STUDENT LIFE

As the summer comes to a close, students begin to think of the next year at Proviso West. For most students, the first day they will step back into the halls of Proviso will be on registration day. Seeing old friends, meeting new transfers students, and getting their first ID will only be a few of the many exciting times to come. The registration journey takes the student through seven stations. At each station,

computer cards and receipts are taken and received. About halfway through the process students will receive their first ID. Students will always be prepared to take out their comb or brush and fix their hair for this special occasion. Their identification card will be worn all throughout the year. At most stations there are students working. These students are paid for their work and play an important part in registration. Upon entering the wrestling room, students help will collect books for the student who is registering. The student help will also take ID pictures, put together the IDs and organize them. During registration and some weeks before, many sports have began selecting athletes for the

future year. All of these sports take this time to start off on the right foot. A solid team comes from hard work and strong dedication. While teams are preposing for the future season and students are registering for this year, they are also meeting new friends. Friends are the basis for solid life at West. Friends will become a part of every student's life. Students will learn and develop new insights and knowledge in only a few more days. School will begin soon. Getting up before 8 o'clock may be tiring on students, but the knowledge and experience learned at West will carry them through their years. Remember, the beginning of school is not the end of a summer, but the beginning of your life.

PARADE AND GAME

The magical day began as hundreds of Panther fans began to rise and make their way to St. John's church in Hillside. The parade, consisting of floats, cars, clubs, and other organizations, began at 10:00 a.m. Progressing slowly toward Proviso West, the kingdom of the Panthers. It was followed by many fellow travelers. At last it reached its destination and took one trip around the battlefield. The varsity game began at 2:00 p.m. At half-time the travelers were entertained by the band and a group, known in Panther Country, as Panth'rettes. Also the floats were driven around the field one last time and Mr. Milano presented the Class of '88 with the first place trophy. Second place was Class of '86. The battle was resumed. Sometime later it ended 28-0. The Panther's had lost the battle, but not their spirit. As the fans headed home, the sun went down on the day, however, the enchantment of the evening was yet to be known.

The sun had long since disappeared behind the horizon and the moon and stars were now out. All was silent in the kingdom until 8:00 p.m., when the 1985 homecoming dance began. Couple by couple, everyone crossed the bridge into the great hallway, which had been decorated by student council. The gym was filled with students, teachers, and even deans (imagine that!). Dancing to slow and fast songs, the mood of the evening was set. Later the Rose Court: Sue Jajic, Marnita Whigham, Stephanie Lampkin, Carol Brown, and queen's court: Jill Trepes, Sunday Arnone, Cindy Drew, Jennifer Moreland, and Dawn Natalie were introduced. Then the moment when the 1985 queen, Michelle Zienty was crowned by the 1984 reigning queen, Teresa Krawczyk. The dance ended and people began leaving to do other things. Thus ending another event in the history of Proviso West.

Color

Burst

Color. Without it we would all look like we were from the 50's before color pictures existed. Color has always existed: maybe not in pictures, but it is always in our memories. We have come upon an era when color dominates every part of our lives. Different colors direct automobile drivers when to go and when to stop as well as train conductors. Looking at different colors, makes a person feel happy and sometimes sad. Life without color would be dull and depressing. Life would not be worth looking at. But, color livens people and the world. Throughout the seasons of the year, there are colors of nature. In the fall there is orange, brown, yellow, and red in the autumn trees. In the winter, the green fir tree covered in white snow and red and white candy canes brighten the holiday season. Throughout the spring, the bright green and light yellow colors jump with growth. In the summer all the colors glow in a rainbow. Color. A wonderful piece of God's creation. Remember the times at Proviso when color was the life's highlighter. Remember the 1986 Mural.

HALLOWEEN

Halloween day is a time for unique costumes, wild dances, and scary times. These pages are only a sample of the many costumes seen at the Halloween dance. On Halloween day, students at West are allowed to dress up in creative costumes. Halloween is a day when teachers will turn around and see what kind of animals their students really are. Seeing your school mate and teasing a best friend are some of the fun activities. Most of all, students will dress up in original costumes prepared at home. Some popular costumes this year were Rambo, Sheena, and bunnies, not to mention the spacemen and other far off beings. At the Halloween dance, students participated in bobbing for apples and a costume contest. The senior class supported the Halloween dance in hopes of raising money for prom. For the most part, Halloween at West is an exciting part of the school year. Students will always remember the fun times and wierd costumes of Halloween '85.

ORGANIZATIONS

Organizations are a vital role in the social life as well as the academic life of any Proviso West student. Students learn the importance of a structured society by being involved in different groups. Organizations provide students with an atmosphere for advancements. Students who love to take pictures can participate in the camera club; those students who would like to exercise their leadership qualities can join student council. Organizations give students a chance to grow with their friends. Students can enjoy the good times and learn something new in their society. There are many different organizations and every Proviso student should participate in at least one.

NATIONAL HONOR SOCIETY PROVIDES SERVICE

The members of the 1985-86 Proviso West chapter of the National Honor Society were inducted in March of 1985. Membership in this group requires a combination of scholarship, school and community service and integrity. A cumulative grade point average of 3.25 is necessary for becoming a part of this society. During the year, the National Honor Society concentrated on furthering their reputation of school service by undertaking several school service projects. The first item on their service agenda was to initiate a voluntary tutoring service. In conjunction with the counseling staff, every member of the society was assigned a student in hopes of instilling motivation to set and achieve

The Best Of Key Club

Key Club is an organization that provides service to many needy people and groups, and has fun while doing so. Key Club sponsors many fun activities such as: gym nights, swim nights, dances, car washes, a homecoming skit, and the almost anything goes contest. Key Club also helps the school by selling painter's hats and working the coat room at graduation. Key Club provides service by raising money through fun activities such as the Bowl-a-Thon for Cystic Fibrosis. Key Club also raises money through food drives, candy sales, and charity work. Key Club helps the Kiwanis Club collect money for needy children. Key Club welcomes all Proviso students who care to help others.

Girls' League is a non-profit organization which helps to unite the morale of the Student Body. It is not only for girls, but for boys also. This year there were 26 boys out of the 230 members. They had bake sales, car washes, pizza parties, fashion shows, and dances to raise money. During Christmas and Spring, they had a charity week to raise money for P.E.I.P. They not only boost moral for the students, but for the teachers also. Every year, they have a Teacher Appreciation Day, but this year they have started the Teacher of the Month

Award. This honor was given to the twenty highest ranked men and women teachers according to the students. The outcome was spectacular!

SOS - Serving And Assisting

SOS

The S.O.S. Club members serve as Hosts and Hostesses at Proviso's Athletic events, drama performances, special assemblies, and graduation. Since S.O.S. is a service organization, they also plan at least one charity project to raise money to donate to a needy cause. This year the club is tentatively planning to raise money for the American Cancer Society. The S.O.S. Club's main purpose is to serve the student body of Proviso West.

Cine Club operates and cares for all of Proviso's audio-visual equipment as well as its computers. Club members are instructed in the use and maintenance of such things as film and slide projectors, videocassette recorders, and overhead projectors. Club members are also responsible for making sure that these machines are delivered to the proper classrooms and returned on time. Proviso could not function efficiently without the A.V. wizards of Cine Club.

The Chess Team continues its winning tradition under the sponsorship of Mr. Larry Stilwell. The team performed well in the 1984-85 season by finishing first in the West Suburban Combined Conference, second in the West Suburban Conference, and seventh in the state overall. Several players showed an outstanding performance in the 1984-85 state tournament. Among these were: Christopher Gray, who went undefeated, Thomas Vlach, who qualified for the 1985 Individual State Chess Championship, and James Michael Reed, who went undefeated and qualified for the 1985 Individual State Chess Championship. The Fresh-Soph team finished third in the state while the Varsity team wrapped up the season by winning the 1985 Chess Classic, a tournament which Proviso West has never lost. All Proviso West students are welcome to join the Chess Team, the winningest team in Proviso.

ECOLOGY CLUB

The Ecology Club is an important part of Proviso because it increases student awareness of the environment as well as promotes proper attitudes toward the preservation of the environment. The main purpose of this club is to study the pollution of air, land, and water and also to analyze methods of energy conservation. To help in their studies, the club takes field trips to national and state parks, Morton Arboretum, and wildlife refuges. Another important part of this club is its school campaigns and petitions. The club fosters student involvement in campaigns to save baby seals, stop smoking, and other vital issues. It is obvious that this group cares about man and nature alike.

Students assume leadership responsibilities as they plan and participate in this "club in the classroom." All the members of the H.E.R.O. club are on the H.E.R.O. Cooperative Education work program and work in the afternoons or evenings in areas of food service, child care, and clothing.

Hollywood's Future Stars

The thespians are a group of young actors that are sponsored by Mrs. Djangi. It is an honor society for students interested in drama. The members are invited to join the club on the basis of their quantity and quality of work in theater. The thespians are involved in the production of three plays at Proviso West. They provide enjoyment for the students at Proviso and the members of the community. The thespians also contribute the profit of the plays to Proviso West which is a generous act.

Concert Choir Celebrates with Song

The music department offers more than just an extra credit. It gives serious music students a chance to develop their talents and also to get students involved in the arts. By trying out, a person can achieve the beginner, intermediate, or advanced levels. Under the direction of Mr. Smalley, a voice can develop and mature. This year's offerings in music were the annual winter and spring concerts. This is where time and energy is put to the test. These talented young singers deserve a lot of credit.

CHEERLEADERS '86

Go, Fight, Win. One can hear the Proviso West cheerleaders enthusiastically cheering our team to victory. Under the leadership of Ms. Patterson the girls achieved a sense of uniformity. They boosted school spirit and encouraged the fans to participate in screaming out the many cheers. Whether out on the football field or out on the basketball court these girls try to create a special pride in our Proviso West atmosphere.

PANTH'RETTES '86

Executive Board: L to R - Lynette Smith, Stacy Noyes, Teresa Stuever, Linda Fletcher

The Panth'rettes have been a part of the spectacular half-time shows of the home football and basketball games. Under the supervision of Mrs. Erickson these talented girls choreograph their own routines. They have an ability to change a routine at a last minutes notice and still perform with perfection. Being a Panth'rette one must have the personality, creativity, and ingenuity to smile, sparkle, and shine.

The editor-n-chief is hard at work

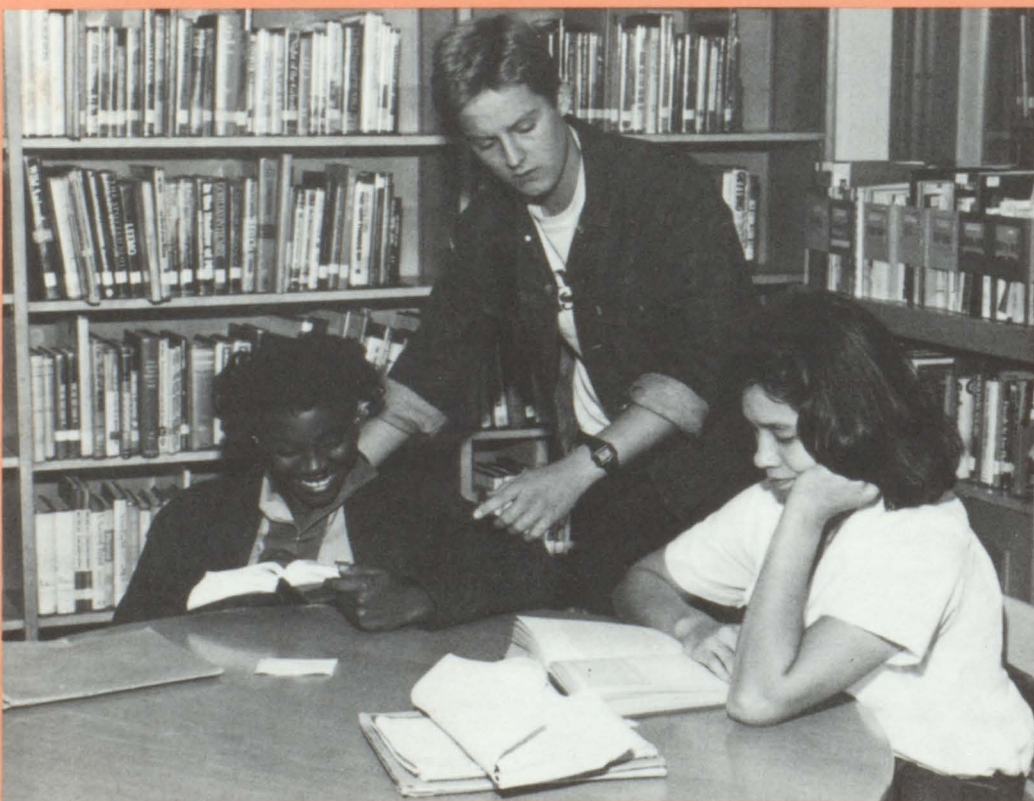

The 1986 staff was very colorful; various personalities all worked together harmoniously to produce mass chaos and somewhere in between a yearbook. Most of the work was done by a core group of six dedicated students and a supporting staff contributed to getting the rest of the book completed. The staff can look back on 1986 and remember the calm, tranquil days before a deadline, much like the calm before a tornado; they can recall the enjoyable Christmas buffet, the belated surprise party (only a month late just like the deadlines!!); "munching out" while working late to complete a deadline; the attempt to throw Rob Romanelli out of the third floor window; mastering the computer; watching Heather Reagan fall on the floor; watching Bob Blattner hang in the doorway; and watching Miss Phillips have a nervous breakdown. This yearbook not only reflects the staff's color-filled moments in compiling the yearbook but also the student body and the year's color-filled moments.

School is filled with many exciting activities and precious moments. However, academic life is the fundamental bases at Proviso West. In our advanced society of today, students know the importance of education. Not all students have the ability to be the best, but most students strive for excellence. If students are assigned a difficult project, they try to accomplish the best possible. Trying hard is an important skill in life. Throughout life, there will be many hurdles to jump and bridges to cross. Without determination, students can not achieve the impossible. Constant desire to make the best of any situation only comes through desire to grow mentally. Proviso students want to learn. They want to understand that the world around them changes. Proviso academics play the important role of educating the society of today. Pushing students toward success, Proviso's academic program leads to a better environment. Students learn about different world literatures, advanced theoretical sciences, important fundamental mathematics, and other specified subjects directed toward an intellectual society. Students also learn of the importance of proper speech and correct grammar which is a sign of an advanced society. With these vital skills Proviso students can not help but succeed in their lives. The ideas that Proviso has instilled in its students will forever be etched in their minds. The next few pages represent the fundamental educational blocks of Proviso West.

Familiar Places Make Happy Faces

The Finer Aspects of Education

Roy Reynertson reflects the determination and concentration of a serious musician.

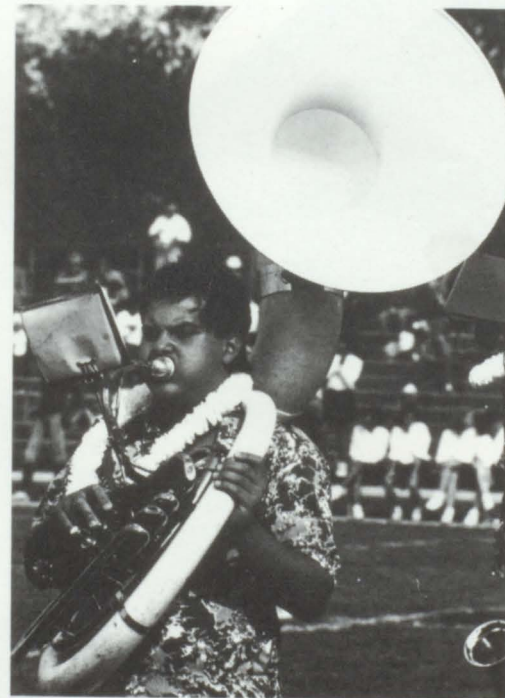

Everyone likes to get into the act of making music.

Blending color and precision demand artistic skill.

The many faces of art.

Joe Synase plays his music with pride.

Foreign Language: A Key to Better Understanding

This foreign language class is working toward the future.

Foreign language brings the world closer together.

Today's world is growing smaller and smaller each day due to advances in communication, medicine, and business; so, it is very important and helpful to be aware of the entire world in order to communicate. In these times of world confusion and disagreement, the world must be able to communicate to resolve situations. The foreign language department at Proviso West gives students the opportunity to bring their world closer through communications and an understanding of foreign cultures. Offering four years of German, Spanish, and French classes, the proviso student is able to be more acquainted with different cultures is bringing the world closer. Through an understanding of foreign languages, it is likely that the future American will be able to communicate with people of other nations is hopes for a more peaceful and secure world.

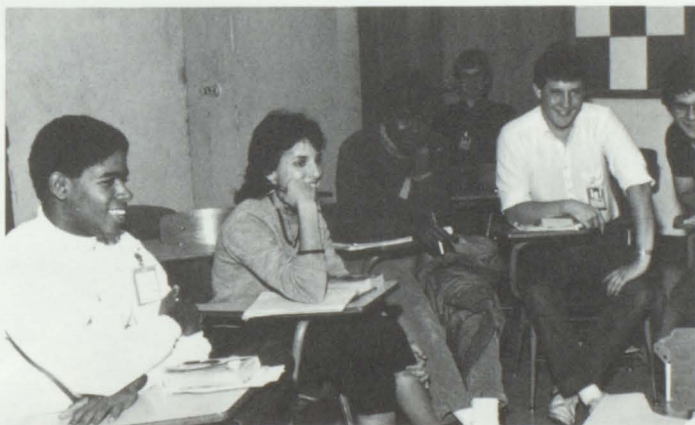

Esta chica esta' estudiando en el libro.

The American student is excited about learning a foreign language.

English: The Basis of Communication

DOWT seniors prepare for college through one of the finest classes at Proviso West.

A serious minded English student ponders on a theme.

All eyes are on the teacher for another informative lecture.

Miss Trouba participates in a DOWT discussion with her class.

With every new year, the Proviso West English curriculum seems to improve. Students are challenged to learn new skills through writing a variety of themes and reading important literature. Freshmen learn to write themes and to give speeches. Sophomores concentrate on English literature and proper grammar. Research papers are introduced to juniors, and seniors absorb the ideas of British literature. West English teaches students the basics and encourages individual expression. The Proviso West English program is outstanding in content and will certainly benefit every student.

History Repeats Itself

"History repeats itself," is a phrase which signifies the importance for a fine social studies department. As we live in the nuclear age, it is extremely important for the world's people to understand each other. Because it is necessary to cooperate with other countries in order to solve the world's problems, it is imperative that each country understand the other's history and economic situation. But, in order for one country to understand another, it must first understand itself. U.S. History is required because every American should be consciously aware of our history. Our values and system of government are a by-product of many different people. As this country heads for the year 2000, we need to understand what direction we are headed in. World Civilization, and Global Studies give the student the opportunity to understand other countries' cultures, histories, and values. Consequently, the Proviso student is ready to handle the enormous task of surviving in a world where communism and democracy battle and where economical and social problems arise everyday.

A U.S. History class listens intently to a lecture by Mr. Saunders.

World History students study the geography, longitude and latitude of the Earth.

World Civilization requires much deep concentration.

Business Education: A Glimpse of the Future

As today's business world becomes increasingly competitive and demanding, the business person of the '80's must develop skills in all facets of business, which make him shine above the rest. Proviso West's business education program focuses on training students to apply themselves and produce maximum efficiency. Through computer programming, typing, word processing, stenography, and business English courses, the Proviso student receives the best preparation possible to attain success in the fast-paced world of business.

Learning to use the computer is important today.

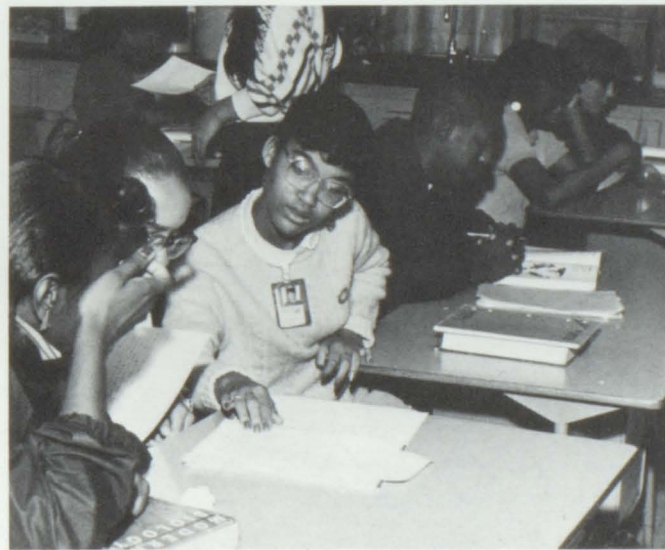

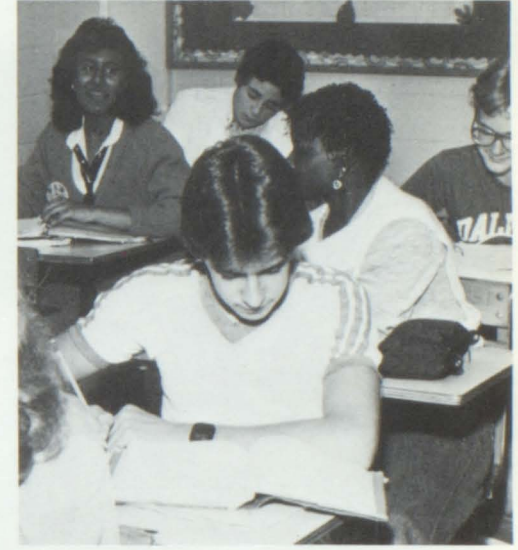

Lisa Rehm does some serious computing on P.W.'s Apple computer.

Mrs. Wolanin and her students concentrate on perfection.

LEARNING THE LAWS OF NATURE AND LOGIC

Proviso West offers a variety of excellent mathematics and science courses. These courses are tailored to the needs and abilities of the student and allow him to improve himself while learning about the world around him. Science courses give students access to lab materials and facilities which allow him to learn about such things as the physical laws of nature, chemical properties of matter, and the different types of life on Earth. Mathematics courses introduce students to the theoretical world of numbers and logic. Depending on the course taken, students may learn about such things as inductive reasoning, complex number, deductive reasoning and the properties of conic expressions. Senior Science and Calculus are the most advanced courses in their respective fields, two excellent ways to finish high school at Proviso.

Top Left: Rob Romanelli is caught planning his Senior Science project. Top Center: Biology students study their texts. Top Right: Lab equipment must be kept clean for future experiments. Middle Left: A math student uses a calculator to check her work. Center: Both math students and teachers are encouraged to do their best. Middle Right: Through determination students gain knowledge. Lower left: A system of equilibrium. Lower Center: Students discuss biology. Lower Right: Seniors discuss ideas for Senior Science.

Home Economics Provides Useful Skills

Each time a student sits down at the sewing machine or prepares a souffle or just plans the household menu, he will be using those important skills learned in West's Home Economics department. Home Economics is a course that involves cooking, sewing, and child development. These courses are available for all students at Proviso and can benefit a person in several ways.

Cooking involves more than just putting a few things together. The students learn about the different food groups and how to prepare each meal. Cooking classes teach the students to do more for themselves at home and will help them in the future.

In sewing classes, students can learn the art of design. One will learn how to operate the sewing machine and all the tools of a designer. By learning to sew, a student can save money on buying clothes and even make some extra money by making clothes for other people.

In child development, the students see current films on common household problems which teach them to care for children properly. The course gives students experience in taking care of nursery school children by having the kids come to Proviso. This way the students will get a first hand look at how to care for a child.

David James helps his teacher in the kitchen.

Students enjoy learning how to use equipment.

Industrial Ed. Builds Skills

Printing, technical drawing, carpentry, architecture, and auto repair are just a few examples of the many jobs Proviso's students are prepared for in the Industrial Education Department. The importance of vocational training has increased tremendously with the growing amount of skilled labor in our society. With this in mind, Proviso West has put more emphasis on these skills being taught. The industrial Education Department offers students the chance to learn a trade and open their future.

Library Provides Quiet Study.

Computers are just one of the many activities at the library.

The library is a good place to study.

Jeffery Cleveland and Donovan Long use the library for their DRP research.

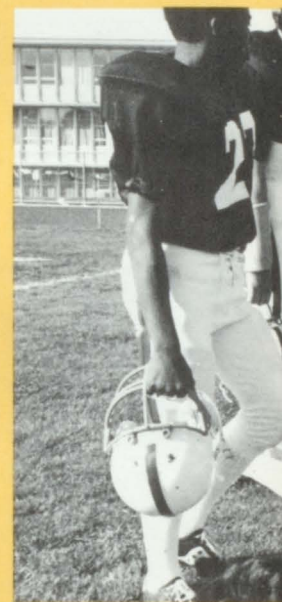

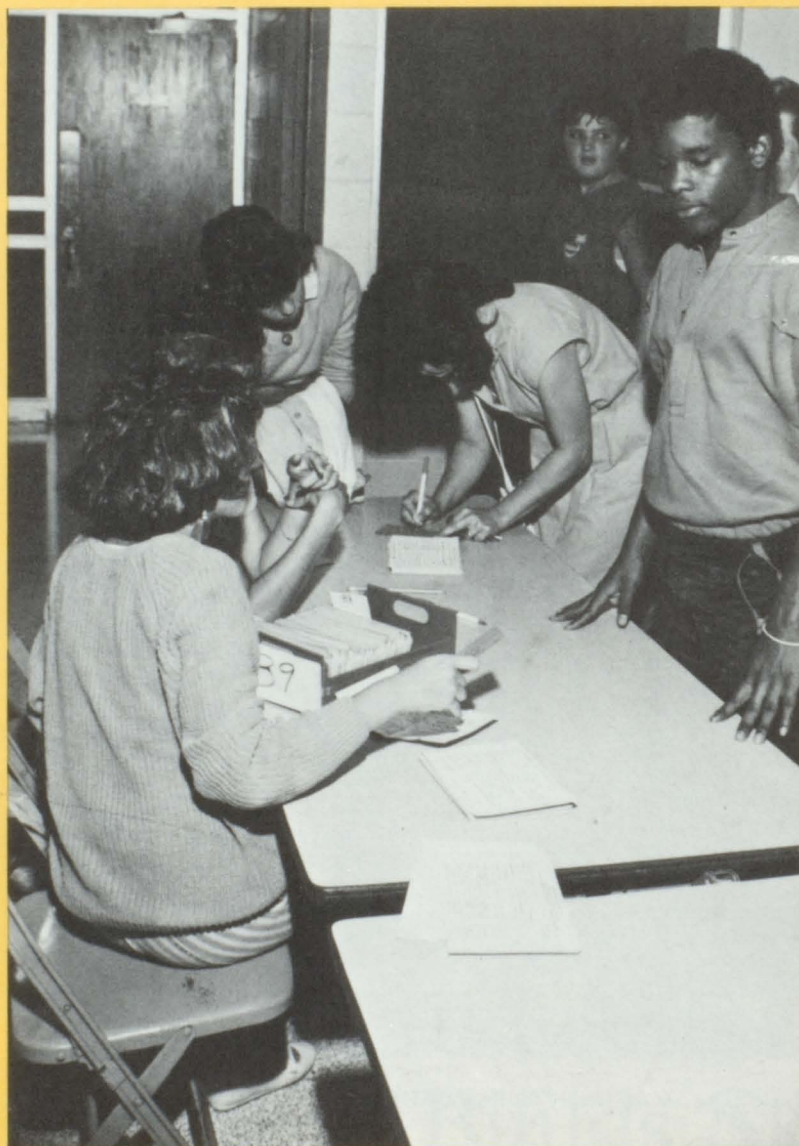

Christie Tachmazian finds the library as a good place to do homework.

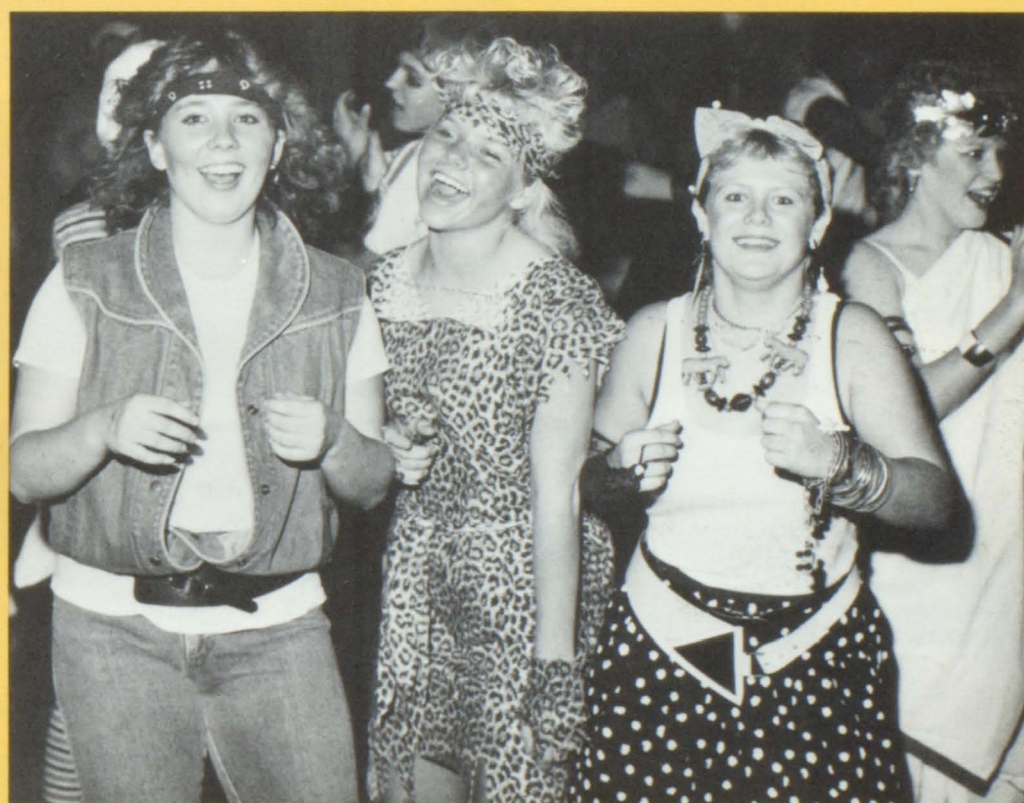

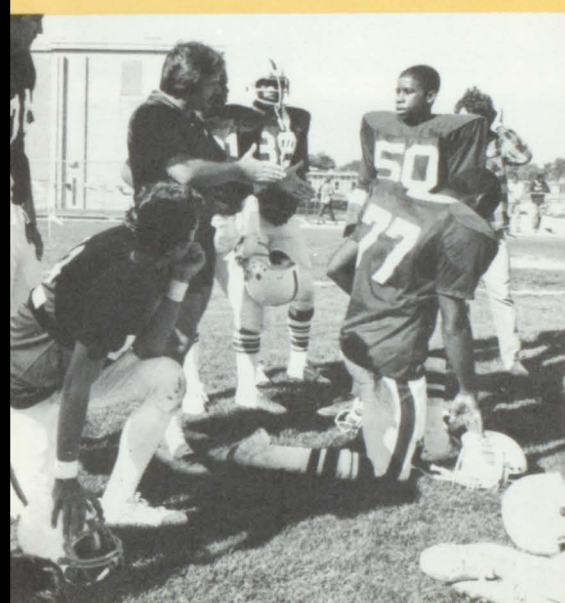

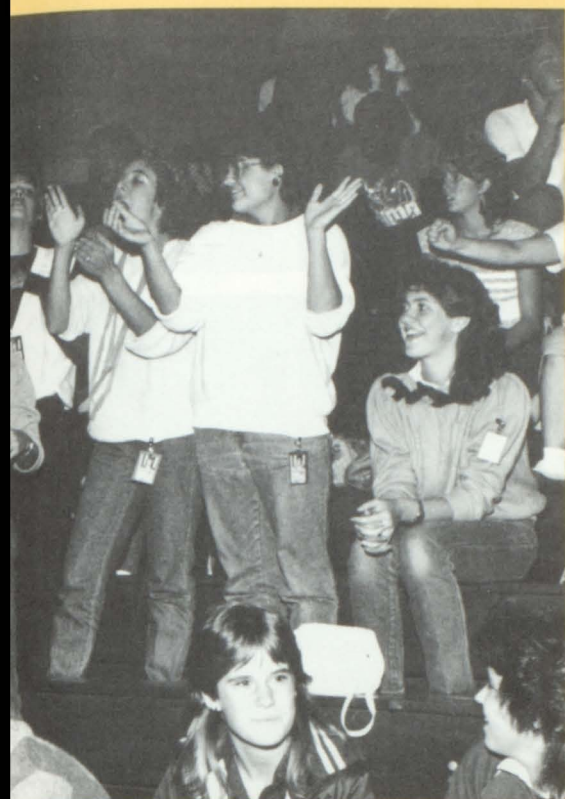

The Proviso West library offers students educational as well as creative literature. Proviso's library has up-to-date magazines, daily newspapers, and recent books as various encyclopedias, dictionaries, and documentary literature. The library accommodates classes which need to use its resources and students who wish to work in peace and quiet.

UNDERCLASSMEN

Underclassmen are the future of Proviso West. Their spirit makes up a vital aspect of the Proviso West structure. The important experience that underclassmen get at Proviso prepares them for their future in the working world. As freshmen and sophomores, Proviso students are faced with many problems which need solutions. Underclassmen learn the fundamentals in order to reach the solutions and solve the problems. These fundamentals will also help in future studies. The pure application of the fundamental theory will aid those students who choose not to further their education. The knowledge obtained during the underclassmen years will become vital to a student's future.

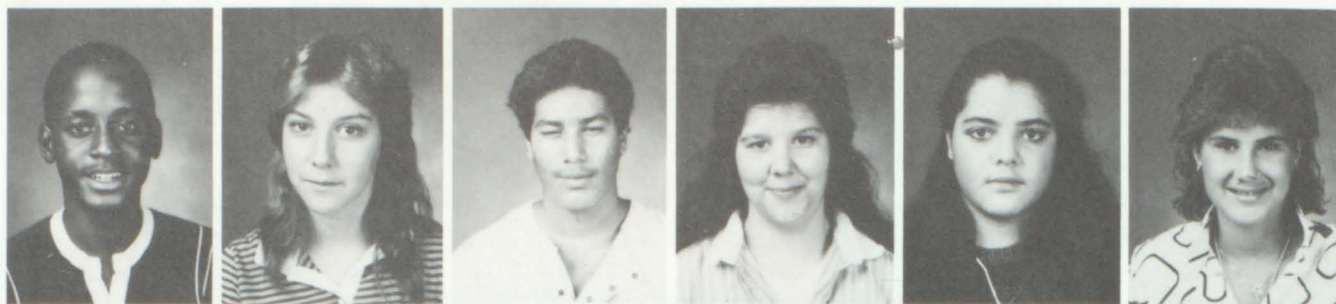

The Beginning of four unforgettable years.

Top: Sophomores shout their Panther pride. Middle: The Sophomore football team prepares for another touchdown. Bottom: During gym class, freshmen pose and make memories.

Top: New friends who will soon become best friends stand together. Bottom: Freshmen girls enjoy their first Halloween dance.

Top: Proviso West's students on the job. Bottom: Mahvelous, simply Mahvelous!

Top: The Senior Science class poses at the Fermi National Laboratory. Middle: Look out Hollywood-Here comes Proviso West! Bottom: A popular after-the-game "hangout."

There are many different types of people in the Proviso West community. Proviso's students and faculty are not ordinary people. Students do more than just attend school. Those students wishing to further their education find financial support in an after school job. Other students get jobs for future experience in their desired position, and some students have jobs in order to earn extra spending money. Whatever the reason may be, these students must learn how to organize their time wisely; and therefore, they deserve special recognition. Students work hard, but the teachers also do a fine job and deserve recognition. Those teachers who will retire in June will be remembered for their work as well as their fellow teachers who were elected for the teachers of the month. Those students sharing their hobbies with us and those students showing their crazy faces will also appear on the following pages.

Above: A hard working Proviso West student

PEOPLE

TEACHERS OF

SEPTEMBER

Mr. Lucas has taught at Proviso for sixteen years. He is the coach for the Varsity Basketball team. During the summer he also coaches a girls' softball team. He is married with 5 children, all who attended Proviso West.

Ms. Alexis Palm is most interested in theater, reading, and horseback riding. She enjoys fishing; she is always looking for the right catch. She attended Olivet and Bradley Universities for drama, speech and theater arts. She has taught 6 years at Proviso in the English department and has been director of individual events and many plays.

OCTOBER

Mr. Chuck Webb likes the students best about teaching. He attended Ball State and Northern Illinois University. He has been at Proviso for 17 years in vocational guidance.

Mrs. Freelon has been teaching at Proviso West for four years. She is married with a new baby boy. She is also sponsor of the Afro-American club.

NOVEMBER

Mr. Gerald Foley is a former graduate of St. Joseph's High School in Westchester. He graduated from Northeastern Illinois. He has been teaching at Proviso for twelve years in the English department. He enjoys teaching because he enjoys making a living by doing something worthwhile.

In the 9 years that Ms. Montoya has been with Proviso, she has been a special education teacher, Student Council Sponsor at East, and at present she is the freshman class dean. Her interests include reading and any activity in the sun. She attended several colleges including Adams State, Xavier and Northern Illinois.

DECEMBER

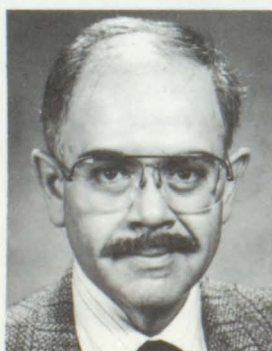

Mr. Dawson attended Northeastern and De Paul Universities for World History and Economics. He has taught sixteen years at Proviso.

Ms. Ruffolo has taught at Proviso for seven years. She enjoys sewing. A graduate from Colorado State, she now teaches physical education and is the girls' gymnastics coach.

JANUARY

Dr. Rodriguez has a Ph.D. in language. He is presently department chairperson of the language department at Proviso. Last year he sponsored a trip to Mexico for some of his Spanish students.

Mrs. Moya attended Illinois State and Northern and has now taught Proviso English for eleven years. She enjoys seeing students learn and improve their skills. She also enjoys photography in her spare time.

THE MONTH

From Illinois State to Northern Illinois and finally Proviso West for fifteen years. Mr. Paterson has taught many social studies classes and been organizer of scholastic honors and assemblies for needy students. He is interested in almost everything. He would also like to thank all of his Global Studs and Studettes for their interest and help in making Proviso West great.

Mrs. Annette Karones has been at Proviso sixteen years. She says she enjoys working with students because it is always a learning experience. She graduated from Loyola with a degree in Spanish. She presently teaches Spanish 1-3 and sponsors Girls' League. She also enjoys reading, cooking, and baking.

FEBRUARY

Mr. Richard Clish enjoys sports and coaching little league. He teaches many English classes as well as being the Key Club sponsor for fifteen years of his sixteen at Proviso. He has coached baseball and football for eight years. He enjoys being and working with students to see them improve.

Ms. Jan Smiekel attended Western Illinois for her bachelors degree and then went to Northern Illinois for her masters. She now teaches Freshmen and Junior P.E., Orchestras and is the sponsor for Marinettes.

MARCH

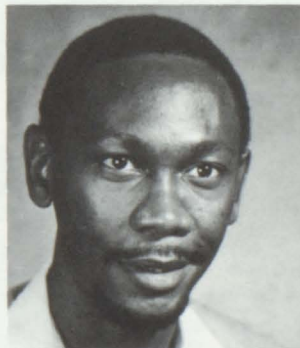

Mr. Fioravanti has been teaching at Proviso West for twenty-two years. He enjoys all sports, however, golf is his favorite. He is a Proviso East graduate, after continuing on to receive his masters and bachelors, from Murray State University. When in college he was captain of the football team in 1960 and 1961.

Ms. Jeanine Phillips has been an English teacher at Proviso West for eight years. While at Proviso West she has taught various English courses and also spent three years as the MURAL advisor. She enjoys working with adolescents because she feels she, herself, has never really grown up. Her interests include astronomy, travel, Cubs, Bears, and counseling her students love lives.

APRIL

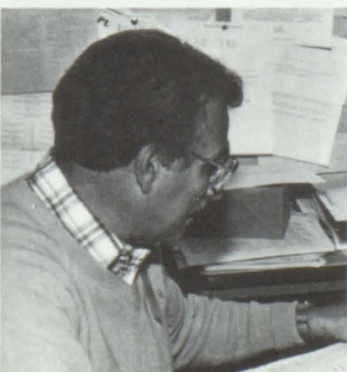

Mr. Gerald Wallace has taught at Proviso for ten years. Among his responsibilities he is sponsor of the French trip, sponsor of summer language studies, and the assistant coach for boys' gymnastics. He spent some time studying at French Universities.

Ms. Hamilton was born in Scotland and then moved to England when she was 3 years old. She lived there until age 21 when she moved to the United States. She attended Northwestern University. In her twenty-four years at Proviso she has spent four years in the math department and 20 in guidance.

MAY

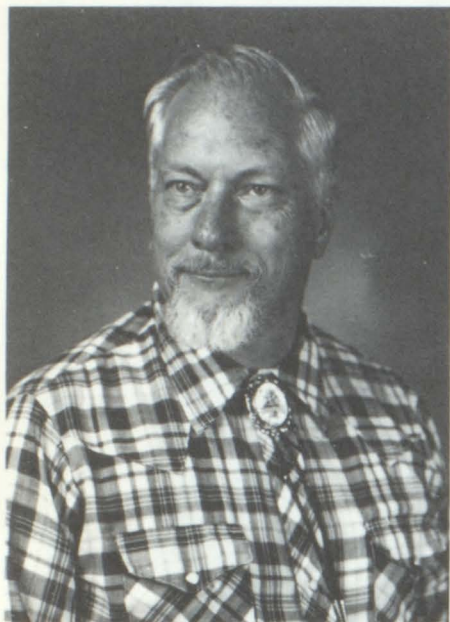

Mr. Baratta attended Northern and Chicago State. He has been at Proviso West for fourteen years as a guidance counselor. He is also Italian Club Sponsor.

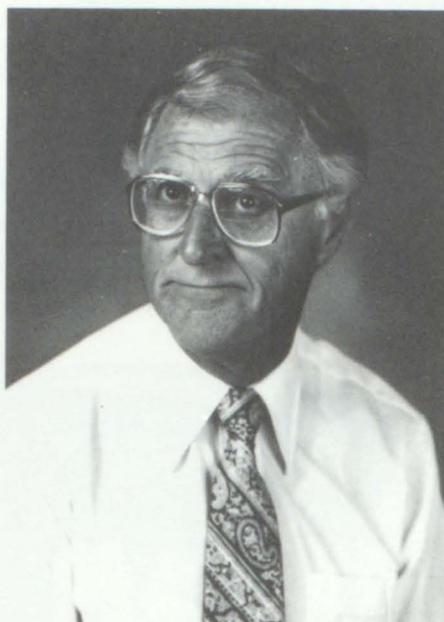

This is Mr. Lima's eleventh year at Proviso, teaching algebra. He attended Roosevelt Junior High and then Proviso West. He went to U of I-Urbana and then California for a degree in psychology. What he enjoys most about teaching is the mental, social, and emotional growth of his students.

JUNE

PROVISO WEST BIDS FAREWELL AND BEST WISHES

Mr. William Haas has been on the faculty at Proviso since September of 1965. He has always taught science specifically CP Physics.

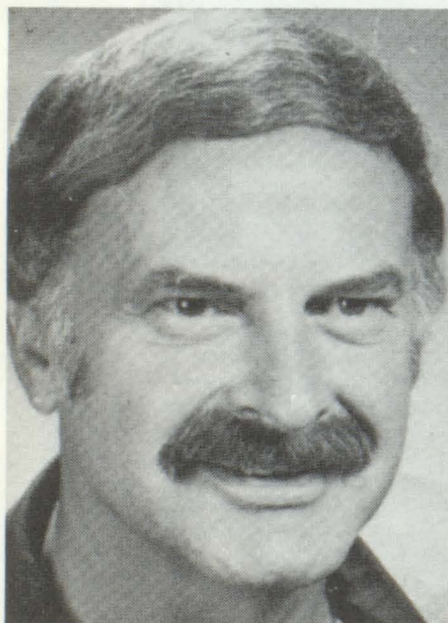

Mr. Sam Vaccaro has been a member of the Proviso faculty since 1957. Mr. Vaccaro first began teaching at Proviso East. He has always taught art and was appointed department chairman.

Mr. Thomas DeHaven has been a guidance counselor at Proviso West since 1959.

Mr. Charles Webb, a member of Proviso West's counseling staff, has been at our school since September of 1969.

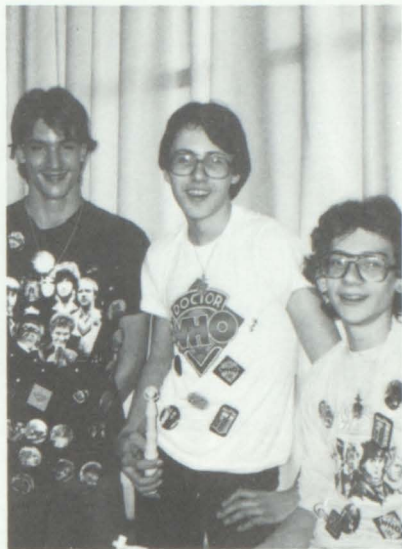

Mr. Walter Sawosko, a member of the Physical Education Department, began teaching at Proviso East in September of 1949 and transferred to Proviso West when the school opened. He has taught physical education, driver's education, and at one time served as department chairperson.

INTERESTS AND HOBBIES

Dr. Who, that amazing time lord, is one of the most popular science fiction television shows ever produced. In a device known as the TARDIS (Time and Relative Dimensions in Space) he and his companion travel through space and time fighting evil and aiding good wherever they go. Dave Dolnic, Evans Robicheaux, and Mike Sumption are avid Dr. Who fans who attend conferences, collect memorabilia, read adventures, and follow the Dr. Who television programs.

Model Cars

Collecting Hot Wheels cars and designing raceway settings is an entertaining and interesting hobby. Art Will began his collection with a 1971 black and yellow Boss Mustang from matchbox. At one time his collection contained over 450 cars. The collection is divided into lines of cars from the 1950's, which is when the cars were first produced; Art has almost every car up to 1976. Since 1982, Hot Wheels produced 300 cars, and Art has 240 of the cars. When Art settles down to design a racing layout, he has his work cut out for himself. Combining creativity, ingenuity, and 330 feet of track, Art can design a raceway which can simulate the best raceways in the world.

Freestyle

Sophomore, Carl Myzia, displays agility, skill, and courage as he pursues one of his interests, freestyle. This sport originated from the BMX motorcycle races and was adapted to racing bicycles. Neighborhood enthusiasts began creating stunts to test their skill and balance. Soon competitions developed, and neighborhood gatherings became national tests of skill for prizes and awards. Manufacturers joined the growing number of devotees by designing non-motorized bikes, lighter and smaller, for the various stunts. Carl began his interest in freestyle when he was ten years old and has achieved some level of recognition and a greater level of competency.

Skate Boarding

The RadBoy Skate Punks is a club consisting of six young men who possess extraordinary skills. Dan Kowalski, Randy Krajalis, Ken Mohon, Mike Gonzales, Joe Neely, and Mike Hanlon have been riding skate boards for about a year. They became interested in skate boarding after they lost interest in freestyling. These guys ride their boards on sidewalks, in parking lots, on ramps, and in empty swimming pools. Their interest in skate boarding has helped them to develop confidence, style, and creativity.

TOWN

U P P E R C L A S S M E N

Being an upperclassman is more than might think. The last two years of high school life are by far the most crucial. These years students must begin to consider their futures. There are many advanced placement tests to be taken and career to think about. However, those junior and senior years are also filled with unforgettable memories. These years are the times when goals will be set and eternal relationships sealed. Academically, these will probably be the hardest years of high school. But, through all these times, one can never forget the fun and laughter of these two splendid years. The next few pages show the faces of those all panther people that make up the upperclassmen of 1986.

Top: Seniors standing proud cheer on the team at Homecoming 1985. Bottom: Seniors gather together at a lunch table.

Top: A rowdy senior crowd display their class spirit. Middle: A popular Class of 1986 sweat shirt. Bottom: A lively senior float-making crew pose for a snapshot.

Senior year is one of the most memorable moments of high school. Senior year is a time for screaming out your lungs at sports events, filling out applications to college, painting your face to push Panther teams toward victory, and representing the best of Proviso West. Senior year is also a looking glass into the future of many lives. Seniors know that their future lies before them and that the decisions made after graduation may affect their life. But, seniors from Proviso West are willing to smile toward the future and know that they carry with them that eternal Proviso pride that has guided them to their senior year. The victory of the games will not mater. The senior power will direct them to success. The next few pages will show the Senior Class of 1986 and all their senior power.

Two charming Johnnies freeze for a charming picture.

Class Motto

The surest way not to fail,
is to determine to succeed.

SPORTS

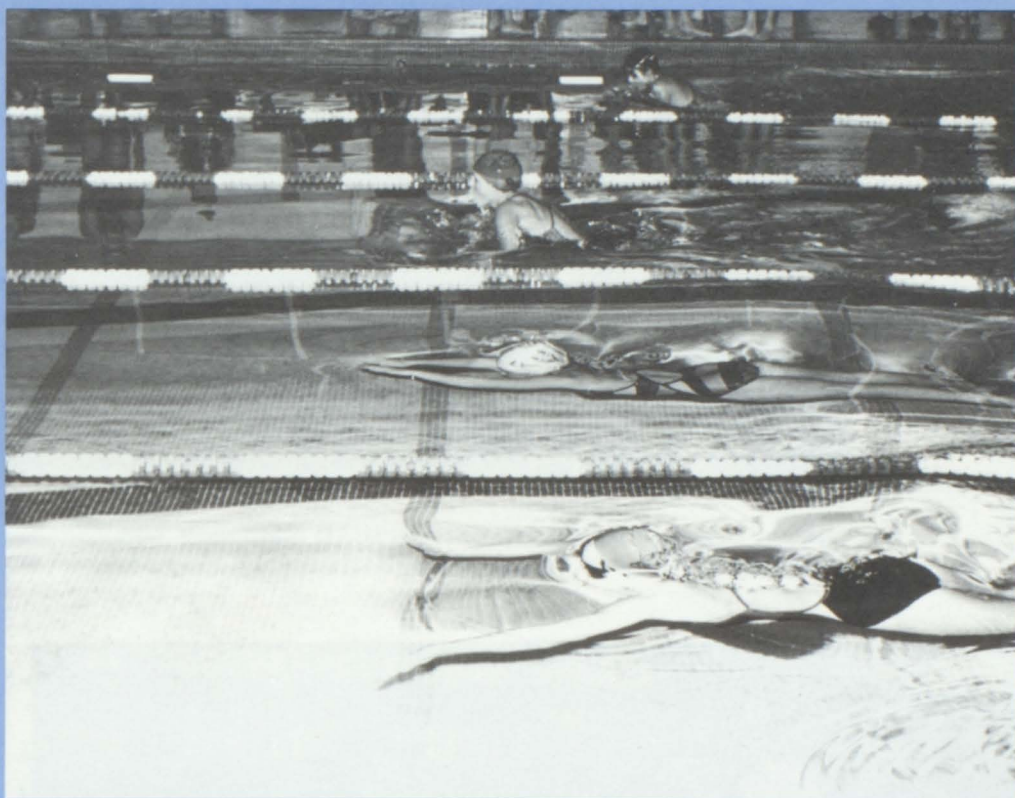

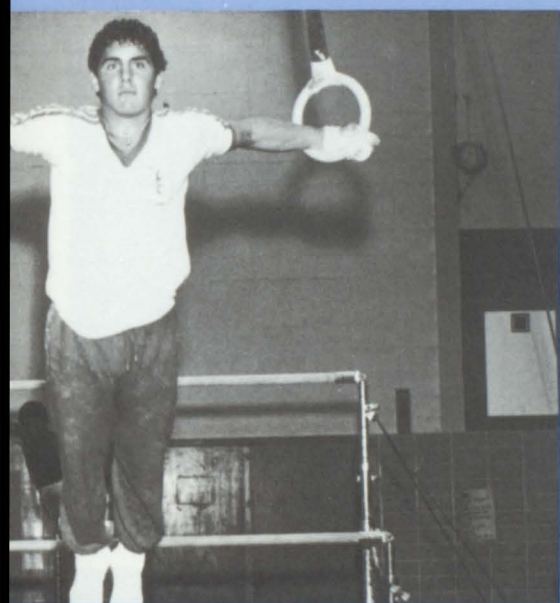

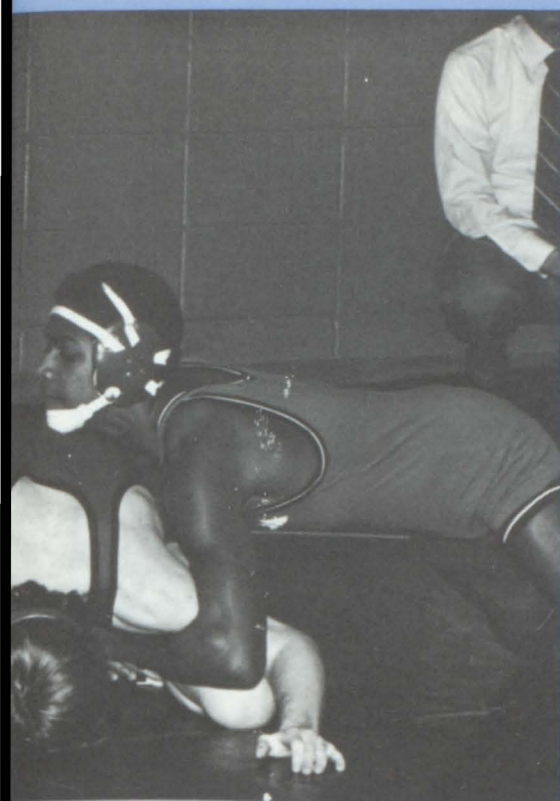

Sports at Proviso West entertain the student body as well as build school spirit. In the Mural, sports are organized according to their appearance throughout the year. Year-round sports give students the opportunity to cheer on their fellow school mates. This school spirit builds the character of the student. Proviso's assortment of sports allows students to choose those sports most suitable to themselves. From football to basketball to baseball, the most popular sports highlight the fall, winter, and spring seasons. Instead of seeing a movie on Friday nights, Proviso basketball gives students another form of entertainment. The next few pages represent those exciting Proviso West sports.

Tennis Team Looks Toward Next Year

The 1986 Proviso West Boy's Varsity Tennis Team hopes to have one of its strongest teams with a number of returning lettermen from last season. Last year's team finished first in the Proviso West Invitational and third in the York Sectional. Returning senior lettermen are Mike Eberhardt, Brian Bodine, Coleman Conroy, and Brett Borowski.

Returning junior lettermen are Bob Blattner and Mike Mazzolini. Also returning from the Frosh/Soph squad are Mike Broz and Steve Ragsdale. Team objectives will be to improve on last year's seventh place conference finish and to win the sectional there by qualifying the team for the state finals. Last years overall team dual match record was 6 wins and 7 losses.

Panthers Shatter Records

The varsity baseball team finish 7-7 in the strong West Suburban Conference. They placed 3rd and posted a fine 21-14 record overall. This Panther team was the fourth team in history to win 20 or more games. They beat the highly-rated Downers North Trojans by scores of 3-0 and 2-0. Against Glenbard West, the Panthers were losing 12-4 with 2 innings left and ended up winning 13-12. There were many great players on the squad. All-area Steve Bartels (MVP) pitched a record of 9 wins and 1 loss, batted .388 and broke a school record by hitting 5 home runs. All-conference Larry Blumberg hit .398 and set 2 new school records: 49 hits and 14 doubles. This was the best offensive team in the 25 years of Proviso West baseball. The team ended up with a .328 batting average, .444 slugging average, and 6.9 runs per game. Let's hope Proviso West baseball continues to have record-breaking seasons!

Varsity Baseball - Front Row: L to R - Pete Zaccariello, Rocky Peppers, Tom Alajoki, Larry Taylor, Fred Magnelli. Second Row - Larry Blumberg, Stacy Welch, Dimitri Stavropolous, Joe Pluta, Brett Bingham, Nick Mazzocchi, Scott Williams. Back Row - Coach Sam Lima, John Guido, Jim Mikuta, Dennis Hayden, Steve Bartels, Clayton St. John, Michael Wright, John Kennedy, Coach Donoho.

Sophomores Gain Experience

Sophomore Baseball - Front Row: L to R - Willie Cook, Dave Wittersheim, Bill Popek, Michael Wrights, Saul Rodriguez, Stacy Welch, John Smith. Back Row - Manager John Colwell, Pete Kics, Steve Alajoki, Art Stone, Mike Luckey, Pat Kennedy, Jim Mikuta, Dennis Hayden, La Vonn Gilbert, Coach Jeff Gilbert.

The Panthers sophomore squad ended up with a 7-16 overall record and 3-11 record in conference, which placed 6th. Two of the season's highlights were beating Holy Cross by a score of 9-2 and they beat tough Hinsdale Central 13-11. Though the record was disappointing for the team, it was very misleading because there were many outstanding players. A few exceptional players were Jim Mikuta, who was the MVP and who led the team with four home runs and two triples. Another great player was Stacy Welch, who led the team in 31 runs, 27 hits, 11 stolen bases and a .397 average. Two other outstanding players are Mike Luckey with 20 RBI's and Dennis Hayden who hit a 3-run homer to help the team squeeze pass the arch-rival Proviso East. Let's hope that this talented team puts it all together to produce a great varsity team.

Freshmen Are Disappointed

Frosh Baseball - Front Row: L to R - Sandy Willars, Larry Doyle, Rusty Minick, Kevin Robinson, Bill Covert, Michael Sinclair, Michael Reed. Second Row - Coach Jim Shannon, Curtis Gage, Ed Salazar, Mark Westphal, Dan Powers, Coach Scott Pedersen. Back Row - James Rankins, Terry Rippa, Marlon Lynch, Alex Salazar, Randy Endean, Bob Carlson, Robert-Alan Craig.

The freshman baseball team, coached by Mr. Shannon and Mr. Pedersen, had a disappointing season because they lost too many close battles. The highlight of their season was beating the contending Downers North Trojans by a score of 3-2. Their overall team record was 3-12 and their conference record was 1-8, which placed 6th. There were many outstanding players on the team. Ed Salazar, who was a good pitcher, also hit .350 and was named the teams MVP. Another good freshman pitcher was Curtis Gage. Alex Salazar was the team's best catcher and a decent hitter, too. Tyrone Claybrooks was noted for his hitting and was also a good defensive player. If they work at it, the freshman squad will have a good sophomore team.

Golfers Play Up to Par

The varsity golfers had a tremendous season under the instruction of Coach Fioravanti. They had an overall record of 11-2 and were 5-2 in conference. This team broke a long standing school record as they went unbeaten through the first 10 meets on their schedule. No Proviso West golf team has ever won 10 straight matches. They knocked off conference champion Glenbard West in a head-to-head match and they whipped the tough Leyden Eagles, too. They also beat the Oak Park squad and they destroyed the talented Downers Grove North team. The most outstanding players on the team were Jim Mikuta and Tony Quattrochi. Both of these players were elected co-most valuables for the year. They were followed by Dan Hollowed, Bob Blattner, Tom Roth, and Ron Speechley. Let's hope that the future golf teams are as strong as this Panther team.

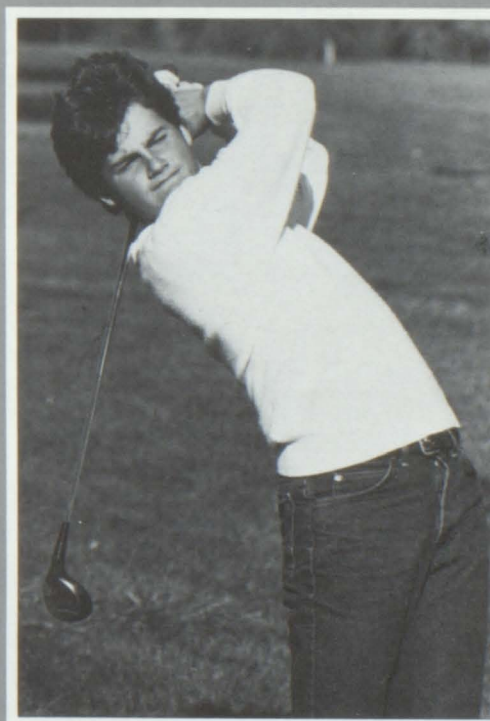

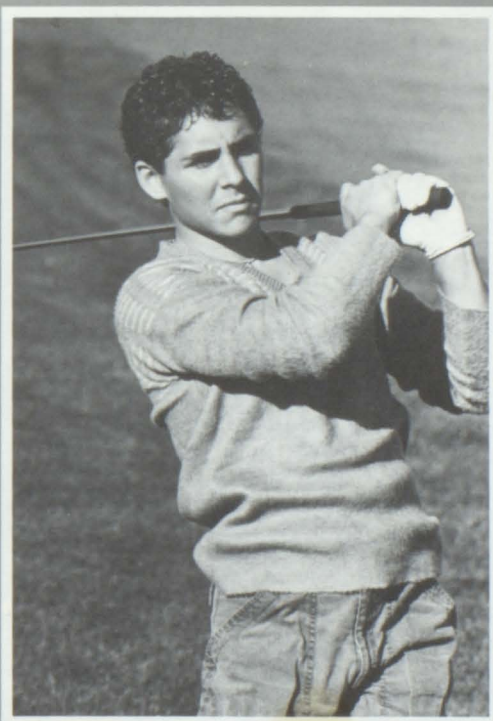

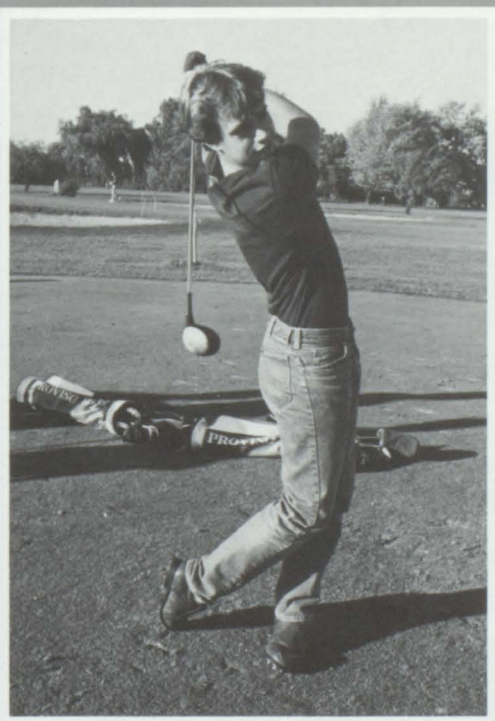

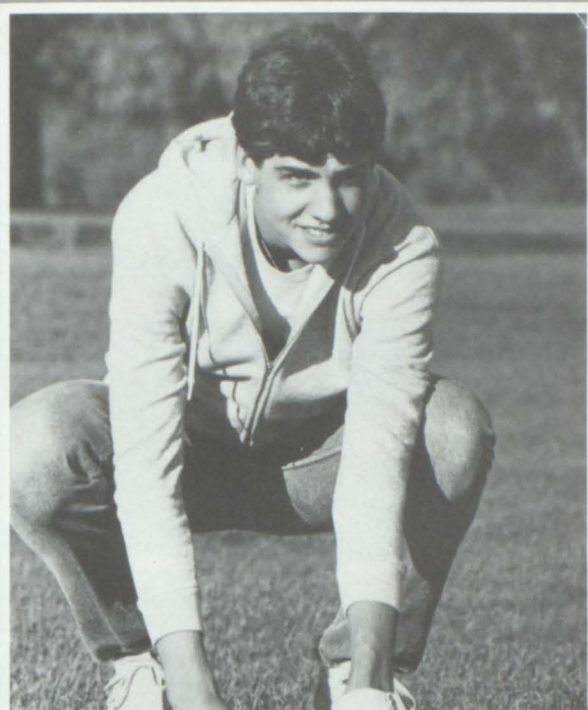

Varsity- Front Row: L to R- Tom Roth, Dan Hollowed, Tony Quattrochi. Row 2: L to R- Jim Mikuta, Ron Speechley, Bob Blattner, Coach Tony Fioravanti.

Sophomores Play Fair

The sophomore golf team had a fair season, finishing 3-8 overall and 1-6 in the West Suburban Conference placing 7th. This was the last golf team that Mr. Walter Sawosko will coach because he is retiring at the end of this year. The teams record was deceiving, because they lost many matches by a margin of only a couple shots. Coach Sawosko had many good golfers on his squad. Steve Quattrochi consistently shot low scores and won The Outstanding Sophomore award. Tim Silkaitis won the Outstanding Freshman award as he had a fine season. Following closely in their footsteps were Scott Barauskas and Jamie Mills, as they also had tremendous seasons.

Freshman Play Well

The freshman football team finished the season 5-4-1 with a conference record of 2-4-1, placing 4th. This is a good record for their first season here at Proviso West. Quarterback Chris Welch was voted the teams most valuable offensive player. Scott Holleman and Kevin Anderson were both linemen and both were the teams leaders on defense. The freshman squad is looking good and will hopefully get better in their future years at Proviso West.

Sophomores Have Decent Season

Coach Hendricks' Sophomore football team finished their season at 4-5-1. Their conference record was 4-4, finishing 4th. This was an improvement from the team's freshman year as they finished 1-8. The highlight of their season was shutting out Proviso East 28-0 and they beat York in the last minute 16-14. There are many good athletes on this team who will play varsity ball next season. One of the teams best players was Michael Williams, who was the team's MVP. Another good player was Ollie Evans, who was the teams offensive MVP. Winfred Cooper was the defensive MVP on the team. If these sophomores keep improving, they should have great varsity seasons.

The Panthers Varsity Football Team finished 8th in the tough West Suburban Conference. Their overall record was 2-7 and had a conference record of 1-6. The team had many returning letterman from last season. The highlight of their season was beating Downers North 8-7. There were many outstanding players on the team. There was running back Joe Turner, who was named All-Conference. Another good player was senior Vince Valente, who was the best lineman on the team. Scott Williams, who was the team's MVP, was also named All-Conference. Junior Reggie Chatman gained nearly 500 yards.

The Junior Varsity squad showed many promising prospects for next season. The Highlight of their season was defeating Proviso East and York (who took second place at the JV level). Stacy Welch was an outstanding, hard runner and the top ground gainer. Jason Parks was the leading pass receiver and scorer at tight end. Sophomore Winfred Cooper was a defensive end and was the top tackler on the team. By Bob Blatner

Varsity Outlook Is Good

The varsity's record was not up to form, but the team showed very good promise. The varsity M.V.P. was Beth Golden. Beth's outstanding play earned her and honorable mention in conference. Heidi Wagner was also an outstanding senior player. Coach Gales, in her second season, looks forward to having returning juniors (Kristen Andersen and Holly Liby) and sophomores (Meggan Mihel and Beth Lucas.) Surprising highlights were victories over L.T. and I.H.M.

The Sophomore record was not what the team hoped it would be, but the team feels confident that they will be in better form next year. Two additions to next year's varsity team will be sophomore M.V.P., Mariella Corazzina and other fine player, Janet Cardoni. The highlight victory came against Lyons Township. Outstanding freshmen players were M.V.P. Lina Cajic, Mara Xenos, and Blanca Chaidéz.

Tough Season for Girls Tennis

The Varsity Girls Tennis Team finished as expected this year with an overall team record of 3-13. Shari Smith, MVP for the season, won second singles against York and Janet Ruffolo and Debbie Legan beat Lyons Township playing first doubles. These were some of the highlights. Shari Smith won more games in singles than anyone else. The Frosh-Soph team finished with an overall record of 3-11. Kim Sorey placed 5th in the conference playing 3rd singles. The girls learned a lot this year about playing the game strategically. The girls played very well since we are not a tennis oriented community.

Proviso West's Girl's Swim Team gave a good performance in the 1985 fall season by finishing with a conference record of 1-4, an overall record of 2-5, and capturing fourth place in the West Suburban Conference. Among the team's outstanding swimmers were Beth Faje and Karla Krause. Beth Faje was the team's best all around swimmer and finished fourth in the 100 meter butterfly in the conference finals. The Frosh-Ssoph team developed well, with Karla Krause leading the way. The team was pleased with its performance this year and expects to do even better next year.

Winter sports play an important role at Proviso West. During the cold, harsh, winter months, students can go and cheer on their favorite Proviso athletes. Sports such as: basketball, girls' gymnastics, swimming, and wrestling, give Proviso students a large assortment of competitions to attend. During the Christmas break, students are given the opportunity to see their boys basketball teams compete against some of the roughest teams in the West Suburban Conference. Proviso's basketball has become one of the most popular sports of the winter season. Wrestling, swimming, and girls gymnastics have smaller crowds; however, the competition equals that of basketball.

Sophomores Have A Disappointing Season

The sophomore year has been quite a trying experience for the girls' basketball team. Even though the season as a whole did not turn out very successfully, the young ladies on the team gave one hundred percent. Outstanding members who gave everything they had include Sonia Edwards, Tika Hardy, and Tracy Schill. Even though they finished with a record of 0-17, they show much hope for the future, and they enjoyed their season. With some hard work, the sophomores can improve their skills and their record next year.

Row One: Nicole D'Alessandro, Dionne Griffin, Colleen Brown, Kimberlie Jackson. Row Two: Missy Principe, Tracy Schill, Keena Marks, Tika Hardy, Coach Kathy Nettleton.

Freshmen Learn the Ropes

The freshmen basketball season went very well. With every game, the girls improved. They also worked very hard in practice learning new techniques which was the key to their winning several games. One important game during the season was the defeat over Glenbard West by two points at the buzzer. At that time, Glenbard West was in first place and undefeated in the conference. Outstanding members of the team were Latrice Robinson, for outstanding scoring and rebounding, and Nichole Dent for scoring leadership on the court. The team's effort gave them an overall team record of 9-9 (conference 7-7) and an impressive conference finish of fourth place. With a little more practice and hard work, these freshmen will become a very powerful sophomore team next year.

Varsity Talent Shows Improvement

Young and inexperienced members plagued the Varsity Girls' Basketball team this year. Even though the season ended with an overall record of 5-19 (conference 4-10) the young players have a bright future for them in the upcoming years. One highlight of the 1985-1986 season was the strong improvement of the players with every game. The team leader was senior Jennifer Wallace who was leading scorer in the West Chicago Tournament and also named to the All-Tournament Team. Jennifer was also named to the All-Conference team and showed great talent and style throughout the season.

Freshman A Team Shows Great Potential

The 1985-1986 season was quite successful due to the consistent defensive play. Offensive scoring also showed much progress throughout the year. Some exciting moments were the win against Glenbard West by a score of 50 to 48, and the biggest victory L.T. Outstanding members who contributed equally to the success of the team were Fred Powell, Tremayne Criner, Stan Roberts, Clifton Williams, and Michael Morris. The overall record of 9-1 (conference 8-1) placed them second in conference with the best defensive team allowing an average of just 40 points per game.

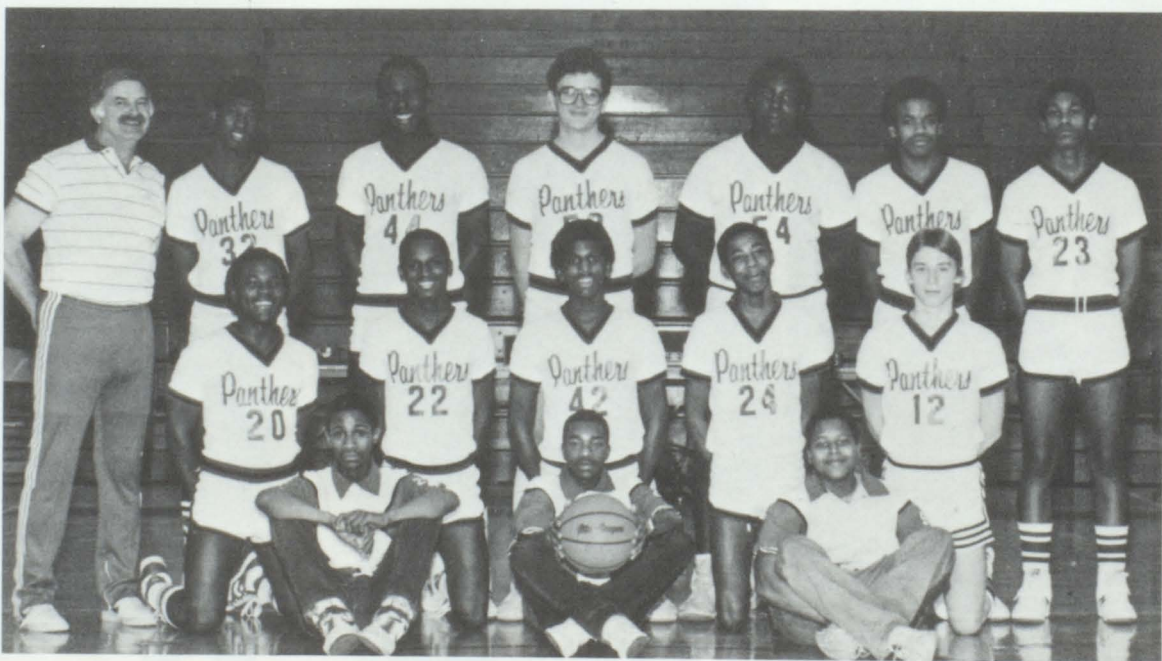

Row One: Greg Stapleton, Mark Jackson, Germaine Cox. Row Two: Kelvin Morris, Joe Santiago, Mike Morris, Rich Martini, Clifton Williams. Row Three: Shawn Coburn, Tremayne Criner, Kendall McClendon, Armando Fizer, Stan Roberts, Bob Vaca, Fred Powell, Coach Mark Schneider.

Freshmen B Team Shines Through an Undefeated Season

The Freshmen B Basketball team remained undefeated during the whole season leaving behind a very impressive record of 13-0. (conference 12-0) Some important victories included the win over Proviso East by a score of 66 to 60 and the victory over L.T. who was undefeated at that time. (by a score of 55 to 50) Outstanding members that brought this team to a crystal-clear record were Emmanuel Jordan, Jason Zeeb, Geoffery Brown, Fred Taylor, Brandon Cobbs, Willie Hoover, and Chris Welch. This is just the second time in Proviso's history that the Freshmen B team was an undefeated champion. Coach Walt Sawosko's years of success and failures have finally paid off. After teaching and coaching for 37 years, he has given us promising and experienced players, and he also started the High School Holiday Boys' Basketball Tournament at Proviso.

1985-86 Boys Sophomore Basketball Team

The 1985-86 sophomore Panthers finished the year with a record of 9-11. Led by Coach Tom Clancy, the Panthers had an exciting, as well as rewarding season. One of the years highlights was a game-winning, last second shot, by Andra Williams. Marlon Lynch, the leading rebounder, was named MVP. Tyrone Claybrooks was the high scorer, while Freshman Lucruius Parker led the team in both steals and assists. Unfortunately, lack of teamwork as well as height greatly contributed to an inconsistent season. Overall, the season proved to be a major learning experience for the sophomore team.

Row Three: Coach Tom Clancy, Andra Williams, Terry Rippa, Patrick Price, Kevin Ferguson, Brian Grant, Marlin Lynch, Michael Reed, Mark Westphal.

Varsity Soars For Another Year

The 1985-86 season was certainly a season for panther pride. Many people looked at last year's performance and doubted the ability of this year's team. With an overall record of 22-4 and a conference record of 11-3, the Varsity Panthers really showed great skill and team spirit. Their offensive and defensive excellence earned them a ranking among the top ten teams in the Chicago area. Some of their highlights included their fine performance in the Holiday Tournament and their victories over Proviso East and Oak Park-River Forest in overtime. All players contributed to the success of the team, but outstanding performances were turned in by Leroy Morris, who had strength on the boards; Willie Baker, who was excellent in rebounding and blocking shots; Robb Green, who showed consistent excellent defensive play; and Alonzo Verge, a sophomore, who demonstrated fine scoring abilities and who showed aggressive offensive play. Rod Parker was the key to the success of the team with accomplishments that included leading scorer, leader in assists and steals, best field goal percentage, MVP at Batavia, and All Tournament Player at the Holiday Tournament. The Varsity Basketball Team of 1985-86 kept the spirit of panther fans alive and well all season.

Front row: Rod Parker, Leroy Morris, Patrick Kennedy, Julio Murrel, Alonzo Verge, Row two: Coach Lowell Lucas, James Dillard, Michael Broz, Raylon Adams, Willie Baker, Anton Griffin, Robb Green, Assistant Coach Dean Cada.

The 1985-86 season for the boys' J/V Basketball team was very successful. The players developed their necessary skills and showed great promise as a strong varsity team next season. The team's greatest accomplishment was the victory over Proviso East (58-52). Outstanding team members included Michael Broz, who was the team's leading rebounder and scorer; Patrick Kennedy, who led the team in shooting percentage and assists; and James Dillard, who was the most improved player on the team.

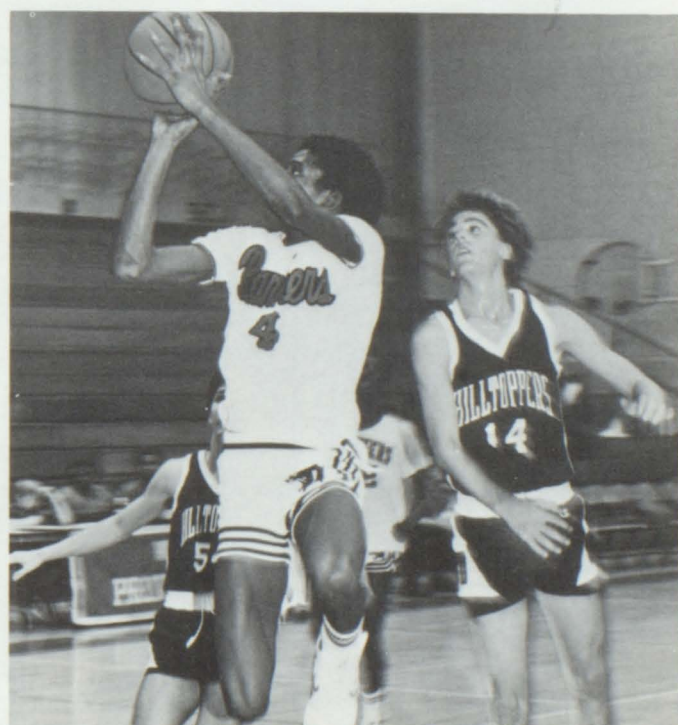

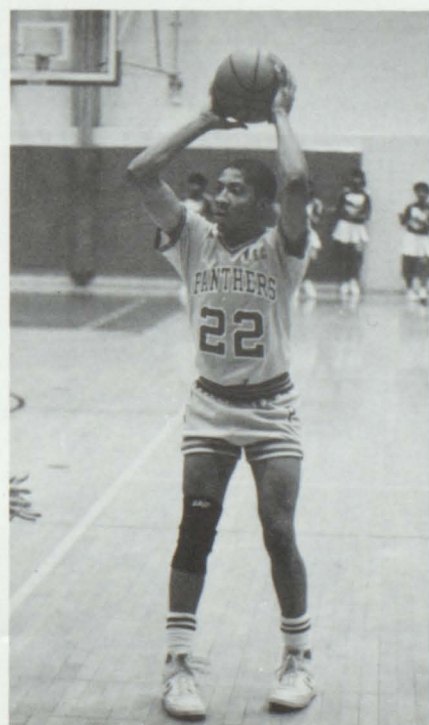

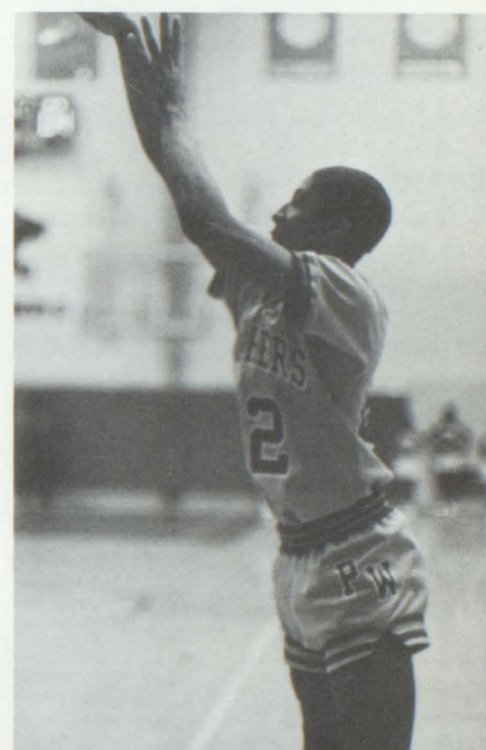

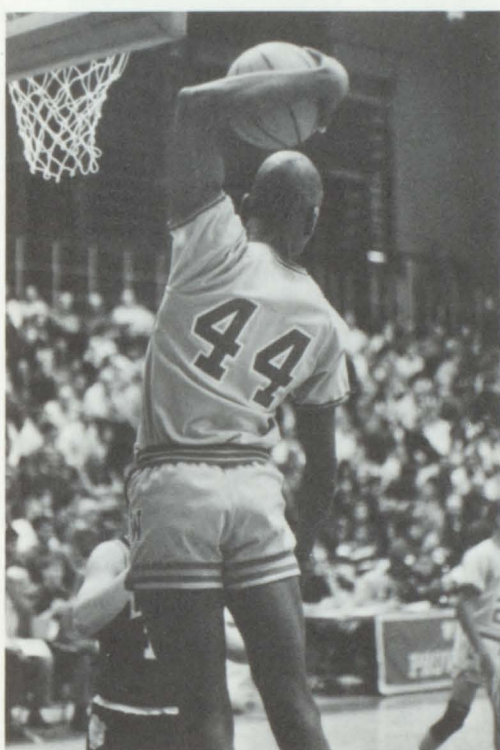

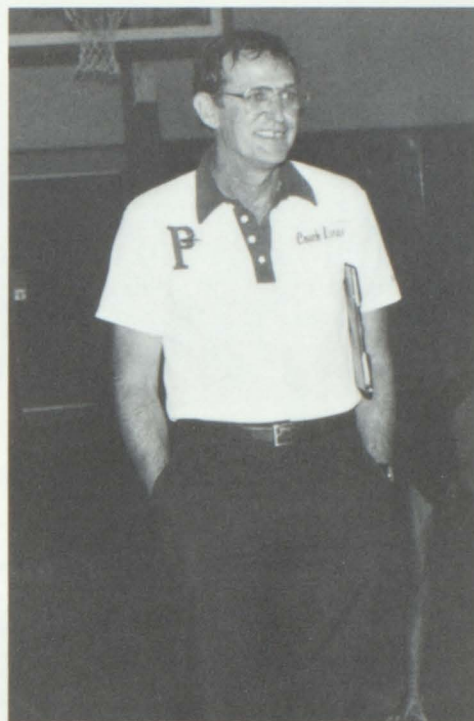

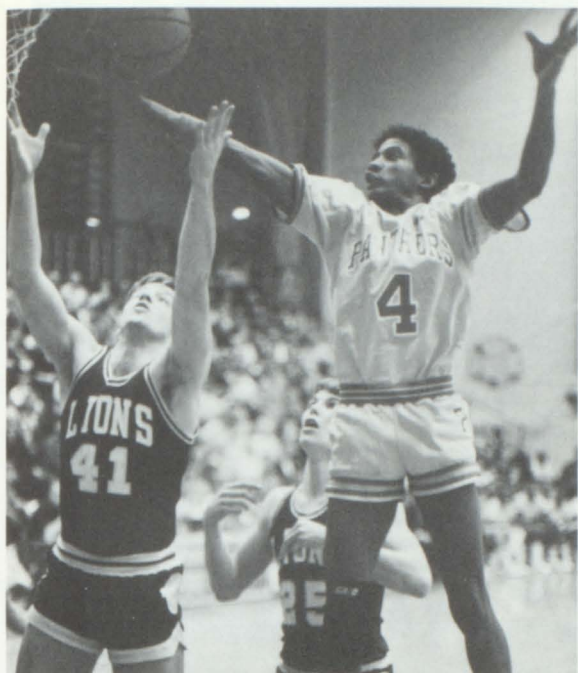

Placing second in the conference, the J/V Panthers finished with an overall record of 10-3 and a conference record of 9-3. The team's consistent defensive and offensive strings contributed to their strong finish. Next year's varsity team will be strong because of the many fine J/V athletes.

VARSITY SWIM

The swimming season this year was very productive but fell short in the number of participants. Even though the team as a whole was insufficient the individual swimmers won most of their events. The overall team record was 2-5 (1-4 conference). Which placed them 4th in the conference finish.

Some of the most outstanding members were Paul Rurka and Keith Pelligrini, which were leaders all season. Another valuable member was Chris Morgan, a junior, who was outstanding in his individual events.

The season, as a whole, for the sophomore team was eager but small. Even though they had a big win over Proviso East, the overall team record came out to 2-6 (conference 1-5). Reliable and outstanding members were Scott Morris in the 50 yard freestyle, who showed much potential. Also Brian Dudzinski and Dave Scrivner who showed leadership.

VARSITY LEAPS INTO SUCCESS

Three new varsity records were established this season. The first was by Pam Szubryt on the balance beam. Pam's scored an 8.5, beating Maria Ray's score of 8.35 in 1981. The other two records were by Vivian Lukas. She broke her own record of 8.9 on the vault by getting a 9.0. Vivian's other record was a 8.5 on the floor, beating Maria Ray's score of 8.35.

WRESTLING

The wrestling season for the varsity did not fulfill many accomplishments but instead stuck to basic achievements, like filling the weights and having the potential to take the challenge. Some highlights were observing the young men learning and training to give their all. Although the members never gave up, their team overall record was 0-11 (Conference 0-6) putting them 8th in the conference finish. Superior members in the Elmwood Park Invitational and in the overall season were Robert Rick placing first, Vince Valente second, and John Hasner third. These three medal winners showed enthusiasm and leadership.

JV WRESTLING

The 1986 J-V wrestling's season showed much promise with its ability. This year brought many participants, but even though the numbers were there, the experience was lacking. Ending their season with an overall record of 2-9 (0-7 conference) the team had strong highlights such as the win against St. Joseph and Rich South. Players which added power because of their consistency, were Frank Saroceno, Eugene Mandarino, and Michael Lawrence.

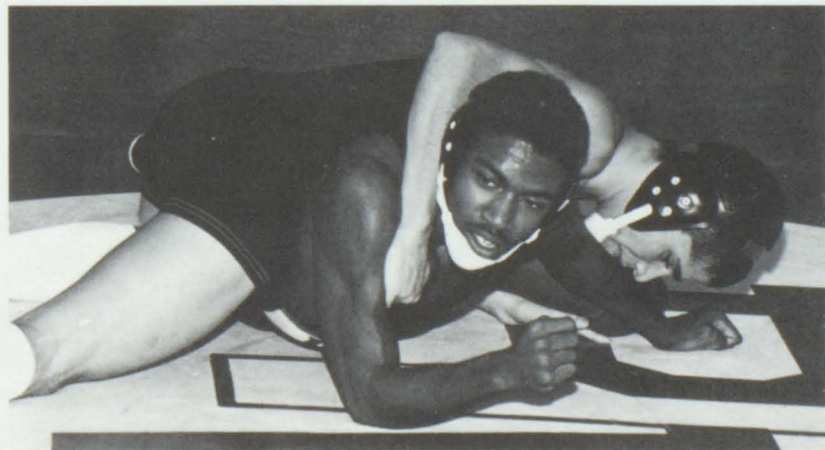

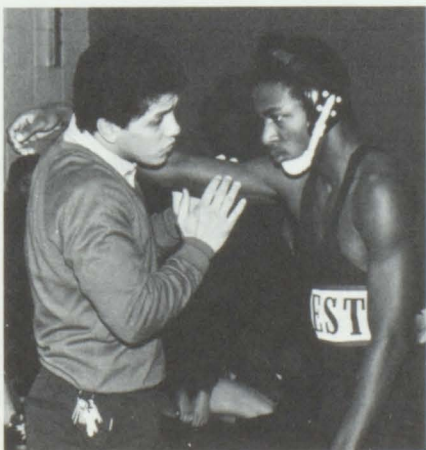

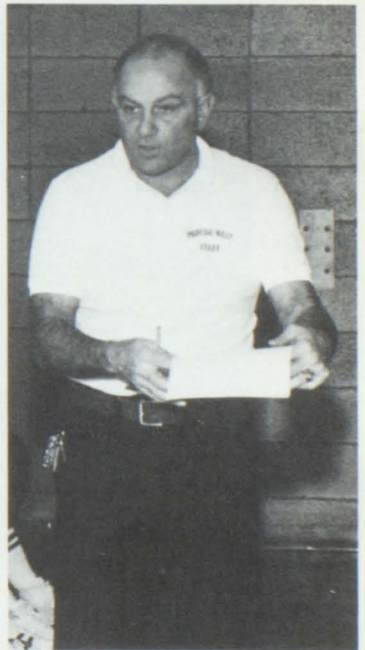

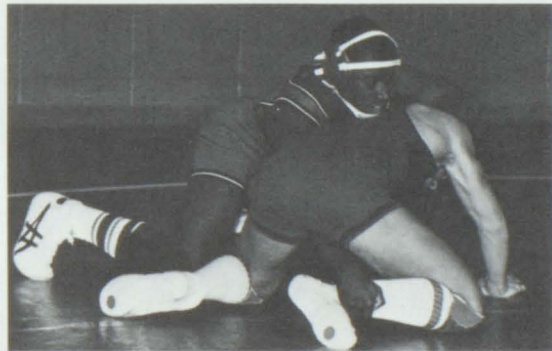

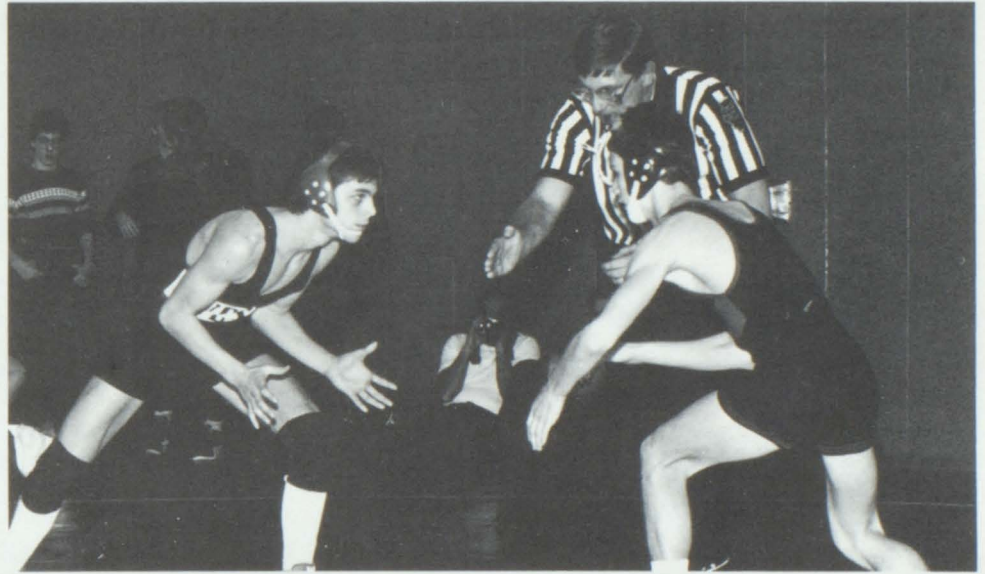

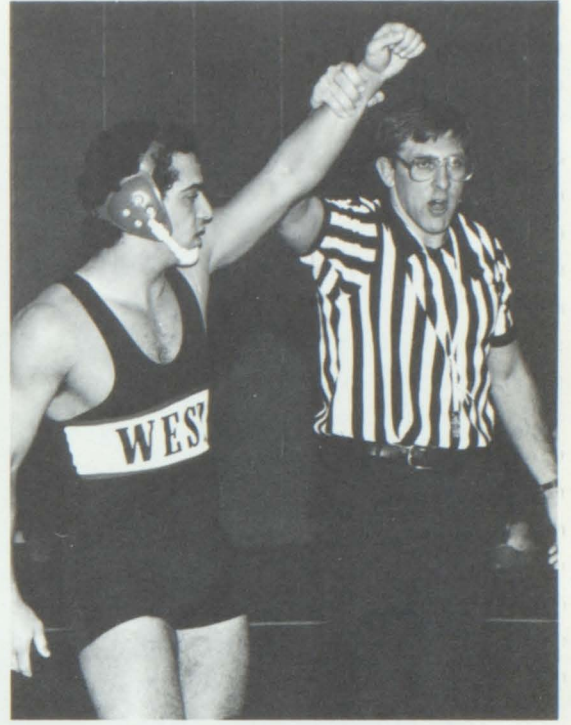

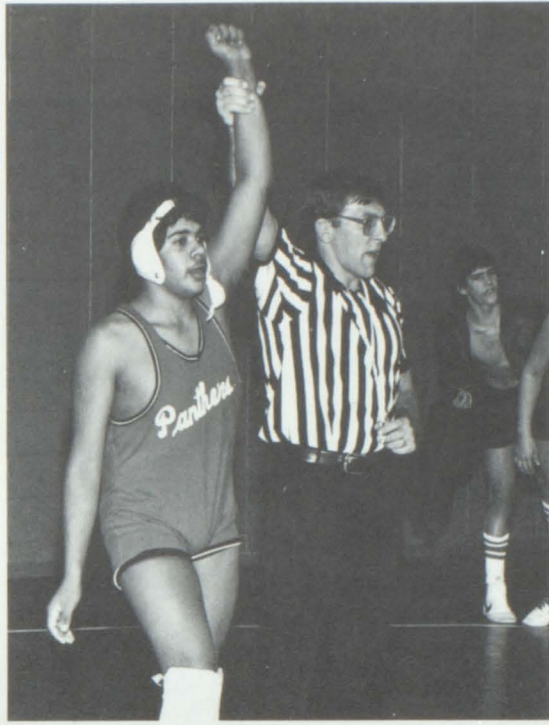

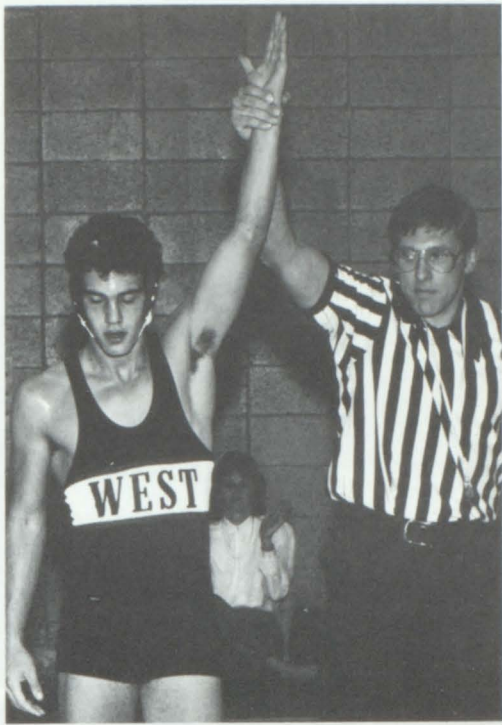

FROSH WRESTLING

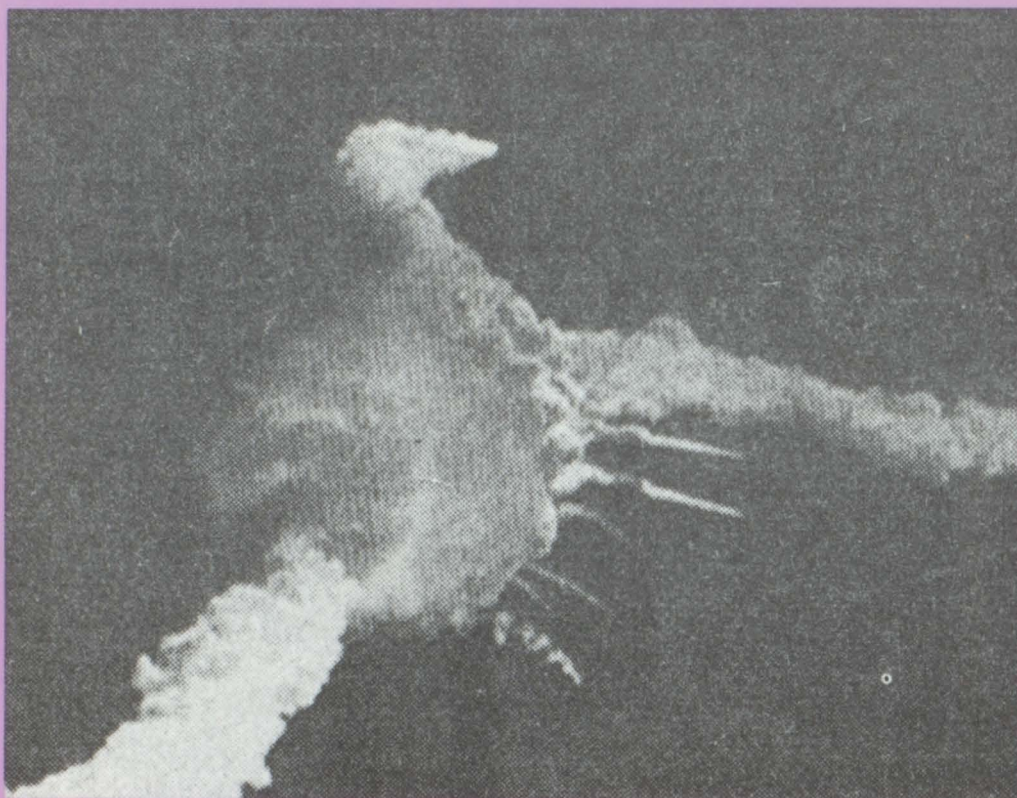

The record for the team may not have turned any heads but the number the joined was tremendous. The members which wrestled in the West Suburban conference showed definite promise as future athletes. Some outstanding moments of the season were the full line-up against Glenbard West which is where they gave it their all, but fell short. Also, tying St. Joe's at 36 was a great uplifting. Outstanding members were Tony Provo, John Kapsalis, Ed Zelenka, George Radcliff, Jeff Howard, Ruben Hinjosa, John Taylor, Jason Hasner, Kevin Anderson, Jim Feldmann, Kevin Howard, Ed Hood Kirk Gargarczyk, Bruce Palmbo, Kris Hanson, Andre Davis, Joey Tackett, Steve Brusa, Kevin Moore, Nick Kartsounes, Jamie Steele, and Ethell Lewis.

When looking back on high school years, one remembers the different fads, popular songs, and unique clothing styles. The following pages represent some of those memories, but they also show some of the historical events of the times. These pages represent the "year in retrospect." In the future these pages will remind Proviso students of the times out of school as well as the scene inside the school. The pictures on these two pages represent a few of the most memorable events such as: the Live Aid performance held in July of 1985, the Geneva summit held between the leaders of Russia and the United States, the incredible super bowl victory of the Chicago Bears over the New England Patriots, the tragic, space shuttle, Challenger explosion, and the passing of Halley's comet. These events are memories of the times which will always be remembered.

CHALLENGER MISSION ENDS IN TRAGEDY

The space shuttle Challenger as it lifts off the ground at Cape Canaveral.

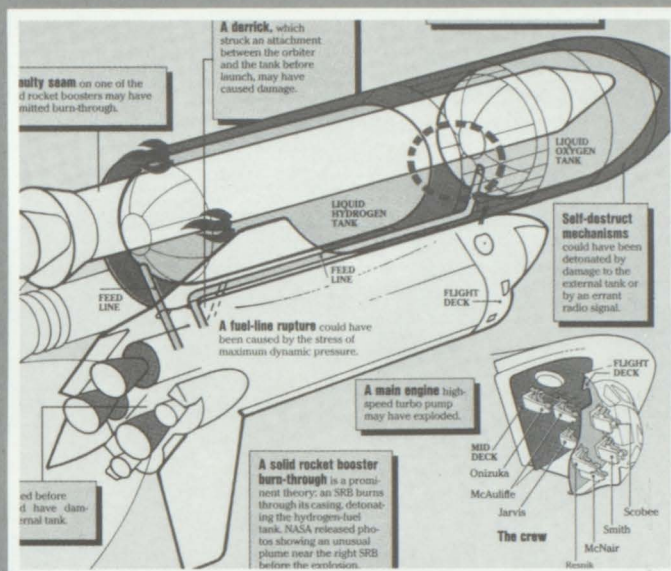

Photo courtesy of Newsweek

Going for its tenth flight, the Challenger, had been delayed a couple of times because of difficulties with the shuttle itself or the weather conditions. Finally, everyone in the shuttle crew was ready and so was the space shuttle. A crowd gathered at Cape Canaveral to witness the first of the fifteen space shuttle expeditions which had been planned for 1986. The crew was on the shuttle and everybody nervously looked on. The countdown began and suddenly the rocket boosters came to life. The Challenger, with 5.8 million pounds of thrust, broke from the launching pad and headed toward the silent blue sky. The Challenger carried seven crew members, six of them professionals and a social studies teacher from Concord, New Hampshire. After thirty-five seconds, everything looked fine. Mission control, located in Houston, radioed "Challenger, go at throttle up." The pilot, Micheal Smith radioed back, they were on their way. Just seconds later, less than a minute into the flight, Challenger blew up. Even the computers did not acknowledge the fact. The Challenger mission ended in tragedy less than ten miles and one minute into its journey.

Aids

Could I get Aids? This is a popular question asked by many people during the news of this fatal disease. Aids (acquired immune deficiency syndrome) is caused by a virulent strain of a virus called HTLV-III. One can get the disease by sexual contact or a hypodermic needle. This disease kills white blood cells and can result in death.

Once every seventy-six years, Halley's Comet passes the earth. On February 9, 1986, Halley's Comet reaches maximum size and brightness. This "celestial snowball" is a treat for anyone. The comet was named after Edmund Halley after he sighted it on November 22, 1682. In old times, people believed that this horrible thing in their sky would poison the air, cause a gigantic explosion, or even destroy the earth; however, since those days, man has learned much more about this fascinating piece of our galaxy. Diagonally and to the left are two pictures of this incredible comet.

TOP RECIPE OF '85?

From an editorial in The Washington Post:

Would you consider the directions for a can of corn as difficult? Well, the Wall Street Journal says that the Pillsbury Co. received a number of calls from puzzled consumers when the directions {"Put the corn in a pan on a heated burner."} was removed from the can. The reinstated directions to be less vague, are as follows:

"Grip can opener firmly and begin opening procedure as described in owners manual.

Open only one end of can. Corn will be yellow.

With single motion, empty product into pan and place on stove.

Light burner to begin heating procedure.

Continue until corn is hot. Consult with friends and/or relatives on proper temperature.

If complications arise, call toll-free number at top of label. In event of fire, dial 911 where applicable."

TOP YOUNG ACHIEVER

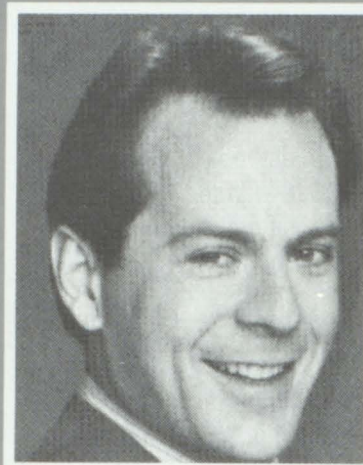

Thirteen year-old Girl Scout, Elizabeth Brinton, sold 11,200 boxes of cookies. She quotes that her strategy of selling is, "You have to look people in the eye and make them feel guilty."

Throughout 1985 and 1986, there have been many new fashions and fads. It is impossible to show everything that is new, however, on this page are a few examples of new fads for this past year. In fashion everything from Swatch watches to Georges Marciano's Guess Jeans are in style. People are cutting their hair really short and spiking the top. Styling gel is the newest in hair lotions. The latest hangout for Proviso West are the basketball games and the Manor in Melrose Park. Computers are beginning to pop up everywhere, including the MURAL room, which makes life a lot easier. The new law is for seat belts. There is also a new law for drinking and driving, both of these laws went into effect this year. Throughout these last few pages, we have displayed the newest and the latest in what is going on right now at this very moment and throughout this school year.

1986 MURAL Staff

Advisor's Reflection

"Yearbooking" offers a variety of experiences for the participants. There is always a lot of laughter, good-natured abuse, and personal growth. Every student on the staff has the opportunity to assume responsibility, to command leadership, to creatively express himself, and to make Proviso a unique part of his life experiences.

As a fourth year advisor, I have had the chance to work with students, to know them personally, and to come to love each of the very talented individuals of the various yearbook staffs. No one staff is superior to any other staff; each staff is composed of extremely talented, very gifted, hardworking, willing-to-learn individuals.

I thank all the 1986 staff members for their individual contributions, no matter how great or how small. Your thoughtfulness, respect, understanding, and work have not only created an outstanding yearbook, but have also become part of the most treasured memories of my teaching experience. I will always keep each of you in my thoughts, and I wish for you the best that life has to offer. "Jabba"

Editor's Reflection

The past four years, I have had one of the most traumatic experiences of my life. Weekends became weekdays. Time became money. The world seemed to stand still, and then depression set in. Yes, this is the life of a yearbook-crazed madman like myself, and this is his world. But what causes this world to be so demanding? What are the factors that can be changed to prevent such entropy? Einstein didn't have all the answers about time; so, don't expect me to know. Even the great and most noble Jabba-son could not come up with an answer. But, those things happen. Nobody is perfect, and we are all human. So even though everybody on this year's mural staff has another staff member who they can't stand and this book is filled with a large amount of errors and maybe your name has been spelled wrong, we, the real staff, remember the long hours of work and the times when smiling seemed better than frowning. So here's to my fourth year in yearbooking and probably the last. I'd like to wish everybody in my class the best o' luck in the future, and I hope that next year's book is as much fun, if not more, than this exciting? year.

Special Thanks: To J.M. Phillips, for her constant screaming, Dr. I. Wil Fixit, for repairing my damaged eardrums, Michele, for all the work she has managed to... complete, Renee & Lesley, for taking on the reconstructed titles of Co-editors, R. Moorhead, mural staffers, Bootsie, T.J.W.- Charley, H.P.S., T.E.M., Stick, Rogelio, and Razzle. Sincerely, bob r.

When asked to be co-editor of the yearbook, my first thought was to answer no. Then I stepped back and looked at the situation and realized that if I ever wanted to really have anything to do with the yearbook that I should take the job. I thought that as a co-editor, I would be able to try and make this book better and that I would have the opportunity to make decisions involving the book. Then came the actual work and finally after long hours of work, we managed to put together the 1986 Mural. Even after all of the headaches and aggravation, Mural proved to be a interesting experience. I do have a piece of advice for those of you who are reading this book: instead of talking about how bad the book is and how it could be better, I hope that you would join the Mural next year and actually make it better. A COMPETENT staff is the heart of a successful yearbook. Special thanks to: L.A.E.T., Mary Zack, Oompa, the secretaries in the Main Office, Mr. Milano, Mr. Lyne, Michelle, Marv, Roy (the photographer), Jabba, H.P. Saunders, Coots, Snakeking and da Papa.

Through putting together this year's yearbook, I have learned what hard work and determination really mean. It takes a large amount of time, patience, and especially cooperation, to put together a book which will capture the events of the year and keep them alive forever. I will never forget all the great times and laughs together. Nor will I forget all the aggravation from getting pictures and names, or the chaos because of deadlines.

Though there was only a small working staff and many deadlines were slightly delayed, I still think that we were very successful.

I would like to thank all who lost the pictures and all who found them. Also Mr. Computer General for all the times he was just too busy to help anyone else, though he was doing nothing. I also want him to remember the "copy withheld" on the very first deadline.

Good luck to next year's staff. Just be determined and you will get through it.

As for this year's staff: Congratulations!! It's FINALLY over!!!

Michelle Duerr

* I would like to especially thank Rob, for all the aggravation he gave me from not answering any of my questions, Miss J. Phillips, for all the encouragement she gave the staff; Miss Cavanaugh, Karen, Janet, and Heather. I would also like to thank Mike for listening and putting up with me through every deadline.

Becoming the co-editor of the 1986 yearbook, I learned much useful information and acquired many splitting headaches. When asked to become co-editor, I thought of it as one of the biggest challenges and decided to close my eyes and jump right in. Well, the jump I took led me into a trying and unique experience. Having been on the staff last year and receiving help from Mary Zack and John Kennedy, I thought that becoming co-editor was a piece of cake. To all that think making a yearbook is picking out pictures and choosing a cover, you are wrong. Renee and I have been through a year of physical and mental abuse by other staff members and by the advisor. When Miss Phillips started to beg me, I looked into her trusting and reassuring eyes and put my life in her hands. WARNING: Never trust the eyes of Jabba. This year I have made my decision, done my pages, lost my pictures, and am now ready to boycott. I hope to all that have this yearbook will be able to look back at it and remember high school as one heck of an experience. Special thanks to: Romanellis, Miss Phillips, Steve Smolen, Al, John, Ange, Ruggles, Michael Lag, Mrs. Broz, Mr. Spags, Mr. Stavrojohn, Broz, Mr. Milano, Heather Reagan, Janet Ruffolo, Coots, Blattner, Mouse, Mr. Lucas, The Us and Them group, and to my cousin Renee Romanelli (the Ultimate Scruman)
