PROVISO WEST HIGH SCHOOL  
HILLSIDE, ILLINOIS  
VOLUME 18

# West As I Remember It

As Told To Mike Reynolds and Sam Trezzo

"Take a chance. Don't be afraid you'll fail." With that, Mr. Tom Helms reminisced about the old days. To Tom Helms, the old days are our school's beginning. Mr. Helms was one of the first twenty students from Proviso East to decide on things like the new school's colors, mascot, and song. Those twenty people were, for all practical purposes, the first student council of Proviso West.

That group was composed of Freshman honor students and class officers who would soon be members of the West student body. They were chosen by the administration to help orientate the rest of the students to Proviso West in the fall of 1958. The student council as we know it did not appear until 1960.

Before leaving East, the student group had decided that our colors would be red and white. The panther was also decided upon. As Mr. Helms pointed out, the panther was a "mean" emblem chosen to represent the tough fighting image West's teams hoped to have. The only problem turned out to be the fight song. The group considered and eliminated many possibilities including the Notre Dame and University of Minnesota tunes. Finally, "Navy Blue and Gold" was selected. It was the theme song of the then popular TV show *Men of Annapolis*. Carol Bokorney wrote the words.

Mr. Helms talks about his days as a West student.

After the school song, mascot, and colors were decided, the hardest part came. That was to break the ties with Proviso East. Mr. Helms said that it was tough because: "Most of our parents had gone there." During the summer of '58 those twenty chosen students found themselves no longer East students. They were West students now and it was going to be up to them to help orientate the rest of the sophomores (who had been freshmen at East) and the new freshman class. What greeted the West pioneers just before the fall of '58 was horrifying to them. They saw huge concrete slabs that would soon be the halls of West.

Notice the one-way traffic on this "down" staircase.

"Everything smelled like paint and there was white dust everywhere." This is what faced Tom Helms and his classmates in the fall of '58. The classrooms seemed to be set up so no breezes could get in. By mid-afternoon, they smelled like "locker rooms that had just been painted." Mr. Helms also noted that "there was always someone working over your head." You see, when the building first opened, many parts were still incomplete, especially third floors of some sections. One of the biggest student complaints involved the lack of reality that West had. The walls were painted cement block instead of "real" walls like East had. Everything seemed to be made of steel, cement, and glass. West's first students did not appreciate the modern design of their school. They longed for the comfortable old halls of Proviso East.

Finally, though, routine took over and the sophomores and freshman students began to accept West as their own. Mr. Helms' sophomore class had the unique distinction of being the "upperclass" for three years, since they were to be the first graduating class at West. They now hold the distinction of being West's first alumni.

Shortly after West settled down to its routine, the administration made the stairways one-way. Chuckling, Mr. Helms recalled the problems that students had because of the up and down staircases. He explained that most of the guys had carefully worked out their routes to be able to walk their girls to class and then to get to their own classes without being tardy. Once the stairways became oneway, most routes were messed up since the up stairways were at one end of the hall while the downs were at the other. To the further horror of the student body, the administration used big, yellow cut-out feel pointing up or down the stairs to show the direction of the staircase. Most students felt that signs or simple arrows would have been better. Needless to say there were many unhappy students until the stairways once again became two-way.

"Because we were first in everything, everything was historic."

During his reminiscing, Mr. Helms commented on things that have changed since the early days of West. Football, like all sports back then, had to start from scratch. Under Mr. Don Maechtle, West's Football team got started. In the fall of '58, the sophomore team (which was the only team) played "everybody and anybody" to get some experience and recognition as a team. Finally, in '59, a varsity team took shape. Even with a varsity team, though, West had fan troubles. Everybody went to East games because they had a stadium and because their older brothers and sisters were there. Mr. Helms pointed out that back in '58 kids really looked up to older brothers and sisters.

Girls' sports were non-existent then. The only thing girls could do was try out for cheering or join the Girls Athletic Association. The G.A.A. was a type of club that girls could join to play intramural sports.

Dress Codes were pretty strict. Girls never wore pants. They wore only skirts. When they entered the school wearing a skirt of questionable length, they were asked to kneel. If their skirts did not then touch the floor, they were sent home with an unexcused absence. Boys, too, had strange rules to follow. Two of the rules that Mr. Helms especially remembered were that boys had to wear belts (even on pants that were designed to be worn without one) and that every shirt had to be tucked in. Mr. Helms quipped, "Do you know what a banlon shirt looks like tucked in?"

Another facet of school life that was vastly different then was activities. Every day before school, there would be dancing to records in the upper gym. A guy could meet his girl and dance for a half hour or so, then go to class. At lunch he could meet her again in the mall for more dancing and socializing. On nice days, the lunchtime dancing took place in the outdoor auditorium area.

Mr. Helms feels that types of students haven't really changed much. Names for types of crowds have changed, but kids still tend to break into social groups at school. In '58 there were the Hoods, the Social Climbers, and the Nothin's. The Hoods were greasers. Leather jackets, cycle boots, and greased hair all made up their Fonzie like appearance. Girls from the group wore a lot of make-up and severe hair styles. Social Climbers wore flat tops and cardigan sweaters. Their girls wore skirts and sweaters and sometimes full round skirts with cut out paddles sewed onto them. Hair and make-up styles were much less severe than the Hood group. The Social Climbers was the most active group in school. They organized most of the happenings. The last group was the Nothin's. They did nothing but attend class regularly. Their interest in school went only as far as passing and getting out.

In concluding his reminiscing, Mr. Helms said, "Because we were the first in everything, everything was historic." Because of those "historic" events, West developed a past, but most importantly, West developed its own traditions. Finally, the break from East became reality. West students began feeling pride in their school. As a result, Proviso West now stands on its own. In the following pages, *Mural* presents West as it is today, twenty years after those first students reluctantly left the safety of familiar Proviso East to help establish the new frontier of Proviso West.

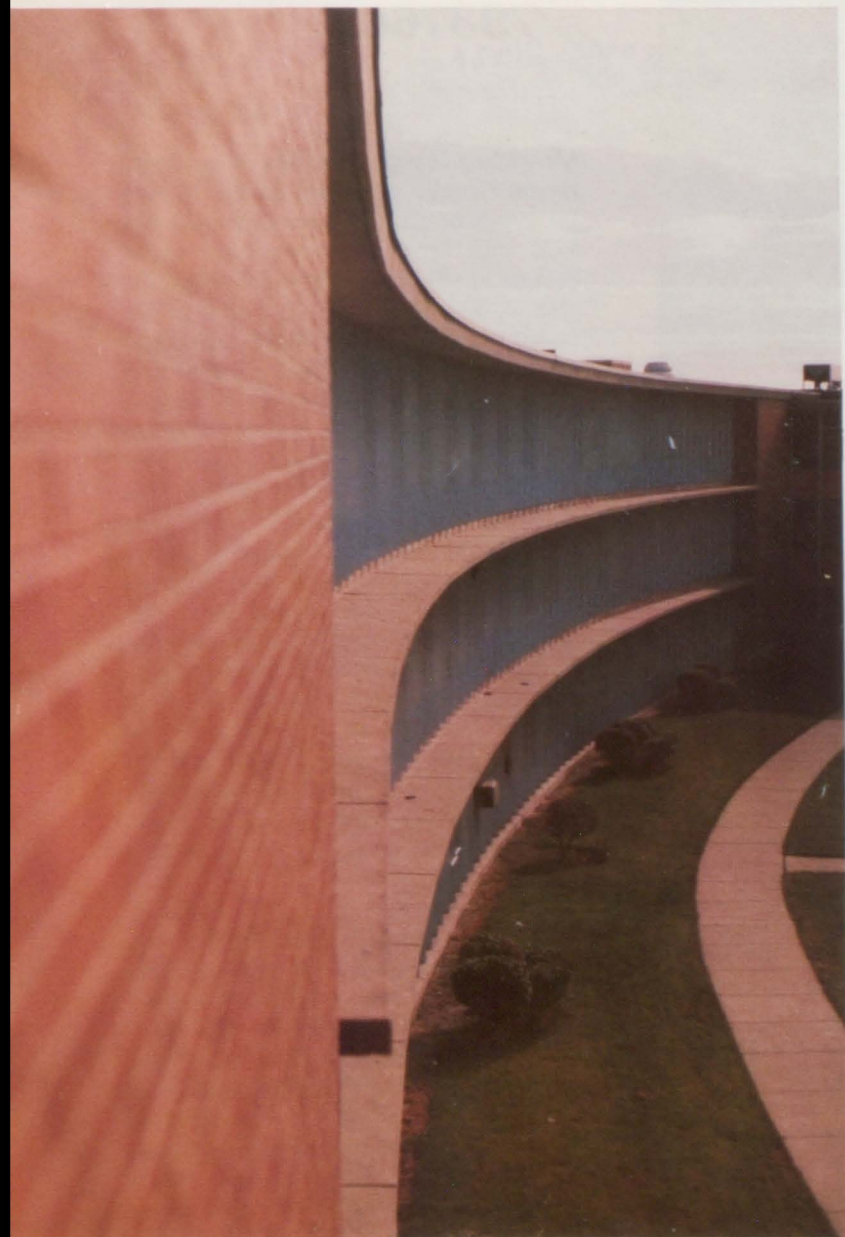

Student Council President Mark Veverka and *Mural* Editor Sam Trezzo find Mr. Helms' story of West's early days amusing.

"Do you know what a banlon shirt looks like tucked in?"

Ours is a beckoning future.

Ours is the promise of  
progress,  
Of growth in scope and in  
stature;  
In scope because knowledge  
Is its own dynamo-  
The more man knows,  
The more he must learn;  
In stature because knowledge  
Is ennobling.

Ours is an unbounded future.

Ours is the blessing  
Of intellectual freedom;  
Of the ability to think  
And to decide without fear.

Ours is the advantage  
Of modern technology;  
Of new methods of research  
And new fields of learning;  
Of new sources of power  
And new ways to control them.

Ours is the force  
Of the spirit of youth:  
The courage to think and  
To act differently;  
The ambition to fight for an  
ideal  
Or for a practical cause;  
The epitome of individual  
liberty.

Ours is a confident future.

Ours is an assurance based  
On optimism, on hope,  
And on conviction;  
Based on a belief  
In the ability and integrity  
Of the human mind.

Ours is the future of Proviso  
West.

This poem first appeared in the 1959 *Provi* in a section dedicated to the "new" Proviso West. Depicted here is West as it is after 20 years and West as it was (black & white photo).

West Spirit is represented here. Now as in the early days of West (black & white photo) school spirit is displayed by a limited group of people. Unfortunately, many students never get involved in cheering for our teams. The students who do get involved, though, make up for their limited number by putting their all into their support. These dedicated "rowdies" follow our teams through losses as well as wins. Through these students, the fighting spirit of West lives on.

Pictured on these pages is Homecoming 1977. Because there was no graduating class at West until 1961, there were no Proviso West Alumni. Thus, until the fall of 1961, there was no need for a homecoming. In 1961, though, the first Homecoming festivities took place. The students who had been the first to enter West, who had been freshmen at Proviso East and who were the members of West's first graduating class became the first West alumni. Thus, in 1961, the tradition of homecoming began at West. The tradition is one which has proudly been continued through the years. Floats, the game, the band's and Pantherette's half-time show, and the dance are all part of the big day. It is a day of excitement for students and alumni both. As long as there are alumni there will probably be a homecoming.

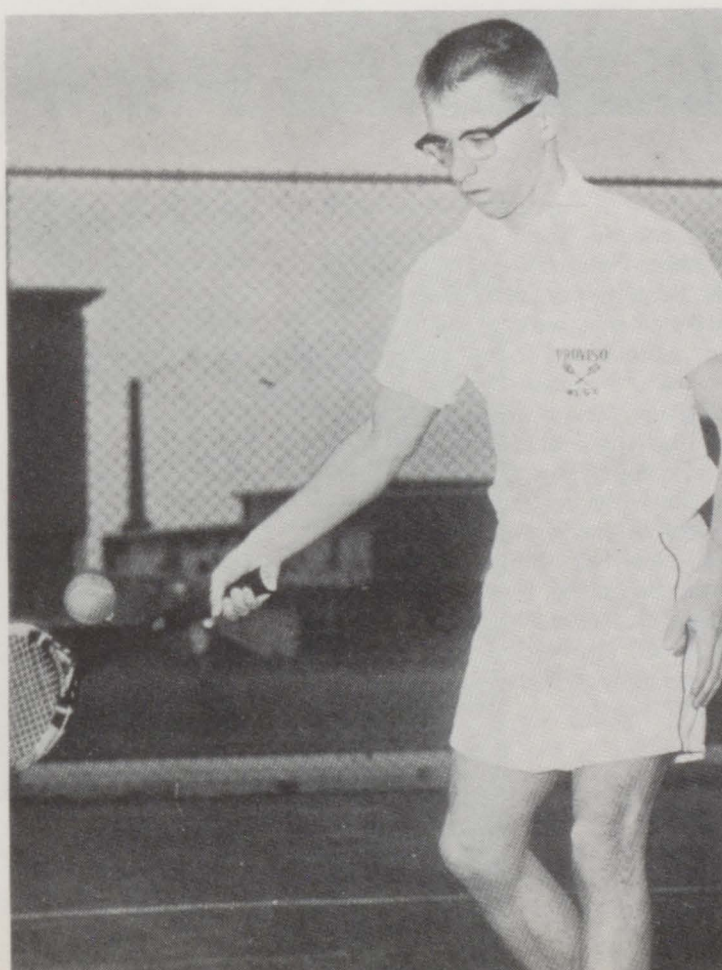

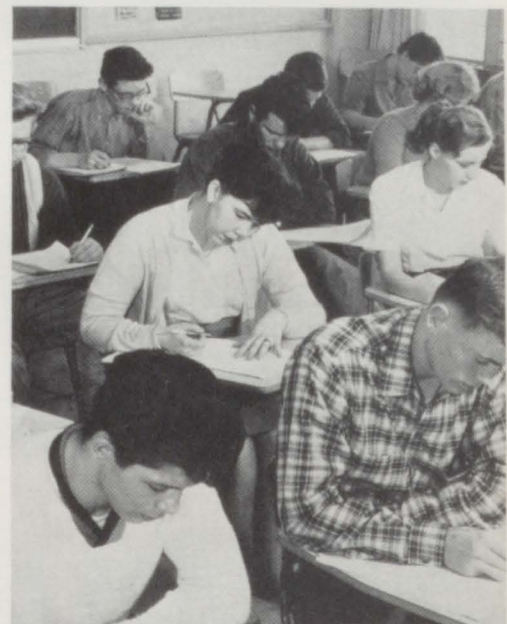

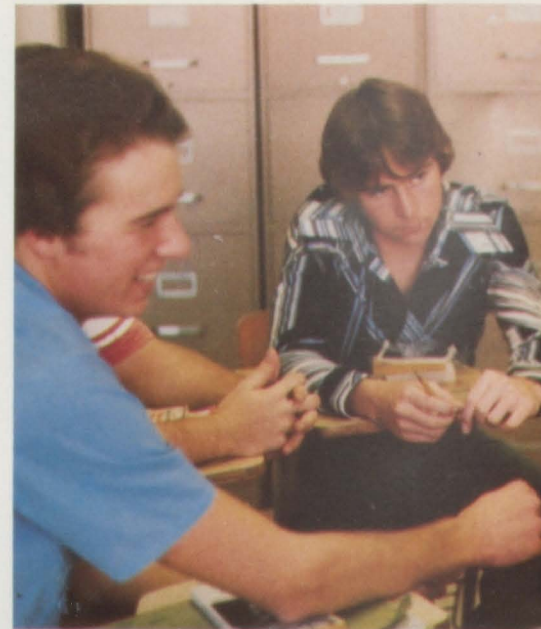

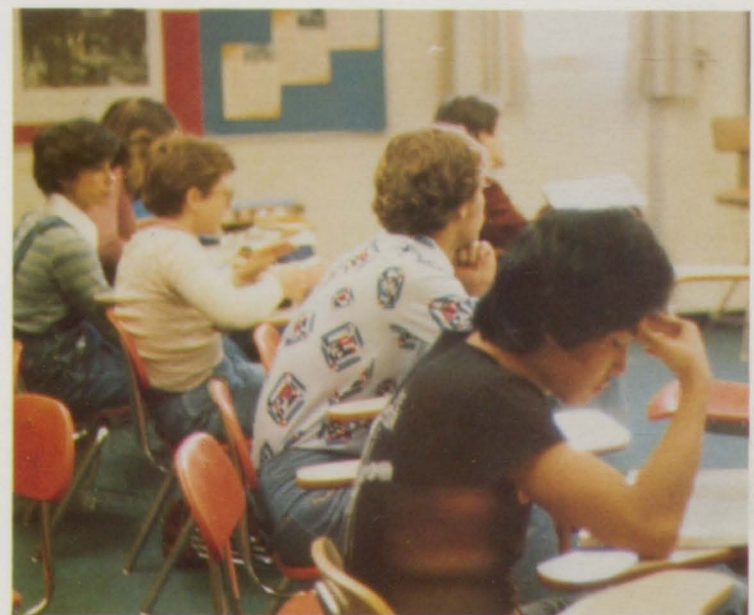

Athletics have been a part of West from the beginning. One of the first things West established was a sports program. This program laid the foundation for the fine program we have today. In the early days, there were no sports for girls. Boys, on the other hand, had a lot of choices. Boys had football, baseball, basketball and tennis (black & white photo). These pictures represent twenty years of West's sports, from the early tennis player to today's basketball and football players. Our teams have grown and developed over the years.

These pictures represent classroom activity around West then (black & white photo) and now. While they're not the favorite part of school, classes are, after all, why we're really here. As each of us journeys from freshman to senior, like so many before us, we spend many hours in various classrooms studying everything from Algebra to Zoology. For the past twenty years, the wide variety of courses at West has offered something for everyone. Now, as then, education is here for the taking. In years to come, individual classes will be forgotten, but the bits of knowledge acquired in those sessions will become part of each total person.

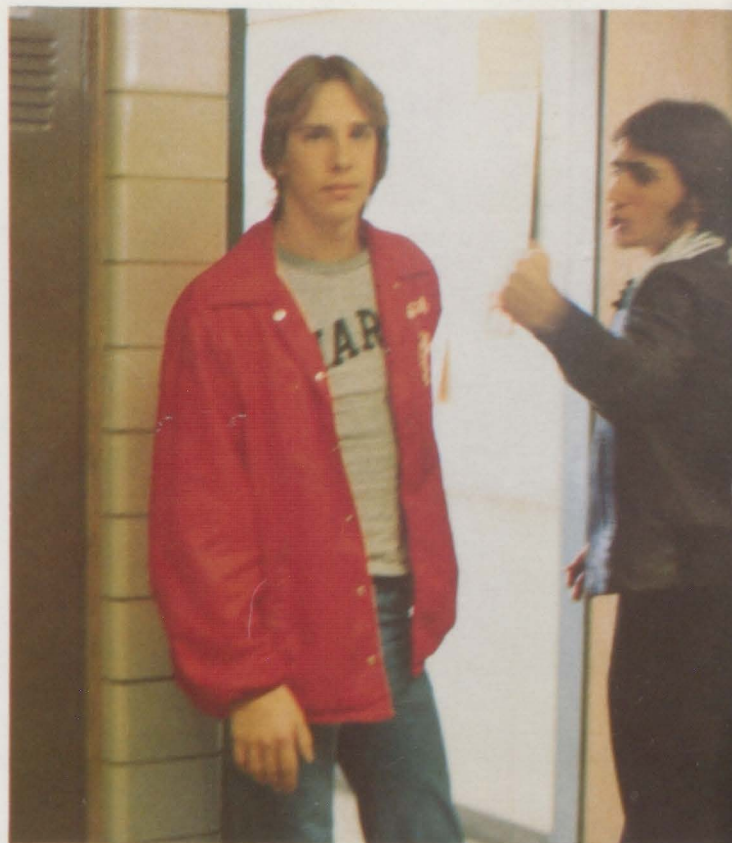

Represented here is student activity. Activity at West may have changed in twenty years, but there is still a lot going on. Twenty years ago, students danced to records during lunch periods (black & white photo). Today there isn't dancing, but there is plenty of other activity. West's students like to really get involved. It might be helping to build a float or using your talents to create music or dressing up for the Halloween party or any number of other things. No matter what a student's interests are, there is something for him at West besides just going to class. Even after hours and on weekends, West is a busy place.

These are the faces of Proviso West. They range from the smiling fun filled face to the thoughtful face in class. The faces range from classroom expressions to those that say, "It's good to be out of school!" These faces show the real spirit of our school. They show the participation in out of school activities as well as in school activities. They also show the diligence with which some people go at the daily school work. After all the memories of Algebra problems and chemistry equations have faded, one always seems to remember the faces in the crowd.

## Fall Brings New Faces

The *New Year* brings new faces. Registration, climbing stairs, sitting in the library, or showing your pass to a teacher are all part of the new year. Finding out if your old friends are in your new classes and meeting *new people* in your new classes are all part of school life at Proviso West. Since 1958, part of high school life at Proviso has been meeting new people and facing new experiences. At the year's beginning, most students are somewhat eager to get back to the grind, but also rather reluctant to end summer. Float meetings, candy sales, football games ... these are all part of each New Year.

## Panthers Win At Homecoming

The morning starts out clear and crisp. The parking lot of St. John's church starts to buzz. Cars get decorated, people get with their clubs, and things get organized. At 10:30 things start to roll. The parade travels west down St. Charles to Wolf. Once at school, the parade breaks formation and preparation for the game starts.

The game is the highlight of the day. More people come out to see this game than any other. The new stadium is filled to capacity. People are cheering even before the game starts. Once the game begins, it's non-stop noise. People scream, cheer, and sometimes yell just to be heard. In the past, we never had much to yell about, but this year, we won. The spoils of victory were oh so sweet. This victory made the dance more fun.

## Dance Ends A Perfect Day

Homecoming night is the perfect way to end the perfect day. Earlier in the day, the parade got off on time; we won our first homecoming game in a long time; the sun kept shining. The dance proved to be the perfect ending.

The evening begins with most people arriving about 8:00. They are greeted by ragin' music. After the preliminary "hellos" and "you look nice" people find their friends or just mingle. Dancing and talking occupy most of the time. Punch and cookies take up the rest. At about 9:00 the queen is crowned. This year, that honor went to Dana Agliata. Most everyone has a good time. After the dance, it is traditional to go to a very ritzy restaurant, a special way to end a special evening.

## Holiday Spirit Overtakes West

Christmas, what a wonderful time of year. Everyone is in such a dynamite mood. A lot happens during the week before Christmas vacation. Various fund raising contests go on for Charity Week. The sexy legs contest was a new contest this year. Many clubs and classes join in the annual dec-a-door contest. The highlight of the week is always the Christmas Assembly. At the assembly, the band is always in good form. Key Club puts on a hilarious skit, and the Panth'rettes perform to a Christmas song. After the assembly, everyone hurries out for a much needed two week break!

## Spring Fever Overtakes West

Spring is a sign of the year's end. Sports move back outdoors, and so do the students. Sitting outside at lunch or just lying under a tree, the students get a chance to relax. In the past twenty years, some of the environment has changed, but the students' attitudes remain the same. Spring brings an urge to leave, to run for the buses at 3:20 or to dash to your car after 5th. Seniors realize that it will soon be all over, and 8th graders know that it soon will all start. Some seniors are eager to get out as soon as possible, but they begin to miss it all when it's over. The sun breaks through, the snow melts, the birds come out . . . spring is here. And soon . . . the year ends.

## Prom Highlights Senior Year

Prom night really starts when the day begins. The day begins with a delightful feeling of anticipation. Everyone thinks to himself, "Today is the day!" Toward late morning things begin to materialize. Guys lay out their tuxes while their dates lay out their dresses. After lunch, the guys go out to pick up the bouquets. After dinner things really start buzzing. The girls finish their hair and start with their make-up while their counterparts are showering, shaving and dressing. Finally, after all the primping, it's time to go. Girls get last minute instructions about what time to be home while the guys get the old "have fun but be careful" lecture. Finally after weeks of anticipation, prom becomes a reality.

## Graduation Arrives

The excitement starts about May. Everything starts to take shape. Gowns & Caps come in; announcements are sent out, and parents make plans for parties. In early June, marching practice starts. Total bedlam ensues. For two or three days the common expression is, "Where do I belong?"

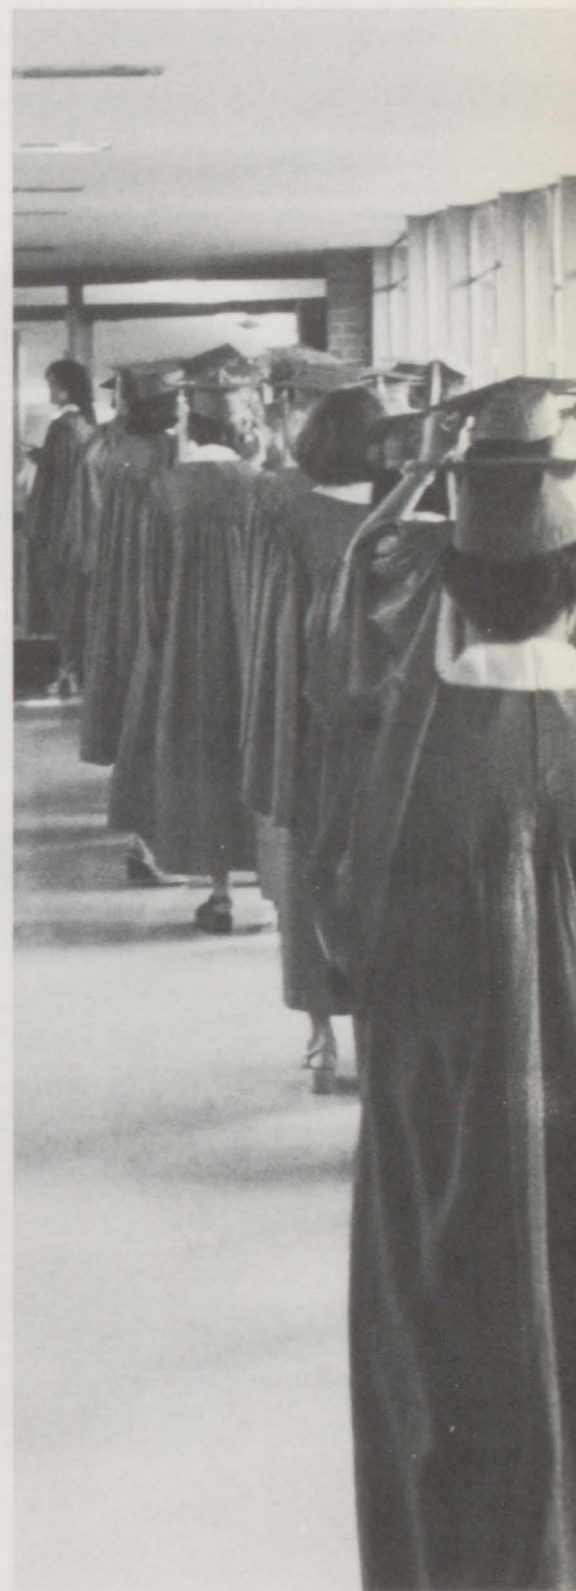

Graduation rolls around. Everyone dons his cap & gown and heads for school. For most, it'll be the last time they'll ever be in Proviso West. It's a time for mixed emotions. One can see both sadness & happiness. Everyone seems happy to finally leave West, but there's a lot they'll miss, too. A lot of friendships die with graduation. Many romances die after high school, too. Graduation is a time of transformation from kids to adults - from a small world to the cold, cruel big world.

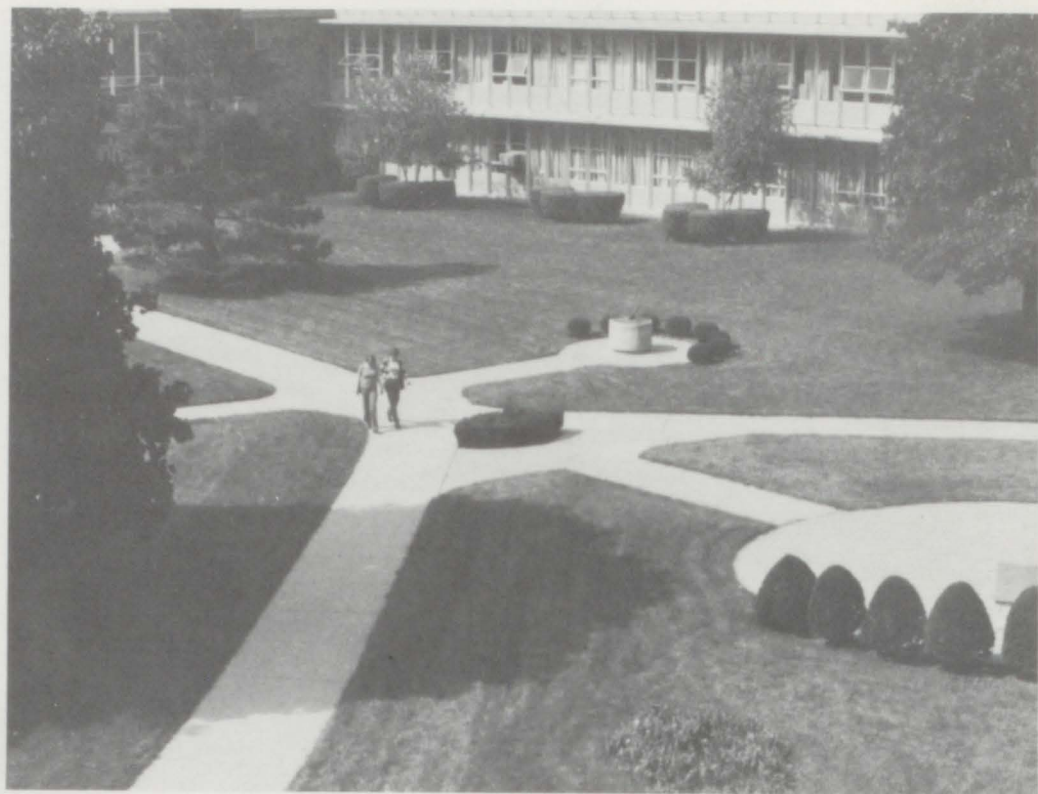

*Left: An aerial view of the ceremony reveals a sea of mortar boards. Below: Members of the senior class head toward freedom from high school. Below Left: Seniors listen attentively to the farewell speeches.*

## Year's End Brings Relief

There are many signs when the school year is about to end. Students begin cramming for exams, returning overdue library books found in their lockers on locker check day, and gathering text books together for the big day when the books go back to the book-room. For most, the year's end is a welcome relief. At least for a little while, there will be no themes to write, no books to read, no problems to figure out, and best of all no tests to take. Everyone looks forward to a restful summer.

# ACADEMICS

## Art Enrollment Is Past Peak

In the early days of West, the Art department was about as small as it could be. There was only one art teacher who taught four classes of art. The total enrollment in those classes was about 90. That's quite a difference from today's enrollment of 450. With decreasing school enrollment, though, art enrollment is on the decline. The peak year was 1974 when 500 students participated in art department programs. Currently the Art department is made up of 5 teachers who instruct a total of 20 classes.

## Business Ed. Meets Needs

To meet the needs of West's business students, the Business Education department has changed over the past 20 years. Business Exploration has replaced General Business. Data Processing and Consumer Education are new since West first opened for business. As the emphasis on vocational education increased, West's Business Department again changed to accommodate student needs. The result was Office Occupations, a work program which allows girls to gain actual office experience while earning high school credit. Local businesses cooperate with West's Business Department by hiring O.O. students.

In addition to keeping courses up to date, West's Business Department is fortunate to have excellent facilities and equipment. The wireless stenography machinery and data processing equipment, for example, help to keep West's Business Department on top.

*Above: Jeff Dozier looks for a pamphlet dealing with the vocation that best suits his interests.  
Below Left: Mr. Bruce explains the use of CVIS.

Proviso West Counseling has seen many changes during the past twenty years. During the early years of West, freshmen and sophomores had physical education classes four days a week and a full period guidance class on the fifth day. Junior and senior guidance classes met once a week for only a half period. The '67-68 school year brought to an end senior guidance classes. During the following year, physical education classes were required five days each week, thus reducing counseling to half a period per week.

From 1958 until 1964, there were two counselors assigned to each class. There was a man for the boys and a woman for the girls. Until 1960, students would get a new counselor each year. In 1960, the superintendent asked the counselors to vote on the system they wanted. Most counselors felt they would be more effective if they remained with the same class throughout its four years. This system has been in effect every since.

The responsibilities of the counselors have changed over the past twenty years, but the primary concern of the counselors has always been the students of West.

tation in front of the class is sometimes nervewracking. Left: Mr. Burke begins a novel study with his sophomore class.

## West's English Adapts To Needs

Each of West's twenty years has brought change to the West English department. When West first opened, the English department offered only freshman and sophomore courses. Class designations were very different. Instead of basic, special comprehensive, or academic, a student would find himself taking repeater, minus, regular, plus, or plus-plus English! In 1959, junior courses were added to the curriculum. Juniors had a choice of American Lit., Dramatics, Functional English, News Writing, Public Speaking, and Secretarial English. In the fall of 1960, West had its first senior class, so the English department added Modified English, English IV Regular, and College Prep English, all senior classes.

Throughout West's 20 year history, the English department has continually updated materials and programs. Back in 1961, the department adopted the then new method of team teaching. As society began to place more emphasis on oral communications, the English department instituted a required freshman speech course. As the need arose or as current trends dictated, interdisciplinary programs, reading improvement programs, and TESL programs all came to West. Because of its progressive nature, West's English department became the site of the state funded Title IV program in 1976. Due to the program's success, it was continued this year.

Throughout West's history, the English department has expanded and adapted to meet the changing needs of its students.

## Government Aids Home Ec.

Because Proviso West's Home Economics department prepares students to be more skillful and efficient employees in various jobs as well as efficient in the home, almost every one of the courses is now reimbursed by the State and/or Federal government.

Since 1958, several new courses have been introduced. The needlecrafts course aids students in expressing their creativity and in making profitable use of their leisure time. West was the first school in this area to institute this course. Another first for West was the institution of the Child Development and Child Care Careers courses. After West was in operation for a while, curriculum offerings were rearranged so that Family Living could be taught both semesters. Home Planning and Home Decoration are also offered yearly.

Specially equipped labs for the various courses help make West's Home Ec. department one of the best around.

## Industrial Ed. Teaches Skills

For the past 20 years, Industrial Education students have been learning valuable skills. Through courses like printing, wood shop, and metals, many students have prepared themselves for future employment or for just being handy around the house. The auto shop, not added until after the first years of West, has prepared many former students and has enabled them to find jobs or just to know how to repair their own vehicles. Excellent facilities and equipment help to make West's Industrial Ed. department one of the best around.

## Foreign Lang. Stresses Speech

Twenty years ago found the old grammar translation method used in all foreign language classes. Student involvement in languages outside the classroom was limited too. The Big thing for the language classes to do was to stage a gala Christmas presentation in which all classes participated.

Early in West's history, from the grammar-translation method rose the new audio-lingual technique whose whole thrust of learning was based on the conversational aspects of learning a language. The change in method prompted a change in textbooks and supplementary materials. Along with changes in existing language classes, a new language, Russian, was added to the curriculum.

During the early days of West, the most popular language club was the ROME club, or Latin Club. The activities were legendary with the Roman banquet being the highlight of the year.

With the coming and going of the Viet Nam War came also a general questioning of everything in America. The ALM approach to language fell prey to this type of questioning. Eventually a middle of the road approach to language was adopted by the department. Also, during this time period, enrollment in foreign language classes began to drop. Today's interest in learning a foreign language is considerably less than that of 20 years ago.

## West's Math Sets Trends

West's Math Department has a twenty year history of being progressive. Back in 1958, we were one of the first schools to introduce the then "modern math". In 1965, West became one of the first Chicago area schools to offer computer programming. In 1976 West's Math Department received a grant from the National Science Foundation. The grant allowed West to establish a national model course in Algebra. West has occasionally been the scene of mathematics conferences and conventions.

Today, the Math Department boasts one of the best facilities in computer assisted math instruction. Course offerings as well as physical facilities have expanded since those early days of West.

## Music Offerings Have Increased

Since 1958, the staff of the Music Department has grown. When West first opened its doors, we shared with Proviso East our one band director, one choral director and one orchestra instructor. Today, West has four full time music instructors plus an orchestra director.

Curriculum changes have been made since West first opened. Interested students can now take Music Theory or Humanities, as well as participate in Treble Choir, Chorus, Girls' Glee Club, Men' Choir, Mixed Choir, or Concert Choir. Band offerings have increased since 1958. Back then, West offered only Cadet Band and Concert Band. Today, music students have a choice of Cadet Band, Varsity Band, Concert Band, Symphonic Band or Stage Band.

Probably one of the biggest changes in the Music Department involves student enrollment. In 1958, total band enrollment was 60; today West's bands boast a combined membership of 250. Due to the increased enrollment, competition has become sharp. The spirit of competition probably contributes to the many awards the West music groups bring home each year.

## West Students Work Out

Over the past twenty years, West's physical education classes have been keeping Proviso students in shape. For the most part, P.E. classes seem to stay about the same from year to year. Back in 1958, P.E. classes were required only four days a week. Today, students must take P.E. every school day. The students have a choice of regular classes, modified health classes, and special classes for athletes in training for a particular sport. Each student's choice depends on his individual needs.

# Emphasis Is On Science Labs

When West opened, the Science Department offered a full year course in Botany and a full year course in Zoology. Both of these courses were dropped from the curriculum a few years later when a new course, Biology, was introduced. In 1958, all freshmen took General Science which was a lecture-demonstration course. Later, freshmen had the opportunity to take biology instead of General Science; and in recent years, Physical Science has been added to the options available to incoming freshmen.

In 1958, science had a course in Aviation and a course in Geology. The Aviation course was dropped a few years after West opened, and Geology was changed into the present two semester Earth Science. Since the early days of West, the Science Department has added Core studies, SDL Biology, Physiology, and Project Physics.

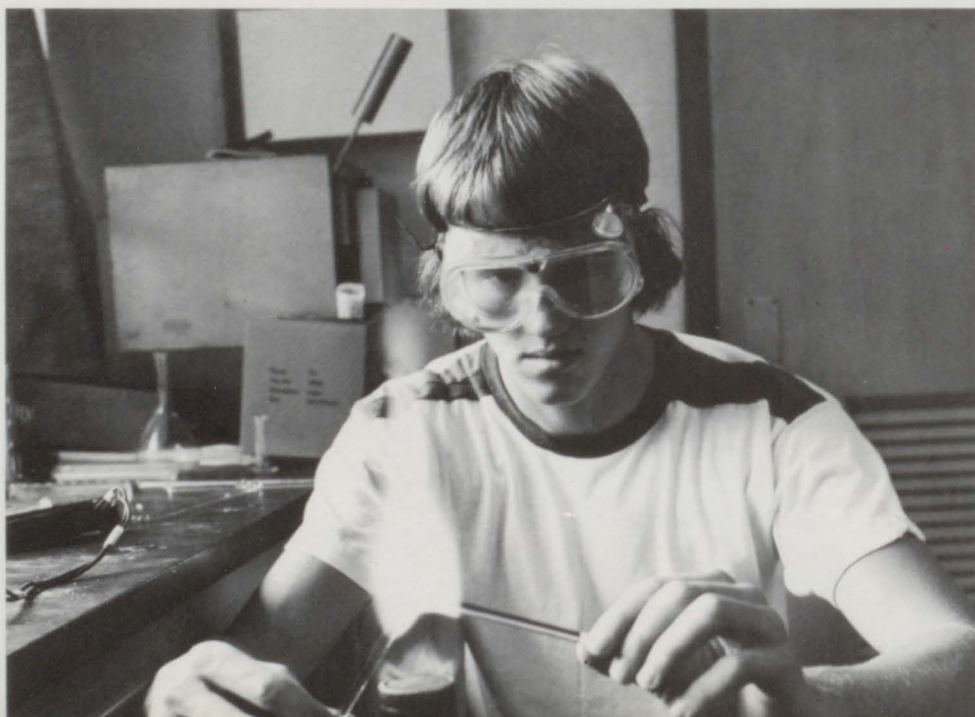

Back in 1958, science classes were taught in D building. During second semester of that first year, science moved into B building. Subsequent years brought the addition of more science labs in C building. Currently, the science department occupies 19 rooms.

The greatest over-all change in the science department's teaching philosophy is the elimination of the old lecture-demonstration type courses. Instead, emphasis is now placed heavily on student involvement through laboratory experience.

ism, and Capitalist are all part of the Social Studies vocabulary which Mr. Szot is explaining.

## Social Studies Has Grown

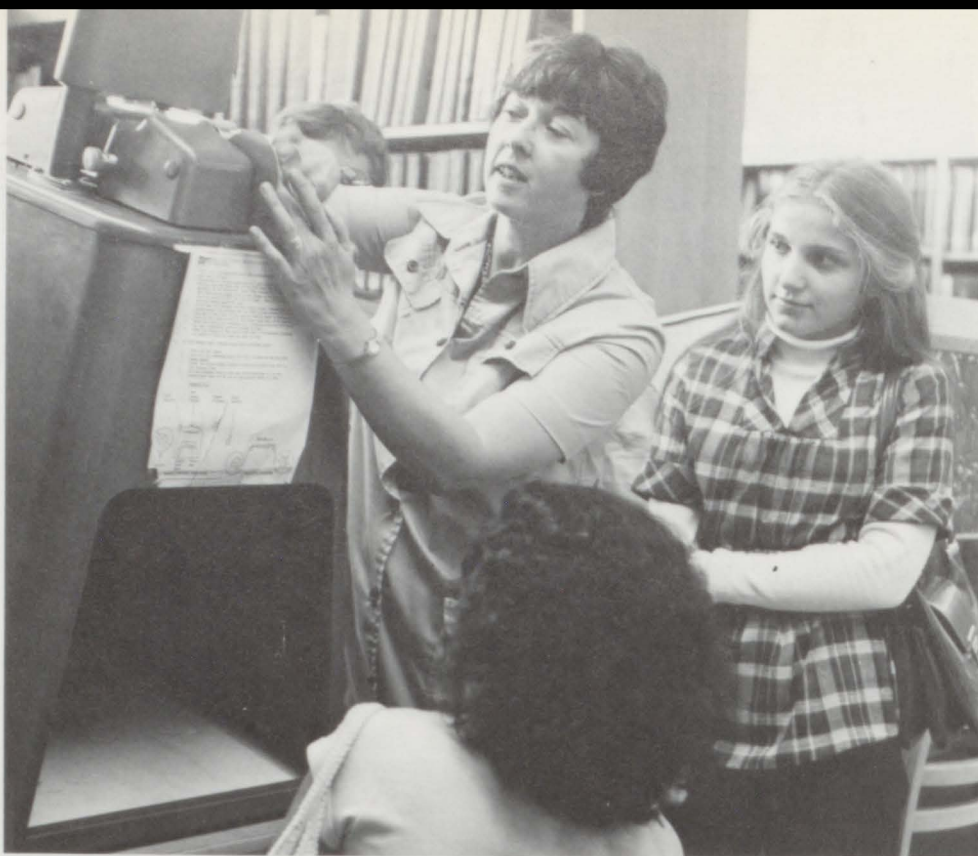

The Social Studies department has grown with West. In 1958, there were only two teachers. Today there are twenty three. In the early days, social studies classes occupied only six rooms. Today they occupy sixteen.

Over the years, courses have changed. Contemporary History, Far Eastern History, Economic Geography, and Modern History have all dropped from sight. In their places are newer courses like Global Studies, Urban Affairs, American Studies Academic, Core Studies, and Development of Western Thought.

Of the twenty three social studies teachers, only one, Mr. Stilwell, has been teaching at West since the building first opened.

## West Services Have Expanded

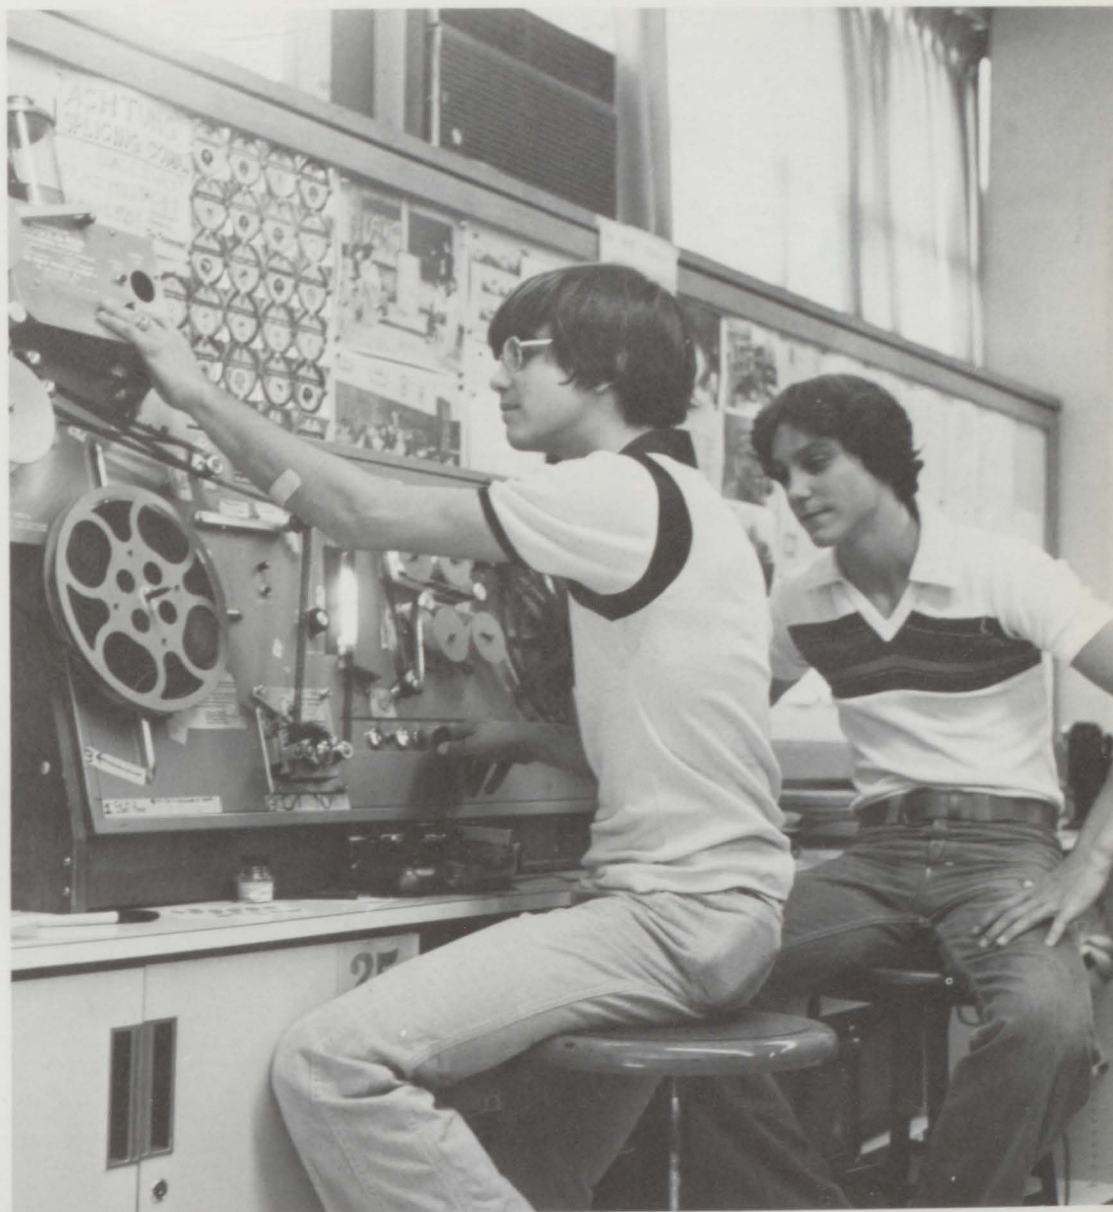

West's special services include the library, health services, and the audio-visual department. When West opened in 1958, A-V organized in the basement of E building. Later, A-V moved to A building and finally, a few years ago, relocated in D-2. In addition to changing location over the years, the A-V department has changed in other ways. Improvements have been made in the development of instructional television, the addition of a graphic arts center, IBM scheduling of films, computerized inventory, and the addition of an electronic repair center.

Both the nurses' office and the library have also been assisting the students of Proviso since the early days of West.

## Flaggers And Guard Assist Symphonic Band

The Flag Unit was created in 1975 under the direction of Mrs. Pat Erickson, to accompany the band in parades and at football games.

During 1977 the unit became active in performing routines to music, and were featured performers at the Football half time shows.

The Proviso West band was created in 1957, under the direction of Mr. Carroll Simmons. In 1961, the band had the thrill of performing at the presidential campaign rally. By 1971, the band had grown in size, so that there were three bands in the music department, and at present there are four bands: Symphonic Varsity, Concert and Cadet. These bands have various music concerts throughout the year. Symphonic band annually performs in the Bataan Day parade, and during halftime at Proviso's football games.

## Jazz Bands Help Olsiewicz Fund

The A and B Jazz Ensemble work hard to give several concerts every year. The Joe Olsiewicz Memorial Concert took place on February second in the Little Theater where members played selections like "Tambo", by Dominic Spera and "Sir Duke", by Stevie Wonder to raise money for the Joe Olsiewicz Memorial Fund. The concert proved to be a special tribute to Joe Olsiewicz, a former West music student.

## Orchestra Varies Style

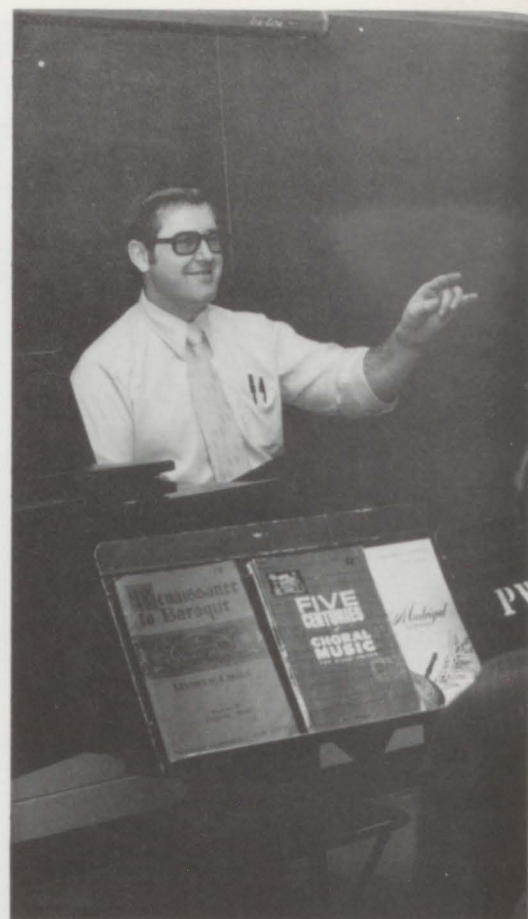

This year Proviso West Orchestra presented their annual pops concert in the fall entitled, "Light Listening." Tunes at the fall concert included "Love's Theme", by Barry White, and "Highlights from Jonathan Livingston Seagull", by Neil Diamond. In February the Orchestra attended a Festival at U of I in Champaign, Il in which they performed the Brandenburg Concerto No. 3 by Joh. Seb. Bach. They also gave a spring concert in which awards were presented to the various members of the orchestra.

## West Relives 16th Century

Once again this year, Madrigals has remained active at Proviso West. The Madrigal Singers are composed of sixteen of the best choir members at Proviso West. This group not only performed at school assemblies, but also gave several Christmas concerts the week of Dec. 13 during all lunches, and, gave an evening Performance Dec. 14. In the spring Madrigals presented their seventh annual 16th century dinner, April 21 and 22. Some selections sung at the dinner were: "He is Good and Handsome," "Three Contemporary Madrigals," "When Allen-A-Dale went a-Hunting," and "The Messenger of The Delightful Spring." The Madrigals is directed by Mr. Fred Smalley.

## Concert Choir Sings At West

Again under the direction of Mr. Fred Smalley, the Concert Choir performed several times during the '77-'78 school year. Early in the fall, new members were welcomed into the Choir at the annual Robing Ceremony. The Christmas Assembly would not be the same without the Concert Choir's yearly performance. In addition to its Christmas performance, the Concert Choir had fall and spring concerts this year.

## Forensics Excel At Contests

Readers Theatre has had another outstanding year. Last year Dana Agliata received a 1st at state competition. This years members have competed in many contests and have continued to improve Provisos rank in individual events. On January 7th, Allison Adkins, and Carmen Vega took 1st place in dramatic Duet Acting. Also Lynda Krynicki took 1st in Oratorical Declamation along with Kevin Pastel who received a 2nd place in Original Comedy.

## Young Actors Join Thespians

Thespians is an honorary society for theatre people. To be in thespians one must have worked on two plays as either an actor, or a technical crew head. Thespians have several activities during the year. They attend the local Thespian convention, have several parties, and climax the year by having a fantastic banquet. Mr. Grothe of the English department is the advisor.

Thespians are the main actors for all the plays. This year the fall play was "Catch Me If You Can", and the contest play was "Little Moon Over Albin."

## Student Council Expands Projects

Within the last five years student council has increased their activities and projects. During this time,  $\frac{1}{2}$  hour movies have been instituted, to provide injoyment for the student body. Student council also has an annual Christmas Project which is given to some charity in the Proviso area. Along with this, there is Charity Week held in May. Last year Student Council gave \$500. to the Brookfield Zoo and 2 years ago gave \$1900 to Channel II. During the past several years Proviso West has become active in the Northeast District of Student Councils. Diane Bieber was secretary last year, and Patty Mc Kinnon is treasurer this year. In addition to the Northeast District Proviso West is also involved in the State Ass. of Student Councils. This association meets in May for a week-long workshop at which Mark Veverka has been a counselor for the last two years.

## Key Club Is Involved At West

Key Club was founded in 1959, and is sponsored by Westchester Kiwanis. The number of members has stayed pretty much the same, 30-50 people. Girls joined this year for the first time, and have participated in the activities. The activities this year have included two car washes, the annual Homecoming and Christmas skits, the spirit booster sale at the start of Basketball season, and a coat check at the Holiday Tournament. New this year are the "Anything Goes" contest, the adopt a child program, and a fund raiser for Charity week, "Buy a Teacher" Key Club also this year had a thanksgiving food drive for needy children.

## Girls League Enrollment Grows

Girls League is one of the Biggest and most active clubs at Proviso West. Just a few of their activities include the annual Father-Daughter dance held on November 16, the Valentine Post office; and Charity Week, which was held from March 13th thru 17th. Some of the other activities include the Mother-Daughter fashion show, a membership drive, and bake sales throughout the year.

Girls League presented "Daddy's Little Treasure" as the 1977-78 Father-Daughter dinner-dance.

## Lettermen And Tennis Club Stay Active

Proviso West Tennis club was formed and chartered by Student Council in 1970 and is in the 7th year of operation. The membership has averaged about 50-60 per year, and have currently 52 members signed up. Tennis Club activities include a membership week, a fall tournament, indoor play in the fieldhouse, and a spring tournament. Many members play on the school tennis teams, but the club is open to all students interested in tennis regardless of ability. Instruction is given to players at all levels. The main objective of the club is to promote interest in tennis.

Again this year, the Lettermen sponsored the annual "Superstars" competition. The event was open to students, faculty, and alumni. Participants competed in various events such as volleyball, a tug of war, and an obstacle course.

## Fishing Club Plans Trips

The Hook, Line and Sinker Club was started in 1974. In one year the Fishing club had already taken three trips and had an overall attendance of 35 members. During the last three years Mr. Gruner and Mr. Palidino the co-sponsors have taught the club many things about fish and life in the wilderness. The Fishing club has taken trips where each person has caught ten bass or more. As of this year they are planning fishing trips for April and May to various state parks in Illinois. The Hook, Line, and Sinkers are proud to be a part of the Proviso West circular activities.

## Aerospace Pursues Areas of Aeronautics

The Aerospace Club began when Dale Bennish, a P.W. student got together with mutual friends who were interested in various areas related to Aerospace. The club meets every few weeks to pursue the varied areas of Aerospace which are of interest to the members. These may range from constructing and flying model planes, to visiting Air Force Bases, to flying private planes. There is also some interest in learning about hang gliding, and sky diving.

## Jungle Leads Crowd Cheers

The Jungle, which is a major part of Proviso West school spirit, has grown greatly this year. With close to two hundred members, the Jungle comes to most major sports events.

Following mostly football and basketball, the Jungle goes to games both home and away. This year Mr. Szot is heading the Jungle and is a big participant in the group's activities. Along with Melvin the chicken, the Panther, the mascot, and the flying Nerf man, the Jungle stays behind the crowds to cheer on victories.

## Usherettes And Bat Girls Assist West

Bat girls was organized approximately 7 years ago as a service organization for the baseball program. Girls not only raised money for the baseball program, but they perform all of the duties of administering a baseball game, for both home and away. The membership has almost doubled in the past two years from 10-18 girls. The big money raising project this year was compiling and selling the holiday basketball tournament program.

This year like always Usherettes has been one of the most active clubs at Proviso West. Not only do Usherettes, usher at all drama functions and other sporting activities, they have had numerous bake sales and lollipop sales. They have also collected at Halloween for Muscular Dystrophy, and sold wreaths to raise money for their annual Spring banquet, where officers are elected for the upcoming year.

## Dance Group Shows Talent

Orchesis was formed many years ago under the direction of Mrs. Mildred Kats had a class called "Advanced Dance." Replacing Mrs. Katz was Miss Patricia Shirck. Miss Shirck changed "Advanced Dance" to Choreography. Miss Shirck also had two concerts in March, two weeks apart. Mrs. Laurel Waszak took Miss Shirck's position in 1974. Choreography was shortened to a one semester class, with its show in January. Orchesis held its show in March. This year there was one show in January for Choreography and Orchesis combined. The enrollment in Orchesis and Choreography is constantly changing. Last year, Orchesis was only half the size of what it is now. The Membership is now about 110.

## Ecology Club Defends Nature

In the year 1972, Proviso West's first Ecology Club meeting was held. The club was formed and sponsored by Mr. Anderson left teaching to further his education and Mrs. Loretta Ritchey.

In the year 1972, Proviso West's first Ecology Club meeting was held. The club was formed and sponsored by Mr. Max Anderson left teaching to further his education. At that time Miss Rosemary Ashworth and Mrs. Loretta Ritchey took over the club, and are still the sponsors.

The main purpose of the Ecology club is to "faithfully defend from waste the natural resources of our country." The Ecology Club is a club for any student at Proviso West who enjoys working for the preservation of wildlife, who enjoys the outdoors, and who enjoys the study of the environment. Their craft, candy, and film projects help them to raise money to contribute to organizations such as SAVE THE SEALS and SAVE THE WHALES foundations. SAVE THE PRARIE is another activity that the Ecology Club is involved in. The club has now been divided into four different committies.

## Stamp and Coin Since 1966

Stamp and Coin Club began in the fall of 1966 at Proviso by Mr. Stimes, and Mr. Rodriguez, and Mr. Dis Young. A small but enthusiastic group of philatelists (stamp collectors) and numismatists (coin collectors) have assembled each year for talking, swapping, and viewing exhibits. The membership has been between 15 and 20 students each year. There are usually more underclassmen than upperclassmen, with women now as members. Weekend visits to major stamp and coin shows in hotels are made each season. Those participating in these hobbies find great personal satisfaction and also find that stamps and coins increase a person's knowledge of history, geography, language, and other Proviso courses.

## Afro-American On The Move

The Afro-American club is relatively a new organization at Proviso. The club started at the end of last year for a group of students interested in promoting the interest and understanding of black people. This year Ms. Phillips in the only sponsor. The membership has increased since last year, and therefore had many more activities this year. There have been numerous bake sales, a Christmas and a spring dance and on the 23rd of February a soul-food dinner during Black History Month.

German Club had a very interesting year. Although membership decreased from last year, German Club has remained active. This year the club went to the Museum of Science and Industry at Christmas to learn about German customs at X-mas time. They also went to the loop to eat at Berkoff's. Along with these excursions, they also got a second place award in float competition at homecoming.

This year French Club has a very active year. In addition to winning first place in Mini Float competition at Homecoming, they had a spring and fall bake sale, along with the annual French Club dinner and fondue.

Though Spanish Club did not enter into the float competition this year, they did plan many events throughout this year. During the spring and fall they had bake sales. At Christmas they had an authentic Spanish Christmas party complete with pinata and highly seasoned Spanish food. They also entered Dec-A-Door Contest and won an award in the most beautiful category.

## Girls Bowling Rolls To Victory

Girls Bowling has successfully completed another year of tense bowling competition. The girls meet once a week on Wednesdays after school at the Hillside Bowling alley. The girls organize into small teams of five and six and compete against other teams for an eighteen week period. The program is supervised by Mrs. Campbell.

## Camera Club Reflects On Past

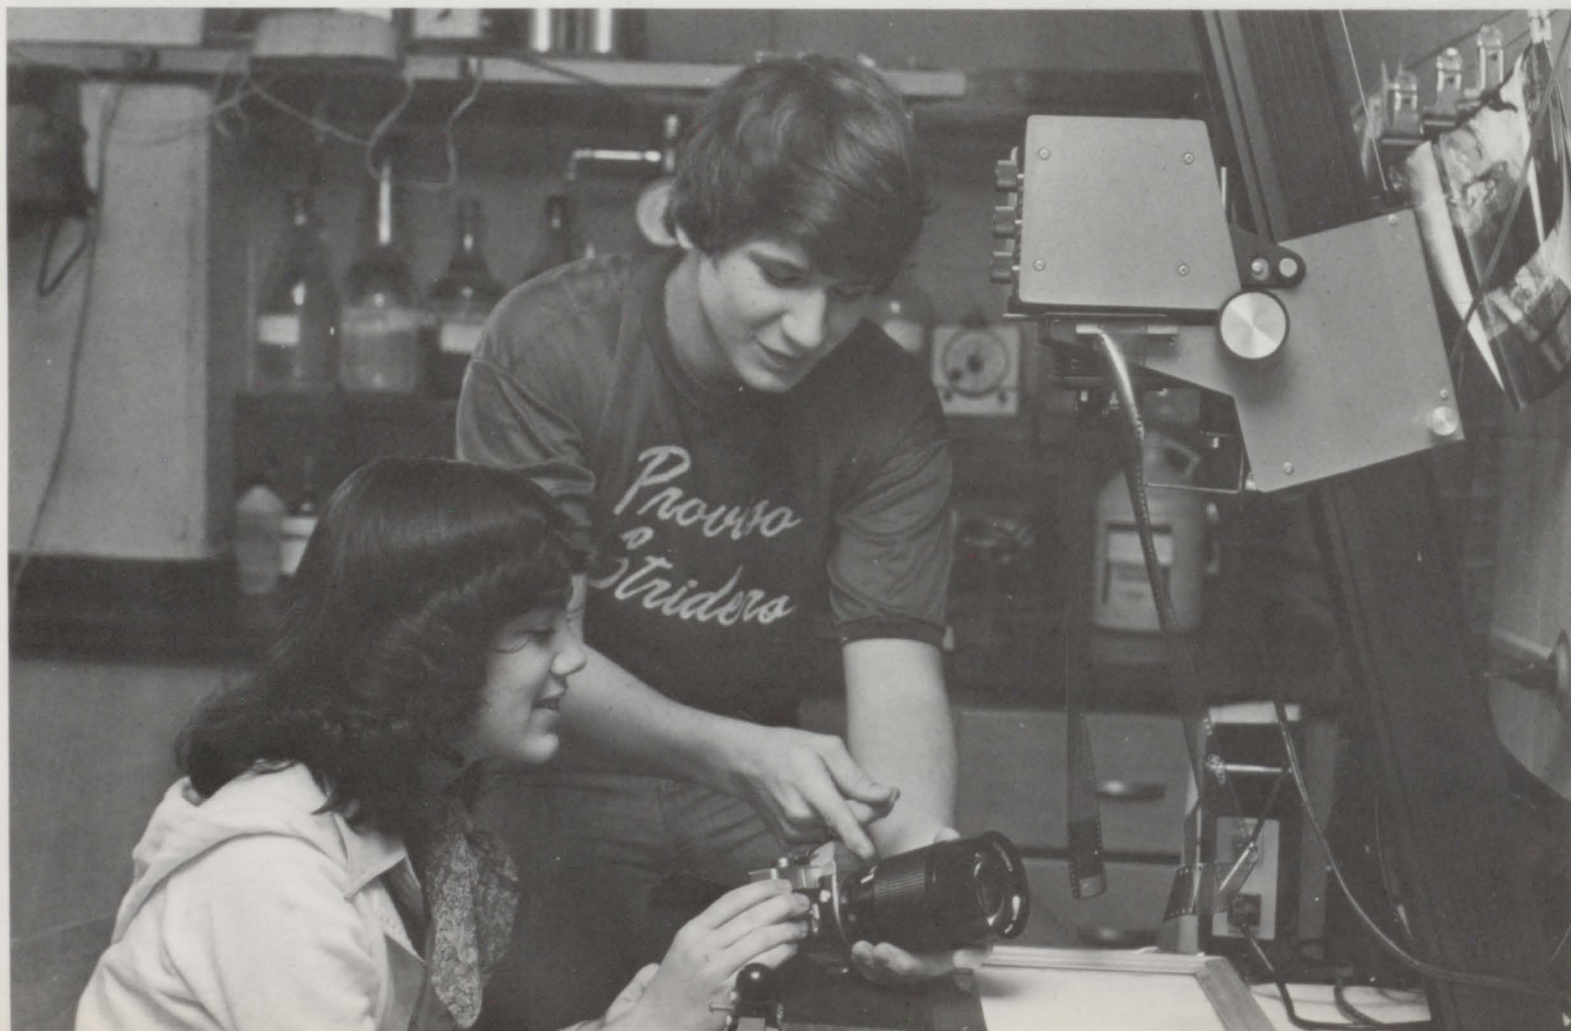

The Camera Club was named "The Lensmen" when it was first started in 1959 and has kept that name all these years. In its nineteen years of existence it has only had two sets of sponsors, in was initiated under the guidance of Mr. Fred Keil and Mr. John Sanborn. Mr. Haas has been the sponsor since 1961. During this time there have been many new innovative processes developed. When the club was first formed they only could develop and print in black and white. Today we have available many types of color techniques. The club now owns a color enlarger and a color analyser, and members have made color pictures from both color slides and from negatives. Members enter several contests during the year, and have won many of the top awards. Last year Jim Newkirk won the Kodak Medalion of Excellence.

## Cine Club Stays Active

Cine Club was organized in 1958. The club unique among other organizations in that rather than spending its money on trivialities, funds in the treasury are used for the clubs Annual Scholarship Award given to one of its senior members. In 1958 a change was made when boys volunteered to aid Audio visual and belong to Cine club for nothing more than experience. Presently an eighth credit is given to boys per semester in a course call Audio Visual Technology activities of Cine. Cine for the last 20 years has included an annual farewell party, concessions at all home football-basketball games, collecting for kidney and diabetes foundations and a Mardi Gras activity.

## Marinettes Get New Show Time

Marinettes was formed in 1965. The attendance and interest has increased over the past 8 years. For the past 4 years the club has participated in International Competition. They have traveled to Canada and Iowa and will go to Iowa again this year. Marinettes have moved from a Spring show to a Fall show. They have only the members from last year; no tryouts could be done for new members. Tryouts will be in May to increase club membership for next year's show and the members will work on the show over the summer. The club has yearly bake sales, candy sales, and a car wash to raise extra money for show expenses. Mrs. Schroeder commented, "I feel the club has come a long way and has improved in skills and club togetherness."

## Chess Clubbers Keep Winning

During its 17 years existence, the Chess Club has maintained a winning spirit. According to Mr. Stilwell, who has been sponsor since 1966, the club has seldom lost more than one meet per semester. Twice in its history the Chess Club has been within one point of winning the IHSA State Championship. With the exception of two years, the West chess teams have brought home the West Suburban Championship each year. Throughout most of West's history, the chess club has represented the school with a record to be proud of.

## Bikers Share Riding Interests

In 1971 several students wanted to form a bike club. They talked to Mr. Gusloff who explained to them that they would need a sponsor and at least six members. The club began that year with somewhere between ten and twenty members. Membership has remained between ten and twenty since.

The club started by having organized meetings at school and then going on planned bike rides. Some of the rides were short, like to Graue Mill, and others were longer, like to Starved Rock State Park. After a few years, the club's rides had to stop due to an insurance problem, but the meetings continue to promote bicycling by providing information on other organized bike rides, on bike repair, and on bicycle camping.

## Profile Carries Winning Tradition

In 1959 the *Profile* started under the direction of Mr. Arthur Levin. By the mid-sixties the *Profile* was acknowledged as being a leader in the field of high school journalism. Numerous awards have come to the *Profile* since 1959, including first place finishes, medalist awards, and All-American awards, and the NSPA Pacemaker award. *Profile* continues on its winning ways by staying on top in the ratings and by being currently pictured in the Columbia Scholastic Press Association scorebook as a model of exciting graphic design.

## Mural Pictures West Traditions

For the first two years of its existence, West received a few pages at the back of East's *Provi*. Then in 1961, West produced its own yearbook, *Mural*.

This year's staff has worked hard putting together what they feel is one of the best books yet. Work on the book really began last summer when co-editors Sam Trezzo and Debbie Pease attended a workshop in Whitewater, Wisconsin. At the conclusion of the week long workshop, Sam and Debbie were awarded the first place in page layout design.

Once school started, work on the book got into full swing, and all section editors got involved. For most of the year, the staff found themselves under the constant pressure of one deadline after another. Somehow, though, all the pictures got taken, all the pages got designed, and all the copy got written and typed. As a result of the efforts of a dedicated staff, the 1978 yearbook has become a reality.

## HERO And O.O. Promote Skills

Office Occupations is a fairly new organization. It was founded in 1966. The purpose of this combined club, and class is to further the student's education of practical business procedures. O.O.'s membership has risen considerably since it started. This is because of the fact that more and more women work each year.

Besides doing class work the girls in O.O. also participate in many club activities. In October O.O. sponsored many more sales like this in order to raise money. The money is used for a service project, such as helping kids at an orphanage, and the annual Employer-Employee Banquet which is held each May.

## Panth'rettes Show Spirit

The Panth'rettes did not join the West cheering section until 1963. That year, under the direction of Mrs. Attenberger, the Panth'rettes were formed as a pom-pom squad. In 1965, Mrs. Erickson took over as sponsor, and under her leadership the Panth'rettes began their slow conversion from pom-pom girls to dance and drill team. Over the years, the Panth'rettes squad has varied in size from 24 to 48 members. This year's team, under the direction of Mrs. Waszak, consists of 35 talented girls. Since their beginning, the Panth'rettes have performed at home football and basketball games throughout each school year. This school year, the Panth'rettes again participated in the Chicago Christmas parade and were invited to perform at the Chicago Bull's games January 6 and March 14.

## Cheerleaders Encourage Yells

Since West first began, there have always been girls interested in leading the cheers at both home and away games. Back then, there were only varsity and junior varsity cheering squads. Since then the cheerleading squads have increased. Today there are three squads. The varsity squad cheers for the varsity football and basketball teams. So that the crowds would be encouraged to cheer at the sophomore teams games, the sophomore cheerleaders were organized. These girls lead the cheers for sophomore football and basketball games. A few years ago, several people felt that the wrestling and soccer teams needed someone out there initiating the victory yells, so the soccer-wrestling cheerleaders were organized. Each of these cheer squads help keep the fans rooting loudly for our great teams.

## Panthers Take Conference Win

This past spring the Proviso West Panthers took first in the West Suburban Conference. The Panthers clinched the title with a devastating win at Riverside-Brookfield. Rick Wlezen lead the pitching with a 6 and 1 record. Bill Anglesano lead the team with .368 average. Ed Fernandez and Steve McCuiston took the RBI title tying at 14. The Panthers had many extra inning wins but the 5-3 extra inning win over Proviso East was the most significant. The overall outlook for the Panthers of '78 is good because they have 16 lettermen returning.

## Soph's Future Looks Bright

The sophomore baseball team, under the coaching of Mr. Ed Yonkus, had a most successful season this year. The team finished with a 16 and 2 record and were the West Suburban Conference Champs. The team consisted of many outstanding players, like Len Kasper, Mark Siwiec, Sam Marino, and Mike Matusik. Coach Yonkus sees a bright future ahead for his sophomore team.

## Frosh Team Shows Talent

Despite a disappointing 5th place conference finish and an overall record of 8-11, Coach Dick Clish sees a bright future for this talented frosh baseball team.

The team was bolstered by the hitting of Louis Disotuar, Tom Fahey, Mark Mandarino, and Mark Evak, each of whom hit over .320. The great speed and fielding of Andreas Jungermann in center field, and the catching of Mike Stokes were also tremendous assets to the team. Steve Noti was outstanding on the mound with a 6-0 record.

According to Coach Clish, "These boys have better speed, hitting, fielding, and overall talent than past teams. They have far superior talent than their 6-10 conference record indicates. If some of the pitchers grow and fill out, or some new boys develop as pitchers, this team has the talent to win the conference."

## Varsity Track Takes First

The varsity track team took first in conference during the spring of '77 season. Part of the reason for this was the four individual champs. Scott Daniels took a first place in the long jump and a first place in the triple jump. Brett Green took the first place in shotput, while Mike Mestek and John Lakis took discus and pole vault first respectively. Mestek also took second in the state for the discus. The overall outlook for the next season looks good.

## Soph Track Shows Potential

The sophomore track team, under the coaching of Mr. Don Green, had quite a successful season this year. They took third place in their own invitational and a fourth place finish in the Glenbard West invitational.

The team consisted of many fine players, like John Pendola in the half mile and Mark Perto, a pole vaulter. Coach Green sees great potential for this sophomore team. "They should be very strong in the years to come," says Coach Green.

## Frosh Show Good Potential

"A good team with great potential." That's what Coach Green has to say about his freshman track team. The team finished in third place in the West Suburban Conference. They finished fourth in the Proviso West Frosh Invitational and second in the Glenbard West Frosh Invitational.

Each entering group of freshmen always looks promising. This year's group has a good chance to develop into one of the finest varsity groups in the school's history. They spent long hours practicing and working side by side, and in the next couple of years it just might pay off.

## Two Panthers Head For State

A first place finish at the Proviso West Invitational highlighted what was an otherwise dismal season for the '76-'77 Varsity Team. They finished ninth in the conference with a 1-7 record. Their only victory came over Riverside-Brookfield.

The team did, however, have a superb first doubles combination in Gary Paice and Steve Frandsen who took second place in the conference and became the first tennis players in Proviso West's history to make the state finals. Gary Paice and Dan Buenz shared the first singles spot, while Chris Swider and Dale Everhard held the second and third singles spots respectively.

## Young Panthers Look Hopeful

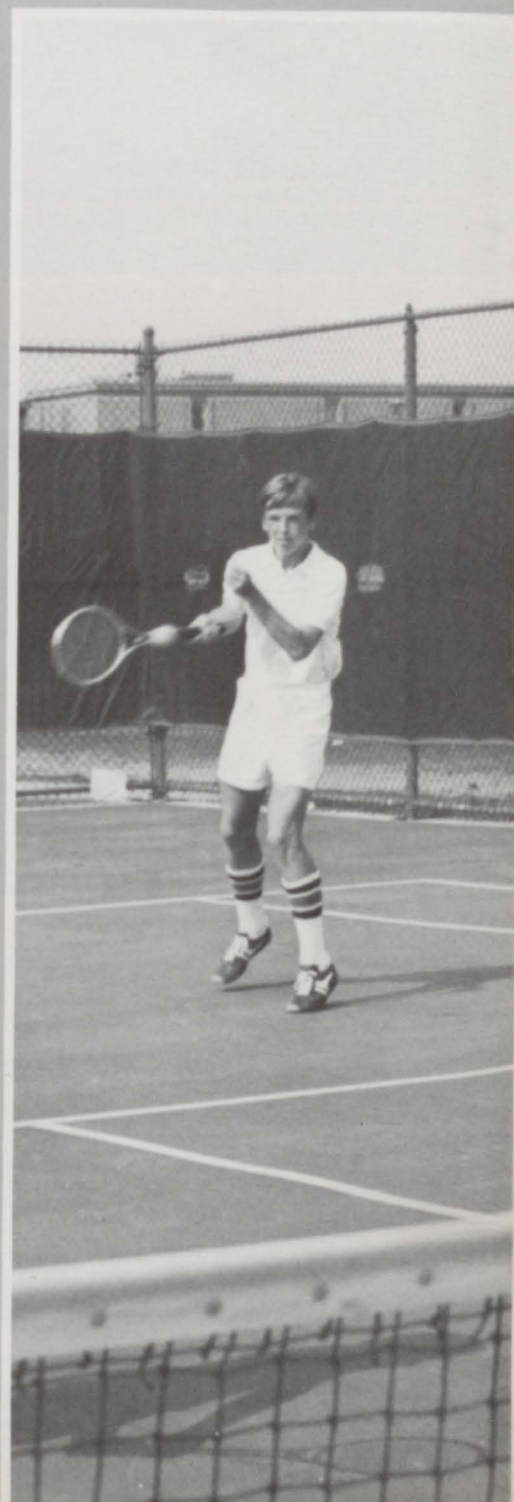

Even though 7th place in a nine team conference is far from stupendous, the overall record of 9-5 posted by the frosh-soph tennis team gave Coach Fitzgerald good reason to be optimistic. The team was 6-0 against non-conference opponents and had the best overall record of any frosh-soph team in the last ten years.

Bob Beshk played in the 1st singles spot the entire season, while Tom Sepka and Randy Renn rounded out the major singles players. Todd Frandsen and Greg Paice played 1st doubles and, coincidentally, their brothers Steve Frandsen and Gary Paice, played 1st doubles for the Varsity team and qualified for the state finals. Let's hope Todd and Greg have as good luck. If a little of that luck spills over, this talented team might give Proviso West its first tennis team to qualify for state finals.

# Girls' Track Reaches State

It was a strange, exciting, and fun year for the surprising '76-'77 girls' track team. They finished 4th in the conference, 4th in the district, and then 4th in the state. Their 440 and 880 yard relay teams which consisted of the same four girls — Roxanne Mildice, Jan Murray, Desiree Pritchett, and Cathy Toler — finished 2nd and 3rd in the state respectively.

The real key to these teams was the stupendous Desiree Pritchett who anchored both relays. Desiree became the first girl placed on the Proviso West Wall of Fame.

## Softball Team Shows Potential

It was a year of rebuilding for the '76-'77 girls' softball team which ended the season with a respectable 5-6 overall record. Their 3-5 conference record was good enough to gain them sixth place.

The team had two outstanding ball-players in Debbie Kanak and Monica Spencer, who both made the All-Conference Team. Debbie Kanak was also elected the Most Valuable Player.

Despite the fact that the '76-'77 team was not spectacular, they showed a lot of promise. The '77-'78 team should be strong with all but two seniors returning.

# Panthers Have Good Season

The fighting Panthers varsity football team, under Mr. Ed Yonkus, found themselves with the best record of their West Suburban Conference history. Both the Panthers' offense and defense were well balanced. The offense gained 2429 yards, while the defense gave up only 1865 yards. The Panthers also outscored their opponents 127 to 87.

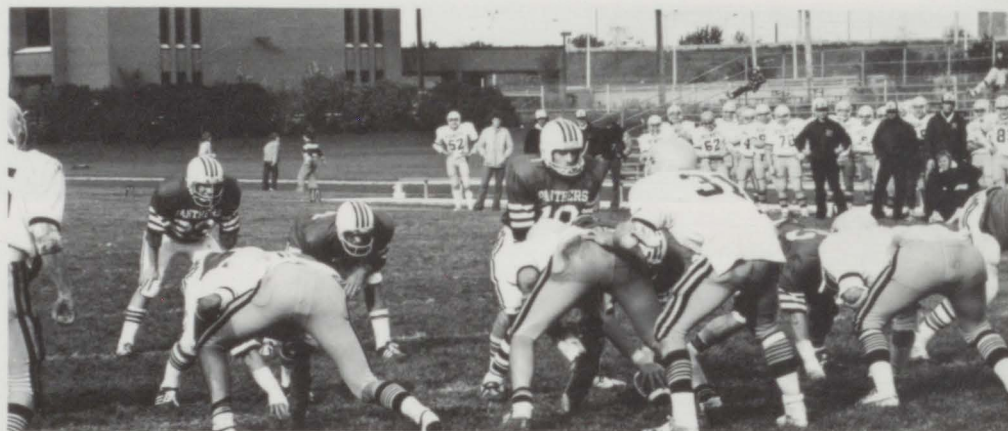

Some of the most outstanding games were the two shut-out victories over Proviso East and Hinsdale South. The Hinsdale South win was the Panthers' first homecoming victory in a long time. The victory over highly rated Downers Grove North was also a highlight of the season.

This season produced some outstanding players. They were Jim Jirsa, Mike Siweic, Kurt Bentel, Steve Cameron, Ken Sogar, and Scott Daniels. All of these outstanding Panthers made all-conference.

## Sophs Show Improvement

As freshman, this team had a record of 1-7-1. This year they were 5-4 which shows how much they improved. Most of the improvement was in individuals. Improvements in size, speed, and strength show that the varsity program will continue to improve. Some of the outstanding members were Paul Piwinski, Leo Hayden, John Steele, Mark Sullivan, Dino Pusateri, and Jim Birnity who returned two fumbles for touchdowns. One came in the last game with 3:20 left in the game.

## Young Cats Look Strong

## Varsity Soccer Takes First

A first place conference finish with a 12-4-3 overall record was achieved by the 1977 Proviso West soccer team. Coach Yeager was pleased with this year's team, and felt that it was the best team he ever coached.

Six players from the squad made the all conference team. Goalie Joe May, Nick Stavrojohn, and team captain Jeff Subach were second year men to the all conference team, while Dave Perez, Ken Hlinka, and Jerry Mraz all made the team for the first time. Sophomore Dave Perez broke the school scoring record with 16 goals. Nick Stavrojohn tied his last years mark with 14 goals.

## Frosh Soccer Survives Season

The Freshman Soccer team survived getting eliminated from the sports program and went on to a very successful season after being reinstated. Give a lot of credit to the people who stood up and made the administration see that a team that fields 36 boys is not insignificant. Soccer is one of the fastest growing high school sports in its conference, and Proviso has a winning tradition that should continue with this superb group of athletes.

Team Captain Dan Subach and CO-Captain Sal Gonzalez lead the team to an overall record of 6-11 with their excellent hustle. In what was probably the most outstanding game of the year, the Panthers tied York 4-4. York had (or they thought they had) the best freshman team in conference. Coach Skul is extremely optimistic about the future of this team and believes that they could very possibly win the conference title their senior year.

## Striders Look To Next Season

1977 was a disappointing season for the Varsity Cross Country team who are traditionally one of the school's strongest teams. The team placed 7th in the conference with a 3-5 record. An exciting one point victory over conference rival and state finalist Oak Park highlighted the Panthers season. Perhaps the finest efforts of the season came at the Peoria Invitational, where they placed 10th in the 44 team meet. In this meet, 6 Panther runners ran for personal record times.

Mike Backer was consistently the number 1 runner, and John Pendola qualified for sectional. The loss of Bob Mileski through injury really hurt the team. This year was the first time in the last five years that the team did not qualify for state finals. The fact doesn't worry Coach Wieczorek who said, "Next year we return many let-termen who should lead us back downstate."

## Soph Runners Look Strong

With 3rd place finish in a 22 team meet, the Sophomore Cross Country finished 5-3 in the conference.

Ken Kieliszewski and George Iliopoulos led the Sophomore team to win the last five meets of the season. Kieliszewski finished 1st in the conference championship. Coach Wieczorek was pleased with the performance of the team this year, and has confidence in their ability.

## Varsity Golfers Take Second

The Varsity golf team coached by Mr. Fiorvanti, placed second this season in the State District Golf Tournament. The panthers finished with a conference record of 4-4, and an overall record of 8-6. Marty Gavic led the Varsity Golfers all season and was the "medalist" in the State District Golf Tournament. Other outstanding golfers were Terry Whitlock, Tom Schneider, Ed Lechelt, Gary Voyda, Mike Guzzardi, and Dave Gentile. The Panthers' best effort was against Addison Trail (The DesPlaines Valley League Champs) when they beat them by five strokes in a dual meet.

## Volleyball Has Best Year Ever

Varsity Volleyball has the best record in its history at West. They won more games than ever before and came out higher in the standings. At midseason, varsity was tied for 1st place in the conference and held that position for two weeks. For the first time, varsity was rated to win their district with a first seed.

The girls worked well together. Elaine Quednau and Debbie Mitrenga did excellent jobs of setting. Kathy Bay, Patti Frett, and Denise Pesce were the best spikers. Vesna Martich led in blocks and Denise Pawlak and Nancy Peters led the team in serves. Coach Martins said about the season, "I really enjoyed working with these talented young athletes who are also great people."

## Girls Tennis Places Eighth

This year's Girls' Tennis team won more meets than last year's team. According to the coach, Mrs. Pat Erickson, the highlights of the season were the wins over Proviso East and over Fenton.

Even though the team finished 8th in conference, there were some individual outstanding players. They were Beverly Polak, Joanna Anos, Maria Gianas, and Karen Hlinka.

## 20 Wins For Second Year

The 1978 basketball season was one with several highspots for the Panthers. The varsity team was 20-7 which gave them their second 20 win season in 2 years.

Brett Green was the number 1 scorer for the Panthers while Pat O'Connor, the team's MVP, led all rebounders. Jim Fisher, team co-captain, was top in the assists column, while co-captain Ron Roman led the Panther defense.

The team was carried through the season with an array of players like Brad Meath, Jeff Hubbard, Alex George, Kevin Trochelman, Len Kasper, and Bob Concannon; all helped to build the winning tradition. Next year, Coach Lucas will have a lot of work but can once again produce a 20 win season.

## Frosh Have Good Showing

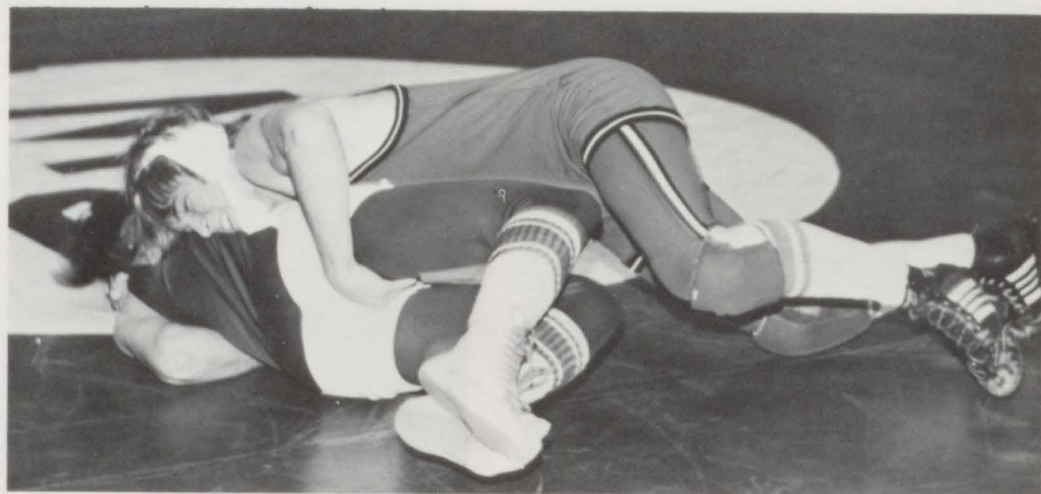

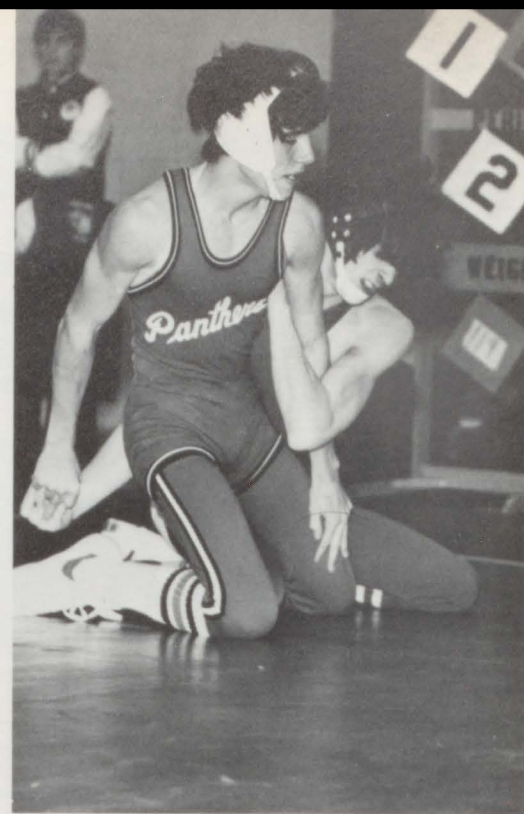

The freshman basketball teams had a pretty good season. The "A" team took a first place conference finish with a record of 10-1. The "B" team finished fourth in conference with an 11-5 overall record. According to Coach Shannon, the "B" team's most outstanding game was their win over Downer's Grove North. Another highlight was a last second desperation shot by Mike Albrecht which sent the game into overtime in a game that West eventually won. Outstanding players were Dave Styler, Tomaras Woods, and Ken Hart.

## Varsity Matmen Look to Future

Despite a poor Duel Meet season, the Panther wrestlers did very well in tournament competition. Some of the outstanding players were Joe Mahler with a record of 10-4 and a third in districts, Ray Black with a record of 9-7 and a third in districts, and Bob Krawczykowski with a fourth in district. Tom Yudys and John Bagnuolo were most valuable players.

A highlight of the varsity season was the Proviso East meet. The Panthers tied 6 matches each with their arch rival. Coach Rosengren commented on the season. "We were rebuilding for the future. We took our lumps this year, but we plan to dish out some next."

**SOPHOMORE WRESTLING.** *Front Row:* Steve DeAngeles, Paul Piwinski, Mark Burrows, John Krawczykowski, Rich Draski, Tony Anderson,

## Disappointment Covers Frosh

The Freshman wrestlers, under the coaching of Mr. Ed Snyder, found this season to be disappointing. Although the team itself didn't do well, several players did. Russ McGarr had a record of 11-0 and 8 pins; Bob Mahler had a record of 15-2-1 and 6 pins; and Dave Deangeles had a record of 12-2-1. Those players who turned out for wrestling this year are good prospects for next year. Coach Snyder expects a better season next year.

## Fourth Finish For Sophs

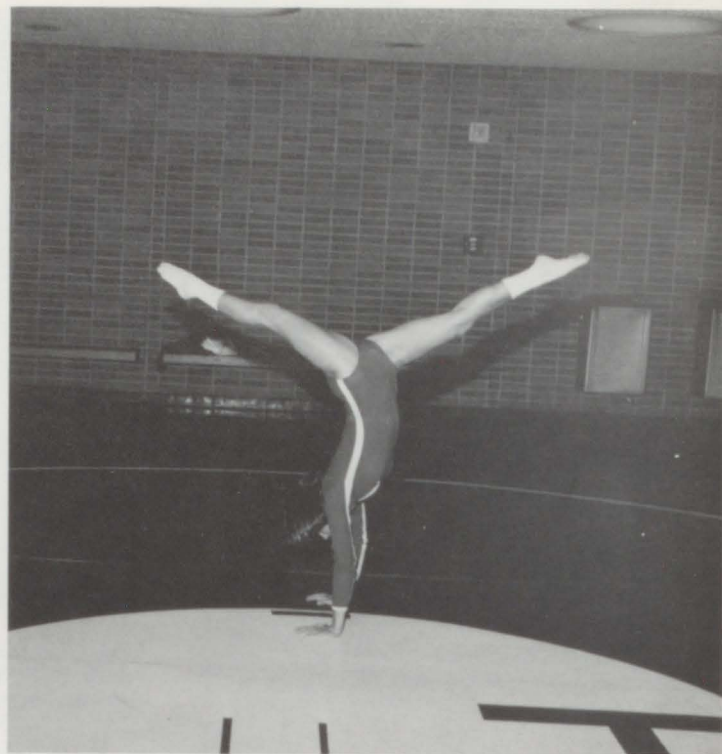

According to Coach Petruzzi, this year's sophomore wrestling team had more potential than their record indicates. The team had several outstanding individuals. Paul Piwinski went undefeated with a 14-0 record. John Krawczykowski had the most pins with nine, Joe Mahler had a 24-3 record, and John Alfini finished the season with a 14-2-1 record.

## West Gymnasts Finish Sixth

The varsity gymnastics team, coached by Mr. Gene Sanders, completed this season with a sixth place finish and a 3-5 conference record. Because the Panthers had only two returning lettermen, this season proved to be a good one for the sophomores and juniors to mature. Some of the outstanding players were Tony Beccasio - Co-Captain and top rings specialist, and Glenn Zetek who was a steady all around performer. The varsity Panthers' best meet was a dual meet with Proviso East and Downers Grove North where they socred 96.17 over East's 91.62 and Downers North's 86.76. Another highlight proved to be the conference meet where West's team scored a season high of 100.93.

## Soph Gymnasts Finish Eighth

Although the sophomore gymnasts finished 8th in the conference, Coach Sanders sees a bright future for these athletes. According to Coach Sanders, the players who gave the most outstanding performances were Don Pojman, Nellie Shimon, and Paul Leahy. Highlights of the sophomore season were the second meet of the year, where the Panthers upset DeKalb 49.75 to 48.75, and the Downers North meet where Proviso scored 64.63 over Downers.

Since six of this season's players were freshmen, they will return to the sophomore squad next season as experienced gymnasts. Coach Sanders looks forward to a successful season.

## Varsity Team Is Short but Tough

The Panthers jumped off to a fast start this season winning their first three contests. Things were looking good until a serious knee injury sidelined center Maria Gianas for the season. The team had to adjust to playing without anyone taller than 5'6". What they lacked in height, they made up for in quickness, speed, and pressure defense.

The outstanding game of the season was the last home game against Oak Park who were first in conference at that point. Proviso led throughout the game ending with a 45-41 win. According to Coach Powers, the victory was a great finish to a great season.

## Pacers Play Rough Season

This year's hockey team proved to be an aggressive one. Playing in 23 South West Metro league games, the club finished in third place with a 10 win, 10 lost, and 3 tied record. The team was led by MVP Lee Archambault who had 28 goals and 20 assists. Another valuable player was Terry Rolacek.

## '77-'78 Most Valuable Players

**Rick Wlezen '77 Baseball**

As the number one pitcher on the Proviso West team, Rick Wlezen finished pitching a total of 56 1/3 innings with a 6-1 record. He struck out 57 players while walking only 15. At the plate, Rick batted .375 in the spring of 1977.

**Steve Frandsen '77 Tennis**

Steve Frandsen was the first Proviso West tennis player to ever advance to the state tournament in a doubles match. Steve was on the Spring '77 team and played first singles and first doubles on the team.

**Desiree Pritchett '79 Girls' Track**

Being the first female state champion in Proviso West history, Desiree Pritchett was undefeated overall in the 100 yard dash. Desiree was also part of the girls' 440 relay team that was second in the state last spring.

**Debbie Kanak '78 Softball**

As a member of the 1977 all-conference team, Debbie Kanak was a top outfielder on the team. Debbie led the team with stolen bases and carried a .400 batting average.

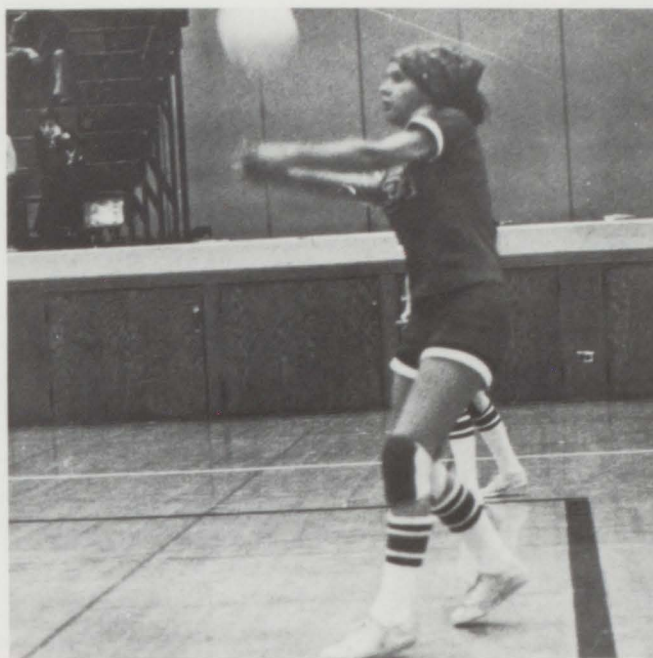

**Burt Becker '77 Track**

Besides being the most valuable cross country runner in 1976, Burt Becker earned the same title in track in the spring of 1977. Burt is the ninth all time mile runner at Proviso, and he took third in conference with a time of 4:20.7. He also broke a school record in the 1000 yard run with a time of 2:17.3.

**Marty Gavac '78 Golf**

As captain of the Panther Golf team, Marty Gavac was a medalist in the State District Golf Tournament in 1977. Marty was also a member of the All-Conference team in 1976.

**Nancy Peters '78 Volleyball**

As captain of the volleyball team, Nancy Peters was nominated to the Suburban Trib All-Star player team and was a member of the All-Conference team. Nancy was the best all around player and never missed a game for Proviso West.

**Jeff Subach '78 Soccer**

As a junior and senior, Jeff Subach was a member of the All-Conference team, and he was named to the All-Sectional team his senior year. Jeff played varsity ball for three years and was team captain last season.

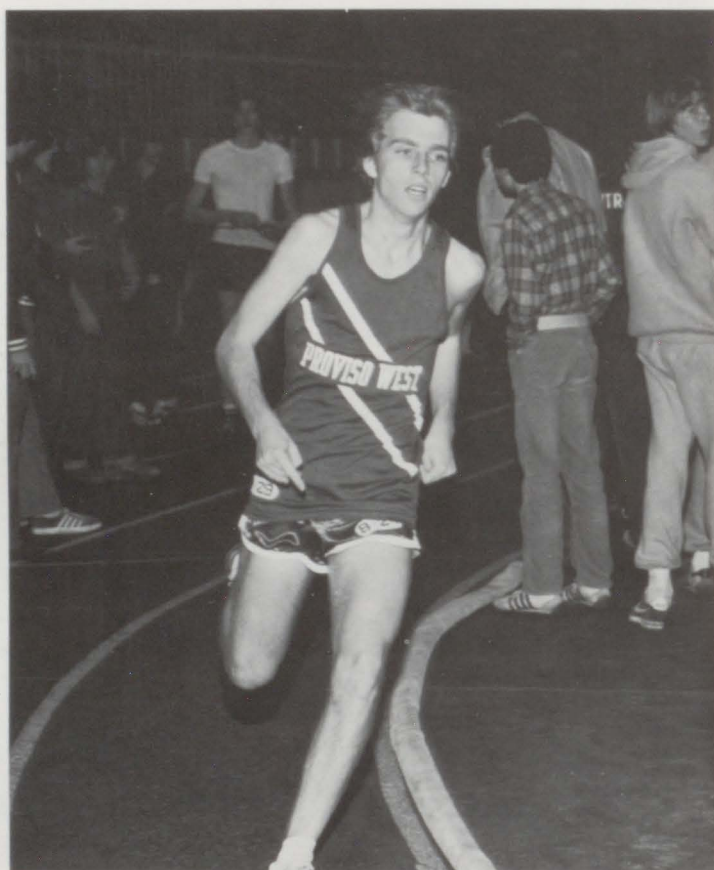

#### Mary Beth Kennedy '80 Swimming

Mary Beth set records in three events this season, the 200 yard medley relay, 100 yard backstroke, and the 200 yard individual medley. She was also fourth in the West Suburban Conference in the 100 yard backstroke.

#### Jim Jirsa '78 Football

Jim was an all conference, all- area defensive player. Being most aggressive on defense, Jim stopped several long runs with his hard hitting tackles.

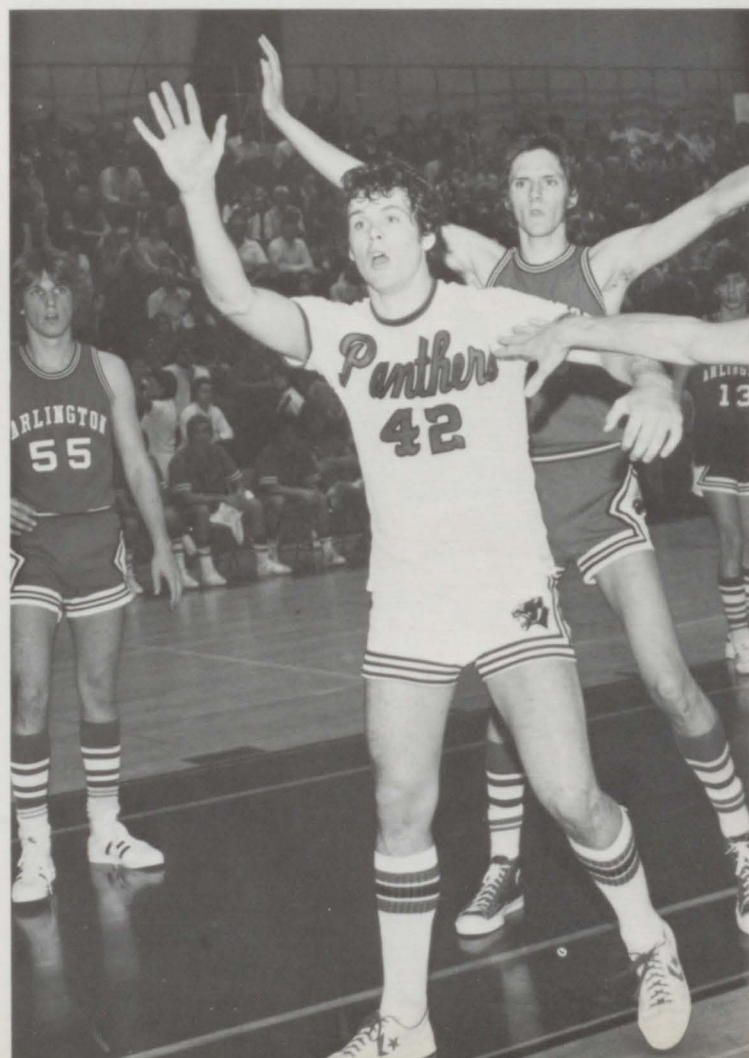

#### Mike Backer '78 Cross Country

As last spring's team co-captain, Mike was the number one cross country runner. In his sophomore and junior years, he competed in the state finals. Mike was also most valuable player as a freshman.

#### Pat O'Connor '78 Basketball

Pat was the Panthers second leading scorer with 298 points. He hit 43% from the floor and 50% from the free throw line along with 219 rebounds for the season.

## '77-'78 Most Valuable Players

**Lee Archambault '78 Hockey**

Lee had 28 goals and 20 assists this past season to go along with his aggressive style of play. "Arch" was a team leader and a rough player.

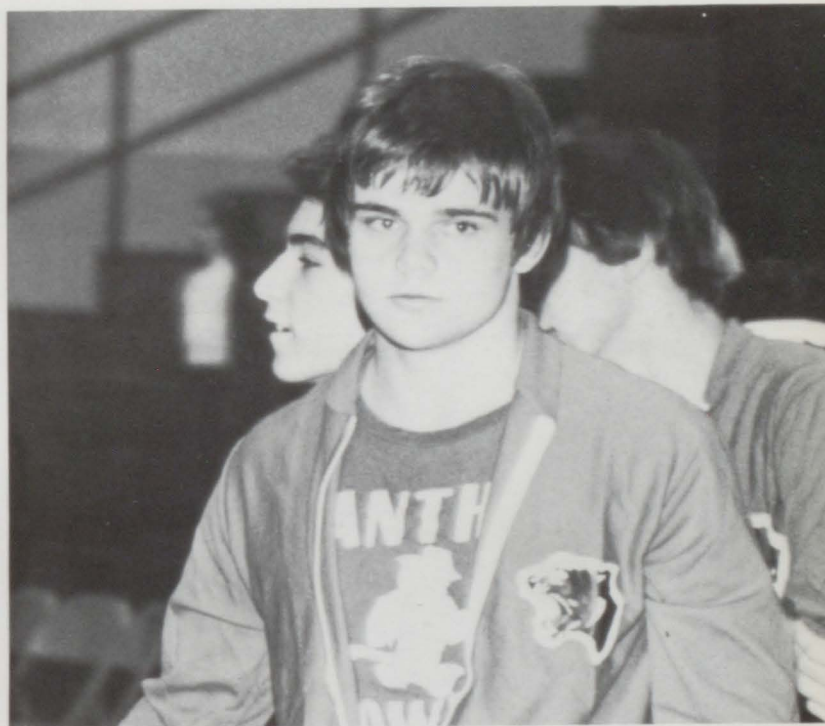

**Tony Beccasio '78 Gymnastics**

As this seasons ring specialist, Tony placed 5th in the Thornridge Invitational. He also had a tenth place finish in the District Meet. Tony had the season high score of 7.85.

**Maria Molliconi '78 Basketball**

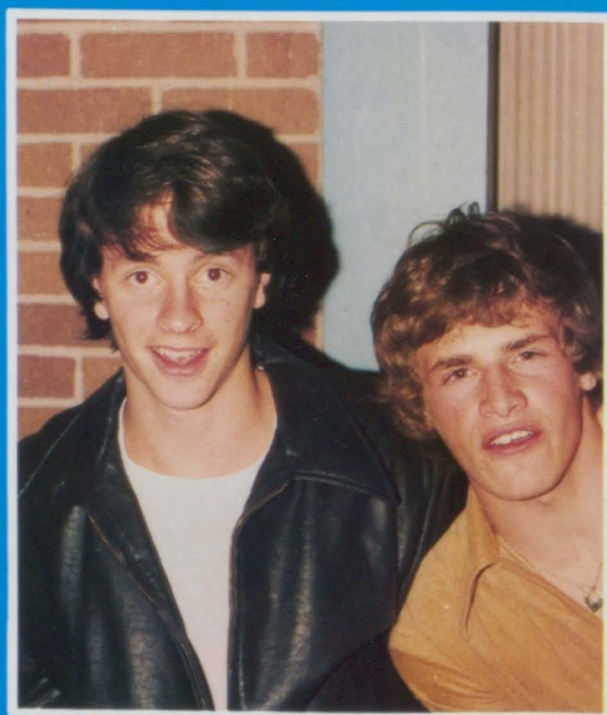

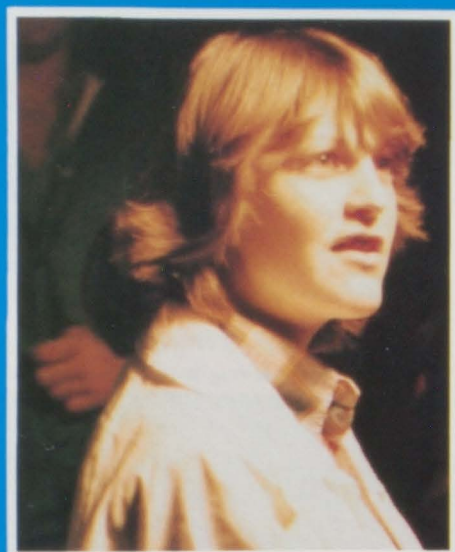

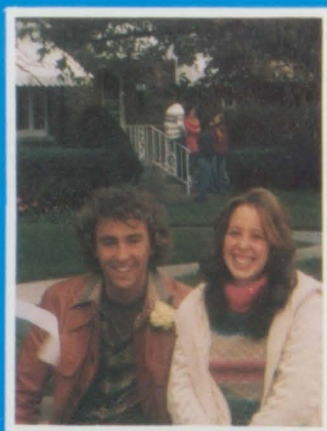

Maria, a two year member of the all-area team, averaged 17 points per game this season. Maria was also a member of the suburban Trib's Top 20.

**John Bagnuolo '78 Wrestling**

Being one of the few seniors on the team, John was a leader in courage, tenacity, and spirit.

BOARD OF EDUCATION. Seated: Dr. Louis S. Seno-Secretary, Mr. Robert W. Bentel-President, Mr. Dominic Provenzano. Standing: Dr. Charles C. Holt-

Superintendent, Mr. Anthony Christopher, Mr. George R. Lange, Mr. Gerald Jacknow, Mr. Charles W. Greene, Mr. Jack Stanley-Business Manager.

## Board Keeps West Running

As West entered its twentieth year, it was "business as usual" for the school board and the superintendent. Although the members of the board may be unfamiliar to most students, the effect they have on West is felt everyday. Each month the board meets to consider things like changes in policy, disciplinary actions, curriculum changes, and staff employment. Dr. Holt, superintendent, then has the enormous task of seeing that board policies are implemented in both buildings. The monthly board meetings are important to West, for the outcome of each meeting eventually affects each and every West student.

Mr. Richard A. Wede  
Administrative Assistant

Dr. Charles C. Holt  
Superintendent

Mr. Claude Vandevender  
Director of Continuing Education

Mr. Douglas Poulter  
Director of Curriculum

## These Six Help Run West

In order to keep two schools as large as Proviso East and West running well, several people are needed to fill specialized jobs. The people on these pages fill those special spots. The only change in this group of administrators since last year is that Mr. Douglas Poulter has taken on the responsibilities of Director of Curriculum with the retirement of Mrs. Virginia Taylor. As a result of the efforts of these six men, West's twentieth year ran smoothly.

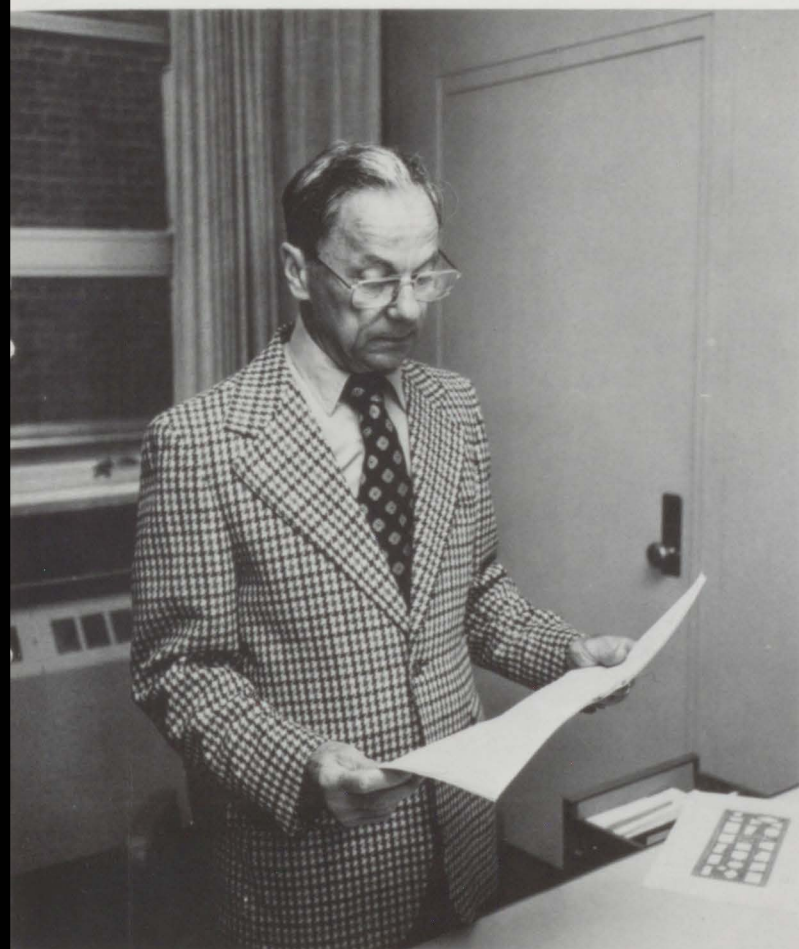

Mr. Jack Stanley  
Business Manager

Mr. Peter Parillo  
Coordinator of Special Projects

Mr. John Oklepek  
Director of Vocational and Technical Education

Mr. Howard Schumacher  
Director of Management Information Services

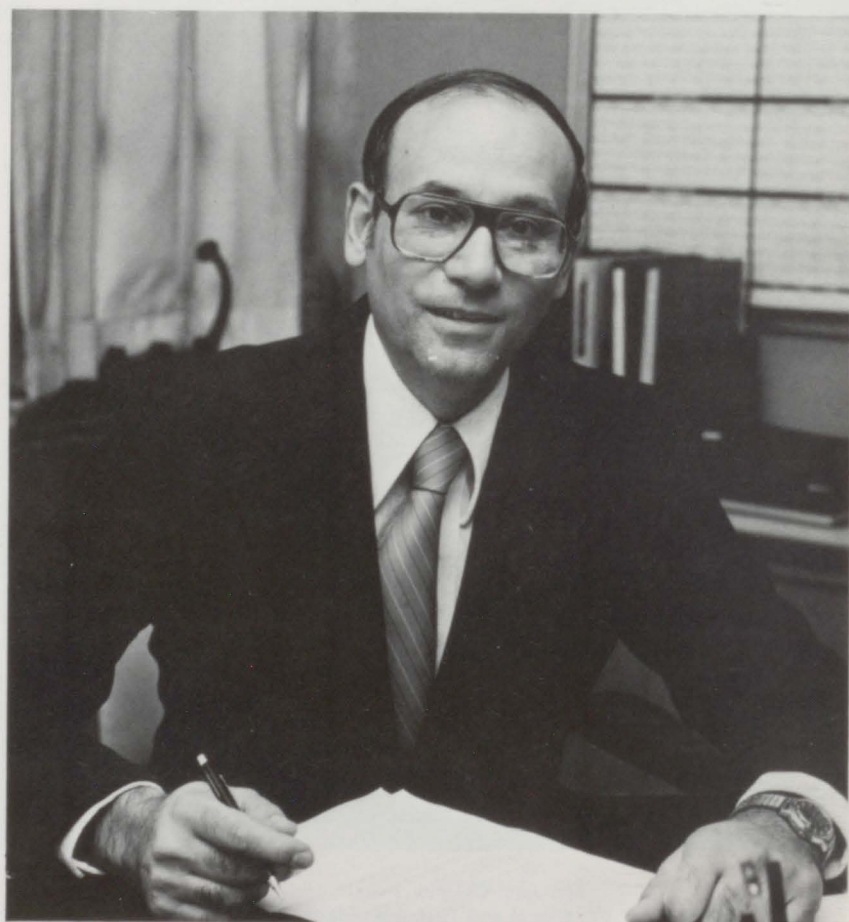

Mr. Arthur E. Vallicelli  
Principal

Mr. Richard F. Gusloff  
Assistant Principal in charge of Student Activities

Mr. Robert N. Milano  
Assistant Principal in charge of Educational Services

Mr. Glenn C. Stein  
Dean of Students

Mr. Wilborne Bowles  
Class Supervisor

Dr. Frank K. Danes  
Class Supervisor

## New Faces Join Administration

In this 20th year of its existence, West saw changes in its administration. Dr. Frank Danes, formerly a West counselor, and Mr. Wilborne Bowles, formerly Language Department Chairman at East, became West's newest deans. Dr. Danes accepted the position as Freshman Class Supervisor, while Mr. Bowles became Sophomore Class Supervisor. In addition to being class supervisors, Mr. Bowles and Dr. Danes found themselves responsible for other areas. Mr. Bowles' responsibilities included the daily bulletin and supervision of monitors among others. Dr. Danes took charge of assemblies as well as meeting other responsibilities.

In addition to the new class supervisors, West was once again under the leadership of its principal, Mr. Valli-cell. Returning to their positions as assistant principals were Mr. Gusloff and Mr. Milano, who were responsible for student activities and educational services respectively. Continuing as Dean of Students was Mr. Stein.

Under the direct leadership of these six men, West completed its 20th year and prepares for the next twenty.

## 20 Years Bring Changes to West's Faculty

Being an underclassman means  
 Not knowing your way around as a  
 Freshman - or getting your  
 Class ring as a sophomore - or  
 Having only one year before you're  
 A senior. It means going to class -  
 Most of the time - and being one  
 Of the crowd cheering for our teams;  
 And getting involved in a club; and  
 Doing research in the library; and  
 Making fun of the cafeteria food.

Being an underclassman means  
 Laughter - and sometimes - tears.  
 But most of all it means being  
 A part of West and making  
 Memories that you'll cherish  
 For the rest of your life.

FRESHMAN OFFICERS. *Seated:* Patricia Calles-Secretary, Robert Ruffulo-Treasurer. *Standing:* Chris Avino-President, Jaci Camastro-Vice-president.

The junior class shows its spirit by turning out at athletic events to cheer our teams on to victory.

## UNDERCLASSMEN

The underclass cycle is steady.  
 The juniors become seniors.  
 The sophomores become juniors.  
 The freshmen become sophomores.  
 And now there is room  
 For yet another class  
 To enter these hallowed halls  
 And take the journey  
 From freshman to graduating senior.

*Far Right: "Otis" Monaghan forsakes his well-known reputation and dons a suit. Right: Terry Rolacek finds that lunch with Frank Prete can be an embarrassing situation. Below: An Academic English class runs through a skit.*

*Top Right: Homecoming Rose Court members are all smiles on the big day. Right: Ken Sogar looks for someone to hand off to.*

## West Is Still Going Strong

The early morning dances are gone, it's true. The student Advisory Council and sock hops have long since faded into fond memories. Some things still tie Proviso West's twentieth year to its first though. Things like Old Man Winter's first attack, walking sleepily to class, and those infamous school lunches all help the students of today relate to the "Olden days." Boys' sports have become a bit more commercial with the addition of the Panther mascot. The school store is available now and the shop classes have expanded some. But students still do a lot of things just like they did 20 years ago, like calling home to say they'll be a little late. West has changed in some ways but it's still going strong!

## After 20 Years We're Still #1

Activities. Some have passed on; others live forever. Things like sports, music, and lunch will always be around. New things like chemistry labs and the Panth'rettes join the old. Homecoming and Prom still remain the same. Both are favorite events. People all over the school are still concentrating on different things. They concentrate on things like hitting the right key in typing or hitting the right note in band, on how much in chemistry and how far in soccer. Ours is the place of concentration. From the beginning, West has always been a place of concentration.

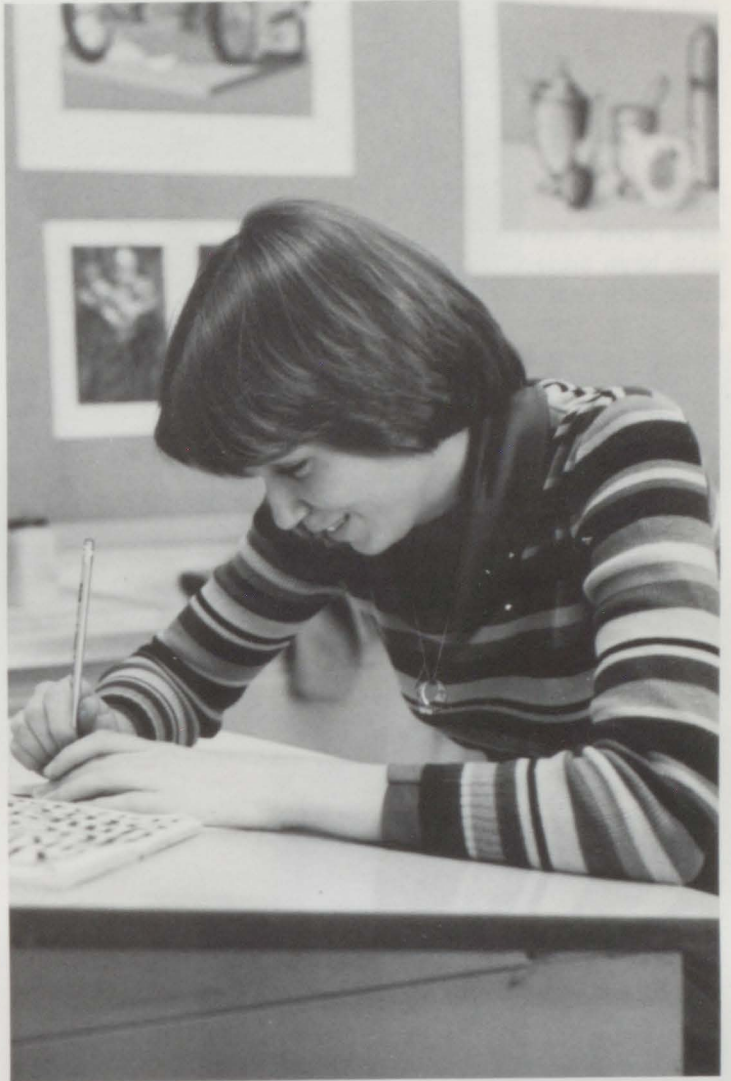

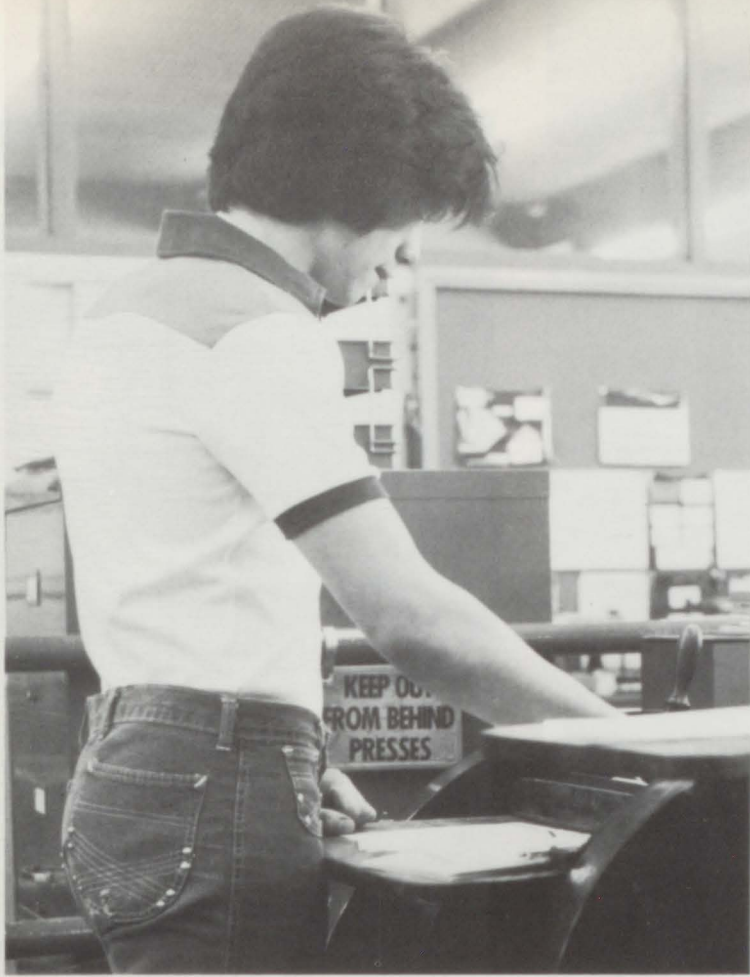

## Only The Faces Seem To Change

The people of West don't really change. The names and the faces change, but they're always there—the faces of West. Some of them come in groups like in choir or in class. Others are solo while hard at work or while receiving an award because of that work. Some show contentment while others show desperation. The faces, along with the styles, change from year to year.

Over the past twenty years, styles have changed many times. Pants went from stove pipe to elephant bells to flares. Shoes went from penny loafers to Beatle boots to platforms. Hair styles went from DA's to shags to Afros. But no matter what pants they're in or what shoes they wear, today's students are really the same inside as their counterparts of 20 years ago.

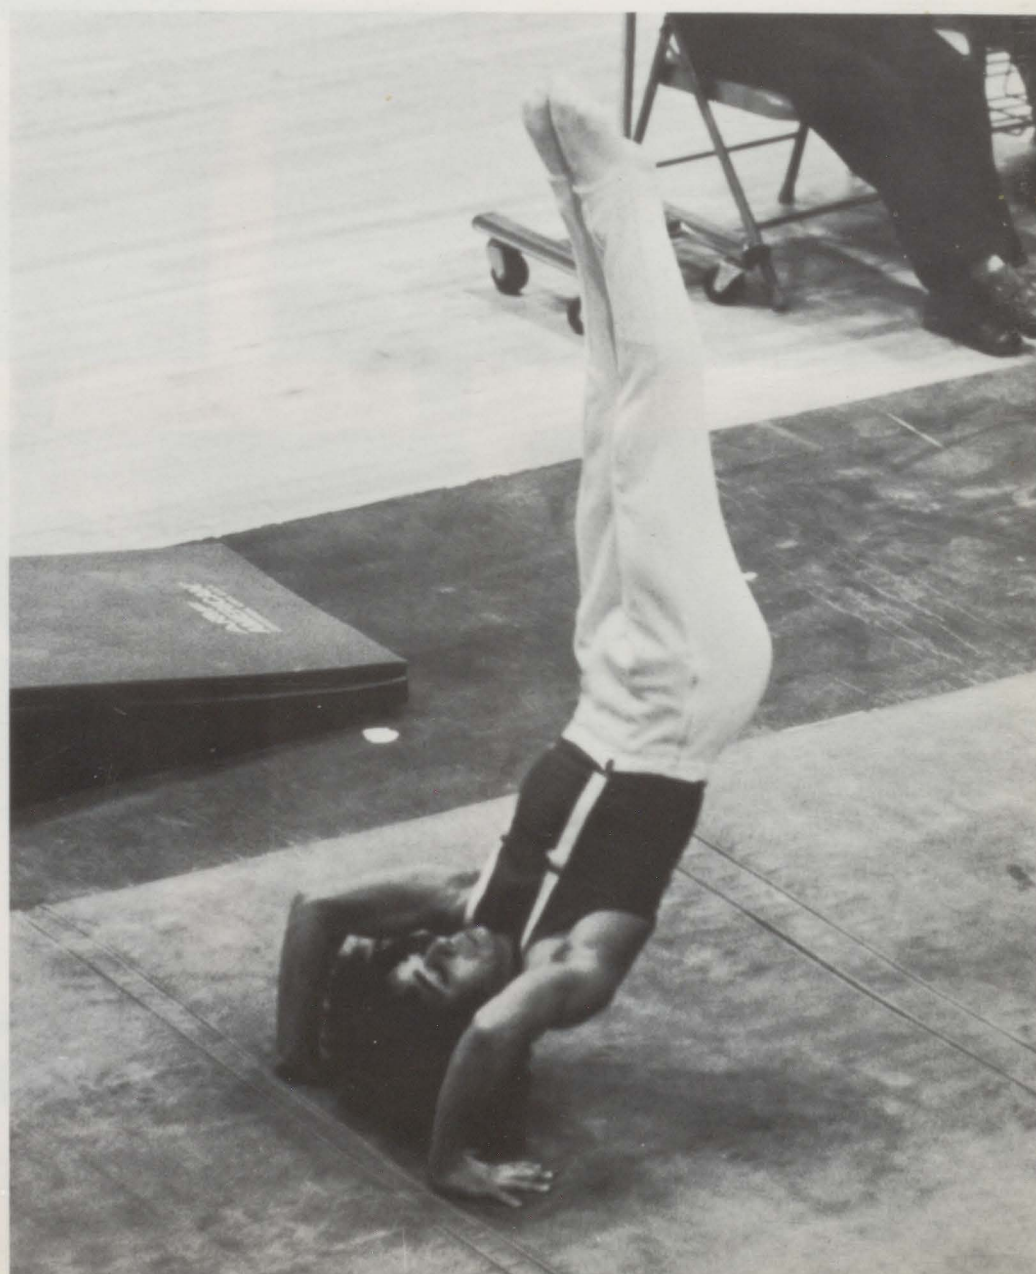

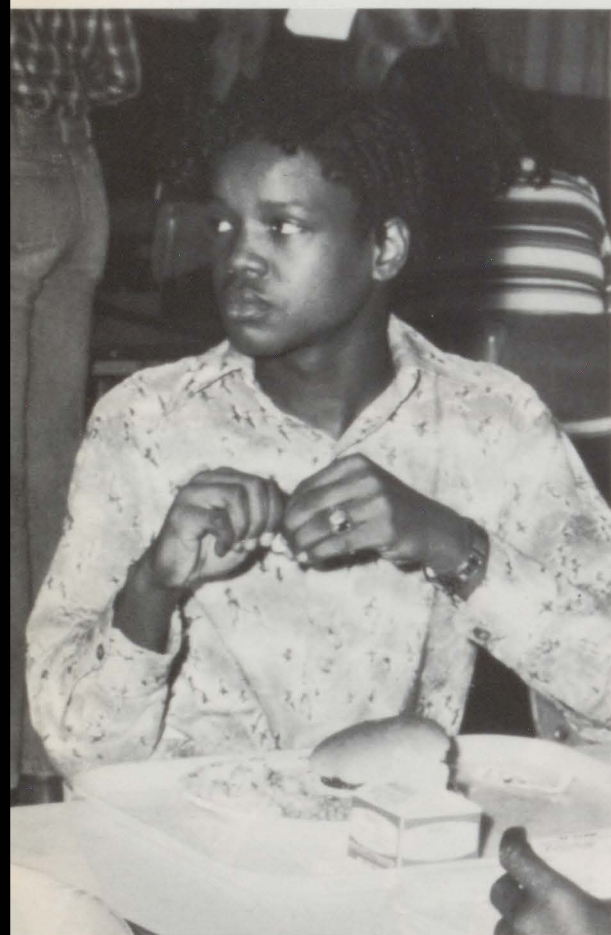

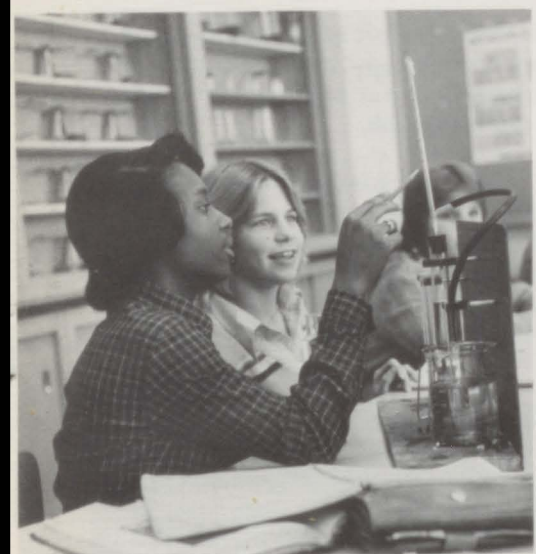

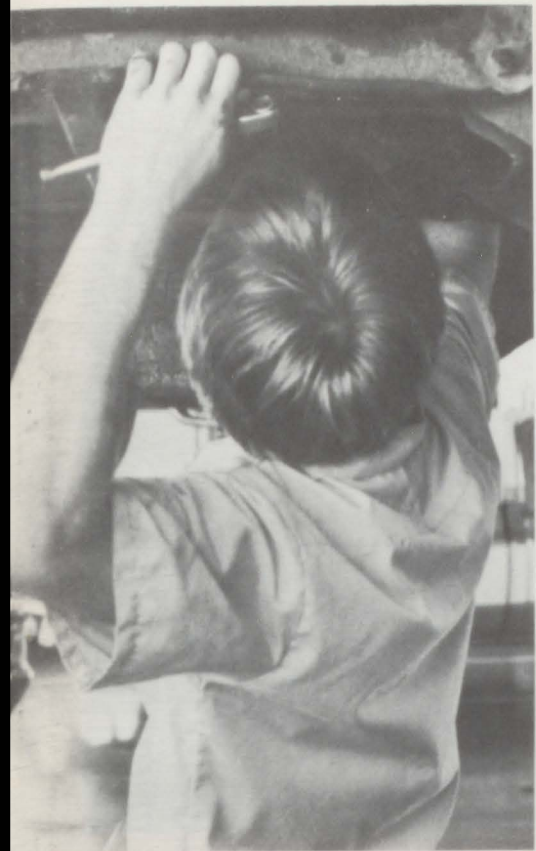

## West Spirit Is Passed On

Proviso West - 20 years later. There have been many changes. Buildings have been added. Enrollment steadily increased, reached a peak, and began to decline. The student population itself has changed. New nationalities and races have joined with the original ones. Old clubs have vanished; new ones have taken their places. A lot of things change, but one thing always remains constant. That is the spirit of West. It is passed from one class to the next. As one group leaves West, another enters to carry on. So it has been for the past 20 years and so it will be for the next 20.

Advisor .....	Mrs. Cheryl Bosky

The 1978 *Mural* was a combined effort of several devoted people. Whether it meant writing copy, drawing up pages, taking pictures, or just helping to put together the book, everyone on the staff did a fine job.

As editor of the book, I could be a part of the 1978 *Mural* which would touch most of the students. This year's staff believes that the book will be the finest in the school's history. All staff members devoted many hours to the book and take pride in the work they did. Advisor Mrs. Cheryl Bosky stayed by everybody throughout and kept all going when we got tired of it.

The yearbook is an important part of you now and in the future. Even when the people part and go their own ways, the *Mural* and pictures within will always be there. The 1978 staff hopes that the *Mural* is a good representation of your time spent at Proviso West, and I wish the best of luck to all the graduating seniors of the class of 1978.
