The background features large, expressive teal brushstrokes that create a sense of movement and depth. Overlaid on these are thin teal lines forming a large triangle and a circle. The text 'A part of' is rendered in a teal serif font, with the 'A' being significantly larger than the other letters. Below 'part' is a stylized teal symbol resembling a pair of crossed oars or a decorative flourish.

PROVISO WEST HIGH SCHOOL HILLSIDE, ILLINOIS

Mural 1991 Volume 30

A PART OF ME

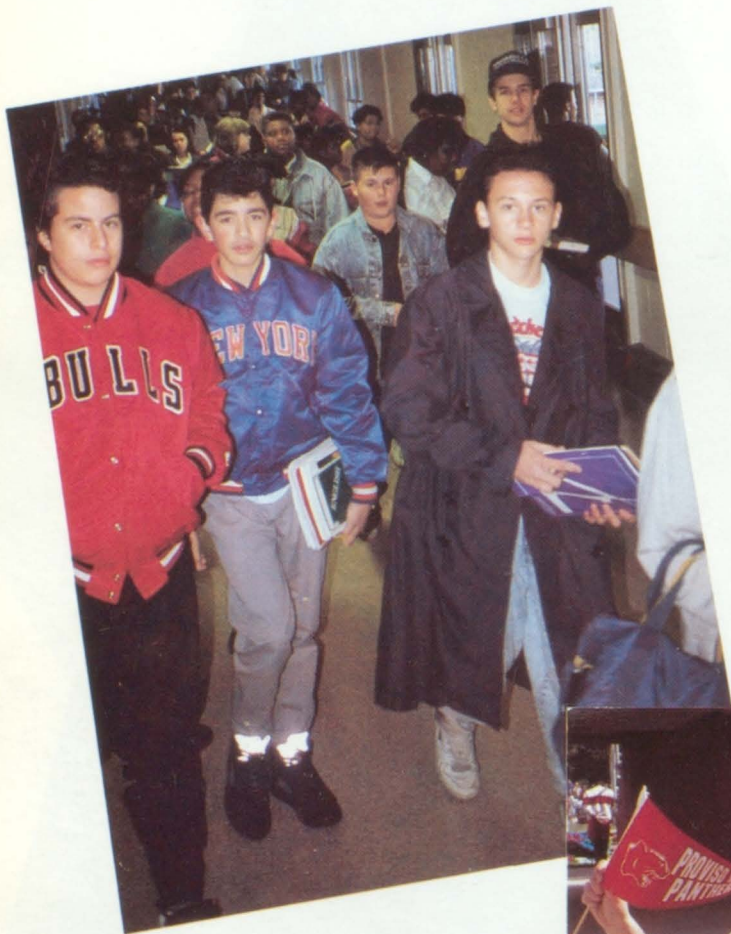

A Part of Experience

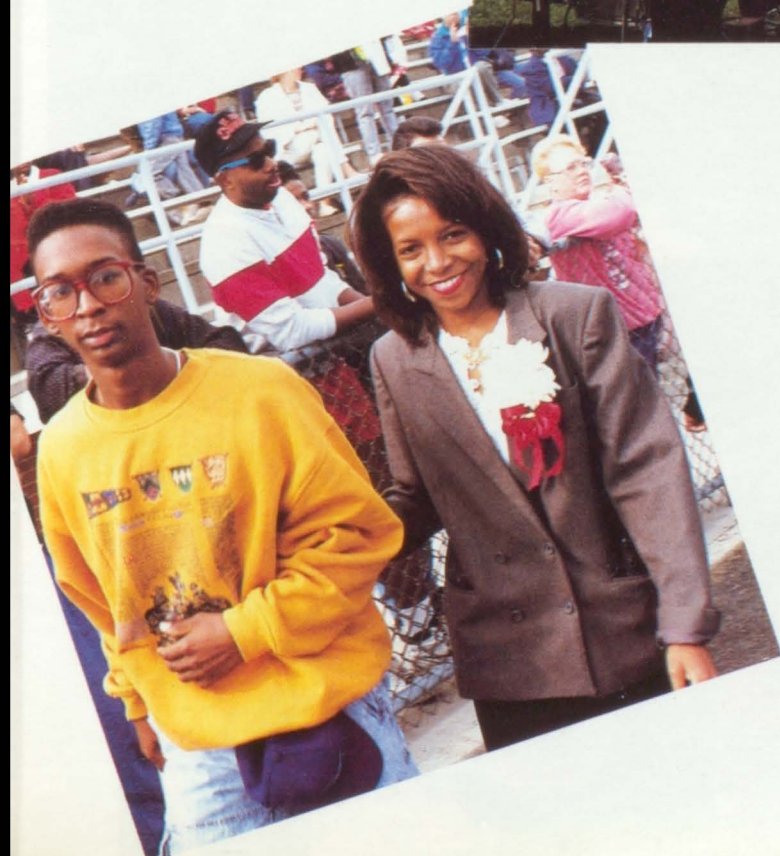

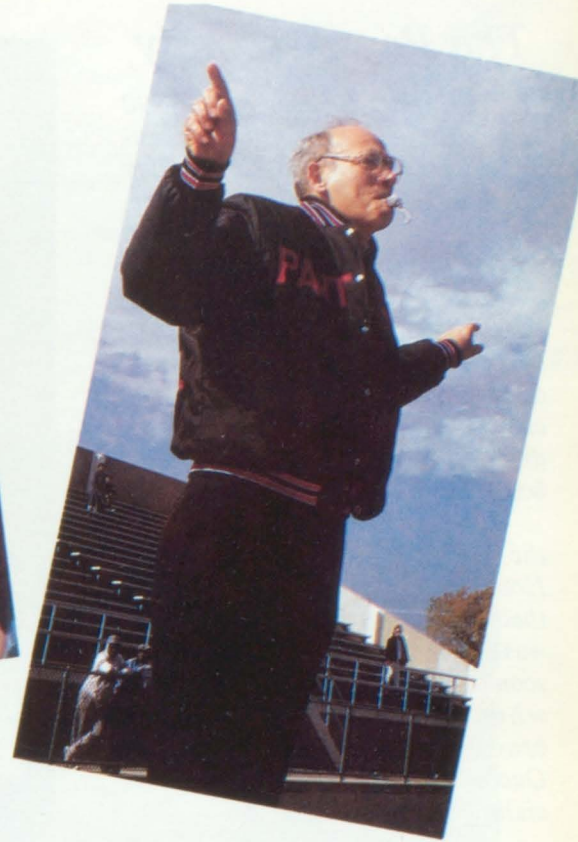

As **freshmen**, we walked down the big corridors of a whole new school. We had to go through the teasing from the upperclassmen. We had to get out and meet new friends. It was hard adjusting to this big school with so many new faces, but we survived it all . . .

As **sophomores**, we entered into our second year. We had the chance to pay-back the new freshmen with what we had to go through as freshmen. We finally had Driver's Ed. This was our last year to relax because junior year, we had to take our classes more seriously . . .

As **juniors**, we survived three years of good 'ole Proviso West. We had no idea that junior year would be so hard. We finally took the ACT; some of us did well, and some of us could have done better. We had to make so many decisions for our futures. We had to select the colleges we wanted to apply to. Boy, we couldn't wait for our last year . . .

As **seniors**, all we could say is, "We finally made it!!!" We thought we could get away with anything this year, but threats of not graduating scared us a little. We made the final decision about what college to attend or what we really wanted to do after graduation. Well, as we look back over these years, they all were just "a part of us."

Aloha Paradise!!

The Pep Assembly

As Friday, September 28, 1990 came to an end, the spirit-filled students entered the gymnasium to kick off the 1990 Homecoming Pep Assembly.

After the uplifting music from the band, the cheerleaders and the Panth'rettes performed. Soon after that, the football teams were introduced to the cheers of an eager crowd. The theme "A Night in Paradise" was illustrated by the spirit board competition.

The most anticipated event of the day finally arrived. As the jittery Homecoming Queen candidates and their escorts entered the gym, there was a hush over the room. The silence soon turned into cheers and screams when Latanya Williams was crowned the 1990 Homecoming Queen. Paradise Weekend had officially begun!!

All Hail the Queen

Homecoming Queen Latonya Williams

This year, there was a twist in the announcing of the 1990 Homecoming Queen. Ten anxious girls waited for the announcement. Proviso West began a new tradition in the way the courts and Queen are named. Instead of using colored flowers to denote courts and queen, Dr. Montoya called out the names of the Rose Court, the Queen's Court, and finally the Homecoming Queen. This year's Homecoming Queen was LaTonya Williams. LaTonya had injured her ankle earlier, so she was escorted in a wheelchair during the pep assembly. That did not stop the excitement. After LaTonya was declared the Queen, the crowd of friends and well-wishers rushed toward her and smothered her with congratulations.

HOMECOMING 1990

Down the Streams of Paradise

The Parade

The homecoming parade began on a festive note at Westchester Elementary School at 10:30 a.m. This was a unique starting point, as the parade traditionally had begun in Bellwood. Everybody was eager and bubbling with energy to begin the long-awaited march. The parade was led by an antique firetruck, and what followed included the Homecoming Queen and Court cars, Panthrettes, the marching band, cheerleaders, and a host of others. Spirit boards and floats were displayed with pride. The parade ended and students dispersed to watch the Panthers match up with Glenbard West.

Floating Spirits of Paradise

A Colorful Expression of Spirit

Students put a lot of work into making this year's floats and spirit boards the most imaginative and colorful that they could be. This year's winning spirit board was submitted by the German Club. This year's winning float was made by the band. All entries were bright and showed the immense time and work involved. The people worked their hardest

The Main Event

The big day had finally come. It brought along a lot of spirit and cheer to the football field. After the parade, the crowd filed into the stands to watch the football match between Proviso West and Glenbard West. Even though we did not have a victory, the crowd still screamed out words of encouragement. At halftime, the Marching Band played its soul-filled sounds and the Panth'rettes danced.

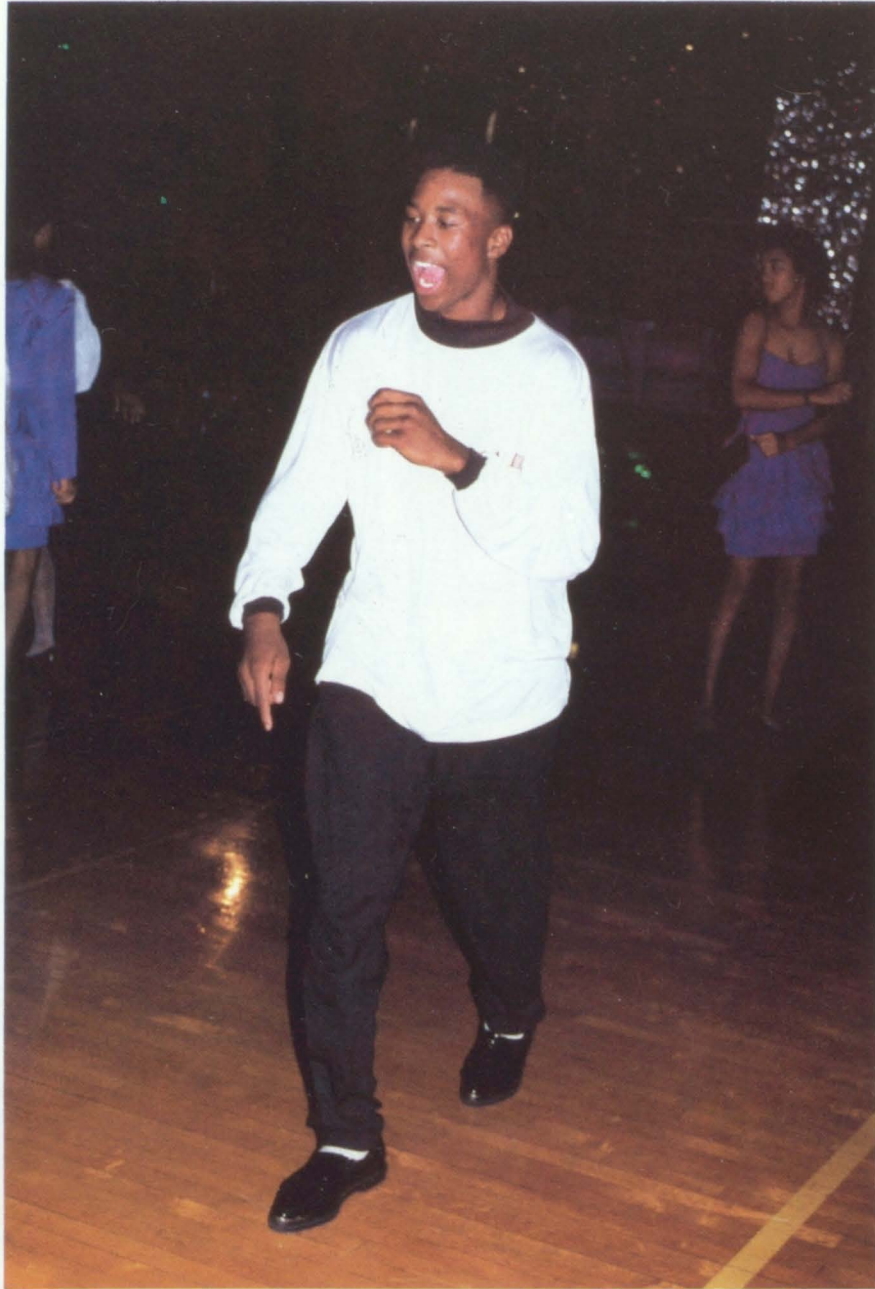

The players gave a great effort, and fought hard; the fans showed support; the students displayed their spirit boards and floats; and the day will be a memorable one for us all.

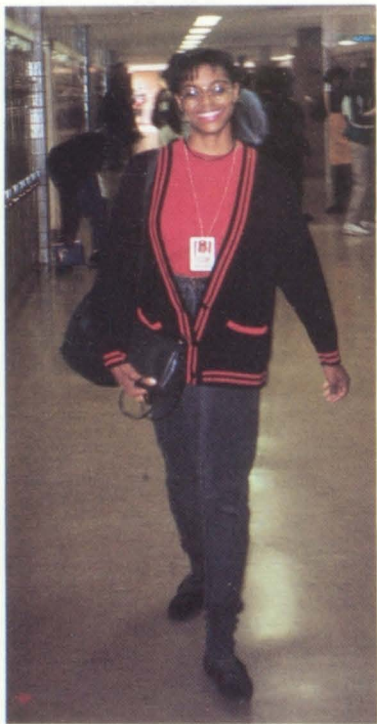

A Luau in Paradise

"A Night in Paradise" began as a rainy night, but we still had fun. This year the big fuss was "Do we have to have a date?" Many of us did not go to the dance because of the rule stating that the dance was "couples only," but that did not stop the rest of us. As we entered into Paradise, we could hardly believe that it was our gymnasium. We danced the night away and spent time with our friends and their dates. We had a good time, including watching the crowning of Queen. After the dance, many of us spent more time together and extended our nights in Paradise.

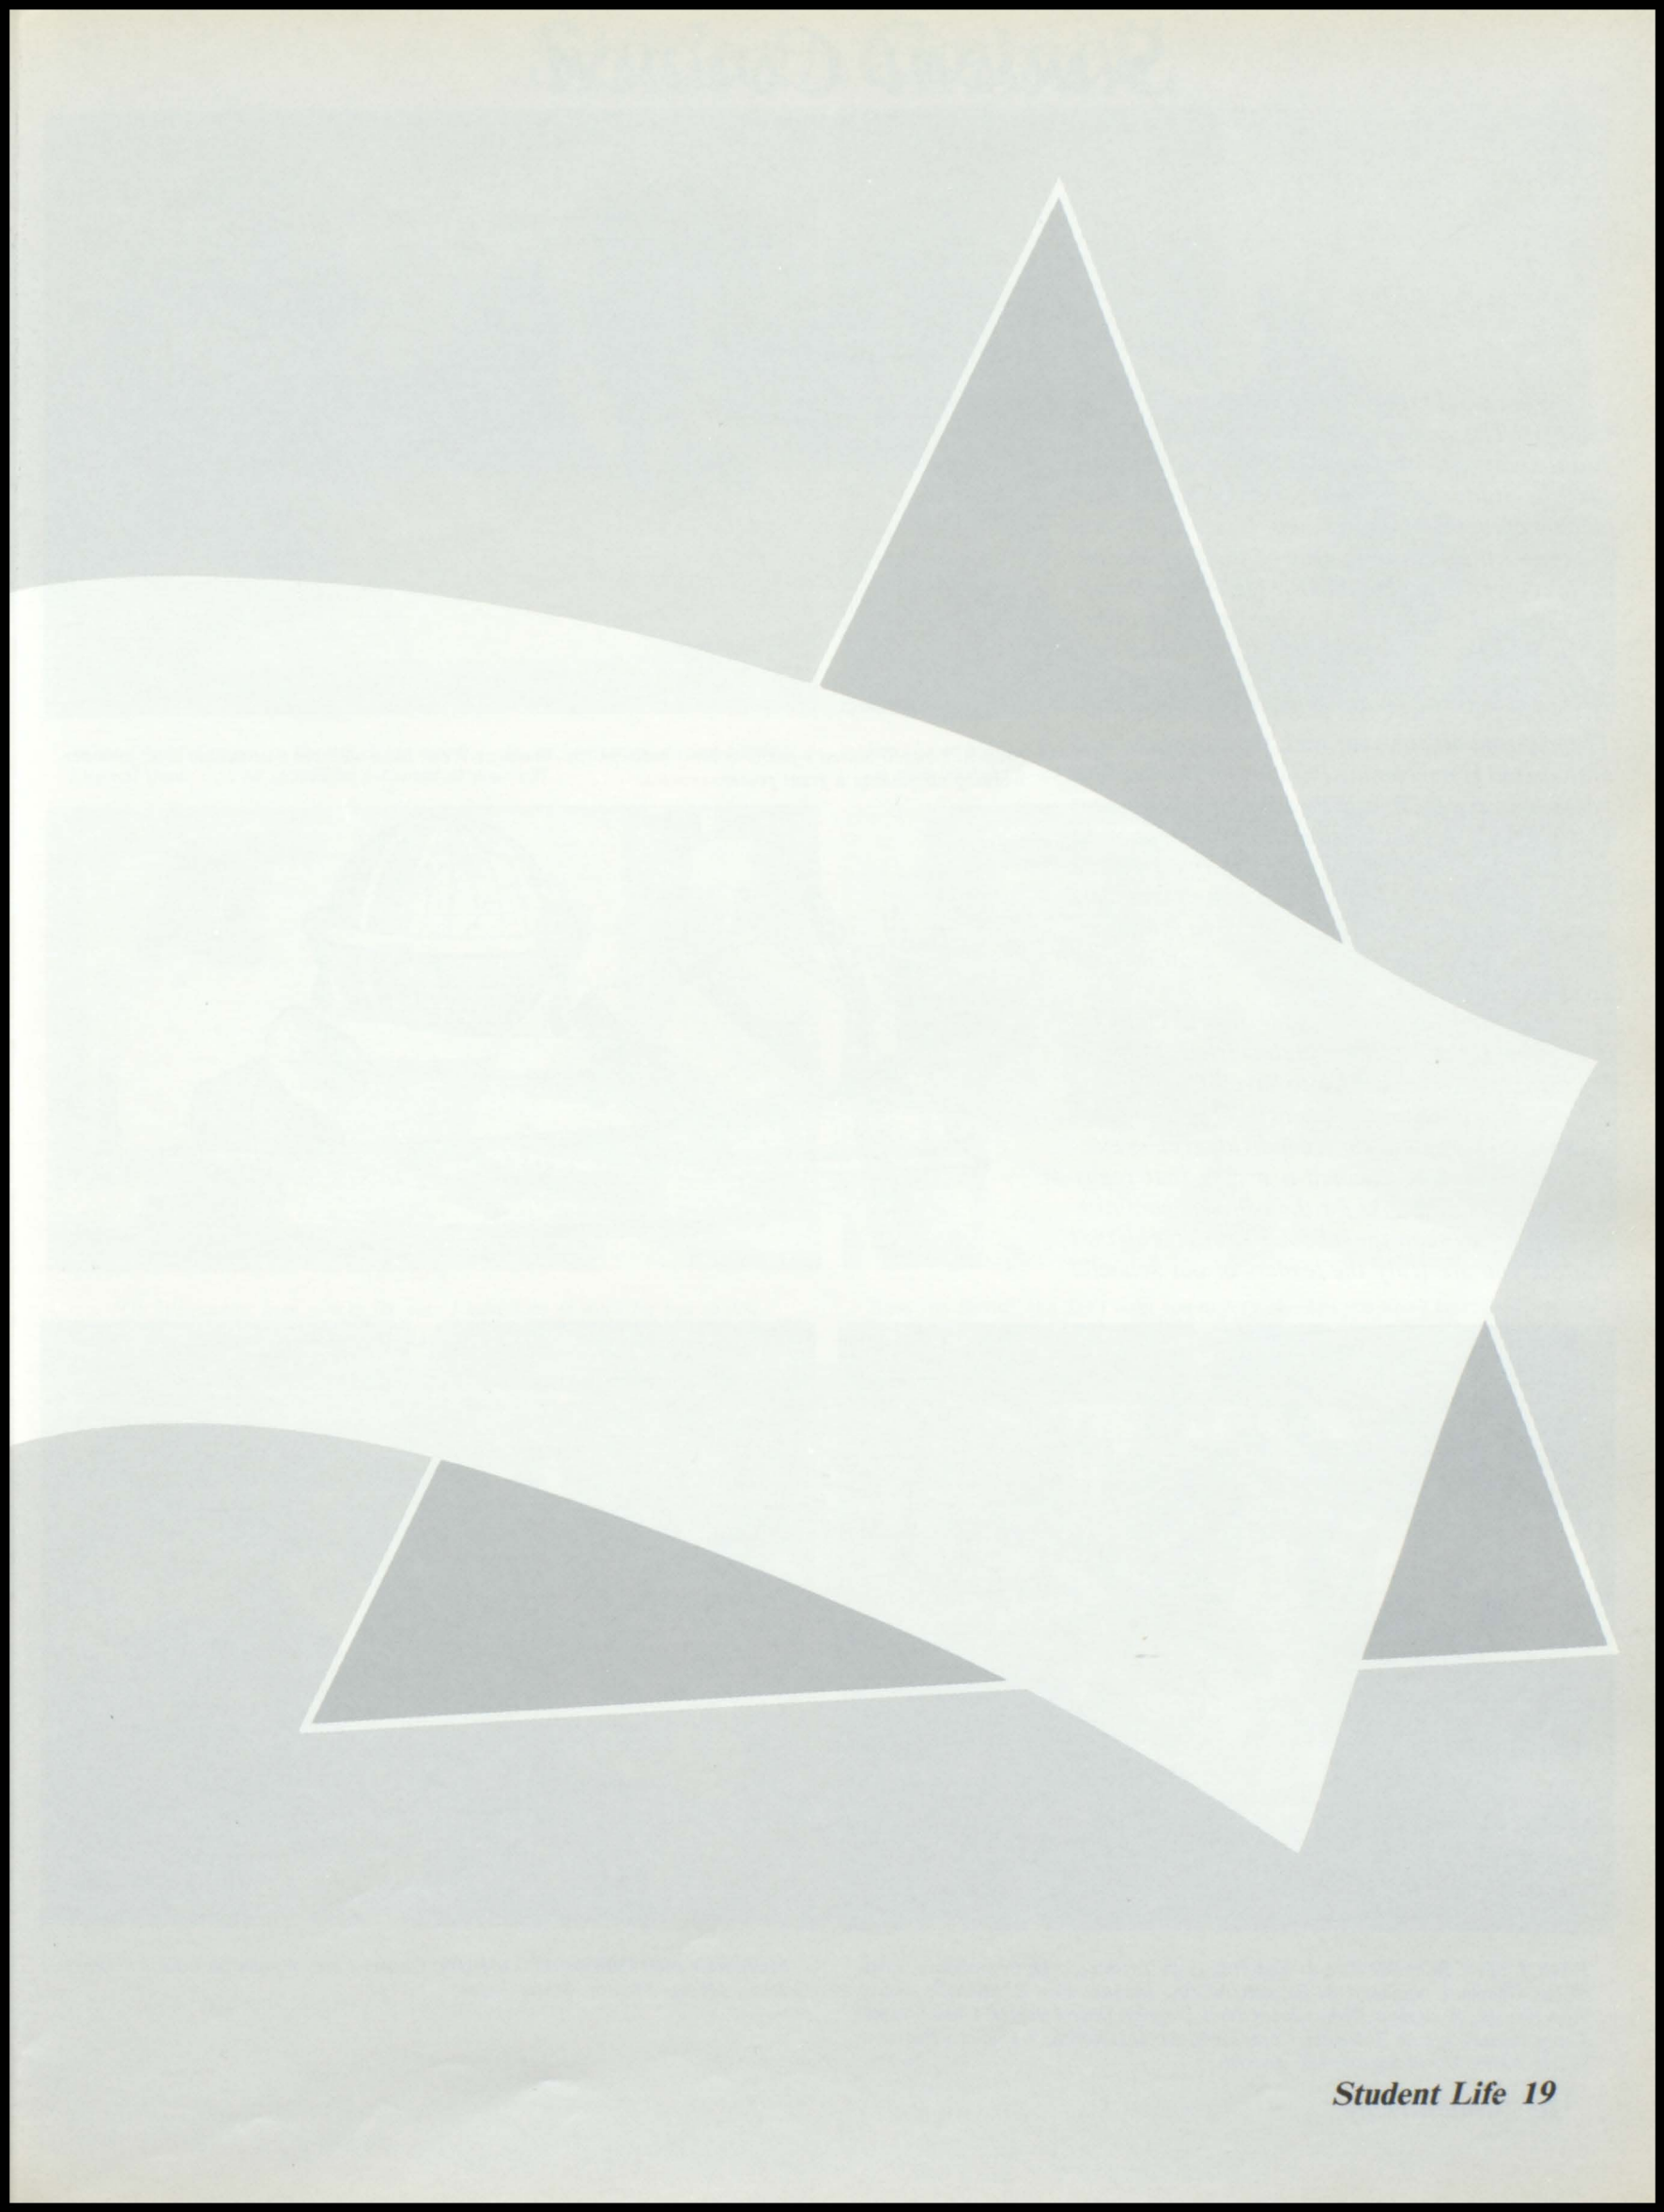

Student Life

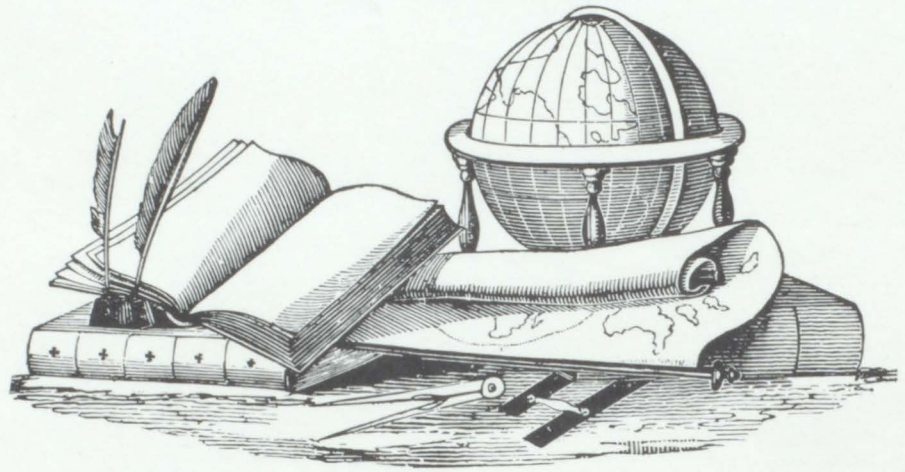

Student Council

What would the school do without a Student Council? The members of this group plan and carry out many activities in the school. You could say that the Student Council is the background of all student clubs and organizations. It sets up all sorts of competitions between each of the four classes. Such competitions would be the Halloween Pumpkin Carving Contest and the Christmas Door Decorating Contest. The most fun of the whole year was the carnival with tables of crafts or food, and of course the "Dunk the Deans" baseball throw. They started off the year with the wonderful and anticipated Homecoming Parade and Dance. This year's theme was "Panthers in Paradise". Student Council was so busy during those days because they are the ones that set up and organized the timing of the parade and football game. Also, they were busy all night before the dance. At the dance, the queen LaTonya Williams, was crowned and given flowers by Mr. Milano.

The Student Council also directs clubs on how to go about getting a club started. Many of the clubs are recommended to have a Constitution submitted to the Student Council. They also organize and count ballots for the individual class elections. The Student Council is a club that really deserves a lot of thanks for the help and commitment that they show the school. Thanks for all that you do, you are truly the leaders of our school!!!

Student Council hosted a poster contest between the classes at West. Here we have a dedicated class member working on making a great poster.

Bless you David!! We don't want you to get sick, then you won't be able to perform the Student Council duties expected of you.

Spirit Week

A group of dedicated Seniors prepare a poster to put in their hallway for Spirit Week.

This excellent poster of The Statue of Liberty was a major attraction in the '93 hallway.

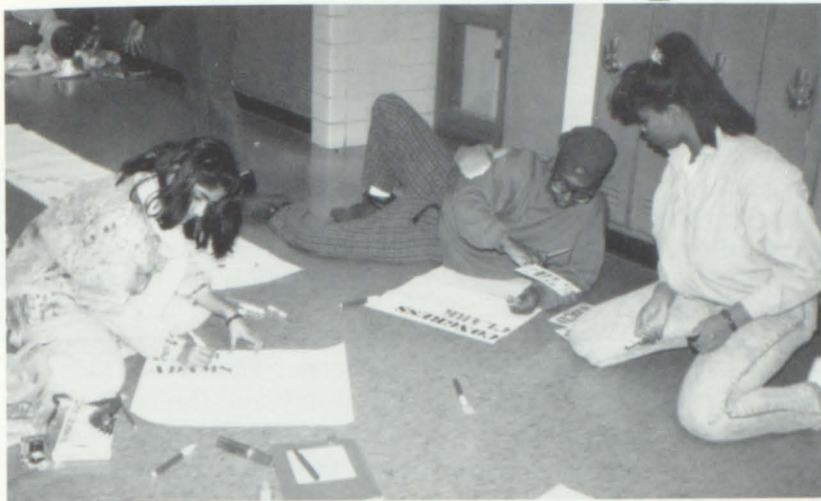

Left Photo: Tomeka Smith is definitely proud of the cotton ball streamers in her hallway. Right Photo: Sorry Dean-na! Did we surprise you???

Senior displays a black panther for the camera.

Spirit Week

These Seniors are definitely concentrating hard on their projects for the Spirit Week hallway.

This tiger certainly looks comfortable as it relaxes leisurely on this mountain top of art work.

The sophomores must really want to make a statement to the other classes by creating a mosaic of their signatures.

Kim Clay is definitely a popular member of her class. She has her own star and everything.

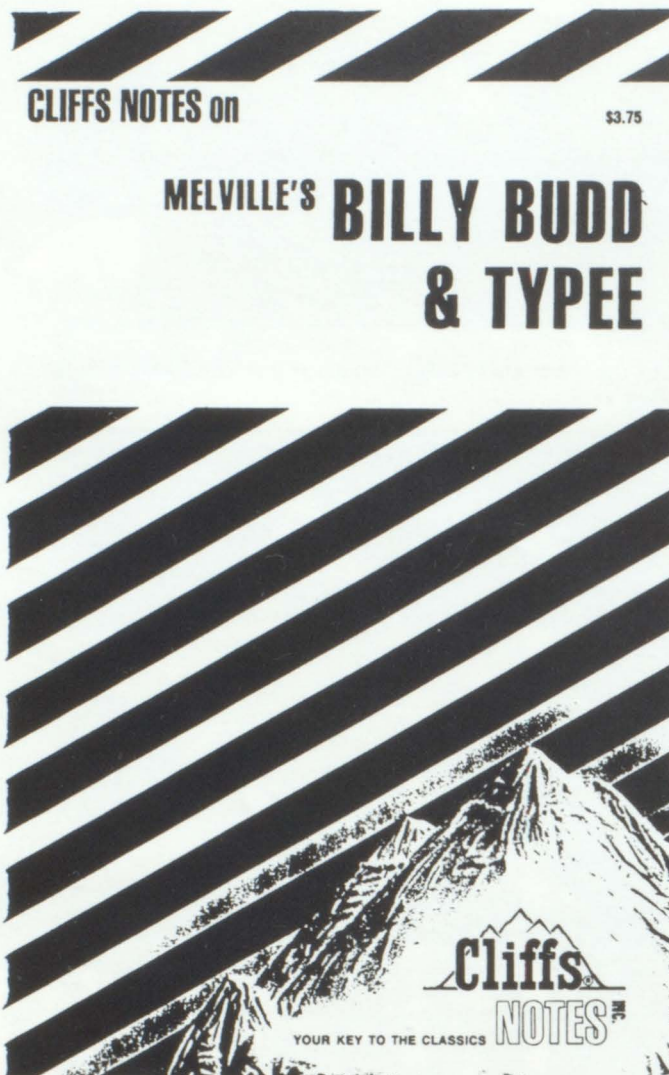

The Seniors welcome you to their hallway, "Bright Lights, Big City"!!

Spirit Week is an eventful time of the school year. During this week, lots of class competition takes place. From donations of money, to Jalepeno pepper eating contests, to tricycle contests, and whip cream contests, each class tried to become the best. But the most imaginative contest is the decorating of the hallways; from 'Bright Lights, Big City' to "Stepping Into Africa". The creations made by these wonderful imaginations impressed the judges more than ever before. Next year, why not get involved. As Biff says, "Being involved feels fantastic."

Cliffs Notes .. Helpful or Harmful

This note below is taken from the inside cover of an actual book of **Cliffs Notes**. Labeled: Note to the reader.

THESE NOTES ARE NOT A SUBSTITUTE FOR THE TEXT ITSELF OR FOR THE CLASSROOM DISCUSSION OF THE TEXT, AND STUDENTS WHO ATTEMPT TO USE THEM IN THIS WAY ARE DENYING THEMSELVES THE VERY EDUCATION THAT THEY ARE PRESUMABLY GIVING THEIR MOST VITAL YEARS TO ACHIEVE.

How many students have seen that note before? More than half of the enrolled Proviso students have probably read that on the inside cover of Cliffs Notes. Cliffs Notes are small black and yellow pamphlets which contain vital information to help understand a book more clearly. Some students read them after having read the book to better understand it or to pick up information they missed while reading. Other students read Cliffs Notes instead of the assigned book just because they do not want to read it or they just don't have the time. Cliffs Notes run approximately \$3.75 depending on the type of reading materials you buy it for. Most students say they spend up to \$40 or more a year depending how many books are read during the numerous amount of days in a semester of an academic class. Do parents know their children use Cliffs Notes? Do they care? Articles have been in the paper during the year, because schools are adopting the issue of having Cliffs Notes available in their libraries. This puts a deep cut in the money spent by a student who wastes gas to drive to Crown Books or B-Daltons to buy Cliffs Notes. Then what do you do with them after you're done? Well, having them at the access of the school library allows the student to check them out rather than buy them. But that still doesn't solve the problem of students just reading Cliffs and not the books. Most students know that reading Cliffs does not help when the test asks who said a specific quotation from the book. Some people have different views on Cliffs Notes than others. The students' views differ from those of the teachers. Let's see how students and teachers feel about Cliffs Notes.

Students Against Driving Drunk

Between September 2nd and the 9th, a very special memorial of the Vietnam War visited the Hillside Commons. This monument is the replica of the Vietnam Veterans Memorial Wall. Hundreds of people came to visit this emotional monument and pay their respect once again to the thousands of Americans who died and now have their names inscribed on the wall. Some names are labeled with symbols that indicate death or missing in action. Many tears were shed as family and friends looked upon the names that meant so much to them and will never be forgotten. Caring people left paper flags near their loved ones or other memories such as letters, pictures, candles or articles. Students from Proviso took field trips to see the memorial first hand. Some students received donations to give to the veterans in return for POW/MIA bracelets with a certain soldier's name on it, the date they were reported missing, and the branch they were in. Once the bracelet goes on the wrist, it will not be taken off until the soldier is found and safely home. The sad thing was that the people they knew had come from Proviso since sixty-eight names listed on the wall were from Proviso & Leyden townships.

Italian & Spanish Clubs

For the past few years, Spanish teacher Dr. Rodriguez took it upon himself to send care packages consisting of comic books, snacks, and candies sold by the Spanish Club during the year to Proviso West graduates who were enlisted in the Armed Forces. Lance Corporal, Johnny Olson, was nice enough to return a letter thanking Dr. Rodriguez for the care package. The letter follows:

From the lap of Lance Corporal Johnny Olson.

Dr. Rodriguez, the Spanish Club, and fellow Panthers, Howdy!! First off, a huge thank you from a former "Panther" for the care package. It may have seemed to have been no big deal, but to those of us thousands of miles from home, it's worth a million. It helps to know that people back home do care that the long days in this dang desert is being supported by our fellow Americans. To tell the truth, that is the best thing you can do right now, support us and join together for a better world. Thank you.

I am excepting your invitation to write back, and by all means, print what you want. I'm an anti-tank assaultman/demolitions man in an infantry battalion (First Battalion, 7th Marines). Basically I just fire a wire-guided missile at enemy armor, (I.E. Tanks, Personal Carriers), a lot scarier than it sounds. Anyway, we landed here in wonderful Saudi Arabia on August 15th. A welcoming party of heat, sand, camels, and more than enough desert critters. For the past four months we basically jumped back and forth on every inch of desert from here (?) to Kuwait. We spend two weeks out in the sand and get three to four days of the closest thing Uncle Sam could get to normal. At times, the stress gets pretty high, with all the slow news and quick rumors. One day we are all so hyped to the newest "scoop" that rotations are in February. Just to be shot down the next day with good ole Saddam saying "I will not pull out!" It sure does bring a lot of interesting views. I have a lot of personal opinions on this whole situation, as I'm sure many of you also

have. But from someone who is here, I've got some advice. Whatever President Bush, Saddam Hussein, whoever you want to give a piece of your mind to, remember who you are, why you have freedoms, and what makes this great United States of America what it is. For you are an American, Americans have fought and died to give all of us the greatest freedom, and all of our ancestors made our country what it is. That is what all of us Marines have signed on that dotted line for. And all of us are willing (some more than others) to stand up for our country.

So remember us out here living in this "oh so great desert"(can you find the sarcasm?) and we will all remember all of you giving us the reason to go another day. Thank you again.

The Spanish Club sincerely thanks Johnny Olson for taking a moment out of his very busy schedule to write a wonderful, and inspirational response to them.

P. A. C. and Cine Clubs

Proviso does many interesting things during the school year. Child care classes are held to educate students on the lives of young children. Raising a child, taking care of a toddler, and being patient or responsible with kids are all the aspects brought to West Student's attentions. These caring individuals get a chance to experience the real actions and feelings expressed when working with children. Their curiosities and questions are answered through close contact with children whether it's to play with them, teach them, control the little ones, or celebrate a holiday with them.

The children are expressing their creativity by making pictures.

Proviso's Moments

The Mural - Yearbook Staff

This year's yearbook staff had many difficulties meeting certain deadlines with such a shortage of people on the staff. But all turned out well with the dedicated people that are working members of the staff. During the year, they went to U of I and Harvey, Illinois to choose the theme of the yearbook and attend workshops to train and give new ideas for features in the Mural. These hardworking people experienced how to make layouts, write stories, crop pictures, and include topics that would catch your eyes. Try joining the staff next year. Don't miss out.

This hardworking staff of editors and reporters as well as artists take pride in getting the information we want or just might enjoy reading in the school paper. Channel 1: Informative and Fun

"It's like the first cup of coffee in the morning," said senior Naomi Taylor, referring to Channel 1.

Channel 1 is a twelve minute news program produced by Whittle Communications. It is conducted daily, and is hosted by young newscasters. The aim of the program is to reach and inform high school aged students in a format that they will pay attention to and understand.

Channel 1 has given students the chance to find out news and information that they may not get from the newspaper or TV news. Senior Renee Skurka said, "The maps that they use help students learn where places are in the world."

French teacher, Mr. Wallace, said, "Channel 1 is very good since most students

are uninformed. The news program is used as part of our class lessons, because students give news in French every Friday from what is happening around the world."

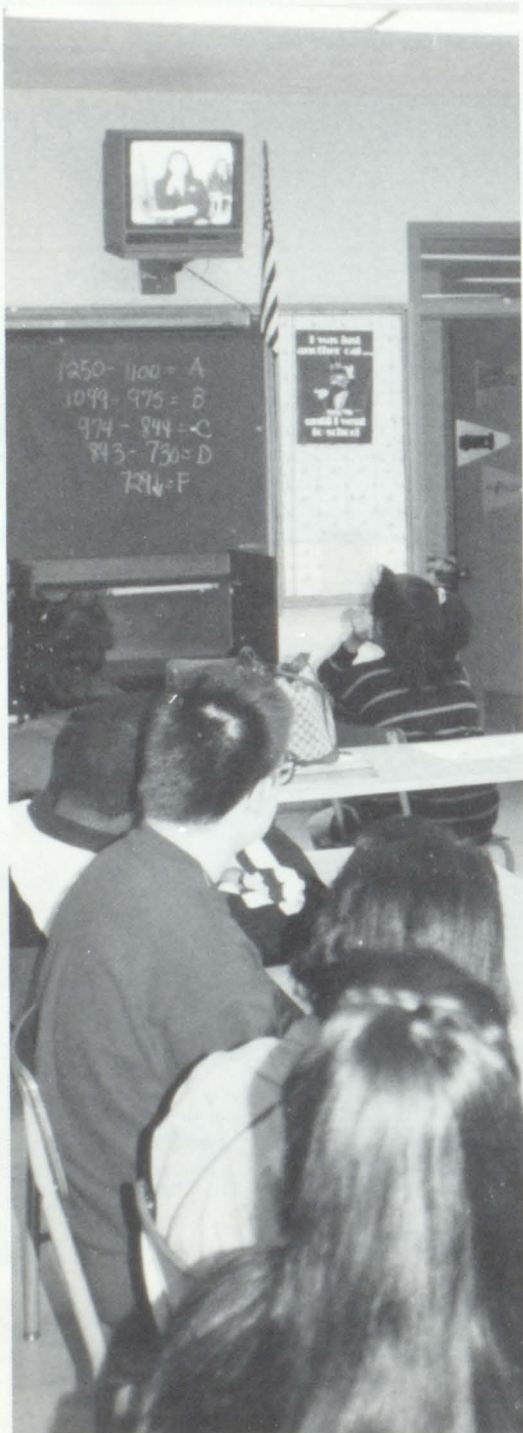

The program is broken into several sections, including the main news stories, focus and feature stories, sports, and a "Pop Quiz" portion. The Pop Quiz is one of the favorite parts, because it gives students a chance to test their knowledge and find out something that they didn't already know.

Another senior stated, "I like Channel 1 because it is insightful. They show us things we can understand and identify with. Lastly, it breaks up the monotony of the school day."

Channel 1 is entirely funded by the sponsors and advertisers which appear on the program. Many of the "commercials" are anti-

drug messages, or stay-in-school messages which are aimed at the viewing audience. The students do not feel that they are being bombarded with presentations encouraging them to buy commercial items.

Much debate centered around whether or not Proviso should allow Channel 1 in its classrooms. The administrators, teachers, students, and parent/community representatives met and decided to give Channel 1 a try. Many faculty members tie the program into part of the classroom lessons, and feel that the service is worthwhile. The student body can be seen actively watching the program and discussing the news articles after its conclusion.

K.O.D.A. On The Path to Fame & Fortune

A popular group in the Proviso Township community today is K.O.D.A. (Keeping Our Dreams Alive). The group consists of five boys: Atiba Buchanan, Marlon Golden, Steve Hardeman, Zoe Smallwood, and Reggie Vanderbilt, who sing and dance to popular songs on the radio today. K.O.D.A. started out as a group that entered Proviso West talent shows for fun. But now, they are more than that. The members of K.O.D.A. are becoming more and more recognized every day.

It all began on March 21, 1990 when K.O.D.A., (at this point only containing Atiba B., Steve H., and Reggie V.), received a trophy for giving a superior performance when they performed Troop's "Spread My Wings" in the Proviso West Talent Show. After the show, they were approached by a representative from the New Regal Theater who encouraged them to audition for the Regal Talent Search in July. They auditioned and were chosen to appear along with sixteen other contestants in the show on July 15, 1990. The show was broken down into two segments with eight acts in each. The first place winner from each of the two segments would then perform once again. The winner between these two acts would receive

a \$500 prize. K.O.D.A. won in its segment and performed against a singer by the name of Marion Ware who won in her segment. Unfortunately, Marion won the final competition and won the prize. That was all right though, because both contestants qualified to appear in November for the semi-finals.

The semi-final event, which was a competition between all of the first and second place winners from the months of February through October, was held on November 18, 1990. At this point in time, K.O.D.A. added two more members to the group, Marlon Golden and Zoe Smallwood. The semi-finals contained twelve acts. Six acts were picked to go to the finals in December. K.O.D.A. was one of the finalists and they won overall for the entire show in November.

While the group was in preparation for the finals, Marlon was approached by a member of the FOX 32 Network. FOX was hosting a program concerning teen-agers in Chicago and how determined they are to make it in the entertainment world. They wanted to use K.O.D.A. as their main example in the program. K.O.D.A. gladly agreed and the process began. Channel 32 taped K.O.D.A. in their every day life styles

leading up to the Regal. In order to show the progress that the group was making, Channel 32 taped K.O.D.A. as they rehearsed in each other's basements and when they went shopping for outfits. Also, in order to show the educational aspect of the group, Channel 32 taped K.O.D.A. during school. The program aired on Saturday, March 23 at 7:30 p.m.

The final competition at the Regal was held on December 23, 1990. Upstairs in their dressing room, the members of K.O.D.A. were both nervous and excited at the same time. A \$1,000 prize was up for grabs to the best act of the evening and of course K.O.D.A., like every other performer, wanted it. Unfortunately, K.O.D.A. was defeated by a rapper by the name of D.A. Smart. Even though they did not win, it was an excellent experience for K.O.D.A.

K.O.D.A. is still working hard and practicing every chance that it gets. The members are talking with producers about a possible contract with SMASH Records, an independent branch of Polygram Records. I personally applaud K.O.D.A. for its strong determination to make it in the entertainment world.

David Seaton . . . Making A Name

Proviso West senior, David Seaton is making a name for himself. David, who is President of the Class of 1991 and a Student Council representative still manages to take time out for singing.

David came in 1st place in the Proviso West Talent Show during his freshman year when he performed "Take Good Care of Me", by Jonathan Butler. The Talent Show is an important performance at Proviso West, and it was an honor for David to come in first as a freshman. He was not only recognized by the entire school for his singing ability, but he took home the trophy, and received honors as the best overall talent for the entire show.

David out-did himself again, and in his sophomore year, he received the first place award for his performance of "Always and Forever" by Heat-wave.

During his junior year, David received a trophy for giving a superior performance when he sang "Here and Now", which was popularly sung by Luther Vandross.

In addition to the Talent Show competition, David is a member of the Concert Choir and Madrigal group. His contribution to Proviso has been

a great one. However, David's musical talent is not limited to events in and around Proviso.

In August, 1990, David appeared at the Regal Theater, where he repeated his prize winning songs. Unfortunately, he was not the winner of his segment of the competition, and did not progress any farther in the competition. This was still a great experience for David, and he was proud of himself.

David sings at other types of functions too. On weekends, he hires out his talent as a singer for wedding ceremonies. He is an active member of his church choir and enjoys all aspects of music.

In addition to his hobby as a singer, David enjoys performing in the theatrical productions done here. He appeared in the musical "Little Shop of Horrors", among others. He finds time to support many activities within the school, and his spirit is catching, especially among the class of 1991. David can be found working on all class projects, including Spirit Week, Homecoming, and class fundraisers. The class of 1991 is proud that it has such a talented leader and friend, and it wishes David the best for the years to come.

T.I.P.S.

Proviso West High School began a new program in the spring of this year called T. I. P. S. (Teenage Intervention Parenting Services). The focus of this program was to provide students an opportunity to improve their self-esteem and develop skills to assist them in balancing their school responsibilities, with their child/home responsibilities. The program consisted of eight girls, Brenda Williams, Laquienta Butler, Nova Edwards, Rash-eeda Graham, Tamara Chandler, Valerie Johnson, Tanjamekia Bailey, and Marvinna Helms, who have already had children. The program

helped the students work on: 1) Job readiness skills, 2) Initiating positive interaction with babies, and 3) Getting their parents actively involved. The program lasted eight weeks. The group met every Monday from 3:45 - 5:15 p.m. and every alternating Saturday from 12:00 - 2:00 p.m. The program began on February 16 and lasted through March 16. It was mandatory that all students attend all required meetings that were scheduled for them. The coordinators for the program were Ms. Rose Hampton, Ms. Esther Freelon, and Mrs. Mona Johnson.

The Big Choice

Making a decision about going to college and choosing a college is a big task. What college you decide to go to will determine how much education you receive and what kind of job you will get. Some people don't want to go to college directly after high school. Some prefer to work full-time or just relax a few years.

The Career Center at Proviso West High School can be a big help with these very important choices. The Career Center is located in D-101. The coordinator of the center is counselor Mr. Ruby. The Career Center is basically set up for Juniors and Seniors, but any one can stop

in if they want to. The Career Center provides brochures and pamphlets for students to look through that give a brief run down on certain colleges. There is also a computer for the students to use in the center. Students use the computer to find out more information about a certain college. The computer prints up tuition costs, ACT scores that are required, and numbers that students can call of they want to talk with some one from the university. The Career Center is a big help to several Proviso West students with their many problems of deciding on a career.

The Proviso West Talent Fest was held on March 18-20, 1991. Talent Fest is a very important event because students from all classes come out and display their talent for the school. The Masters of Ceremonies for the three evenings were: 1)Ms. Rose Hampton, 2)Tanya Jones, 3)Jason Breaux. There were a variety of acts including:

A Year In Review

During the school year of 1990-91, many events happened that made a great impression on our lives and will stay in our minds forever. There were movies and television shows made, political happenings, and several touching deaths. "Pretty Woman" "Home Alone" and "Ghost" were three of the world's best movies. Bart Simpson and Roseanne Barr were spread across the media this year. Nelson Mandela's release from prison after twenty-seven years was a big issue. The break out of war in the Persian Gulf was a great shock to a lot of people. And lastly, but definitely not least, the deaths of Sammy Davis Jr., Leonard Bernstein, Greta Garbo, and Jim Henson touched a lot of concerned fans' hearts.

Other significant things that occurred in the year of '90 were:

Martina Navritilova's winning of her ninth silver plate at Wimbledon.

Donald Trump's bankruptcy.

Environmental Clean-Up

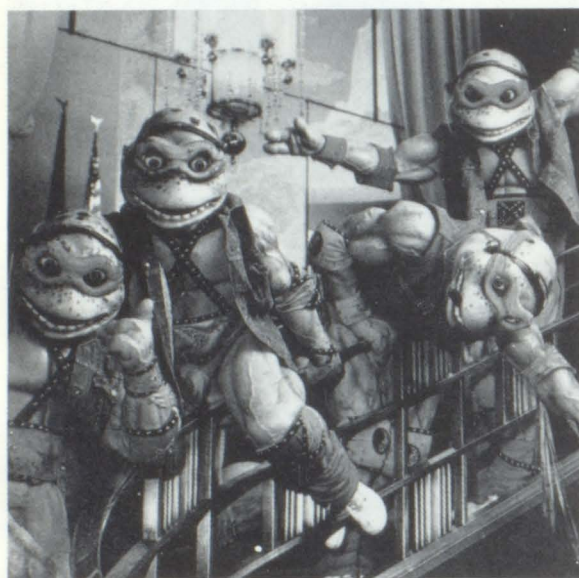

The tearing down of the Berlin Wall.

Mikhail Gorbachev's winning of the Nobel Peace Prize.

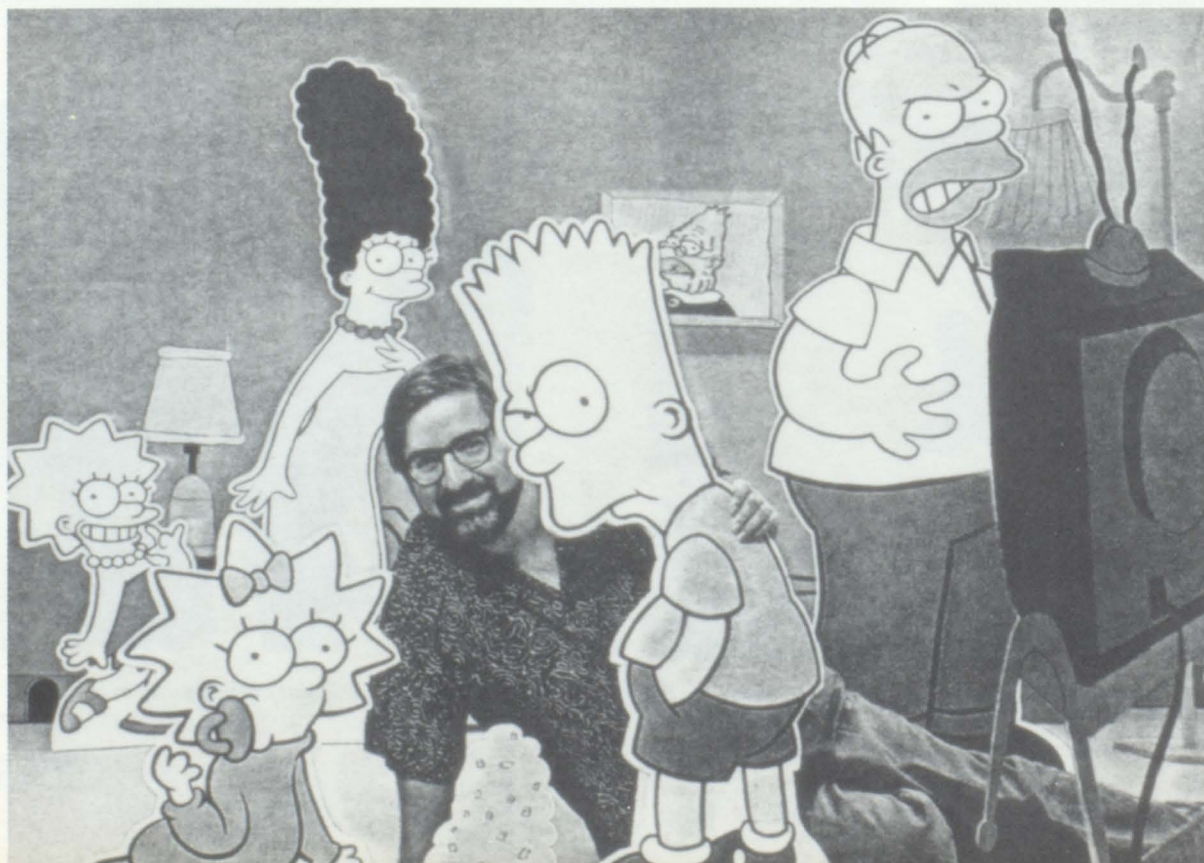

The Savings and Loans continued to fail.

Marion Barry busted for drugs.

The Census was taken.

VARSITY: ROW 1: Tom Rogers, Dino Casucci, Jerry Ball, Cornelius Gilbert, Greg Castady. **ROW 2:** Steve Miller, Derek Townsend, Jim Scheib, Alvie Shepherd, Steve Silkaitis, Bruce Wardell, Mike Jewell. **ROW 3:** Coach Timothy McAlpin, Todd Vandermolen, Paul Robertson, Travis Latham, Mark William, Ed Mazzochi.

The Proviso West Varsity Baseball Team had a great year! Steve Miller was a great pitcher for the team with an ERA of 1.99. Another improved player was the short-stop Mike Jewell, having an average of 250. Being the leaders in offense, senior first baseman Paul Robertson, senior second base man Jerry Ball, and junior left fielder Tom Rogers, have contributed enormously to the success of the varsity team. Sophomore Alvie Shepherd had a very good year pitching with a 1.82 ERA. Coach McAlpin stated that the pitching and defense improved in a considerable way. "We graduated seven seniors, all in college now," said Coach McAlpin, "and that's what counts." The team has worked very hard this season, and the future looks brighter every time we play. The team is looking forward to improving its record. "We played the best we could, and upset some teams that we weren't suppose to beat," said Coach McAlpin. Have a great year guys!

SOPHOMORE: ROW 1: Santos Alvarado, Kevin Becker, Eugene Jenkins, Steven Day, Brian Holleman, Bill Steciak. **ROW 2:** Ed Levendowski, Ron Elcock, Brian Wardell, John Olsen, Mark Hausefeld, Pete Gajc.

BOYS' TENNIS

Compared to football, basketball, and baseball, tennis seemed to be a "sissy" sport for the kinder, gentler sportsman or woman. But this is the 90's, and times and attitudes have changed in the tennis world, especially for the Proviso West boys team.

Last year during the 89-90 season, the team had an impressive record due to the increasing number of students who joined the squad. Unlike 1986, in which one player, Bob Balattner, who miraculously qualified in the 1986 singles state tournament, made up the entire team. There were plenty of memories to reminisce for the team, especially for Bob Intarakumhang and Greg Leban. First off, Greg Leban will always remember when he had to take on Hinsdale's number one singles player. The game was intense for Proviso since Greg was losing drastically, until he came back and defeated his opponent. Proviso history was made by Leban since no one had ever done this in the school's history. Another unforgettable moment was when Bob and Greg teamed up in doubles to enter the state tournament. They won two rounds, beating York, but lost to Willowbrook. This loss stopped them from qualifying in state. Other star players in adding victories were, Anthony Chistopher and Kamal Verma. "The tennis program at Proviso West continues to show improvement every year, and potentially this year's varsity could develop into the strongest tennis team in the last ten years," states Coach Schneider. Both Coach Schneider and Coach McClure agree last year was good, and that this year will be even better!

RIGHT: Hugh Hardman, who is on the varsity team, is concentrating very hard on hitting the ball to his opponent. You can see that he has a look of determination on his face.

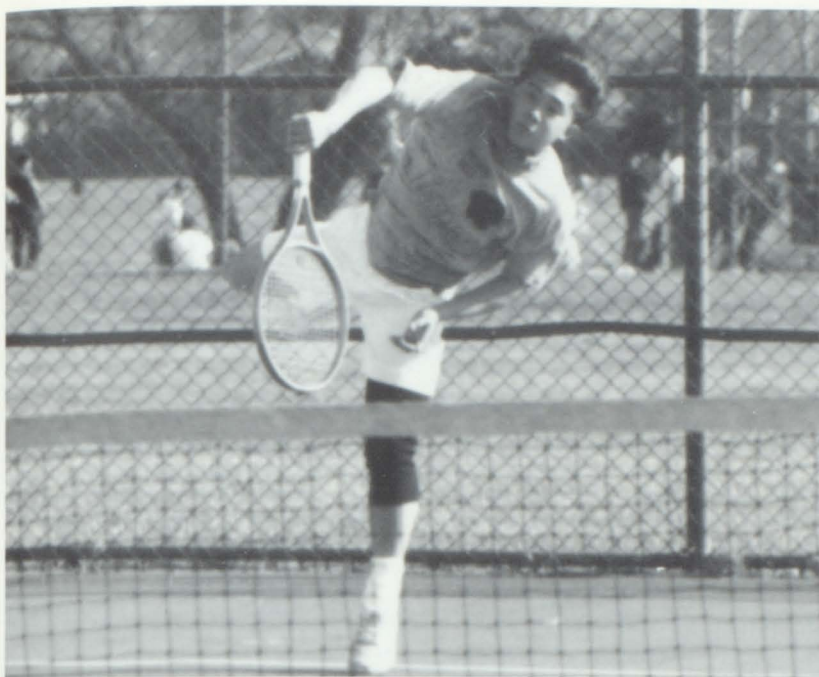

VARSITY: ROW 1: Wayne Silha, John Edwards, Luigi Mazzei, Sam Tsui, Hiroshi Hamazaki. **ROW 2:** Mark Hulin, Bob Legan, Dean McBeth, Chris Tiedt, Hugh Hardman, Kamal Verma, Brian Anderson. **ROW 3:** Dan Doyle, Brian Capo, Anthony Chistopher, Jamie Gabel, Jeff Chang, Dan Warren, Manikanda Annamalai, Coach Mark Schneider.

FOOTBALL

Success!

The Football Team pulled it together this year! The varsity team ended their season with 2 wins and 7 losses. Panthers were even able to win a Conference game. This particular win was against one of Proviso's long term rivals, the York Dukes. Proviso stuck together with much support from the student body and duked those Dukes!! The Panthers also beat our nearest school rival, the St. Joe's Chargers.

Wes Sparkman, one of the team captains stated that, "The Varsity Football Team finally made a step in the right direction by winning one conference game this year." This was a direct result of the comment senior co-captain Richard Pearson made, "We were a family that never fell apart on and off the field, even when it came to the worst." With the support of the student body, the football teams proved they were a part of the winning tradition at Proviso.

RIGHT: The Proviso West offense tries to push their way through Lyon-Township's linemen with the hopes of gaining yardage to make a first down. But it looks as if their rushing will soon come to a halt because they are surrounded by L.T.'s defense.

VOLLEYBALL

Becoming the Best

Bump, set, spike! These are three key words volleyball players execute mentally in a game. In each game it is important for all players to be on their toes. A perfect serve is needed in order to start a series of passes, which are needed for perfect sets, giving way to killer spikes. A great deal of practice and dedication is shown in the performance of the players. Communication plays a major role in a game. The players must use phrases such as, "I go," or "Help," in order for a game to run smoothly. A volleyball team is not made up of one player, but rather, it is a small network of six players on the court working together in harmony, striving for a win. Winning was a word this year's volleyball team became very acquainted with. The 1990 varsity volleyball team finished their season with an overall 15 wins and 13 losses. Their conference record was 2 wins, 4 losses. Coach McCarthy stated, "This 1990 varsity team will be remembered as the ones who started the winning tradition." This year's varsity team was the first in many years to make it to the regionals and win at least one game there. One of the varsity's goals next year is to beat their three biggest rivals: Lyons, York, and I. H. M. They also hope to make it to the sectionals. There will be a big change in next year's line-up. The varsity team will lose all-conference, four year varsity starters Ann Camphouse, Lynn Golen, Laura Bartels, Anita Palma, and Vicky Xenos. Returning top hitter, Daryce Fields, will help lead the way for other returning varsity players. Good luck girls!

This year turned out to be a success for the Boys' Cross Country team. With new coaches Schall and Spagnolo taking charge of the team, the Panthers captured their first conference win against Lyons Township in six years. The Panthers finished 1-5 for the season, but had great performances. Junior Jeff Bartik was the team's most valuable player for the second straight year and took 76th at the York Sectional. Senior Ken Smith finished his four - year career with some of his best performances.

The girls' team looked strong as well. Senior Colette Maratto received the most valuable player award, but was strongly backed by several teammates. Sophomore Heather Stuebner also turned in an excellent season. Maratto and Stuebner were the only runners to participate in the regional meet. Coach Schall hopes the girls' team can field as strong a team next year as they did this past season.

GIRLS' TENNIS AND SWIMMING

Splash !!

The girls' tennis program gained improvement this year. Many of the girls had no prior tennis experience, so for them, the season was one for learning and skill-building.

The team had several commendable performances at the conference and sectional levels. The team goal has been to have fun and improve performances, and the season certainly accomplished the goals.

The team became a close-knit group, almost like a family. All of the players did their best, and were supported by each other.

With another year of experience, the Panther tennis players may be able to compete more closely with the schools that have more experienced players.

GOLF

ROW 1: Bryan Anderson, Jamie Gabel. **ROW 2:** Coach Fioravanti, Frank Favata, Sean Favata, Chis Garceau.

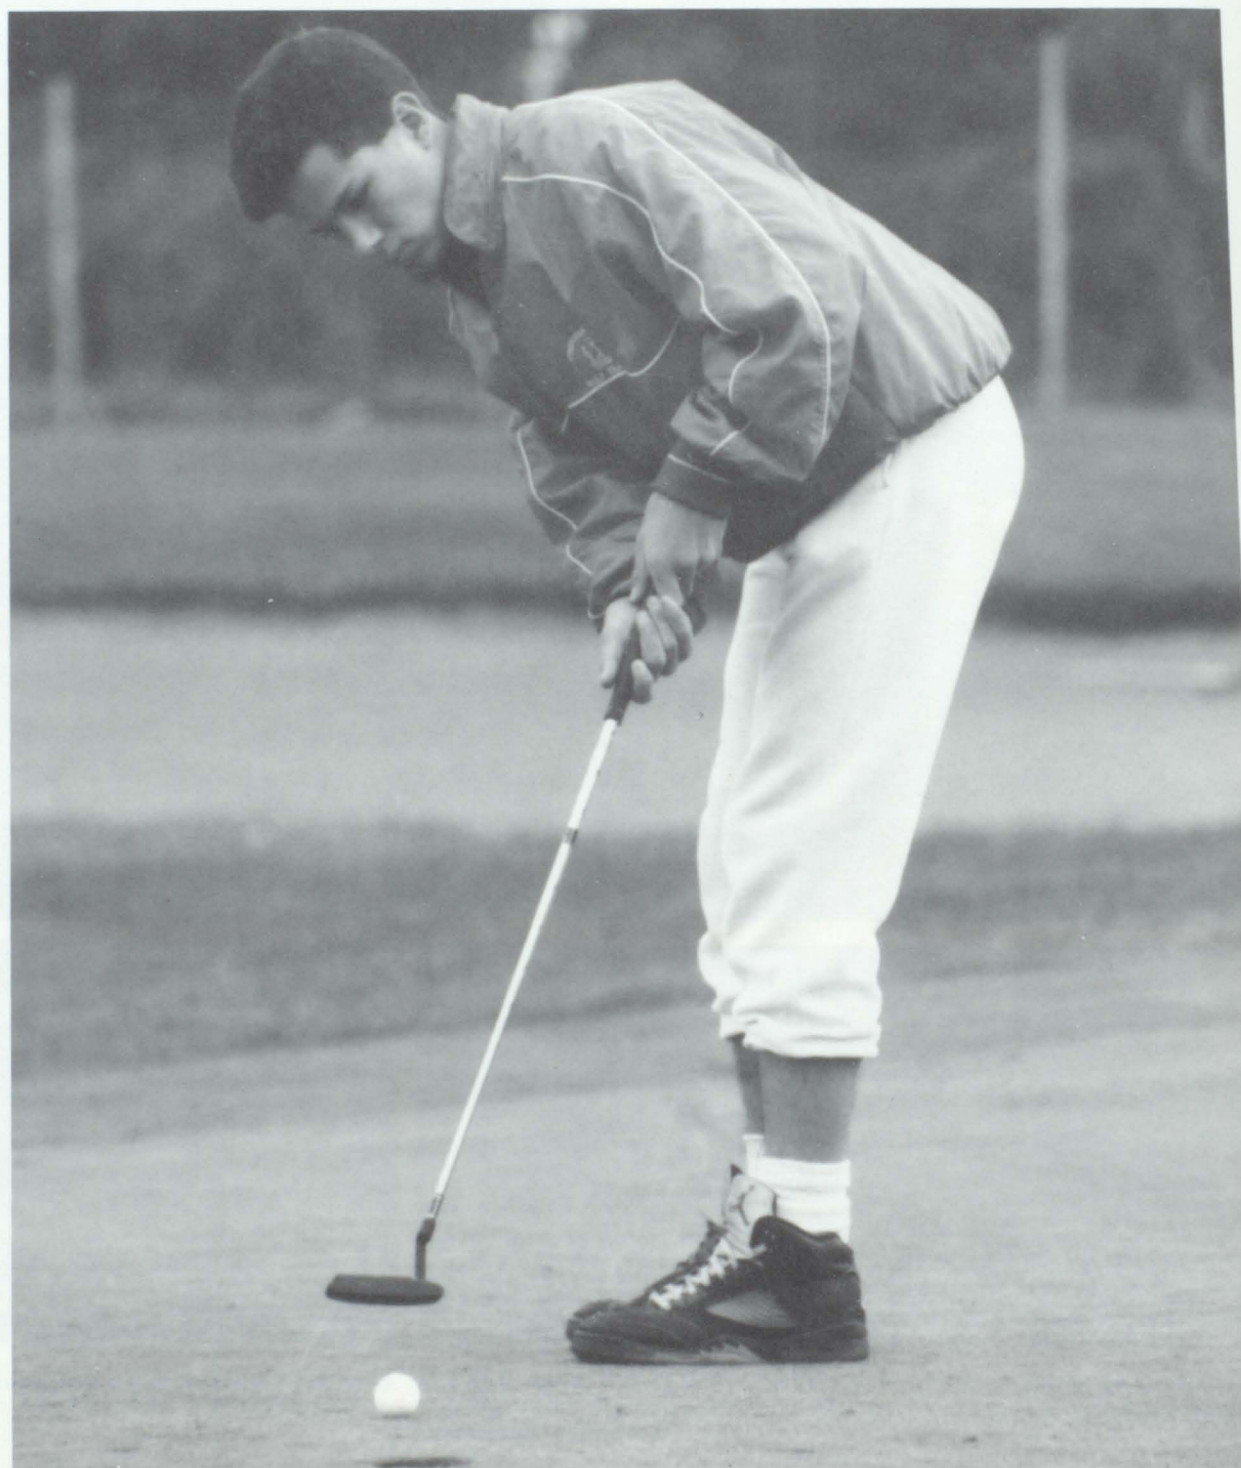

ABOVE: Bryan is concentrating very hard on the game that he is playing.

Golf is a game of aquired talent and skill. One can not just pick up a golf club and expect to perform well on an 18-hole course. Golf takes years of practice, lots of patience, and a great deal of concentration. The golf team worked very hard this fall, practicing everyday at Fresh Meadows Golf Course in Westchester. Some outstanding players even practiced over the summer in order to get a jump on the 1990 season.

Coach Fioravanti, the force behind the golfers, was not very impressed with this year's golf program. "The 1990 cut-backs and lack of school money eliminated the Frosh-Soph Golf Coach. With that position gone, it made it impossible to recruit freshman and sophomores, which is the heart of the program. This was the first year that Proviso West hasn't been . 500 or better; the varsity team was winless. The leadership was excellent with seniors Jamie Gabel and Bryan Anderson leading a great junior nucleus of Sean Favata, Richard Kingsbury, Chris Garceau, Frank Favata, and David Roberg."

The golf team has taken a fall after the loss of many key players this year. A few seniors will graduate, but many dedicated juniors and sophomores will return. The team will be experienced next year, giving them the edge they need to putt in 1991.

Pulling Together

The 1990 soccer season was a year of improvement, even though the record was not a reflection of the team. The beginning of the year was marked with chaos and many injuries. One key player, captain Bob Rehor, injured his knee during a collision with an opponent.

As the year progressed, the team pulled together. One positive aspect of the season amidst the bleak losses, was the moral lesson learned by all teammates. Discipline was the edge the team needed and executed against Fenton. The other soccer captain, Greg Demirdjian, scored the only goal that day giving the Panthers a 1-1 tie with Fenton. The soccer team made it to regionals. They played St. Joseph, a strong rival and lost 1-8. This ended their season but there will be many dedicated players that will return to the field next year. Their overall record was seventeen losses and 1 tie.

The soccer program will lose many key players to graduation. Greg Demirdjian, Pat Hill, Bob Intarakumhang, and Bob Rehor will be missed in spirit and enthusiastic performances, but will be remembered for their hard work. James Bova, the soccer team manager, will keep the team going after these players leave.

VARSITY BASKETBALL

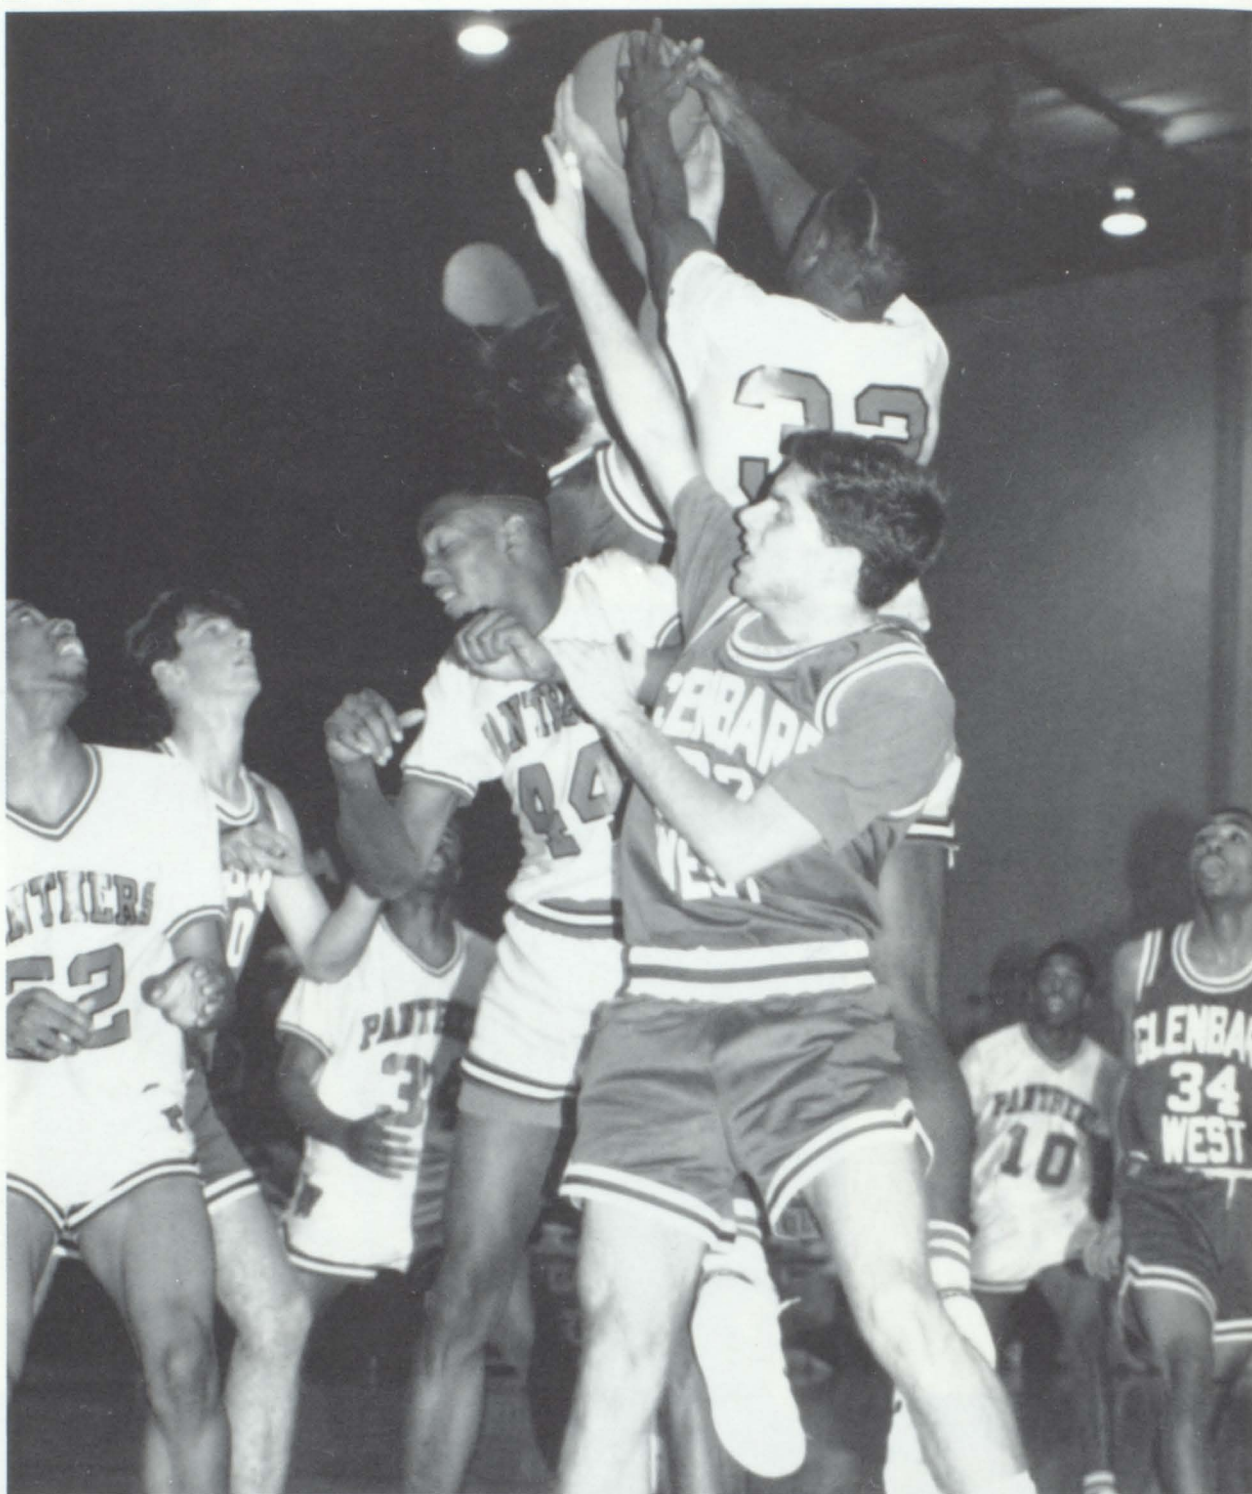

Agility is the Key

The varsity basketball team looked forward to a challenging but successful season. The Panthers displayed a quick, 3-guard offense, which gave the fans an exciting season to watch. The team did not have a lot of height, but made up for it with speed and agility. The scoring was led by Mike Chambers, Rico Hill, Sheldon Jones, and Martez Malone, while the rest of the squad filled in the gaps. One of the strengths of this team was the depth of the bench.

The Panthers hosted the 30th Annual Holiday Tournament. Even though Proviso was not seeded to compete in the tournament finals because of powerhouses Proviso East and St. Joseph, the Panthers did beat Thornridge and Collins to make it into the finals. Proviso West lost the tournament crown to Proviso East in the final game.

The Panthers fought hard, but the Conference title was not to be theirs. The team competed in the regional tournament by hosting and defeating Morton. However, the season ended with a loss to DeLaSalle.

VARSITY GIRLS' BASKETBALL

Trying to Repeat

The girls' basketball team had a major goal — to repeat the success that the team had accomplished the year before. The girls wanted to repeat the earning of the Conference Title, and the successful regional play.

The team had a strong start, with the returning leadership of Anita Clinton, Tamara Ingram, Judy Finley, and Jenny Lyne. During the course of the season, however, the Lady Panthers were plagued by injuries. At one point, six of the players were out of commission and the bench came through to hold the team's record. The girls won the West Suburban Conference title and were ready to take on the challenges of regional play.

Proviso hosted the first round of regional play as the Lady Panthers defeated Morton. The second round of the tournament saw Proviso play, but fall to St. Ignatius.

The team put forth a great effort this season and the success could be attributed to team play. The girls worked together to earn team wins.

Young Panthers

We had a young, and slowly developing team. Our senior leaders were Keith Davis, Marc Brock, Wesley Sparkman, who graduated early. Keith and Marc had the best records; however, Keith went down state. He was second in regionals and placed sixth downstate. The freshmen team had a great turnout with Harold Stigler leading with 15-0. The sophomores were also awesome with Marc Porter and Tyshon Lewis filling in as varsity leaders. Coach Glover says, "Next year I hope to see the Panthers more competitive and send more than one person down state."

BOYS' SWIMMING

Setting Records

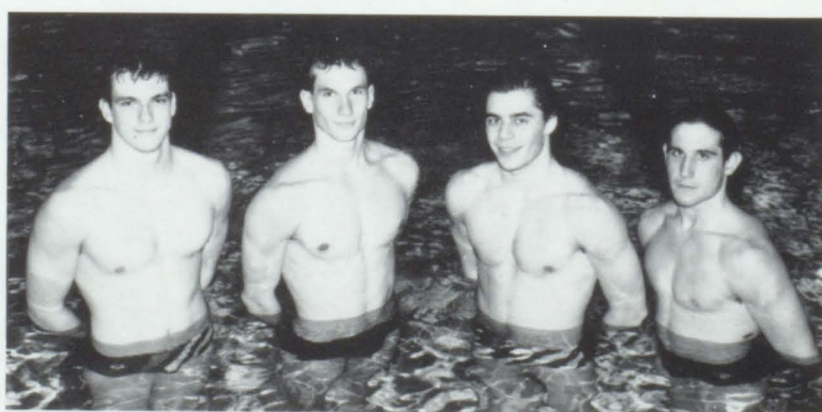

The boys' varsity swim team has had a great year. They have been undefeated in dual conference meets. This year the team will suffer a great loss. They will be losing five seniors to graduation. Tom Boyce has led the team in the 200-yd individual medley and the 50-yd freestyle. Mark LaFaver excelled in the 50 and 100 yard freestyle. Mark Hulin swam well in the 100-yd backstroke. Joel Morgan was outstanding in the 500-yd freestyle and the 100-yd butterfly. Curtis Cornier dove beautifully. The talent of these swimmers and diver will be greatly missed.

Among the standouts for next year are sophomores Mike Hylton, Mike Schmidt, Roy Schultz, and Tony Favata. Returning juniors will be Ed Levandowski, Tom Gill, and Scott Reetz. Although the team is small, they have proved that hard work and dedication wins.

RIGHT: This swimmer shows good form while competing in the breaststroke portion of the swim meet. Other swimmers compete in relays, backstroke, butterfly and medley races. Proviso is also fortunate to have several students competing in the diving competition.

Working For The Best

New Year Resolutions

This year, the district administration resolved to enhance student success academically to its maximum potential. To modify student behavior was considered important for student progress in society. The Board of Education had a strong conviction that for a student with quality education, the possibilities were unlimited. Mr. Richard Wede, Superintendent, said that Proviso aimed at providing an education that every mind, body, and soul would be capable of benefiting from. The teaching staff was extremely well-prepared and eager to do its best for the students.

Proviso District 209 is currently facing severe financial debt. By June, 1991, this deficit will gross near \$6 million. As a remedy to the problem, the district hoped to pass two tax referendums in the April election. Currently, the district is using "back-door referendum" money to pay for this year.

In addition, this year the Student Attendance Policy was changed. Student attendance is a very vital element in increasing student knowledge, and according to the prior policy, after ten absences, a failure was issued. Proviso believes that in essence, anything is possible and will, in fact, be reality if the student wants it to be so.

Mr. Wede advises seniors, "The world is very complex. Each generation is provided more than the last. Pay much more attention to education. Start aiming for your goals this very minute, not tomorrow. You will proudly lead us in the next fifty years."

Proviso on a *MISSION*

Focusing on Education

"We're on a *Mission*", and "Learning for Life," are two phrases familiar to the students at Proviso. What exactly is the mission statement? The final statement is as follows:

The mission of Proviso Township High Schools is to provide a quality, comprehensive education that encourages students to achieve academic success and develop social and civic responsibility. To accomplish this mission, students, families, teachers, administrators, support staff, and the community will work in partnership to create a positive learning environment and to promote learning for life.

The statement also lists the various responsibilities of students and teachers for promoting greater knowledge and learning. With the mission statement in place, it is hoped that a more positive attitude and environment will exist for both the students and the faculty. It is a cooperative effort and will be successful only with the complete support of everybody in the Proviso community.

Investigating all phases of his language, each student of the English department studied the basics of grammar and analyzed literature of all periods. Run-on sentences, comma splices, double negatives; these were terms familiar to all freshmen as they became acquainted with the complexities of sentence structure and good usage. Further emphasis in grammar and a broad survey of literature was the program for the sophomore English classes. Equipped with this basic knowledge, the junior class had an opportunity to enroll in more intensive, specialized courses. Aspiring authors gained insight into creative and factual writing methods. Seniors studied English literature more extensively, searched for symbolism, and critically analyzed what they read.

Math Boring ?? NEVER!!

The importance of mathematics in scientific and humanistic education has made it a vital part of every school's curriculum and a highly respected academic department. This year, the Proviso math department finished the second year of a successful two-year algebra program. The faculty is involved in extra-curricular educational seminars conducted by the National Council of Teachers of Mathematics that update teaching skills and make the teachers abreast of any changes occurring

in the math field. Increased knowledge every year makes teachers more alert to the math in the classrooms.

The department planned on dropping Fortran and creating a second semester of Pascal next year. The department chairperson, Mrs. Bickel's advice to seniors is, "Take full advantage of the educational programs offered and do as well as you can. Use Proviso as a testing ground to investigate all possible directions for the future."

With the opportunity of self-expression in reports and informal discussion, everyone could voice his opinions

Special Attention

During the seven-period that the library remained open each school day, over five hundred people passed through its doors to make use of at least one of the several facilities. With a herd of students constantly flocking the book shelves, newspaper racks, and check out desk, the library and its personnel have had to accustom themselves to a rapid pace.

The staff helped students to find appropriate material for their D. R. P's and themes. Enlarging to meet the needs of pupil and faculty, the library increased its number of books and magazines. Buying, processing, shelving, and repairing books were important tasks in maintaining an efficiently-run library for everyone's use.

Work & Learn

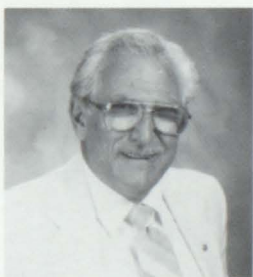

Proviso saw some changes occur in the Business Education department this year. For the first time, college credit was awarded to students for courses in accounting and many other courses through Triton College. This year the students also had an exciting opportunity to work on three new IBM 286 computers.

Business Education aims at preparing students for beginning level jobs in business and offers college bound students work with clerical and organizational skills. Mr. Gabel's advice to seniors is, "If you are looking for a summer job, start early. If you are turned down, don't give up."

P.T.O. Encourages Student Success

Involvement Increases

The Parent-Teacher Organization began its second year in 1990-91 with new officers and plans to bring parents and faculty closer together in the interest of the students. The new P.T.O. officers for 1990-91 are president, Mr. George Seaberry III; vice-president, Al Laskey; corresponding secretary, Mrs. Judith Brockmann; recording secretary, Mrs. Janice Lord; treasurer, Mrs. Patricia Renn; historian, Mrs. Laverne Golen; and faculty representative, Diane Wasman. The P.T.O.'s motto for this year is "Quality Education Through Involvement." P.T.O. aimed at creating social awareness and focused on critical issues such as gang violence, A.I.D.S. education for parents and other important topics. Interested parents and teachers worked on committees such as North Central Accreditation, Ways and Means, Hospitality, Academic, Public Relations and Discipline, while some supported the P.T.O. financially. P.T.O. believed in united work and held a firm faith that the more the community was involved in school, the better the future of the students. On March 10th, the P.T.O. sponsored its 2nd Annual Open House to encourage community members to see what Proviso West offers.

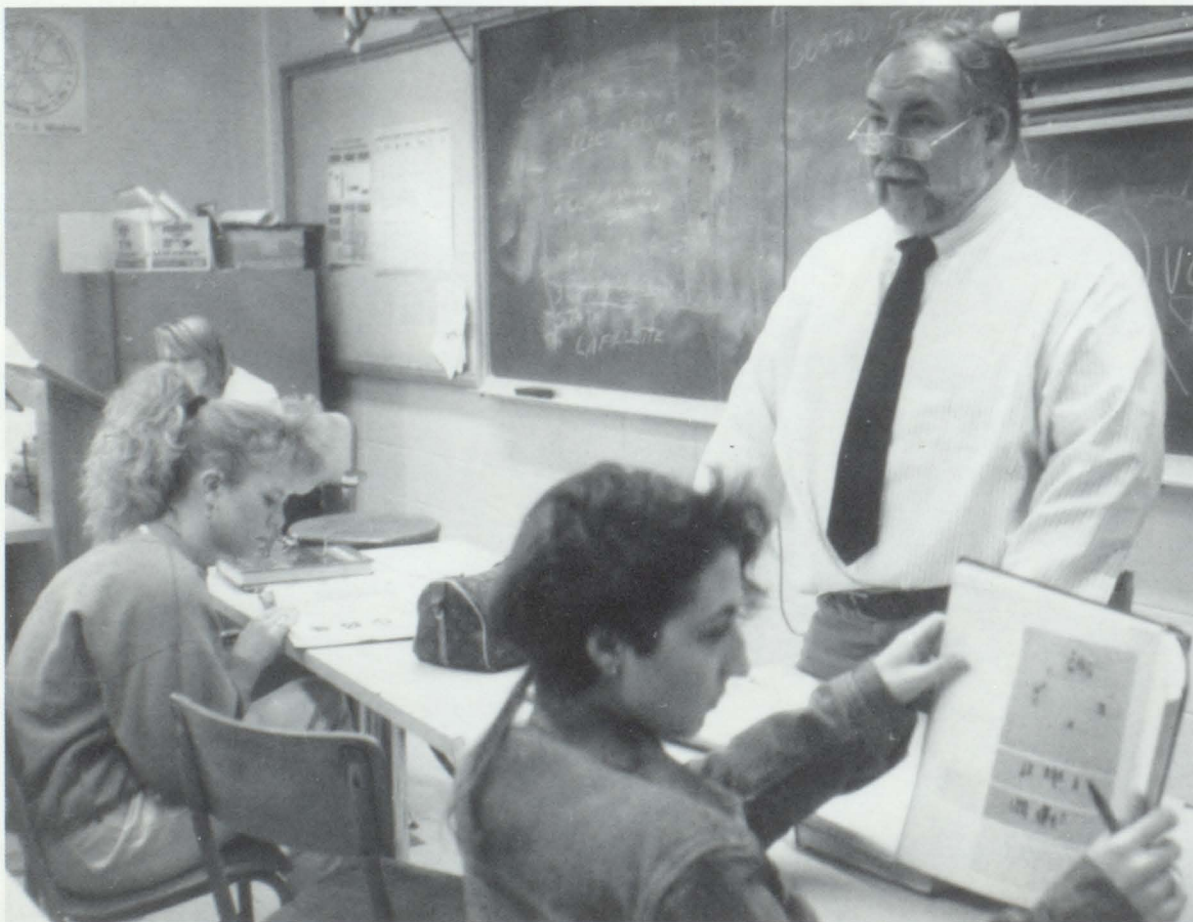

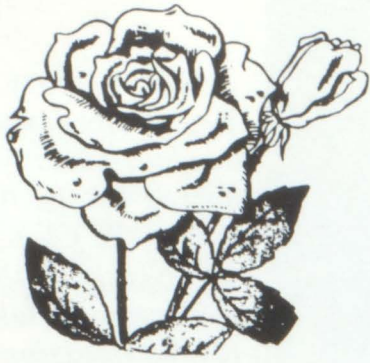

Christmas Joy Spreads

"The Library Holiday Tea" is an annual celebration for all faculty and staff hosted by the librarians during the Christmas season. Nearly all the Proviso employees partake in this joyous occasion. Punch, coffee, tea, cake, cookies, and nuts are served. It is a wonderful opportunity for the faculty to get together socially outside the classroom setting.

Health Center Nurses Denise Halloran, Janet Pacheco.

First Aid Given

Numerous students found the school's two nurses, Denise Halloran and Janet Pacheco, experts at giving first aid and curing minor ailments. Headaches, sore throats, and sprained muscles were some of the many complaints heard in the nurses' office every day school was in session. A complete record of each student's health history was kept on file. The nurses strived for a healthy and an energetic student body. The nurses also provided counsel to students needing information about various physical conditions. They are a vital part of the student's life at school.

Aid in Co-ordination of School Activities

Proviso West saw its secretaries at work throughout the building serving various departments and running the main office. Their duties included typing, general correspondence, answering the phone throughout the day, and providing students, faculty, and visitors with answers to questions concerning school business. In charge of office machinery, the secretaries daily compiled absence reports and took charge of the distribution of the absence sheets and school bulletin. Running the book store, filling out transcripts, reviewing and mailing college applications and collecting library fines were other duties of the secretaries that kept Proviso West's business in order.

As a student at Proviso West High School, you are automatically recognized as a scholar. But do you know what to do with all of that knowledge? To find out, here are a few perplexing puzzles. See what you can do with them; and if you're not quite game enough, the answers are on page 225.

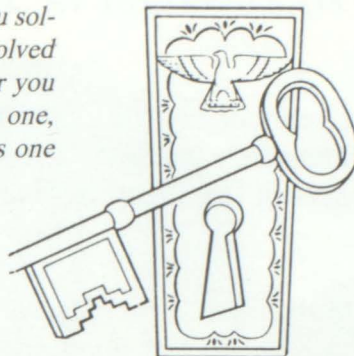

Directions: Suppose this maze is a layout of Proviso West High School; the object is to make it from your locker (START) to your class (FINISH) without running into a teacher (T). Believe it or not, it IS possible.

Welcoming New Teachers

New Teachers at West in 1990: Mr. Astling, Mrs. Bertels, Mr. Bertinetti, Mrs. Butvilas, Ms. Gruber, Ms. Panagakos, Ms. Taylor, Mr. Thoma, Mrs. Traywick, Ms. Vidoni, Mrs. Williams.

WHAT DO YOU PLAN TO CONTRIBUTE TO PROVISO?

— Proviso will get the 20 best years of my life. I will do an outstanding job of teaching chemistry because I am one of the premier chemistry teachers in the Western Hemisphere. — Mr. Deddo

— I'd like to help my students to think more clearly, to read and write more effectively, and to feel good about themselves. — Ms. Taylor

— It's hard to say. I'm still observing and getting to know what's being offered now. — Mrs. Traywick

WHAT ADVICE WOULD YOU GIVE TO NEW TEACHERS?

— Hang in there. It is an honorable and rewarding occupation. The good will always exceed the less-than-good by far. — Mr. Kurt

— You have to like and to enjoy students. If you have this basic qualification for being a good teacher, you then need to be knowledgeable about your subject matter, about making that subject alive to students, and about ways of improving your way of doing things. — Mr. Rittmueller

— Be firm, fair, and consistent. Most teenagers are good kids who will behave properly if they know what is expected and why. — Mr. Wright

DESCRIBE YOUR FIRST DAY AT PROVISO IN ONE WORD.

- Enlightening. Mrs. Bertels
- Exciting. Mrs. Traywick
- Easy. Ms. Taylor
- HOT!! Mr. Deddo

HOW MUCH DO YOU THINK THE STUDENTS AND FACULTY HAVE CHANGED DURING YOUR CAREER HERE?

— The exteriors (dress, language, and mannerisms) have changed. What's inside has not. Mr. Kurt

— I'm not sure that things have changed as much as many people say. Fads & styles come and go, slang words, types of music, etc. change, but kids are still teenagers. Mr. Wright

— In the thirty-four years I have been at Proviso, I have found students to be increasingly less respectful to teachers and parents, less willing to wait for the rewards of an education. Students today, however, are more open and spontaneous and less innocent. They are fun to be with. The faculty is much more informal in 1990. If teachers dressed as they do today, they would not have been hired thirty years ago. Mr. Rittmueller

WHAT ABOUT PROVISO WEST ATTRACTED YOU TO THIS SCHOOL?

— I like working with lots of different kinds of people. Proviso has a mix of different races and cultures. Ms. Taylor

— We have a science department that cares about students. We have a philosophy that we want children to **do** science, not read about it. Mr. Deddo

— I've had the opportunity to work with many of the students before I came to Proviso. The students have returned and spoke highly of the school in both academics and sports. I've always wanted to work in a high school, and this is a very good school. Mrs. Traywick

IF YOU WERE GIVEN A CAREER CHOICE, WOULD YOU STILL BE A TEACHER? WHY?

---Yes, because teaching is fun, challenging, and invigorating. You learn something new from and about students and teachers constantly. Mr. Rittmueller

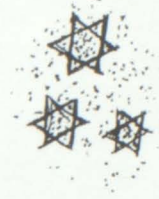

---Yes, probably, because I like kids. However, it is harder teaching today than when I started because many students aren't supported enough by their parents and many students can't see how a good education today will effect them for the rest of their lives. Mr. Wright

---Definitely. Young people keep one in touch with the real world, and it is a great chance to help make their real world better. Mr. Kurt

WHAT HAS BEEN YOUR MOST MEMORABLE MOMENT AT PROVISO?
— My first days when the student population was so large and the immediate sense of acceptance by faculty and staff. Mr. Kurt
— Every day is better than the last, so I have not had a "most memorable moment" yet. Mr. Deddo
— There have been many, but my years as student council advisor were probably the most fun. Other days, like when President Kennedy and Martin Luther King were killed were difficult days to teach. Mr. Wright
— A certain senior walked into my class while we were watching a video. I was sitting with the class, and he apparently thought I was a student. In one sudden moment of realization, his eyes grew very wide and he stumbled out of the room, knocking over a desk and leaving me with a class which was not watching the video. Ms. Taylor
— Two moments stand out. In 1962, a former principal came over the Public Address System to announce that I had been awarded a Ford Foundation John Hay Fellowship. In 1982, many English teachers and their spouses came to my house for a surprise party to celebrate my 25 years at Proviso. Mr. Rittmueller
— Homecoming activities — students working on floats and coming to the dance. Students walking in the halls excited about a discussion they just had in class. I love to see people working together. Mrs. Traywick

The reason that I ran for president is because I believe the future of America depends on the children of the present to be our future. Therefore, it is up to us to learn the skills that we need to provide for a bright future for America. I have abilities and skills that will ensure equal and positive representation for the Freshman class. I believe that all students have some positive qualities that will enhance our school. I feel my leadership abilities and judgment of characters will assist in bringing forth those qualities from the Freshman class so that they are beneficial for the entire student body. I want to try and get more students involved in the extra curricular activities and in some service activities within the school, so that they will share in maintaining the standards and expectations of Proviso West students.

In the future I hope to earn a masters degree in Business Administration and a Law degree.

Say Cheese!!!!

Everyone wants "The Look". The kind of figure topped with a face that has photographers on their toes. Well, of course they're out there somewhere! In case you haven't heard, one young lady was obviously qualified.

Rajeswari Parthasarathy, better known as "Raj", has the look that stands out in a crowd. This 5' 9" junior is not just another pretty face though. Her beauty, brains, and sweet personality are all wrapped up in one big package. She has sacrificed her

friends, her favorite faces of Proviso and being with her family to take a shot at a once in a life time chance.

Raj was very active in school. She was a member of Girls' League, one of the editors of the yearbook staff, a member of Profile, and a Student Council representative. Since she left Illinois, Raj has been to many different places such as: New York, France, Switzerland, and Sweden. Even though Raj is far away right now, she still manages to keep in touch with her

close friends. She often writes letters to see how everyone is doing and to tell them about her experiences. The day that Raj left Proviso, was a very sad one. Many tears were shed, and cards and flowers were given. Before she left, Raj wrote a letter to the students and staff of Proviso West thanking them for all their support and telling them how much they'll be missed by her.

My thanks to you . . . Love Rajeswari

I had to leave West very unexpectedly and I never got a chance to see everyone and say goodbye. There's so much I want to say and I don't know where to start. But, I want you all to know that I'll always remember each and everyone of you, because each of you has become such a special part of me, each in your own different way. I'll never be able to forget any one of you . . .

Tonya H. - Keep on woggling it hearts.

Danny M. - You owe me some teeny tiny tangy candy.

Rha. - Our time will come.

Ricarella, Joanne, Alicia, Danielle, Pookie, and Arbil - Thanks for everything. You're the best!!!

I love you all, and I miss you all so much. But, we'll never really be apart if we just keep each other in our

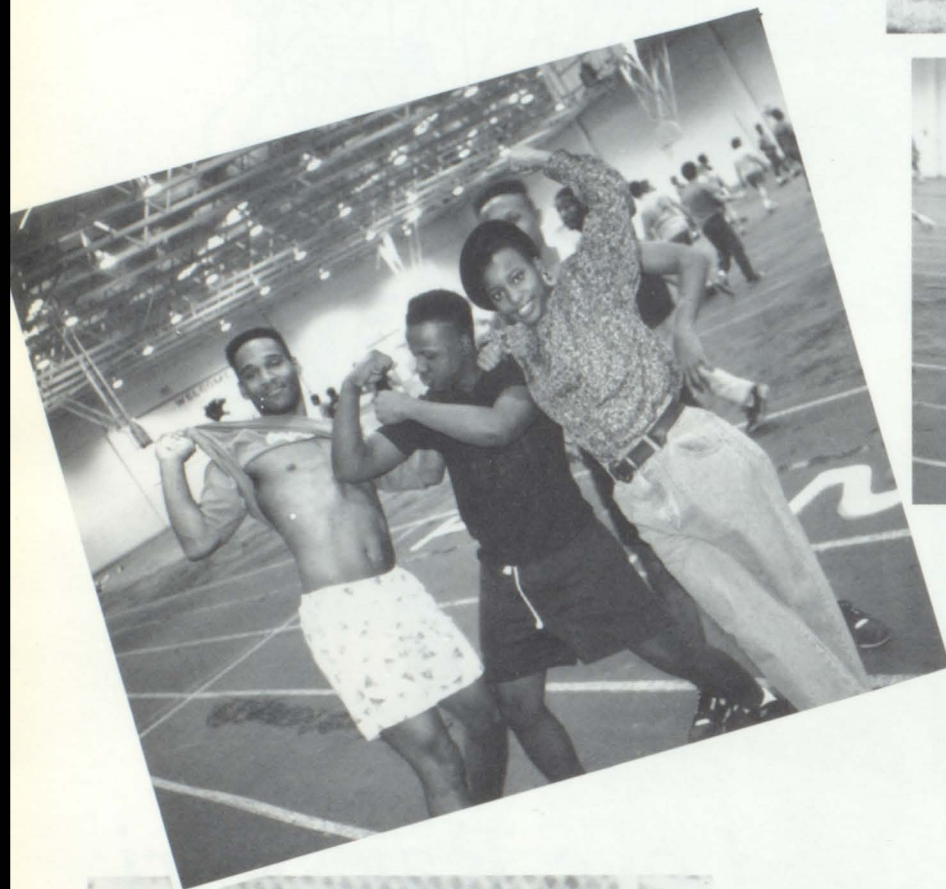

I will always think of West as my home where all of you are. The memories we've made together, I'll cherish forever.

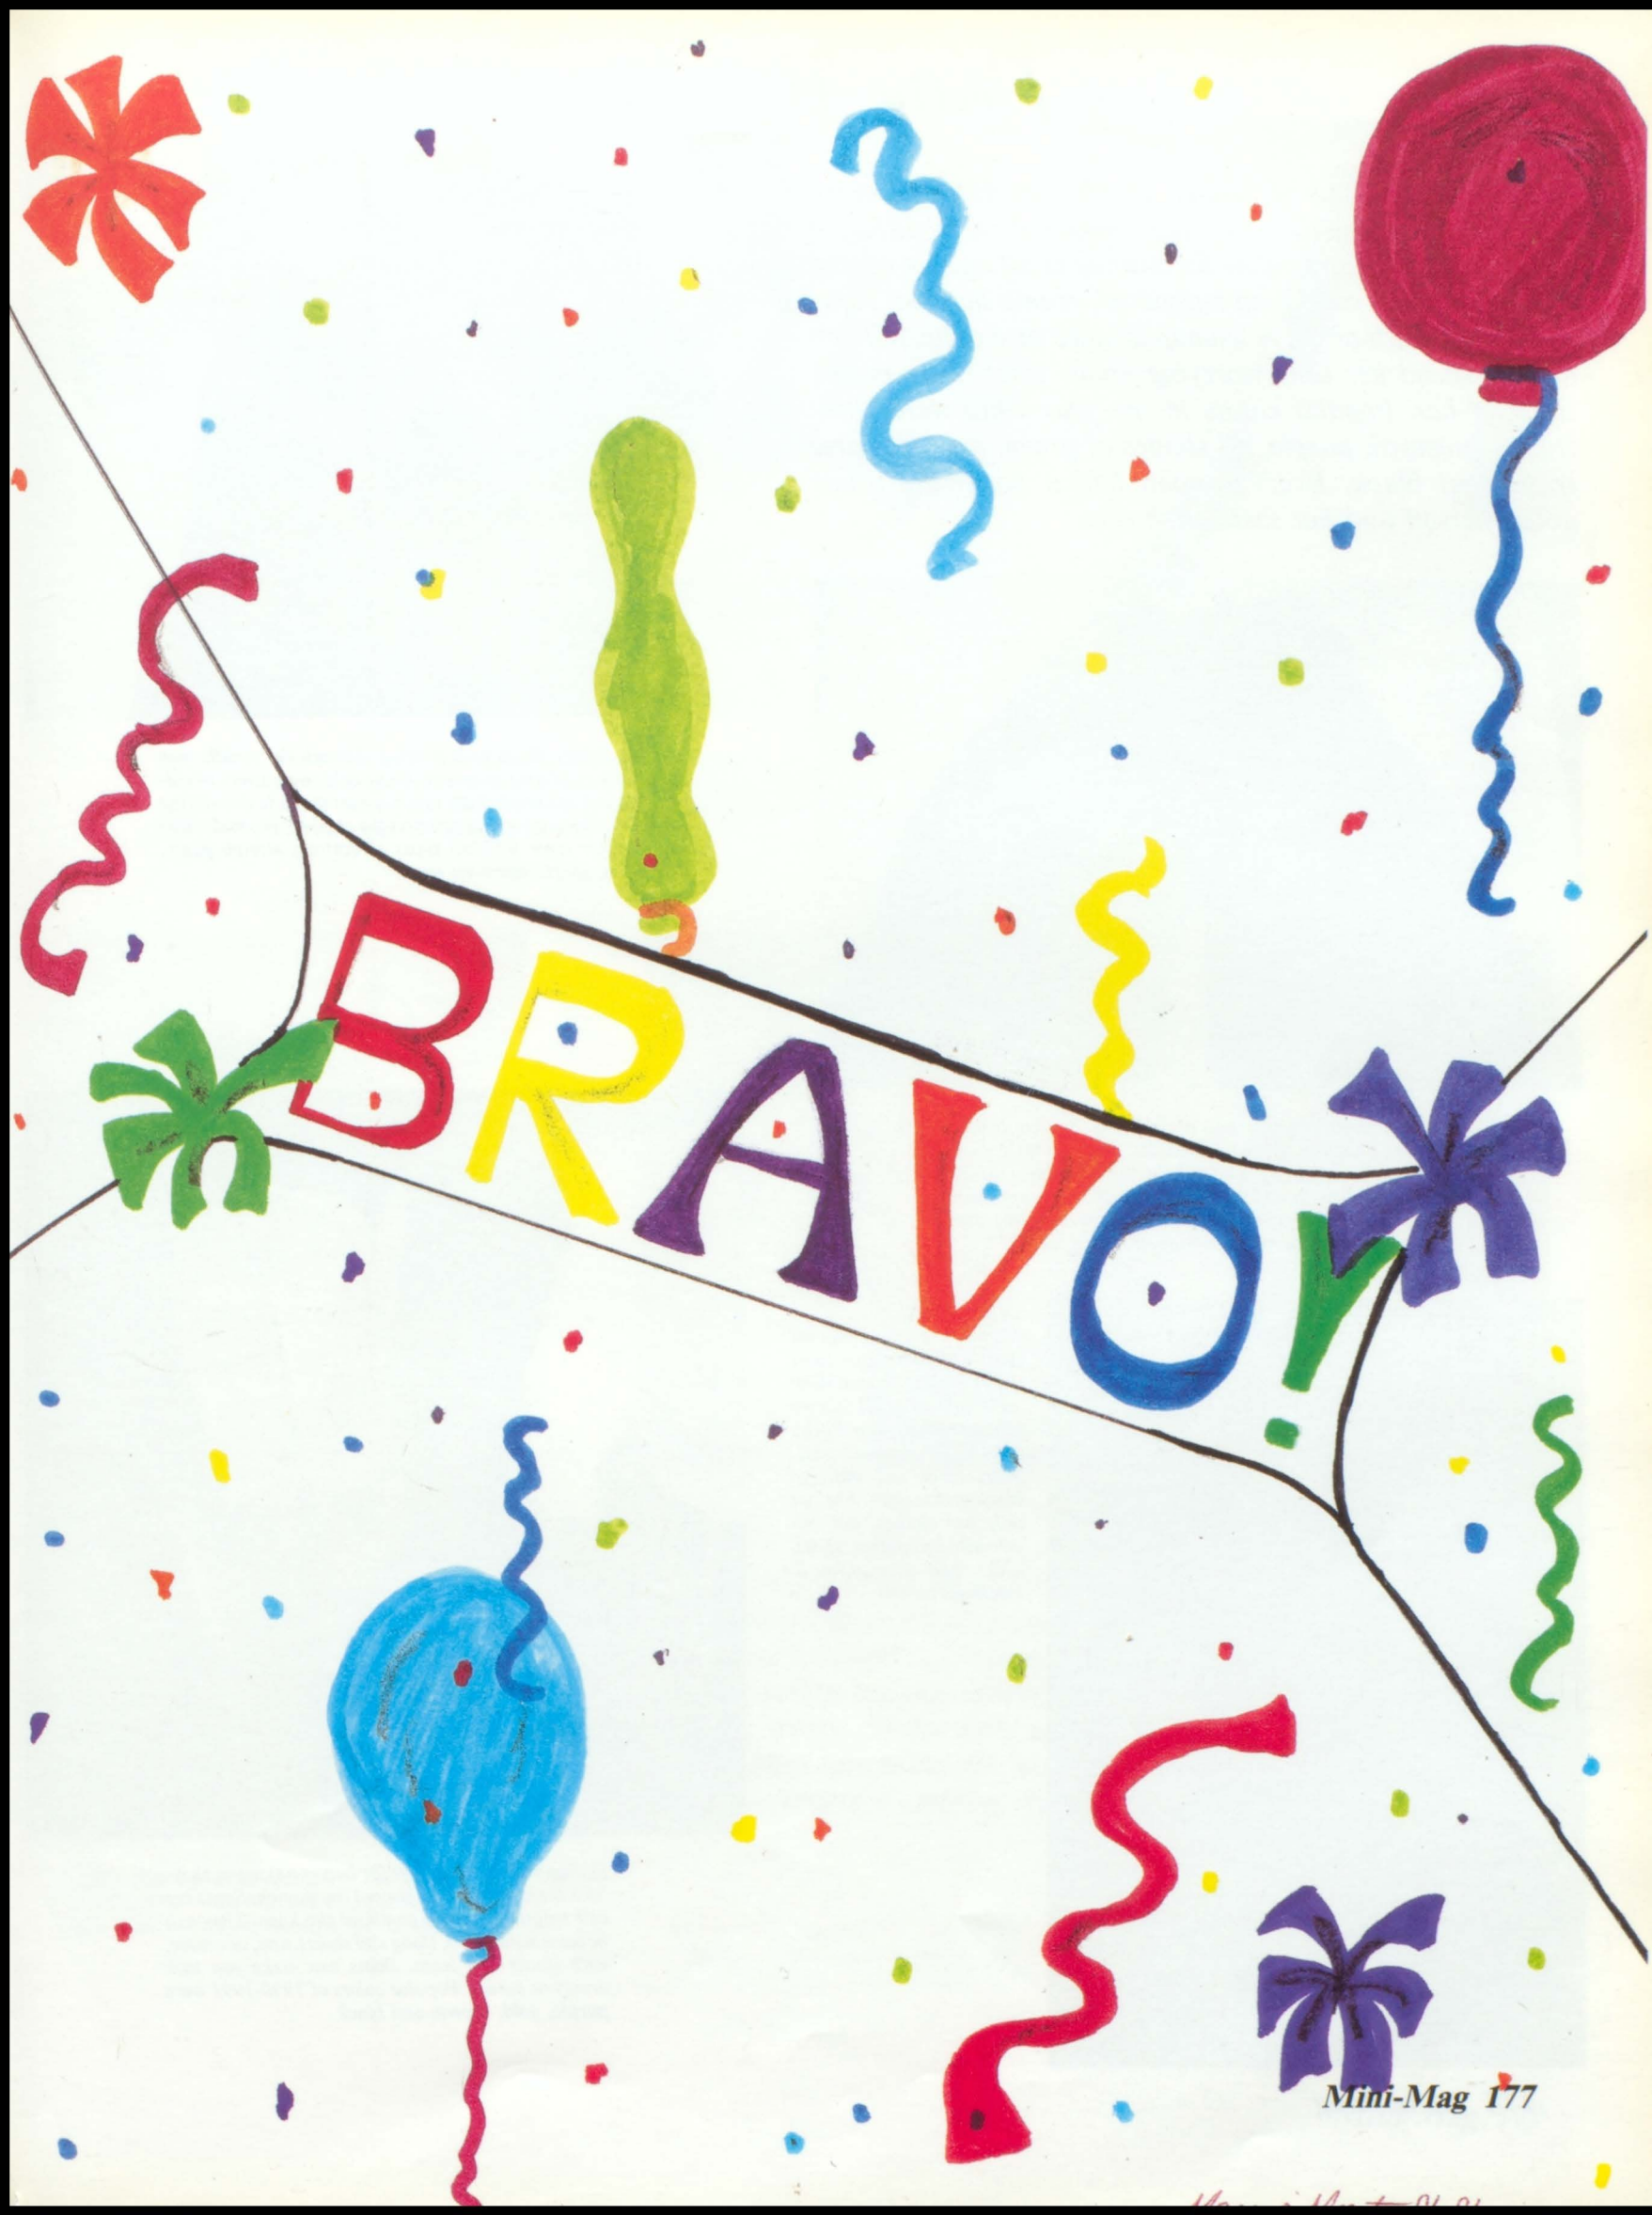

Thank you all so much for everything you've given to me.

Love,

Rajeswari

Pretty Woman

Different forms of fashion trends are being set every single day. Modern time clothing consists of many different shapes, patterns, and colors for women of all ages to choose from. A woman can be an individual, create her own style, and wear it with pride. A woman is more sure of herself and doesn't spend her time worrying about what other people think of her. Popular colors in the year 1990 were char- treuse, mustard, purple, all shades of green, and of course traditional black. Every woman had a positive attitude about herself and her fashion choices.

"Somethings ringing, but it ain't the church bells." Here's a blast from the past that has stuck a foot in style today. The newly formatted style of "Bells" come in rayon, cotton, polyester, and even denim. Bellbottoms are worn casually, formally (for a romantic night on the town), and for play. And you said you'd never where them???

Nicole Williams shows off the style that she's most popular for at Proviso West ... **Polka Dots!!!** Nicole has been wearing Polka Dots since freshman year. From black and white to black and fuchsia. She not only has clothes, but Nicole also has purses, shoes, socks, hair accessories & stockings in dots.

Big, baggy shirts with a string through the middle was also a good item in ninety. Being sold in a variety of colors; and materials from rayon to cotton made drawstring manufacturers a nice price on the market. Women chose to wear them with all types of bottoms stretch pants, skirts, shorts and even jeans.

Riding boots are not just for horses anymore; they're a major fashion statement for women. Some are calf length, yet some go above the knee. They can be worn with skirts, (long and short), and, of course, with slacks and jeans. Boots can make you look dressy or casual. Popular colors of 1990-1991 were purple, gold, brown, and black.

Shoes Women's shoes varied from fancy leather flats to elegant suede pumps in several different colors, including deep purple, brown, and the traditional go-with-everything black. Footwear was very exciting in 1990.

Capri Tights Tights were a popular item this year. Spandex tights gave a comfortable and casual effect to most women's outfits. Blue jean cutoffs with Capri tights underneath gave a sporty look. Mini skirts with tights gave a relaxed type of look with most outfits.

Tanisha Smith gives an example of the "sporty" female. Big sweatshirt, baggy stretch pants, and nice comfortable loafers set her style for the day.

Women's fashion has really blossomed in the year 90. Women are no longer afraid to be original and create their own style. All colors and designs are in. Women no longer have to stand in front of the closet every night and try to pick out something appropriate, because everything is appropriate. Women can be formal, casual, sexy, or sporty. Styles have varied tremendously this year, from sheer blouses and Spandex tops to cut off sweatpants and Tee shirts. Proviso West women have begun to create a clothing Renaissance this year. Congratulations!!!!

Sensuous Man

Mens wear is very important to today's modern man. Every year men are becoming more and more concerned with their appearance and the impression that they make on people. They have a more positive attitude about themselves and others.

Many men in 90 were becoming interested in printed blue jeans. Some being bought directly from stores and some being decorated by themselves at home. Designs varied from names and numbers, to pictures of Bart Simpson.

Skid pants were also a fashionable item for men in year 1990. They are all sorts of checkered pants in a variety of colors with a patch on the back of a car skidding on the road.

Men were making a statement in 90 also. An important item on the market at Oak Tree, Merry-Go-Round, and Chess King this year was Polka Dot outfits for men; from soft cotton, to flowing rayon. Men had pants, shirts, ties, and also suspenders.

Jump suits were also worn by men a lot in 90. Black and blue denim were mostly the type worn. Guess and Used were the main brands bought.

Like the women, men also set an example for themselves this year. Prints were the "in" thing for men this year. Long sleeve, printed, rayon shirts sold very well on the market in most men's apparel stores. Men were very concerned with being clean shaven, having a nice hair cut, and making a good impression for themselves.

I, **Betty Rossario**, leave all of my memories, love, and fondest wishes to David Weber. I love you! I owe you the world BABE!! I leave my experience with guys to Karie Riley.

I, **Meliesa Ross**, leave Toni and Keva my common sense. To Kevin Williams, I leave my vote for "best smile" of the class of '92. To my favorite English teacher, Mrs. Augustyn, I leave one "earthy" necklace. To Mrs. Gilmore, I leave my "thank you". I love Geometry and you introduced me to Gerardo A. Mrs. Wallace, "Thank You!!" I AM A "Who" of 1990/91.

I, **Jim Scheib**, leave to all future football players a chance to find a new way to Friday night football games,

We've come to the end.
the place that we never
thought we'd see.

Over the years of learning
and growing is now history.

Four steps we have climbed
the last as strong as lead,

We stop to get a glimpse behind;
instead we look ahead.

1991 Mural Staff

Being one of the senior editors of the yearbook this year was a big responsibility for me. I was so used to junior year, when if I had a question, I ran to one of the senior editors, but this year, everyone ran to me, and I had to find answers, even if it was just, "Go ask Mrs. Suffredin or Ms. Lense."

Being the editor of Mini-Mag was an excellent experience for me. In the previous years of being on staff, I always worked with another person on a section, but this year, I was all on my own. I was both excited and nervous at the same time, but once I started working, I realized that I wasn't alone in this; along with my ideas and creativity, there were helpful suggestions from the staff which kept me going. THANKS EVERYONE!!

In addition to Mini-Mag, I worked with junior Lisa Kosin on Student Life, which is one of the biggest sections in the yearbook. Lisa deserves a medal for putting up with me. I am really proud of her. For her first time as an editor, she really did a great job. Because I was still so busy with Mini-Mag, she took it upon herself to take over Student Life until Mini-Mag was done. She had a lot of great ideas and she only needed help getting them on paper, which I gladly helped her with during the little spare time that I had. I'll never forget the staff and all the fun times we had, especially at the yearbook workshops. I'll always remember my title as "Lover of the Year!!" Mrs. Suffredin and Ms. Lense, I love you guys — thanks for everything, and I'll never forget you.

Danielle Melton
Editor Mini-mag & Student Life

P. S. I'd like to thank anyone and everyone who helped me this year. Whether it was posing for pictures, writing stories, or giving me ideas. You know who you are!!

For the last three years, being on Mural has been exciting and stressful. This year, I became very happy when Mrs. Suffredin asked me to be editor of the opening and senior sections. Even though my partner and good friend Farika Broadnax moved away, I still continued to work hard on the senior section.

I'm afraid to say I will miss the stress and headaches around deadline time. I also will miss the many arguments Farika and I had over our sections. Most of all, I will miss the fieldtrips to the University of Illinois Walsworth Convention and the Northern Illinois Workshop. Lastly, I will miss the Mural office and staff.

The other editors and I have done our best to make the book represent "A Part of You." I would like to thank Betsy Varghese, Felice Wilson, Rose Tuma, Meliesa Ross, and Alicia Ray for the help they have given me. Special thanks go to Mrs. Suffredin and Ms. Lense for all of their help. Thanks goes to the entire D. O. W. T. class for the picture on the first page. I hope that everyone enjoys our version of "A Part of Me." I'd just like to say, "If you think you can do better, then just give it a try!"

I, **Renee Stephens**, leave all my junk in my locker to Arlesha Bryant. To my friends Alicia Moore and Demetria. I leave my French lessons (AuRevoir). Veronica I leave you all the male Demotes! To my friend Barry I leave all the neckbones in the world! To Pebbles, I leave you my old fingernail polish you always wanted; and Mark H., I leave you all the leftovers.

I, **Pam Johnson**, leave my ability to laugh like a human and not a hyena. So she will not disturb classes while walking down the hall laughing with everyone saying "There goes Pam!"

I, **David Tassione**, leave you our annual meeting place in the morning. Guard it for the group, or else! Give them hall! Karen.

I, **Gina Tassione**, leave to my brother David the ability to stand out in a crowd and be unique.

I, **Naomi Taylor**, leave what little sense I have to the fu-

ture generations of Proviso students. I also leave my knowledge to all the friends I leave behind me, so that they may use it to grow. Lastly, I leave my praise to the tough teachers and patient staff of Proviso. I would not have been able to survive without them.

I, **Tracey Taylor**, leave a deluxe Esprit smuggling bag to Profile; a used Toyota Tercel to Demi S. so she can get to school; and to Gina Lullo memories of Wag's at 2:00 in the morning.

I, **Nita Thongchai**, leave Nita Kongeangobsakol my permission to have the same name as me. . . with a monthly fee, of course.

I, **Lisa Thorsen**, leave to my sister, Heidi Cook, my locker because there's things in there she could use and all of the dorks in this school.

I, **Chris Tiedt**, leave my ability to fix almost anything to Mr. Williams. To Greg, My Sentra Raquet. To Fred, my soccer intuitive; and that's it. . . I'll need everything else.

I, **Derek Townsend**, leave the Black Moon to Tom Rogers, Brother Love, and the future Proviso West baseball teams.

I, **Rose Tuma**, leave Kevin D. my locker shelf, the coffee stains and a bag of fritos. To the smidgits, I leave crusty bathing suits and the ability to remember to bring your underclothing to morning practice. To Jeff and Rich, I leave fuzz from my pockets. To my Pascal class, I leave the memory of the Physiology book and to Lisa K. I leave a bubble gum wrapper.

I, **Lorena Valencia**, leave to Maro and Junior to ditch without getting caught and still pass. To Demi, I leave the dried up egg splatter across Vicky's locker that I invaded since Sophomore year. To Izzy, I leave my ability to do good in school and hang loose at the same time. To Michelle Vaughn and Gaby, I leave my ability to make a science out of never going to geometry and still getting an A.

I, **Leticia Vaughns**, leave to Ms. Forsyth my shortness; to Mrs. Freelon and Mr. Foley a thank you note; and to Miss Cannici, a good luck on her marriage. To Mr. Deddo an outstanding chemist award; and to the classes of 92-94 the best of luck because I'm outta here!!!

I, **Maria Vasquez**, leave to Mr. Wallace all my fond memories I had in French class, I'll miss you and all the field trips we went on. To Rhonda Schwarze, I leave all the typing paper I ever had and you know just how much that is.

I, **Seema Verma**, leave my best wishes to Ms. Berent and Mrs. Augustyn for next years Asian club. To Val Piatone, I leave my First Singles position in Tennis along with the best of luck. I leave my position as columnist at Profile to the next person Mrs. Wessel assigns to it. To my brother, I leave my good name at Proviso West and whatever I leave behind.

I, **Bruce Wardell**, leave my brother Brian my stack of Cliff's notes from Academic English; my spot on the Basketball team to Larry and our memories on the throne to Paul; my honor roll card to Anna; a straw to Arlene; and to all those picky and curious friends my middle name . . . Sonnenberg!!!

I, **Shaunielle Webb**, leave my world wide acclaimed jokes to Arlesha Bryant. To Tammy, I leave lots of money for singing lessons since Madrigals hasn't helped. To LaShan, I leave my W.O.B.M.V.D.R. Last but not least Caroline gets my title "Woody".

I, **Charlene Webster**, leave this message to LaDawn, Keisha and those few girls on the cheerleading team B.K.A. "the jockin' Gee crew" play like En Vogue and "Hold On"!! And to Ms. Freelon, I leave all my love, and thanks for everything.

I, **Karen Wessler**, leave Serene my I.D. for lunch; LaK- esha Smith my worn-out track shoes; Kristina my D.O.W.T. notes and themes; John Paul a sparkler from July fourth; Kathy Pedalic and Marisa Felice a camera for Harlem and Taco Bell nachos; and to Danielle Melton, I leave my shorts, polka-dotted shirt and Ann Landers contract, Thanks Dani!!!

I, **Kim Wiech**, leave my best friend, Rhonda my locker and the fun times we had on the bus.

I, **Angela Williams**, leave everyone good luck because I'm outta here!!!

I, **Brenda Williams**, leave my cherish of love to my sweetheart Marlon Williams for the rest of my life.

I, **Marcie Williams**, leave my hair to Heather Loesch. I leave my intelligence and sense of humor to Lydia Chavez. I leave my ability to see the goal in a bad situation to Ricky Singh. And I leave my locker to the incoming Freshmen.

I, **Nicole Williams**, leave my locker to some "lucky" Freshman. To my brother W.W. the legend of Polka Dots. To my girlfriends S.W. our friendship will never die! To my forever love who was unable to share senior year with me . . . my heart is yours. To my smooth operator, I hope you make the Pros.

I, **LaTonya Williams**, leave my cheerleading uniform to Nikia Simmons and Tameka Smith; my beat up 1974 Omega to Reginald Laws and Ami Relf; my position as Afro-American President to Tonyea Williams; and my Homecoming Queen's crown to next year's Homecoming Queen.

I, **Chris Willis**, leave to my mack buddy Tommie Jenkins all of my fans and all the girls who never got a chance to talk to me. Also, I leave my (broken for four years) locker and everything in it, (which is nothing); plus as a bonus I leave all of my EMPTY bottles. Good Luck Brother!!

I, **Doreen Wilson**, leave Donald Wade my DECA ability to accomplish anything. And to my best friend Jenny I will miss those "almost" car accidents. And to Mrs. Jameson, I leave my wonderful personality and my mood swings; I know you will definitely miss my winning days. I will miss you.

I, **Felice Wilson**, leave my best wishes to A.C. and T.J. because everything that you have done stupid in the past will come back to haunt you. And to all of you immature Sophomores and Juniors, I leave my sympathy, maybe one day you will grow up.

I, **Sharare Woodson**, leave to Sheila Wilson my leftover Blueberry pie scraps in my locker. I leave to (Ke-Ke) Marliss Tam all my sense and my evil way of thinking.

I, **Sharice Woodson**, leave Willis Berry my extra half of credit. And to Ms. Hampton and Ms. Blackwell, I leave my love and I'll always have respect for you two.

I, **Kristi Wright**, leave my sister my tight mini skirt!! Sis, you can get all the boys that way!!

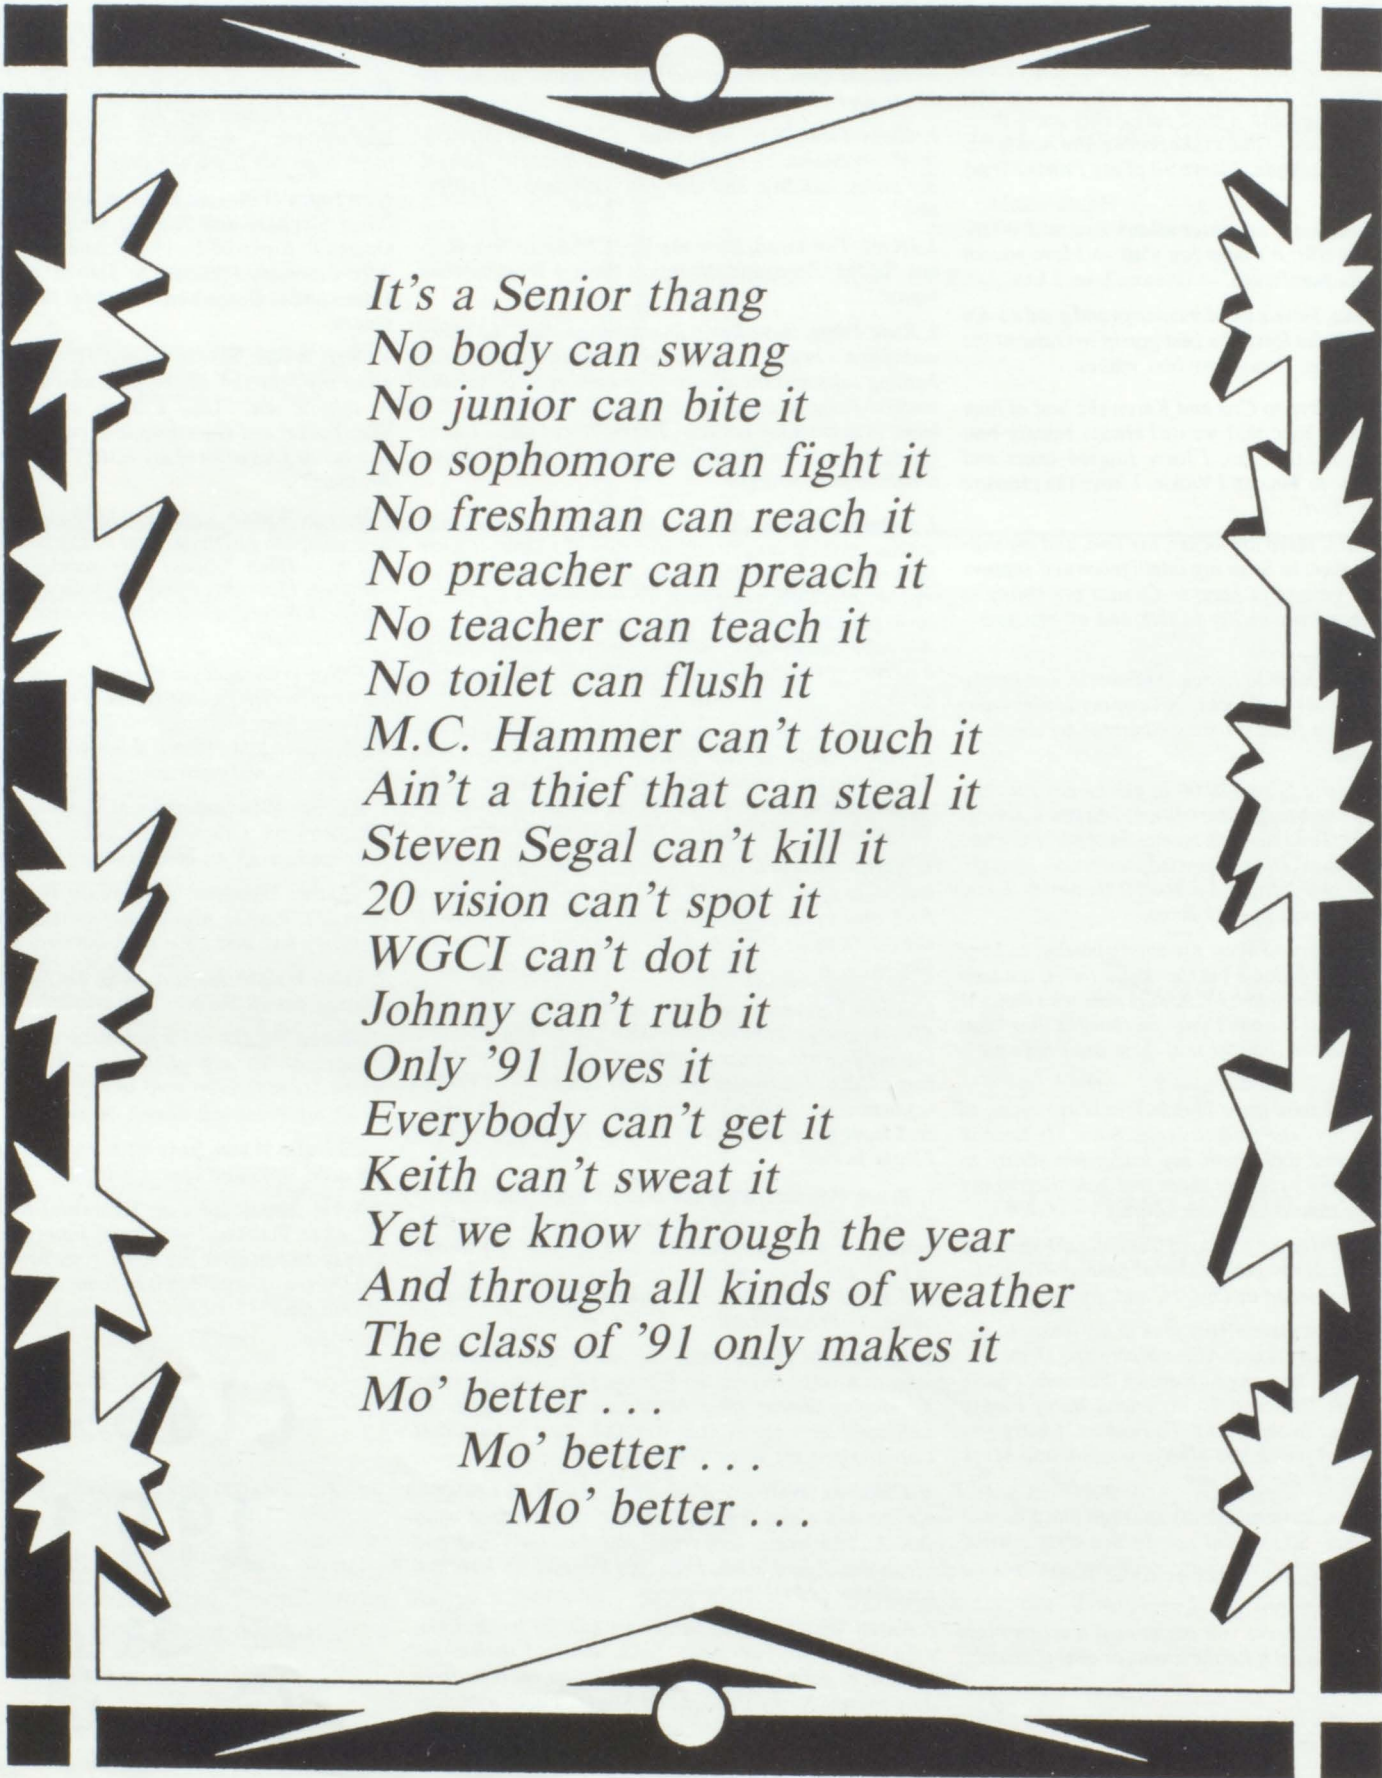

I, **Sherry Wright**, leave my messy locker to some sorry Freshman. To my girlfriends N.W. and T.H. our friendship is forever. And to N.L. who was a graduate of 90, my heart will forever be yours.

I, **Kimyatta Wynn**, leave my wisdom, because I'm taking my good looks and charm with me.

I, **Vicky Xenos**, leave my little sister Demi to take over my #7 in Volleyball next year; Jimmy Brillakis my car keys so he can drive me home. (just because we're related) Doreen . . . wouldn't it be funny if that guy had a bone at that time???

Class of
1991
says,
"Good-bye"

Mo' Better

*It's a Senior thang
No body can swang
No junior can bite it
No sophomore can fight it
No freshman can reach it
No preacher can preach it
No teacher can teach it
No toilet can flush it
M.C. Hammer can't touch it
Ain't a thief that can steal it
Steven Segal can't kill it
20 vision can't spot it
WGCI can't dot it
Johnny can't rub it
Only '91 loves it
Everybody can't get it
Keith can't sweat it
Yet we know through the year
And through all kinds of weather
The class of '91 only makes it
Mo' better ...
Mo' better ...
Mo' better ...*

The background features large, expressive teal brushstrokes that create a sense of movement and depth. Overlaid on these are several geometric shapes: a large white circle, a white triangle, and a white quadrilateral. The text 'A part of me.' is rendered in teal, with 'A part of' in a smaller, elegant serif font and 'me.' in a large, bold, sans-serif font. A small teal dot serves as the period at the end of the word 'me'.
