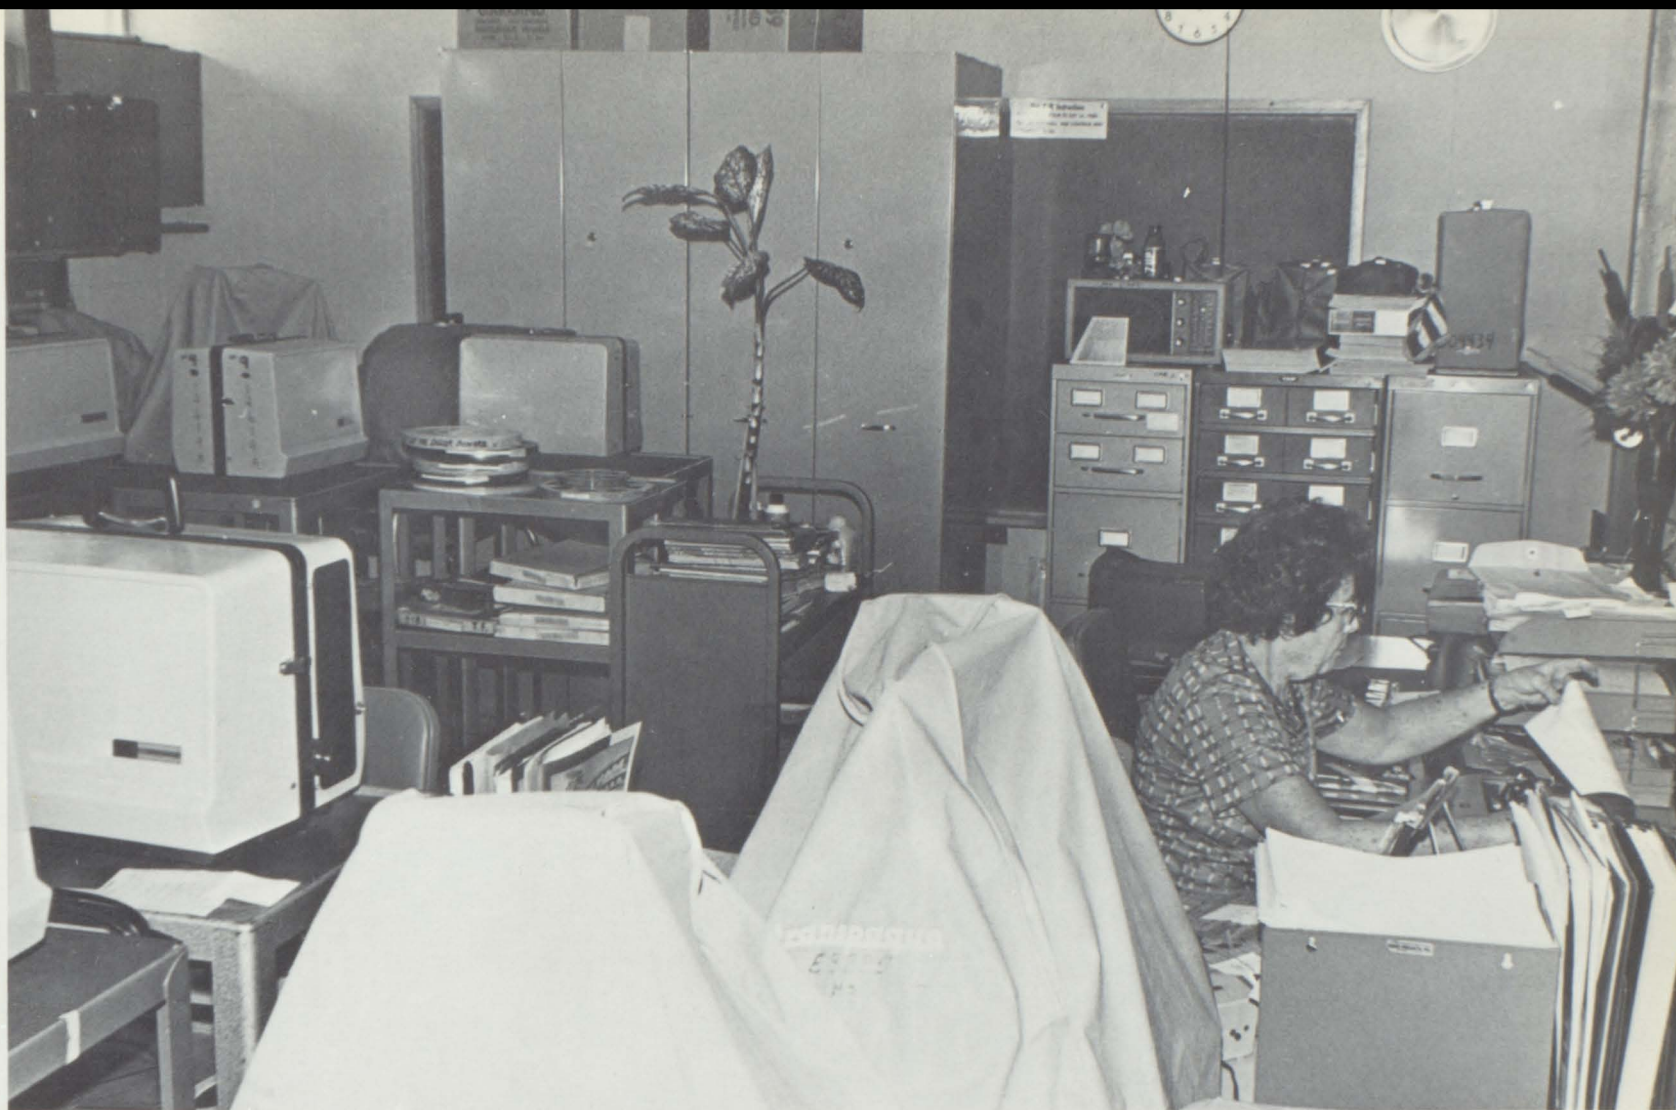

U.S. History took on added importance this year as the bicentennial celebration approached.

(Right) Students in Mr. Guzauskas' class discover that building mock cities helps them to understand World Geography. (Below) The Social Studies bicentennial display case depicts America's beginnings. (Below) An alert Current History class responds eagerly to Mr. Basic's exciting lesson on current events.

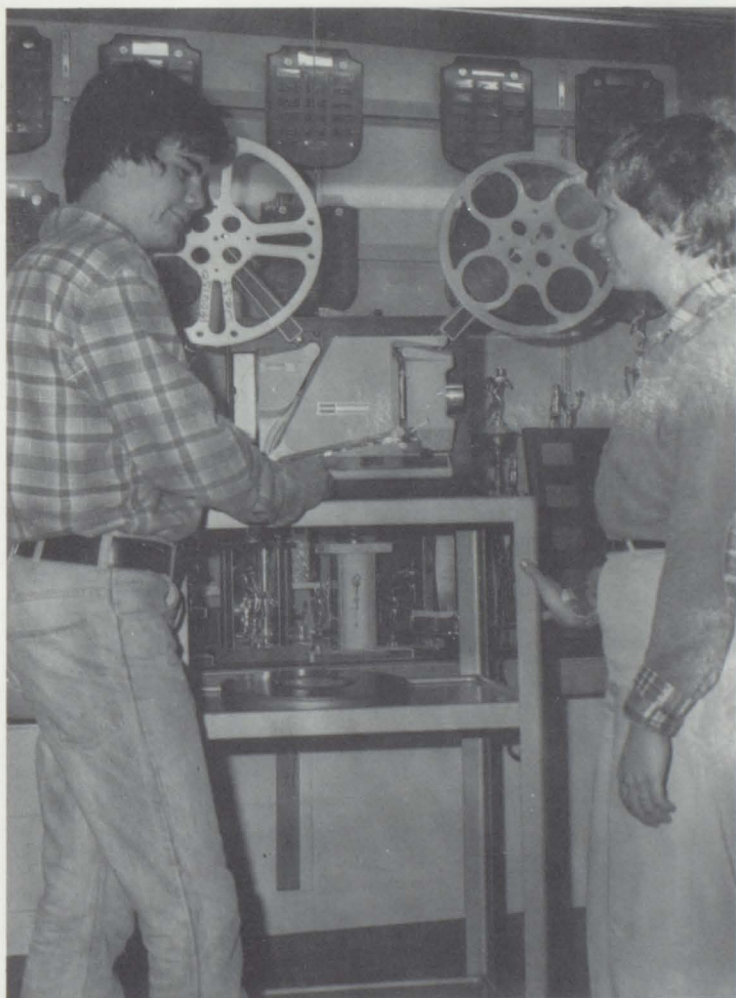

Special Services Give West People A Helping Hand

There is always help available at Proviso West when help is needed. Proviso's Special Services aid both faculty and students. When the need arises, Librarians cope with demands from students seeking a little extra knowledge. The school nurse must deal with crises everyday — from a headache to a broken bone.

Audio-Visual, with its new room, has been able to expand from its cramped quarters in the confines of A Building (shown here).

Without Special Services, Proviso would find itself in some very difficult situations.

Bands Fill West Halls With Music

Again this year, Proviso West's Bands offered a creative outlet for many talented students. In addition to entertaining at Homecoming, the band was responsible for filling West with music during many others times of the year.

The Christmas Assembly became more festive due to the fine performance of the Symphonic Band.

Demonstrating spirit and unity the members of the Bands took first place in the Homecoming Float Competition.

As a senior, Linda is looking forward to college and possibly a fine scholarship for her twirling talents.

Linda Lopienski runs through her routine at the first pep assembly of the 1975-76 school year.

Guard Proudly Displays Colors

The five-man Color Guard added a touch of the military to parades and football games through-out the 1975-76 school year. Jeff, Tom, Craig, Jonas, and Gary supported our Bicentennial colors proudly at every event.

Proviso's Best Singers

Selected only by audition, the Madrigals are the very best singers at West. The fourteenth century Medieval costumes added much color to the singers, but the elegance of the costumes was surpassed by the exceptional singing. One of the many places the Madrigals sang this year was the Woodfield Shopping Center.

The Christmas Assembly was one of the many activities which Concert Choir participated in during the 1975-76 year.

Concert Choir Sings For West

Once again the Concert Choir brought 'joy' to the faces of many Proviso West students.

The Choir started the 1975-76 year with the traditional robing ceremony. The ceremonies were an official way of welcoming new members of the choir into the traditional Proviso style. Other activities the Choir did were the Christmas Assembly, Spring Concert, and get-togethers, along with a few picnics. The choir was directed by Mr. Fred Smalley.

Tech Guild Is At Work Behind The Actors' Curtain

When you see a play at West the actors appear to be doing all the work. Granted what they're doing is work and lots of it, but very few really realize the technical work put into a play. Weeks and even months before opening, people work at making sets and props and make sure all the actors are

put in their best perspective. Lighting, an art in itself, plays a major role. Without it very few plays would be worth watching. Prop-men keep things at hand for the actors, so they don't have to concentrate on the 'little things' and can worry about showing their best.

Fall Play Begins Hit Season For Thespians

Students are asked to join the Thespians after appearing in two plays or after appearing in one play and acting as crew leader for two productions. Students may also join if they participate in Individual Events. Some of this year's activities included the Club Drive, the Christmas Party, working on all play productions, and putting on a bake sale.

This year's fall play was **Night of January 16** under the direction of Mr. Gene Weygandt. After packing the Little Theater every day it was presented, the play was held over for an oncor performance.

The Contest Play was **The Three Sisters** by Anton Chekhov, directed by Mr. Robert Grothe.

The Thespians concluded their season with the Spring Play, **George Washington Slept Here** by Kaufman and Hart, directed by Mrs. Bette Donoho.

Language Enthusiasts Join French, German, Spanish Clubs

Learning foreign languages involves much more than just memorizing words and translating sentences. The students must have a chance to experience the customs and cuisine of the countries they study. Language clubs

give them this chance to explore. Bake sales with import goodies, ethnic restaurants, and trips to the countries themselves help the members to further their interest and knowledge.

"Flash Flagers" Join Panth'rettes

Under the direction of Mrs. Erickson, the Panth'rettes are an undeniable asset to West. Through snow and rain the Panth'rettes cheered on the Panthers and really brought "the old West spirit" back.

This year a new group joined the Panth'rettes. Eight girls who carry the school colors, enhance the halftimes and parades. The group is called the "Flash Flags." They twirl and maneuver the flags to the accompaniment of the band.

Dressed in the spirit of '76, the Panth'rettes performed to the patriotic music played at this year's Homecoming halftime show.

Cheering Squads Aid West Spirit

The Proviso West Cheerleaders have changed their style this year due to a recent trip to camp. With a new captain, Deb Bieber, and co-captain Pam Blake, the girls have really been working hard to keep the changes coming.

The varsity squad attended camp again this year bringing back more awards. They received first place for their Notebook and a ribbon for their skit "A School Without Spirit". Karen Lucier received third place as an individual, and the entire squad received the team improvement trophy.

The cheerleading sponsor, Miss Long, believes the squads are improving and working hard to give support to the West teams.

Usherettes won third place for their Dec-A-Door entry.

TGWS, Pacerettes, Usherettes Support West Teams

This year TGWS Hostesses had a membership of fifty. They assisted the athletic teams as timers and score keepers in all home games for Track & Cross Country, Gymnastics, Wrestling, and Soccer.

These sports continue through Fall, Winter, and Spring. TGWS contributed to the spirit of Homecoming by decorating a car for the parade. This year concluded with an award ceremony for members who met requirements for serving at a particular number of events.

This year's Pacerettes have been busy cheering, making posters, and having organizational meetings to help support the Pacer Hockey team. Their main function is to be a pep squad and to let the team know that there is someone behind them.

Usherettes not only usher at plays, but they also usher at sport events. The Usherettes bought tee shirts this year which they wore at sport events. They scheduled a Christmas party and a carnation sale. The group went on a hayride and held a Valentine candy sale. The biggest event of the year was the annual banquet in May where new officers were announced.

Marinettes Is A Growing Experience

Wet hair . . . loose nose plugs. . . sore muscles and breath control are just some of the feelings that all Marinettes experience. This year Marinettes had 40 members who all worked hard to put on their annual water show entitled "Days to Remember, January to December" (May 20, 21, 22). The club started off the year with encouragement by winning 1st place in the minor Homecoming float competition. The winning structured was built during the summer with time, patience, pride and determination put in by each girl. The group effort proved rewarding. This year the Marinettes competed against other schools in synchronized stunt competition and traveled to Cedar Rapids, Iowa to compete in AAAA group competition. This club has grown and made improvements every year. The accomplishments for '76 consist of: more student interest, larger show funds (earned by selling candy), purchasing of team swim suits and arrangements for a 2nd annual Marinette Banquet. The sponsor, Mrs. Kathleen Schroeder, and the club officers summarize the club as an encountering experience involving learning, fun, new friends, and beautiful memories.

Cine Club Serves West

The Cine Club does an invaluable service for Proviso West by making tape recordings for school plays, swim shows, dance shows and variety shows. Besides delivering and picking up AV equipment. The Cine Club held a farewell party in May for the seniors, with a lucky senior receiving a Scholarship Award.

CAMERA CLUB (L To R) Mr. Haas, Bob Kozurek; President, Jim Bosek, Melody Haas; Secretary, Bob Diaz, John Perry, Jim Newkirk, Cherie Scrimali, Kevin Reyes, Debbie Olandise, Jim Greenhill.

Camera Club Offers Advantages To Students

There are many advantages which a member of the Camera Club can participate in. The club buys bulk film to sell to the members for cost only. The club helps beginners get a darkroom started and instructs them on the proper way to process film, and print photographs. This year the club has shown six movies. The movies show areas like black-and-white and color processing, taking good pictures, making movies, and explaining different types of cameras. In January, the club held a contest for club members. Winners of the contest have had photographs sent to the nationwide Kodak contest. Last year Melody Haas won a gold key. This year the club hoped to have more members submit photos and win awards.

Stamp And Coin Hobbyists

The Stamp and Coin club met weekly for trading sessions, viewing each other's collections, and talking about stamps and coins. From time to time, weekend field trips were taken to Chicago Area stamp and coin exhibitions and shows. Also, the club viewed films on stamp and coin production and collecting. Each member of the club has his own interests as he specializes in his collecting, but enjoys the fellowship of his fellow hobbyists.

Young Women Join Lettermen

The club drifted out of existence last year, but once again the Letterman's Club has re-organized — but not according to tradition. For the 1st time since the beginning of the club, young women athletes who have earned major varsity letters have been allowed to participate.

Since the club was out for a year, it had a very slow start. The major problem, of many, was finding a sponsor. Mr. Bernard Skul, was the man found to be elected for this position.

The Letterman's club participated in many activities this year — the first being the Homecoming Pep Assembly.

1976 Mural Increases Size

"What happened to those prints? "Who developed those pictures? "Can someone write this copy?" "Does anyone know how to type?" "Did you say our deadline is tomorrow?" "Come on, guys, let's get our act together."

These are just some of the comments you probably heard if you passed by the **Mural** office this year. They represent the frustration, crises, and deadline pressures that accompany year-book journalism. The staff does have some fun, but putting out the **Mural** each year is really a big job.

The 1976 **Mural** was fortunate to have some experienced editors to help orient the new staff members. By working together, the editors, general staff, and adviser, Mrs. Bosky, managed to meet each deadline without too much frustration. The staff was relieved when the last set of pages was finally sent off to the printer.

One problem that the staff did not have to cope with was cover design. The '76 cover was created and drawn for **Mural** by senior John Sheehan, an art student at West.

The year's social highlight was the annual Publications Dinner in May. Mrs. Bosky presented awards to outstanding workers and announced next year's editors. The following day frustration began to build again as the newly appointed editors began to plan next year's book!

Profile Contends For Top Honors

Profile staffers came back from Ball State University workshops brimming with ideas for the '75-'76 **Profile**. Staff members put a little polish to the old **Profile** and came up with an attractive paper that appealed directly to student interests. **Profile** maintained a 12 page news magazine published twice a month, splashing it with color and well-planned graphics. Under the direction of Mr. Stephen Bosky, adviser, and some experienced senior editors, **Profile** put out a publication that rivals any newsmagazine in the country.

Every year, staffers compete for Quill and Scroll honors, staff promotions, and recognition including CSPA and NSPA awards. The spring pot luck dinner included the presentation of all awards including the **Profile's** "Big Inch" awarded for the most prolific writer during the '75-'76 school year.

The Ecology club had approximately 75 members this year. Activities other than working in the nature area, this year included, horsebackriding and outdoor workshops. The club took trips and hikes to the Forest Preserves, Morton Arboretum, Fullersburg, and the Old Crow Mill. Making and selling crafts such as terrariums, floral arrangements, decoupage, placemats, and Ecology boxes, were some other of the many activities which the club participated in. Several members of the Proviso Organization rode in the Wheeling 100 mile bike ride. “Indispensible” Word For Aids

This year 44 Library Assistants willing to give up their study periods, are helping to keep the library materials, thousands of books, magazines, and pamphlets, and hundreds of records, in order and ready for use by the thousands of students who use the library during the year. The library assistants assist the librarians and the secretaries in countless other ways, besides shelving books and checking books out and in at the desks. Together the assistants serve approximately 172 hours per week.

“Indispensible” is the only word for the P. W. Lab. Aids. Along with setting up experiments for class use, the labs aids learn many skills not normally taught in any of the other science courses. Many of these exceptionally talented students will be majoring and continuing into the field of science after they leave Proviso.

Chess Team Does It Again

Chess team with about 25 members has once again proved to be one of West's more outstanding clubs, for the 75-76 year.

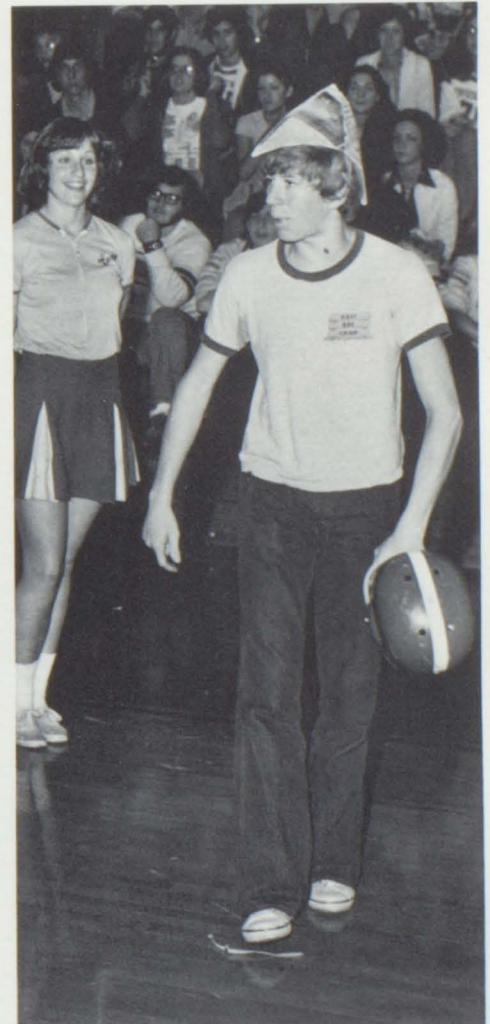

The 74-75 Chess team proved to be the highest ranking team in Wests' history, and the sponsors, Mr. Marino, and Mr. Stilwell feel it will continue to be that way.

Jungle Returns To Cheer West

The bleachers at West were filled with smiling, cheering faces once again. The Jungle came back to West this year after being disbanded for a few years. The return of the Pep Club brought with it the return of West's school spirit. Besides cheering, throwing confetti, and just having a good time the pep club also proved to boost team moral. The Homecoming pep assembly was a huge success thanks to the Jungle. The skit put on by the pep club was enjoyed by all, and served as a reminder to attend the Homecoming football game.

Girls Basketball Jumps High

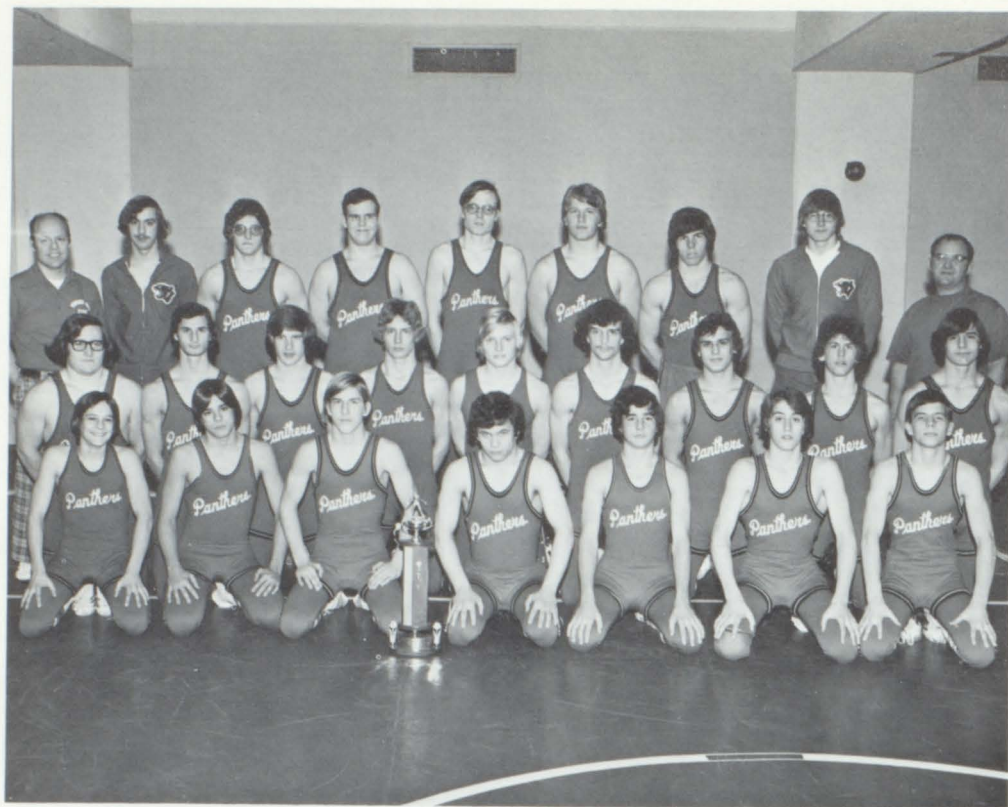

Due to the date of the opening of the Girls Basketball season, the MURAL has already sent the proofs into the publishers. We appologize for not having coverage, but the book had to be sent to the publishers by March 15. Mrs. Jayne, the Girls Basketball Coach did have this to say "Both teams show steady improvement throughout the season." "Many under classmen should be returning, so we look forward to a stronger season next year.

Tom Yassen and Jim Lindeman made the All Conference Team and Yassen the District Champion was injured and couldn't wrestle in the Sectionals — the last half of the seasons record was hurt by several injuries and illness's. It was a greatly improved team over last year and most of the team will be back next year. Proviso West also took 3rd in the 8 team tournament.

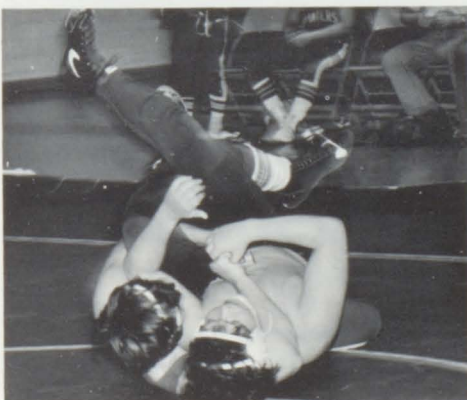

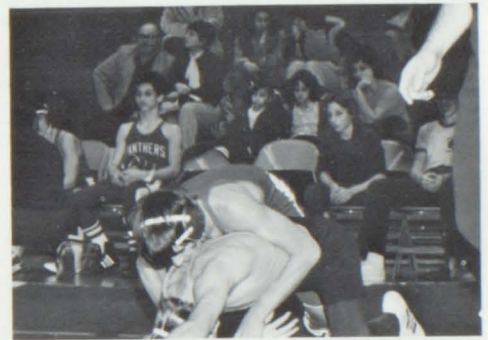

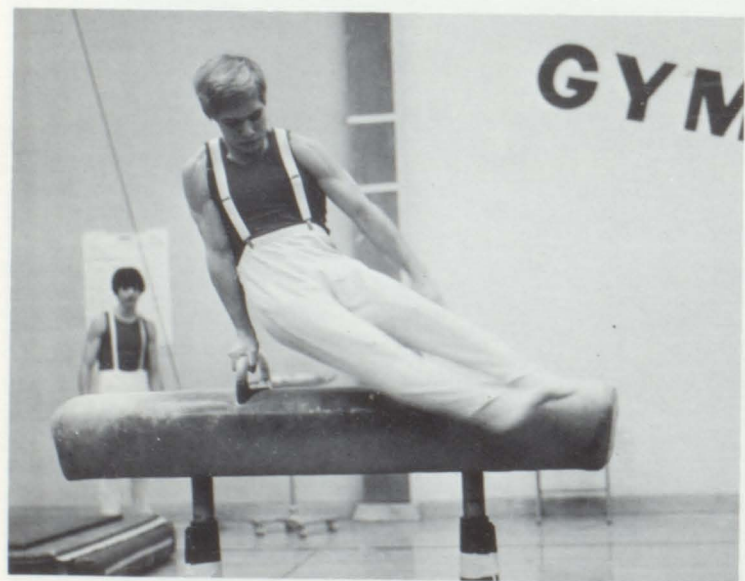

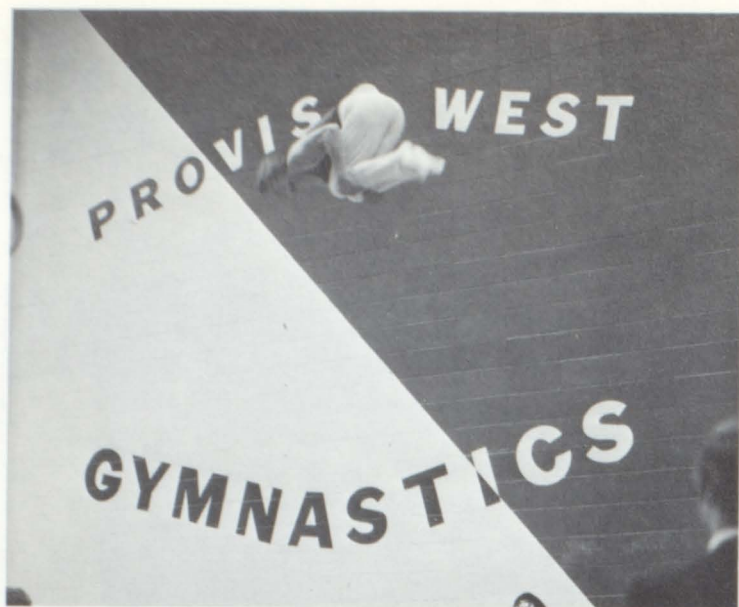

As the Freshman Wrestling Season came to an end, some outstanding victories were won. Such victories were from wrestling powers as Rich South, Riverside, Brookfield, Oak Park. The young cats came on strong and were very impressive at the end of the season.

Luis Mirabil was the most outstanding Freshman Wrestler, finish the season with a 13-2 Record. He was followed by Tom Yudys (12-2-1) along with Joe Zito, Ed Thompkins, Rich Smith, Jerry Mahler, and John Wright. These 7 wrestlers were very hard to beat at the end of the season.

Gymnasts Do Their Thing

Varsity Gymnastics finished the season with an overall record of 10-4 in what Coach Sanders described as "the toughest conference in the state." Beating York and placing second in the District, the team qualified for the sectionals where they took third place.

Highlight of the year was taking first place in the Riverside — Brookfield Invitational meet. "We had a very strong season," Coach Sanders commented, "and next year we are going to be just as strong, if not stronger."

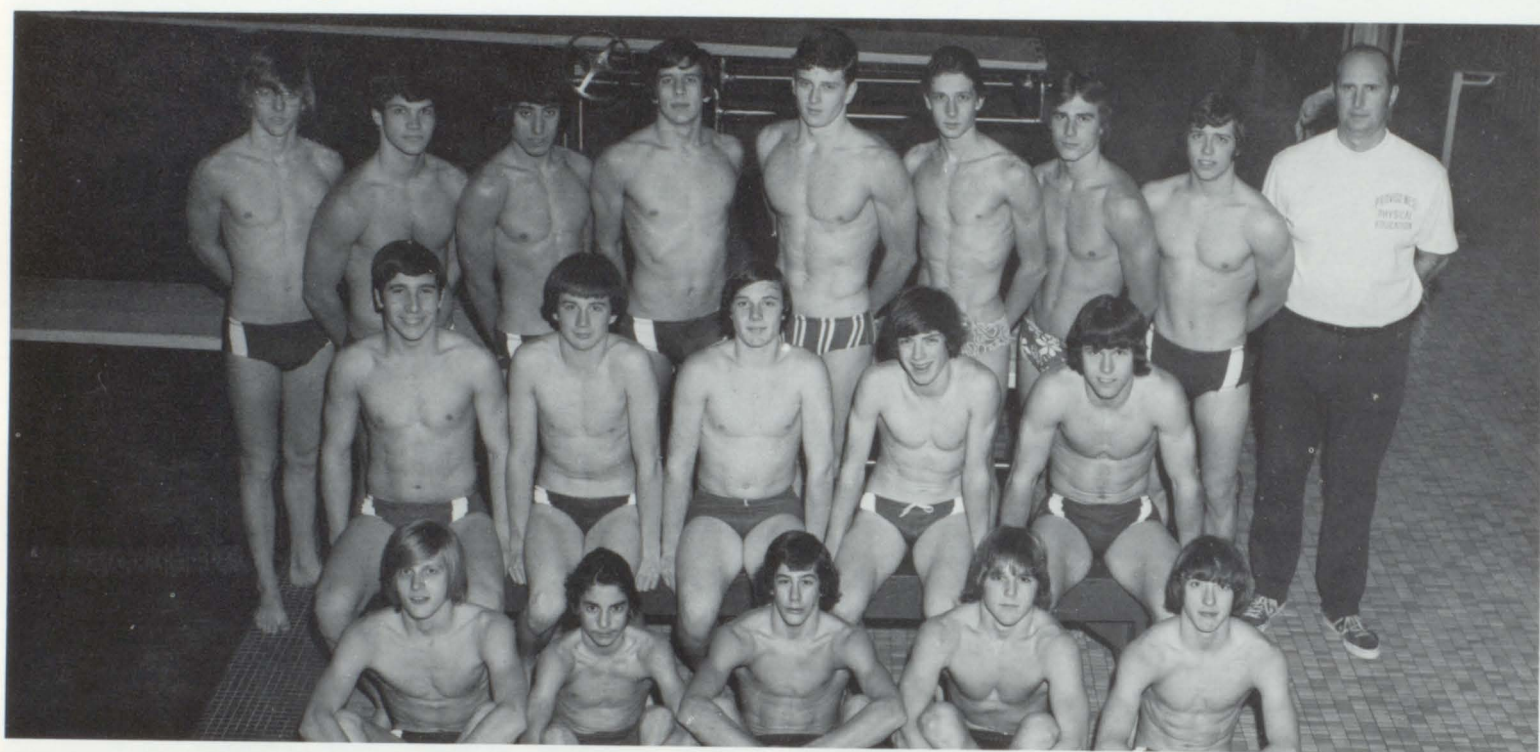

Soph gymnastics finished sixth in the conference with an overall record of 4-9. Daniel Obradovich was outstanding as an all-around performer at every meet.

"The best part of the Soph season," remarked Coach Hutchings, "was to be with our winning Varsity team and be able to learn what a winning team is like."

Varsity Comes Back From Behind

Not one accident or injury to any team member highlighted the girls volleyball season. The girls ended their season with a conference finish of Varsity 4th and J.V. 5th and conference record of Varsity 3-5 and J.V. 2-6.

Some of the most outstanding members of the team were Sue Dergance, Brenda Boganske, Nancy Jansky — consistent in all games with super performance. On January 7th the Varsity team had a scare. Proviso West against Proviso East was the situation with the score P.W. 3 — P.E. 16. The game did not look good. Nancy Peters rotated to serve, after being warned to settle down with less mistakes or she would come out. Nancy served 17 straight points to East and won the game 20-16.

Keep On Skatin'

This is the first year the Pacers haven't finished in first place but none the less have either tied or beaten the top teams in the state including Brother Rice the Catholic League Champions and Deerfield the Metro League Champions. During the past five years the Pacers have compiled an unbelievable record: 194 wins, 64 losses, and 21 ties. This record has distinguished the Pacers as one of the top ten teams in the state over the past five years.

Steve Boucher, this year's captain and high scorer, should achieve the 100 goal mark by the time the season and state playoffs are over. Boucher along with Peter Volpe, Mike Gloviak, John Harrold and Marty Beljung were selected to the all-start team of the Pacers' eight-team hockey conference.

The Junior Pacers continue to flourish with an abundance of talent with Tony Esposito, Scott Conidi, and many other fine freshman and sophomore players.

Friends . . .

What school is all about;

People who will laugh

And cry with you

And those that instruct and

Guide you.

At present, the faces in this
Portion may be just rows and

Rows of photos,

But, years from now these

Visages will be endless

Columns of

Smiles.

Board Oversees New Stadium

Although the faces may be unfamiliar to many students, the job that the seven member Board of Education does makes their presence known. Throughout the school years, the Board makes crucial decisions on such important matters as staff hiring, curriculum, classroom materials, and the expenditure of funds. The Board remains constantly abreast of school matters for both Proviso East and West.

During the past school year, the Board of Education oversaw work on West's new football stadium. Work began early in 1976 thanks to unseasonably warm temperatures in February.

They Supervise West Programs

Have you ever wondered where standardized tests come from? Or who worries about Proviso's business concerns? There are several "behind the scenes" people who worry about these things and more! These dedicated people take care of necessary matters that the average student never even thinks of.

Mr. Stanley keeps track of school business. Mrs. Taylor oversees the development and revision of course curriculums. Mr. Vandevender is in charge of continuing education, while Mr. Poulter coordinates the interdisciplinary courses. Mr. Schumacher is in charge of information services; Mr. Parillo is coordinator of special projects; and Mr. Oklepek is concerned with vocational education.

Everyday these people do something that directly or indirectly affects the students of West.

VIP's Keep West On Top

West's six administrators control a school as big as many small colleges, yet they handle the 4150 students and 227 faculty members with skill and precision.

Mr. Arthur Vallicelli, in his seventh year as principal, has helped to bring Proviso recognition by closely working with its teachers, department chairmen, school security people, and parent groups, and by dealing with the endless stream of problems that flow through the school switchboard.

Mr. Milano helps the school run smoothly by handling data processing, student records, and supplies. Mr. Milano also enables teachers to keep abreast of changes in enrollment, inservice programs, and Proviso's "State of the Union." Mr. Gusloff supervises student teachers, the school calendar, the senior class, para-professionals, and early bird teachers. He also controls extra work assignments, the contingency fund, and all school programs.

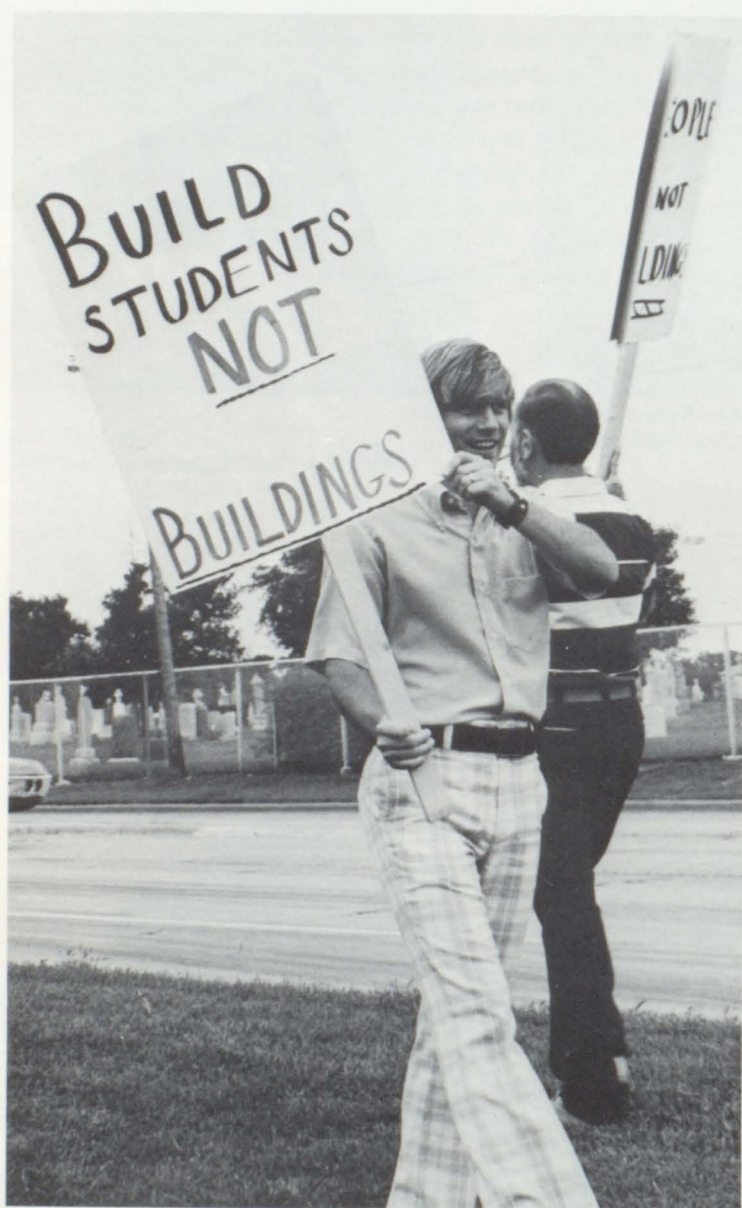

Mr. Stein not only serves as Sophomore Class supervisor, but also issues permits for field trips, supervises security, works directly with the attendance center, and supervises graduation. Mr. Merbitz is in charge of school station wagons, monitors, and school assistants. He serves as Junior Class supervisor and is also concerned with security and school buses. Mr. Wright oversees graduation exercises, the Freshman Class, monitors and student assistants, and public transportation. He also assists in the Drug Abuse program and handles Pep Meetings.

Security Force And PTSO Serve West

Both the Proviso Security Staff and the Parent-Teacher-Student Organization help to keep West running smoothly.

The Security Staff is responsible for security of the building and the school grounds. Another function of the staff is to investigate cases of student non-attendance. The six members of the security staff have become familiar faces to students at West.

The PTSO is responsible for getting the community involved in school concerns. Through regular meetings and open houses, parents are able to become directly involved in student education, and to become familiar with West courses.

PTSO OFFICERS: Mr. Orville Hansa, president; Mrs. Edward Hlinka, social chairman; Mrs. Arthur Bieber, vice-president; Mrs. Richard Moreau, membership chairman; Mr. George Nordeen, ways and means chairman.

Secretaries Keep West Going

Every day, West depends on the secretarial staff for those "little" things that left undone could become BIG problems. During a typical school day, the staff handles student records and schedules, solves textbook problems, answers constantly ringing phones, and helps administrators, teachers, and of course students. Without the assistance of the dedicated secretaries, Proviso would probably become the scene of frustration.

SECRETARIAL STAFF: (Top) Seated: Mrs. Ann Root, Mrs. Lynne Parenti, Mrs. Lorraine Sergey, Mrs. Sally Gosch. Standing: Mrs. Betty Gorey, Mrs. Thiel Chapman, Miss Molly Cavanaugh, Mrs. Barbara Connolly, Mrs. Chris Oddo, Mrs. Carl Person. (Middle) Seated: Mrs. Darlene Stupay, Mrs. LaVerne Isley, Mrs. Loretta Foidl, Mrs. Mary Hyers. Standing: Mrs. Dorothy Shupe, Mrs. Loretta Fitzgibbon, Mrs. Anne Hansen, Mrs. Fern Fraunhofer, Mrs. Kay Walsh, Mrs. Helen Dergance. (Bottom) Seated: Mrs. Helen Bowler, Mrs. Ruth Pedersen, Mrs. Donna Wright. Standing: Mrs. Ann Root, Mrs. Ruth Dohrmann, Mrs. Arlene Buth, Mrs. Albie Beuthin, Mrs. Carol Baker, Mrs. Nellie Grant.

Maintenance Repairs Proviso Breakdowns

When a locker fails to open or a window sort of falls off of its hinges, maintenance comes to the rescue. In many ways, maintenance helps to keep Proviso together. Few people realize the many tasks that keep both the day and night crews busy from the time they arrive in the building until the time they leave.

The maintenance crew is always around doing something to make West a better place. They can be found inside the building each day repairing floors, windows, and many other things. They can also be found outside the building mowing the massive lawn in spring and shoveling endless sidewalk in winter.

Without this necessary crew of men, keeping things together would become difficult if not impossible.

UNDERCLASS

SENIORS

Freshman Year —
Walking into a huge school — Alone -
New Faces and Friends —
Winning, and Losing; yet always learning —

Senior Year —
Looking back.

Sometimes I wish I could start again. Proviso may be a building, a school, but mainly it is the people who attend it. People and friends make high school what it is to me. The good Times — the bad — the efforts put forth, and the friends one will never forget, make being involved and trying, well worthwhile. Our class, '76, may leave and go their separate ways, but very few people will ever forget the spirit and togetherness they felt during the four years they spent at Proviso West. Maybe that is why I can look back at my four years and smile!

SENIORS

Senior Year ...
distant ...
waiting ...
dreaming ...
approaching ...
here
Now.
Soon
A memory.

Mary Ann Raha
Class of 1976

Being a senior means working on one last project ...

Or playing in your last high school football game ...

... or accompanying a high school vocal group for the last time.
For some, senior year brings recognition of scholarship.

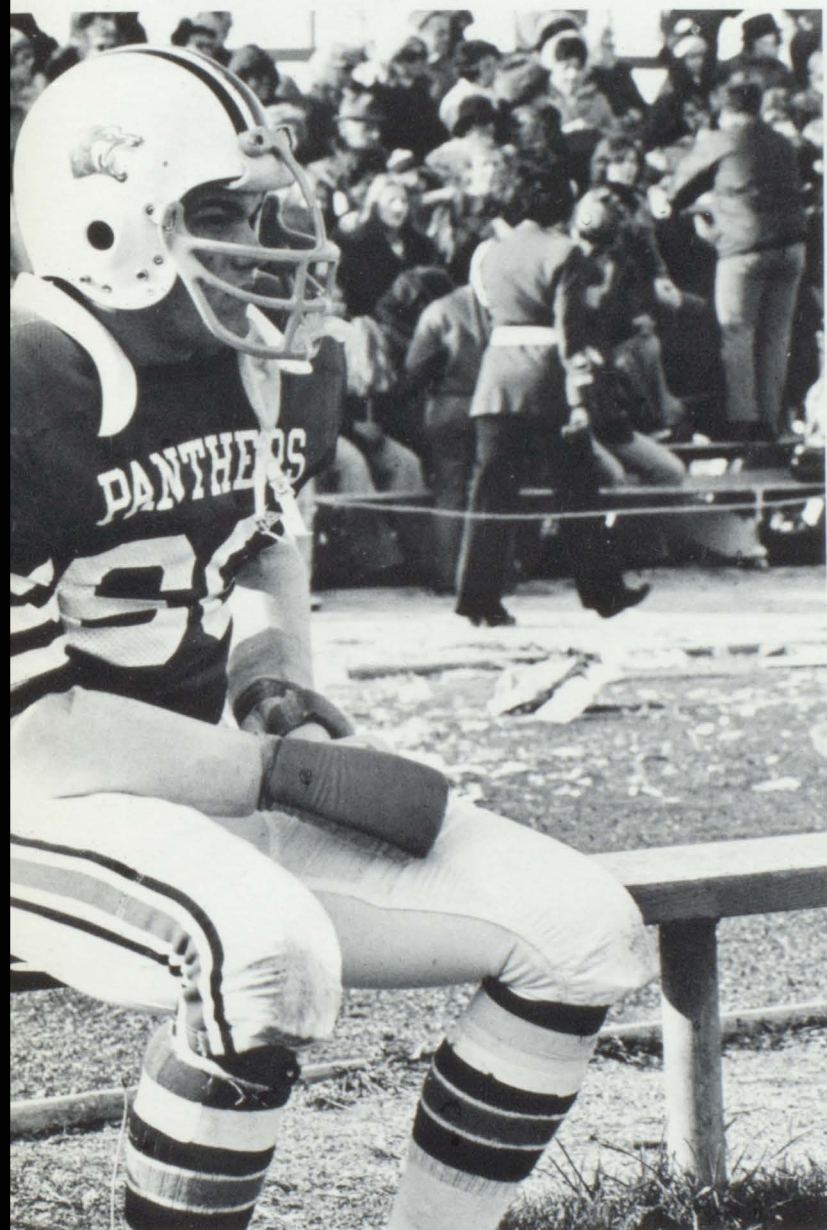

Senior Mark DeGuire was cited for outstanding performance in writing by the National Council of Teachers of English.

Mary Ann Raha is the 1976 winner of the Betty Crocker Award.

Being a senior means working on one last float ...
And finding all the effort pays off with a winner!

A Day At West In 1976 Is . . .

Class Work.
And reading the Profile.
And eating in the cafeteria,
But buying goodies from
Whatever club is having
A bake sale.
West is gym class
And after school projects.
And it becomes part of what
You are.

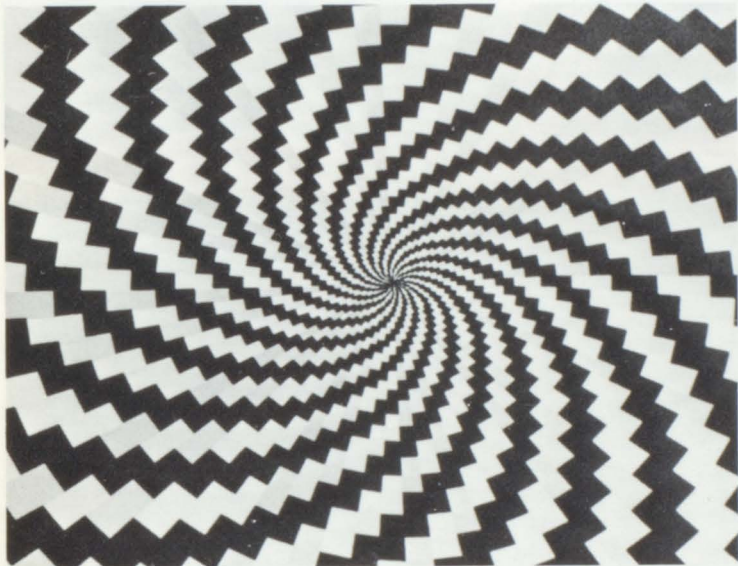

West Is . . . Student Interests

Music
Is popular as ever . .
Television continues
To occupy student time;
Poster collecting becomes
Popular. Beer cans are
The "thing."
Citizens' Band radio is
A way to pass the
Time.

Anything Is "In" For '76 Fashion

Almost everyone is wearing
Almost anything made out of
Levis. Tee shirts say just
About everything. Jump suits
Are popular. And the shoes!
Whoever thought guys would
Wear necklaces and bracelets?

It seems to be a
Wear what you will world.
Anyway, West is in style!

Some Things Never Change

In spite of what
Is currently popular
Some things never change.
Students grow in many ways.
They still have a desire
To play fine music
Or produce artistic works.
They see the value
Of practical and vocational training.
West is
As it always has been —
A place to learn and to
Grow.

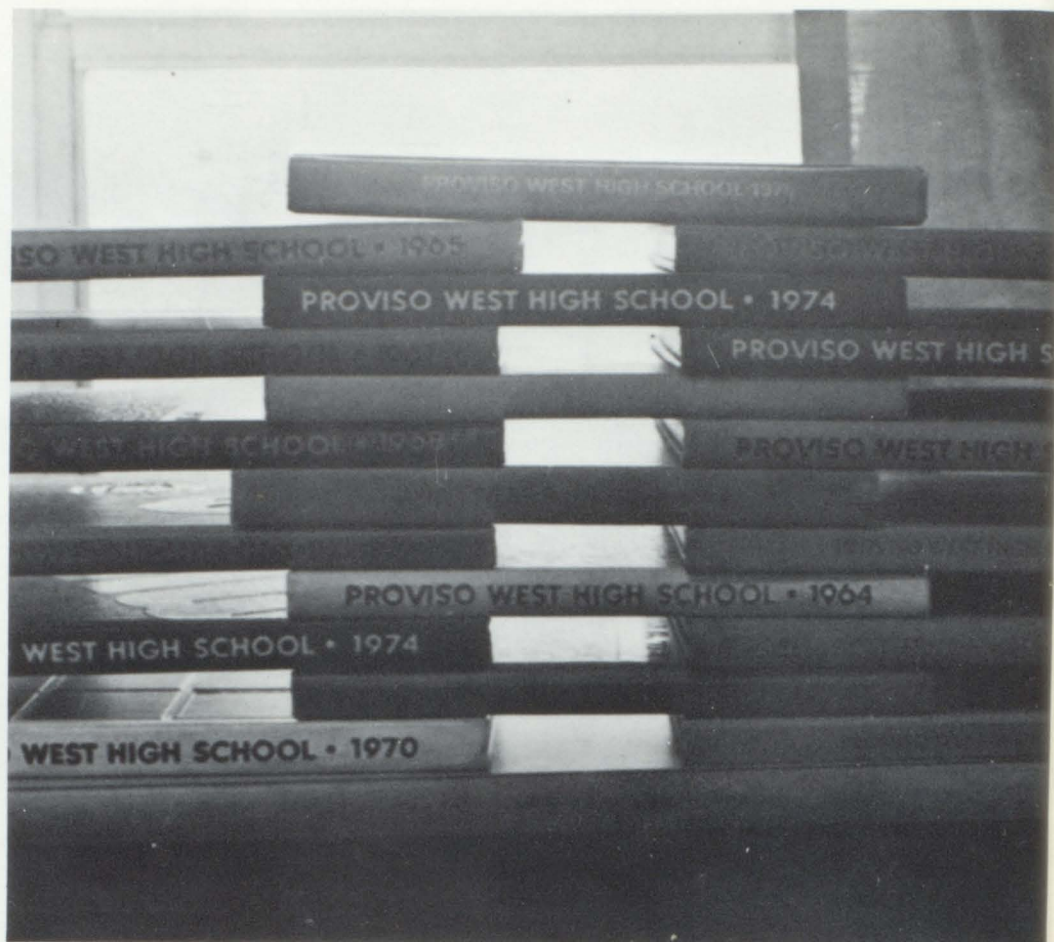

Mural Bids Farewell To Mrs. Veach

Most of these Proviso West yearbooks came into being under the leadership of Mrs. Jessie Veach, **Mural** sponsor from 1964 to 1975; yet most students are unaware of the many long hours Mrs. Veach unselfishly gave so they would have a book to remember their high school years by. **Mural** has learned that Mrs. Veach is retiring from teaching at the end of this school year, so we say farewell with mixed emotions. She has been a tremendous help to the 1976 staff even though she did not work officially as sponsor. We will miss her willingness to help, her cheerful attitude when we most needed cheering, and her excitement when we did something right.

On behalf of all the students who will leaf through those cherished books of memories over the coming years, we say "thanks, Mrs. Veach." We wish you happiness in your well deserved retirement.
